DEPARTMENT RESOURCES	AUDIT REVIEW Treasury Management	AUDIT REF 4115004
PLANNED DAYS 7	ACTUAL DAYS 7	Frequency of Audit ANNUAL
BACKGROUND		
<p>The Treasury & Pension Investments section monitors the daily cash-flow and banking transactions of the Authority to identify funds that are surplus to immediate requirements. The surpluses are lent to various organisations known as Counter Parties. The Treasury Management section within the Resources Department carries out the functions of managing the investments and borrowing of the Authority on a daily basis. Treasury Management is a fundamental system of the Authority and is therefore, subject to annual review, as part of the ongoing Internal Audit Strategic Plan.</p>		
SCOPE		
<p>The review covered the controls and procedures in place for the management and administration of Treasury Management to assess the extent to which the Authority's Financial Procedure Rules are being fully complied with and adequate controls exist over investments and loans raised. In particular the following areas were reviewed:</p> <ul style="list-style-type: none"> • Adequate procedures exist for the Administration of Treasury Management; • Loans and borrowing comply with the Treasury Management Policy; • Adequate authorisation controls and contingency arrangements exist; • Interest calculations are accurate and appropriately recorded; • Adequate fidelity cover is provided for officers involved in loans management and accounting; • Appropriate treasury management information is made available to relevant officers / management 		
SUMMARY OF RESULTS		
<p>The results from testing illustrate that the procedures for the management and administration of the Treasury Management function continue to operate to a high standard.</p> <p>As a result the risk to the Authority remains as low.</p>

DEPARTMENT RESOURCES	AUDIT REVIEW Investments – Dyfed Pension Fund	AUDIT REF 4115005
PLANNED DAYS 7	ACTUAL DAYS 7	Frequency of Audit ANNUAL

BACKGROUND

The Treasury & Pension Investments Section within the Corporate Services Department carries out the function of managing investment issues in relation to the Dyfed Pension Fund and the Dyfed Welsh Church Fund. As at 30th September 2015, the market value of the Dyfed Pension Fund was £1,765 million whilst the value of the Dyfed Welsh Church Fund was £3.12 million.

SCOPE

The review covered the controls and procedures in operation to ensure that:

- Investment transactions are properly authorised and recorded;
- Independent reconciliations between the investment register, the Financial Management System and bank statements are carried out;
- Investments are made and performance is reported in accordance with the Statement of Investment Principles (SIP);
- Performance of investments are monitored on a regular basis;
- Payments of balances held on the Dividend Income Statements are promptly transferred

GENERAL OPINION

The results from testing illustrate that the procedures for the management and administration of the Investments function continue to operate to a high standard.

As a result the risk to the Authority remains as low.

DEPARTMENT RESOURCES	AUDIT REVIEW Pensions Payroll	AUDIT REF 4115006
PLANNED DAYS 7	ACTUAL DAYS 7	Frequency of Audit ANNUAL

BACKGROUND

The Pension’s Section within the Resources Department is responsible for the payment of pensions to members of the Dyfed Pension Fund. Carmarthenshire County Council is the statutorily appointed Administering Authority for the Dyfed Pension Fund. It administers the benefits and invests the assets of the Fund. Carmarthenshire County Council also acts as the administrator for the unfunded Police and Fire pension schemes for Dyfed Powys Police Authority, Mid & West Wales Fire and Rescue Service and North Wales Fire and Rescue Service respectively. The Fund’s LGPS membership base consists of approximately 39,000 members (as at 31st March 2015) from 50 plus employing authorities. Given the number of pensioners paid through the system and the values involved, the system is considered fundamental to the Authority.

SCOPE

The review was to ascertain that procedures and internal controls for the administration of the Pensions System and associated payments comply with approved Policies and that the Pension Fund is effectively managed and that payments are made to eligible pensioners. The audit sought to ensure that procedures have been established and effective controls are in place to ensure:

- there are adequate, documented, procedures in place which are complied with;
- effective controls exist over payments made to Pensioners;
- Exception reports are generated and reviewed with queries dealt with appropriately;
- Access to standing data processing and programmes is restricted to appropriate personnel and amendments are properly authorised;
- The payroll system is regularly reconciled to the main accounting system

GENERAL OPINION

Current procedures are considered to be robust with expected key controls established and operating to a good standard. In addition, procedures were well documented and available to all support staff, and there was adequate evidence of monthly monitoring being undertaken to ensure compliance with Authority Policy. As a result it can be reported that the Pension’s Section demonstrates good control over the function. As a result the risk to the Authority remains as low.

DEPARTMENT RESOURCES	AUDIT REVIEW Payroll	AUDIT REF 4115010
PLANNED DAYS 15	ACTUAL DAYS 15	Frequency of Audit ANNUAL

BACKGROUND

The Authority pays over 9,000 employees amounting to approximately £196m. Payroll is a centralised function and the Authority has an integrated Payroll and HR system operated through “Resource Link”.

The system is classified as high risk given the value and volume of transactions.

SCOPE

The review covered the internal controls within the Payroll System for the payment of salaries and wages to ensure that:

- Recommendations from the previous audit report have been implemented;
- There are adequate documented procedures in place which are adhered to;
- Exception reports are generated and reviewed with queries dealt with appropriately;
- Access to standing data processing and programmes is restricted to appropriate personnel and amendments are properly authorised;
- Time-sheets, overtime claims, advance payments, SSP, etc. have been properly authorised and data entered correctly;
- Appropriate BACS controls exist;
- The payroll system is regularly reconciled to the main accounting system;
- Individual departments verify the accuracy of employee standing data.

GENERAL OPINION

From the testing undertaken it is apparent that many expected key controls have been established and are operating to a good standard. It is very pleasing to report that the last certification exercise carried out is complete with a 100% response rate. The sample of employee deduction, sickness and maternity forms reviewed had all been appropriately authorised and calculated correctly. Payroll control reconciliations were up to date and well maintained. There was however issues identified in relation to processing timesheets which need addressing prior to an overall positive evaluation being attained.

DEPARTMENT Communities	AUDIT REVIEW Leisure facilities at Pembrey Country Park and Millennium Coastal Park (MCP)	AUDIT REF 5415010
PLANNED DAYS	ACTUAL DAYS	Frequency of Audit Annual

Background

The Review covered the Leisure facilities at Pembrey Country Park and Millennium Coastal Park including Pembrey Country Park, Millennium Coastal Park, Burry Port Harbour and Ski Centre. These facilities generate significant levels of income from a range of activities and are, therefore, considered high risk to the Authority. The following lists the approved budget for 2015/16:

	Expenditure £	Income £	Net £
Pembrey Country Park	348,551	-548,902	-200,351
Millennium Coastal Park	1,156,239	-97,910	1,058,329
Burry Port Harbour	516,277	-177,917	338,360
Ski Centre	517,532	-338,898	178,634

Due to the historic issues at the various facilities the new Director requested a full review of arrangements in place on taking over the responsibility for Leisure.

Scope

The review covered the controls and procedures in place for the management and administration of Pembrey Country Park, Burry Port Harbour, Millennium Coastal Park and the Ski Centre to assess the extent to which the Authority's Financial Procedure Rules and approved policies were being fully complied with and properly managed.

General Opinion

The review of these Leisure facilities has been assessed as high risk during the audit planning process due to the recommendations made in previous Internal Audit Reports and taking account of the overall budget for the facilities. Based on the results of this review the risk rating will remain as high.

Summary of Results

This review found that there were a number of weaknesses in the areas tested in particular:

Non compliance with Financial Procedure Rules (including contract and quotation procedure rules and Transport & Engineering Unit Policy):

- The Authority's procurement arrangements have not been fully complied with
- Procedures for collecting and accounting for income need to be improved to minimise the risk of monies being misappropriated
- Procedures for accounting for assets need to be improved to minimise the risk of assets being stolen or misused, and to ensure that maintenance programmes are adhered to
- The management and administration of agreements / leases for private enterprises need to be improved / tightened to clarify responsibilities and maximise income
- Procedures for the use of facilities by third parties need to be improved

Risk Management and Business Continuity Strategy:

- Health & safety issues have been identified that may present a risk for the Authority and its employees;

Employee issues:

- Staff working hours including TOIL arrangements are not always being recorded and are not being managed at an appropriate level
- Employee Declaration of Interests were not being completed appropriately

In summary there was a general non compliance with a range of the Authority's established procedures

RECOMMENDATION

The issues identified this must be addressed as a matter of urgency.

Target Date – Ongoing

EXECUTIVE SUMMARY
Audit Committee
22nd March 2016

SUBJECT

INTERNAL AUDIT PLAN

The Audit Plan was compiled using risk assessment principles and taking into account changes in services. The adoption of a three year rolling programme provides assurance of the adequacy of audit coverage and allows the flexibility to deal with changes to systems within the Authority. The Plan assumes full staffing within the Section of 9.4 FTE staff.

The following reports are attached for approval

Note 1 – M&WW Fire Service	This is an external contract undertaken under a Service Level Agreement. Days and reviews are agreed annually with the Treasurer to Mid and West Wales Fire and Rescue.
Note 2 – Fraud	Financial Procedure Rules require that all suspicions of Fraud are referred to the Head of Audit, Procurement and IT. Proactive work is currently undertaken through Computer Assisted Audit Techniques, Analytical Review and National Fraud Initiative.
Note 3 – Follow Up	Recommendations made as part of a review are recorded in an Audit Recommendations Data Base. Each recommendation has a risk factor, a named officer and a date of implementation, these are periodically reviewed to ensure implementation.
Note 4 - Training	Staff from Internal Audit provide training for School Governors, Headteachers and School Improvement Officers on finance and control issues. Training is provided for School Meals staff and managers. Corporate training is also provided to Grant Project Managers as part of an awareness initiative linked issues flagged during the WAO report on Grant Claims and also a corporate course "Finance for non Financial Managers".
Note 5 – Rules & Procedures, Policies, Strategies, Audit Manual etc	These require updating periodically to reflect changes in legislation, systems etc. This year Financial Procedure Rules will be reviewed
Note 6 – Annual Governance Statement	The Annual Governance Statement is included in the Statement of Accounts and is a statutory requirement. The Authority has established a Corporate Governance Group which includes Members and Officers, which reviews the effectiveness of Governance within the Authority. This forum will agree the Annual Governance Statement and periodically review the Code of Corporate Governance. The Head of Audit, Procurement and IT co-ordinates the preparation of the Annual Governance Statement.
Note 7 – General Contingency	Time is included for the "unexpected" which cannot be built into the plan e.g. Special Reviews following an incident or significant concern

Audit Committee Update – Supporting People Programme Grant

22nd March 2016

Introduction

In the last Audit Committee meeting on 18th December 2015 a brief update report was presented to show the progress that had been made by the Supporting People Team on the two key issues raised by the Internal Audit of the Supporting People Programme Grant for 13/14.

During this meeting the Audit and Risk Manager highlighted the weaknesses that were identified in the 2014/15 Audit of the Supporting People Programme Grant.

This update seeks to evidence the work that has been done since the last Audit Committee meeting and seeks to re-assure members that the work is progressing in a planned and timely way.

Progress to date

Progress is being made by the Supporting People Team on all the 4 elements that were agreed in the Status Report. However, this needs to be seen in the context of the wider Supporting People Programme Grant (SPPG) issues faced by the Welsh Government and Carmarthenshire County Council.

The British Government's Comprehensive Spend Review delayed the Welsh Government's budget announcement which had a knock-on effect on the announcement of the SPPG award for 2016/17. It was pleasing however that no cuts were announced for the SPPG though the Supporting People Team had invested much time in preparing for cuts that were widely expected to be between 5% and 20%.

The following is a brief summary of the actions completed to date:

1. Floating Support projects –Work on the tender has been ongoing with 2 market engagement events being undertaken. A number of service providers, both existing and new, have attended these events. This tender exercise has proved to be a complex one with TUPE arrangements being the main issue to be resolved. Meetings have taken place with colleagues in Legal Services and Corporate Procurement to resolve issues as they have arisen. The new locality based floating support service will now be tendered in April 2016, as opposed to January 2016, with new contract arrangements being in place in late Summer 2016.
2. Jointly funded supported living projects – Work is currently being undertaken as part of the Accommodation and Efficiency Programme around these services.
3. Older people alarm services –An evaluation of these services is nearing completion. Service users in have been consulted regarding the service and whether it is valued.

This will provide evidence for the report that will now be written for consideration by the Supporting People Planning Group on 12th April 2016.

4. Remaining services (Domestic Abuse, Homelessness, Young People and Substance Misuse static projects) - The prioritisation exercise as described in the last update is ongoing. It was suggested by the Supporting People Planning Group, in the meeting on 1st February 2016, that the Supporting People Team meet with the strategic leads of their services. This work has been completed and a report will be submitted to the Planning Group on 12th April. This will help the Supporting People Team timetable a schedule of tendering for these services. This process has already highlighted some services that are no longer strategically relevant which are to be considered for decommissioning.

The programme of contract review meetings is ongoing with a number of meetings scheduled for April and May 2016. These will be accompanied by monitoring visits to test eligibility for funding and also outcomes achieved.

The concept of the SPURS Gateway system was introduced in the last update. Work is continuing with colleagues in Pembrokeshire and Ceredigion so that Carmarthenshire can join the system early in 2016/17. There have been some teething problems with the system but most of these have now been resolved. As stated in December's update, this is seen as an important step for Carmarthenshire's Supporting People Team to take because this system will help with evidencing eligibility for SPPG funding as only those who have declare a housing related support need will be able to access SPPG funded projects. This is not in any way a replacement for good quality, on-site monitoring information but it does give an initial indication of eligibility.

Since the last Audit Committee, much work has been done to resolve the financial administration issues highlighted. Meetings have been held with the Senior Business Support Manager to discuss the parameters of the financial administration and monitoring required for the SPPG. To this end a member of staff is to be recruited to undertake the payments to service providers. This will release a more experienced member of the Team to undertake some financial monitoring of service providers. It has been agreed that the transfer of responsibilities will take place in April 2016. This will coincide with a full review of the grant administration procedures that the Supporting People Team currently uses to enable a more comprehensive system to be put into place in 2016/17. This can only improve the administration of the SPPG.

In the interim period, the invoice processing has had to be undertaken by the Temporary Team Leader – Supporting People. This has not been an ideal situation but in the absence of an alternative solution this has had to be prioritised over some of the Team's other work.

Conclusion

It is hoped that this report shows the progress that the Supporting People Team has made since the last Audit Committee meeting and the commitment remains to improve the administration and management of the SPPG in line with the standards expected by Carmarthenshire County Council.

2016 Audit Plan

Summary

1. As your external auditor, my objective is to carry out an audit which discharges my statutory duties as Auditor General and fulfils my obligations under the Public Audit (Wales) Act 2004, the Local Government (Wales) Measure 2009 (the Measure), the Local Government Act 1999, and the Code of Audit Practice, namely to:
 - examine and certify whether your financial statements are ‘true and fair’;
 - assess whether you have made proper arrangements for securing economy, efficiency and effectiveness in the use of resources;
 - audit and assess whether you have discharged duties and met requirements of the Measure; and
 - undertake studies to enable me to make recommendations for improving economy, efficiency and effectiveness or for improving financial or other management arrangements.
2. The purpose of this plan is to set out my proposed work, when it will be undertaken, how much it will cost and who will undertake it.
3. There have been no limitations imposed on me in planning the scope of this audit.
4. My responsibilities, along with those of management and those charged with governance, are set out in [Appendix 1](#).

Financial audit

5. It is my responsibility to issue a certificate and report on the financial statements which includes an opinion on their ‘truth and fairness’.
6. I also consider whether or not Carmarthenshire County Council (the Council) has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources and report by exception if the Annual Governance Statement does not comply with requirements.
7. [Appendix 1](#) sets out my responsibilities in full.
8. The audit work I undertake to fulfil my responsibilities responds to my assessment of risks. This understanding allows me to develop an audit approach which focuses on addressing specific risks whilst providing assurance for the financial statements as a whole. My audit approach consists of three phases as set out in [Exhibit 1](#).

Exhibit 1: My audit approach

9. The risks of material misstatement which I consider to be significant and which therefore require special audit consideration, are set out in **Exhibit 2**, along with the work I intend to undertake to address them.

Exhibit 2: Financial audit risks

Financial audit risk	Proposed audit response
<p>Risk of Management Override The risk of management override of controls is present in all entities. Due to the unpredictable way in which such override could occur, it is viewed as a significant risk.</p>	<p>My audit team will:</p> <ul style="list-style-type: none"> • test the appropriateness of journal entries and other adjustments made in preparing the financial statements; • review accounting estimates for biases; and • evaluate the rationale for any significant transactions outside the normal course of business.
<p>Revenue recognition There is also a potential risk across all public sector entities of misstatement due to fraud or error in revenue recognition and, as such, is treated as a significant risk.</p>	<p>My audit team will evaluate if there is a risk and if so which types of revenue give rise to such risks, obtain an understanding of the Council’s related controls relevant to such risks and focus its testing on the timing and value of revenue where appropriate.</p>
<p>Compliance with International Financial Reporting Standards There is an inherent risk within any financial statements that they do not comply with International Financial Reporting Standards (IFRS) and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom.</p>	<p>We will carry out detailed audit testing on all material balances and transactions. We will also continue to work with the finance department to agree the most appropriate presentation for the financial statements.</p>
<p>Financial Challenges In a period of financial constraint, there are risks that governance arrangements may be weakened, for example, as a result of the</p>	<p>My audit team will carry out a detailed review of the arrangements for the production of the Annual Governance Statement. In doing this</p>

Financial audit risk	Proposed audit response
<p>departure of key staff from the organisation. It is important, therefore, that the Council report, in their Annual Governance Statements, how they are mitigating this risk, for example, by ensuring the existence of:</p> <ul style="list-style-type: none"> robust internal financial controls such as comprehensive standing orders and financial regulations, strong budgetary control and effective Internal Audit; the operation of recognised standards of financial conduct; arrangements to ensure that the Council only enters into transactions where there is specific legal provision for them to do so; and well-established and understood procedures to prevent and detect fraud and corruption. 	<p>we will also consider the work of others including Internal Audit and other regulators where appropriate.</p>
<p>Organisational restructuring</p> <p>There is a risk that, due to organisational changes and reductions in support staff numbers, internal controls could be weakened. These controls need to be operating effectively to ensure the accuracy, regularity and lawfulness of transactions.</p>	<p>My audit team will:</p> <ul style="list-style-type: none"> test key controls in main financial systems including the main accounting system and closedown procedures and, where necessary, underlying systems, such as debtors, creditors, payroll, treasury management and fixed assets.
<p>Council House revaluation</p> <p>The Council is revaluing its Council housing stock in 2015-16 and there is a risk that the financial statements will not adequately disclose the correct revised valuations.</p>	<p>My audit team will:</p> <ul style="list-style-type: none"> assess the methodology being used to revalue the Housing stock and conclude on the reasonableness of the approach; and review the disclosures made in the accounts to ensure that the agreed methodology has been correctly implemented.
<p>Capital Projects</p> <p>There are a number of material capital projects ongoing in 2015-16. There is a risk that the financial statements will not reflect all work completed up to 31 March 2016 and that the financing of the expenditure will not be correctly accounted for.</p>	<p>My audit team will undertake tests to gain assurance that asset valuations, financing and capital commitments are correctly reflected in the financial statements.</p>
<p>Whole of Government Accounts</p> <p>Consolidation packs are required to support the consolidation of public sector resource accounts, which may be inconsistent with the audited financial statements.</p>	<p>My audit team will carry out testing of the consolidation pack to ensure that it accurately reflects the audited financial statements.</p>

-
10. I do not seek to obtain absolute assurance on the truth and fairness of the financial statements and related notes, but adopt a concept of materiality. For 2014-15 our materiality level was approximately £6 million and this will be revised following receipt of the 2015-16 draft financial statements. My aim is to identify material misstatements, that is, those that might result in a reader of the accounts being misled. The levels at which I judge such misstatements to be material will be reported to the Audit Committee prior to completion of the audit.
 11. For reporting purposes, I will treat any misstatements below a 'trivial' level (the lower of five per cent of materiality or £100,000) as not requiring consideration by those charged with governance and therefore I will not report them.
 12. My fees are based on the following assumptions:
 - information provided to support the financial statements is timely, to the quality expected and has been subject to quality assurance review;
 - appropriate accommodation and facilities are provided to enable my audit team to deliver the audit in an efficient manner;
 - all appropriate officials will be available during the audit;
 - you have all the necessary controls and checks in place to enable the Responsible Financial Officer to provide all the assurances that I require in the Letter of Representation addressed to me; and
 - Internal Audit's planned programme of work is complete and management has responded to issues that may have affected the financial statements.
 13. In addition to my responsibilities in respect of the audit of the Council's statutory financial statements set out above, I am also required to certify a return to the Welsh Government which provides information about the Council to support preparation of Whole of Government Accounts. We understand that the audit requirements for this are currently being reviewed and we will update in you in due course should these change.

Certification of grant claims and returns

14. I have been requested to undertake certification work on the Council's grant claims and returns. The specific claims and returns to be audited are to be confirmed with the Council's officers in April 2016.
15. My audit fee for this work is set out in [Exhibit 4](#).

Other work undertaken

16. I am also responsible for the independent examination of Burry Port Harbour Authority's 2015-16 financial statements.
17. My audit fee for this work is set out in [Exhibit 4](#).

Performance audit

18. The components of my performance audit work are shown in **Exhibit 3** and have been designed in order to help deliver the high-level objectives set out in our 2013-2016 corporate strategy (www.audit.wales/publication/wales-audit-office-corporate-strategy-2013-2016).

Exhibit 3: Components of my performance audit work

19. Local government in Wales is going through an unprecedented period of change. Austerity continues to bite, audited bodies will be required to adopt the principle of sustainable development from April 2016, and the draft Local Government (Wales) Bill proposes fewer councils and a renewed performance framework. The Minister for Public Services has publicly stated that he would like to see a refreshed audit regime in advance of the legislative timetable with a view to supporting change. In January this year the Minister advised me of a substantial reduction in the grant that subsidises my local government performance audit work under the Measure.
20. However, for 2016-17 the Measure will still be in place, and I will still need to examine whether authorities will meet their duty to make arrangements for continuous improvement. The challenge for me in these uncertain times is to balance my existing, new and proposed statutory duties with the need to continue to undertake meaningful, risk-based and proportionate audits and assessments.
21. In spring 2016 I will be engaging in a consultation with public service bodies on how I can best discharge my various duties whilst striking the most appropriate balance and adding value by:
- providing assurance on the governance and stewardship of public money and assets;
 - offering insight on the extent to which resources are used wisely in meeting people's needs; and
 - identifying and promoting ways by which the provision of public services may be improved.

22. Taking all these factors into consideration, I am presently unable to be specific about my programme of performance audit work in local government. I am working through the practicalities of designing an appropriate programme of work, and examining the implications of the reduction in grant funding with a view to ensuring, as far as I am able, that there is little adverse impact on local authorities through fees.
23. As soon as practical, I will write to confirm my 2016-17 programme of work.
24. The performance audit projects included in last year's Audit Plan, which are either still underway or which have been substituted for alternative projects in agreement with you, are set out in [Appendix 3](#).

Fee, audit team and timetable

Fee

25. The Wales Audit Office does not generate profits on fees. Legislation requires that the fees charged may not exceed the full cost of exercising the function to which the fee relates. The fee rates are set at a level to recover that full cost. My fee rates have been held static for 2016 and my audit teams will continue to look for efficiencies in their audits and welcome working with you constructively on this.
26. Your estimated fee for 2016 is set out in [Exhibit 4](#). This fee has remained unchanged from the fee set out in the 2015 audit plan.

Notes:

¹ Planning will be ongoing, and changes to my programme of audit work and therefore my fee, may be required if any key new risks emerge. I shall make no changes without first discussing them with the Council.

27. Further information on my fee scales and fee setting can be found on the Wales Audit Office website at: www.audit.wales/about-us/fee-scales-and-fee-setting.

Audit team

28. The main members of my team, together with their contact details, are summarised in Exhibit 5.

Future developments to my audit work

31. The Well-being of Future Generations (Wales) Act 2015 (the Act) requires me to have undertaken an examination in each of the public bodies specified within the Act and to have provided a report to the National Assembly, by 2020.
32. As referred to in paragraph 21, I will be consulting on my proposed response to the Act in spring 2016. This consultation will feature a commitment to engage and work collaboratively with public bodies in developing an audit approach which is rigorous, meaningful and proportionate. I propose using 2016-17 as a transition year during which my teams work with a limited number of public bodies to develop and test my approach.
33. As we confirm our audit approaches and respond to continuing consultation from the Welsh Government, we will be talking to audited bodies about the implications for their fees from 2017-18 onwards and will be exploring alternative funding models with the next National Assembly's Finance Committee.

Respective responsibilities

Financial audit

As amended by the Public Audit (Wales) Act 2013, the Public Audit (Wales) Act 2004 sets out my powers and duties to undertake your financial audit. It is my responsibility to issue a certificate and report on the financial statements which includes an opinion on:

- Their 'truth and fairness', providing assurance that they:
 - are free from material misstatement, whether caused by fraud or error;
 - comply with the statutory and other applicable requirements; and
 - comply with all relevant requirements for accounting presentation and disclosure.
- The consistency of information in the Annual Report with the financial statements.

I must also state by exception if the Annual Governance Statement does not comply with requirements, if proper accounting records have not been kept, if disclosures required for remuneration and other transactions have not been made or if I have not received all the information and explanations I require.

The Public Audit (Wales) Act 2004 requires me to assess whether Carmarthenshire County Council (the Council) has made proper arrangements for securing economy, efficiency and effectiveness in the use of resources. To achieve this, I consider:

- the results of the audit work undertaken on the financial statements;
- the Council's system of internal control, as reported in the Annual Governance Statement and my report thereon;
- the results of other work carried out including work carried out under the Local Government (Wales) Measure 2009 (the Measure), certification of claims and returns, and data-matching exercises;
- the results of the work of other external review bodies where relevant to my responsibilities; and
- any other work that addresses matters not covered by the above, and which I consider necessary to discharge my responsibilities.

The Public Audit (Wales) Act 2004 sets out the rights of the public and electors to inspect the Council's financial statements and related documents, to ask me, as the Appointed Auditor questions about the accounts and, where appropriate, to challenge items in the accounts. I must also consider whether in the public interest, I should make a report on any matter which comes to my notice in the course of the audit.

My audit work does not relieve management and those charged with governance of their responsibilities which include:

- the preparation of the financial statements and Annual Report in accordance with applicable accounting standards and guidance;
- the keeping of proper accounting records;
- ensuring the regularity of financial transactions; and

-
- securing value for money in the use of resources.

Management agrees to provide me with:

- access to all information of which management is aware that is relevant to the preparation of the financial statements such as records, documentation and other matters;
- additional information that I may request from management for the purpose of the audit; and
- unrestricted access to persons within the Council from whom I determine it necessary to obtain audit evidence.

Management will need to provide me with written representations to confirm:

- that it has fulfilled its responsibilities for the preparation of the financial statements;
- that all transactions have been recorded and are reflected in the financial statements;
- the completeness of the information provided to me for the purposes of the audit; and
- to support other audit evidence relevant to the financial statements or specific assertions in the financial statements if I deem it necessary or if required by ISAs.

Performance audit

The Measure places a general duty on improvement authorities to 'make arrangements to secure continuous improvement in the exercise of [their] functions'. It also places specific requirements on authorities to set improvement objectives, and to publish annual improvement plans and assessments of performance. Improvement authorities are defined as county and county borough councils, national park authorities, and fire and rescue authorities.

The Measure also requires me to carry out an improvement assessment for each improvement authority every year, to determine whether the authority is likely to comply with its general duty and requirements of the Measure. The Auditor General must also carry out an audit of whether the authority has discharged its improvement planning and reporting duties.

The Auditor General may also in some circumstances carry out special inspections (under section 21), in respect of which he will provide a report to the relevant authorities and Ministers, and which he may publish (under section 22). The Auditor General will summarise audit and assessment reports in his published Annual Improvement Report (under section 24). This will also summarise any reports of special inspections.

National value-for-money studies

The Council may also be interested in the national value-for-money examinations which I undertake, some of which will be of particular relevance to, and may involve evidence gathering across, local government. These studies are funded by the National Assembly. Reports are presented to the National Assembly's Public Accounts Committee to support its scrutiny of public expenditure and potentially support scrutiny by other National Assembly committees.

The table below covers all of the value-for-money studies work currently programmed. The programme includes all-Wales summaries of audit work undertaken locally in the NHS and reactive examinations into specific issues of public concern that have been raised with me. In addition to the work outlined below, I may decide during the year to prepare other national reports summarising local audit work or based on the findings of reactive examinations.

Further updates on my programme of value-for-money studies will be provided to you within the regular progress reports prepared by my team.

Welsh Government oversight of further education institutions' finances and delivery	Autumn 2016

Topic	Anticipated publication timeframe
Public procurement (including development of the National Procurement Service)	Winter 2016
Early intervention and behaviour change	Spring/summer 2017 ¹
Welsh Government interventions in local government	TBC ²

I have been considering over recent months the inclusion in my programme of a number of new studies on:

- The NHS Wales Informatics Service
- Capital investment in schools (21st Century schools programme) and school places
- Further education finances
- Waste management
- The Supporting People programme
- Access to public services for people whose first language may not be English or Welsh and those who may be disadvantaged without access to specialist interpretation services

With the exception of the further education study, referred to in the table above, firm plans for these new studies are yet to be confirmed, although initial scoping work is underway.

¹ My programme of good practice work includes a project that will aim to explore the range of behaviour change work across Welsh public services and opportunities to improve practice, deliver better outcomes for citizens, and achieve better value for money. The project will include a range of engagement events and the development of a community of practice to share learning and experience. I anticipate that the information and evidence gathered through this work will support the production of a report on this topic, although this is unlikely to be a traditional audit report and it would not be prepared until the first half of 2017.

² Plans for this work have been under review in light of the Welsh Government commissioned review of the Anglesey intervention by the Public Policy Institute for Wales, and also to consider the implications for the work of plans for local government reform.

2016 Audit Plan

Summary

1. As your external auditor, my objective is to carry out an audit which discharges my statutory duties as Auditor General and fulfils my obligations under the Code of Audit Practice to examine and certify whether Dyfed Pension Fund (the Pension Fund) accounting statements are 'true and fair'.
2. The purpose of this plan is to set out my proposed work, when it will be undertaken, how much it will cost and who will undertake it.
3. There have been no limitations imposed on me in planning the scope of this audit.
4. My responsibilities, along with those of management and those charged with governance, are set out in [Appendix 1](#).

Audit of Pension Fund accounts

5. It is my responsibility to issue a report on the accounting statements which includes an opinion on their 'truth and fairness'. This provides assurance that the accounts:
 - are free from material misstatement, whether caused by fraud or error;
 - comply with statutory and other applicable requirements; and
 - comply with all relevant requirements for accounting presentation and disclosure.[Appendix 1](#) sets out my responsibilities in full.
6. The audit work I undertake to fulfil my responsibilities responds to my assessment of risks. This understanding allows us to develop an audit approach which focuses on addressing specific risks whilst providing assurance for the Pension Fund accounts as a whole. My audit approach consists of three phases as set out in [Exhibit 1](#).

Exhibit 1: My audit approach

7. The risks of material misstatement which I consider to be significant and which therefore require special audit consideration, are set out in **Exhibit 2**, along with the work I intend to undertake to address them.

Exhibit 2: Financial audit risks

Financial audit risk	Proposed audit response
<p>Management override</p> <p>The risk of management override of controls is present in all entities. Due to the unpredictable way in which such override could occur, it is viewed as a significant risk [ISA 240.31-33].</p>	<p>My audit team will:</p> <ul style="list-style-type: none"> • test the appropriateness of journal entries and other adjustments made in preparing the financial statements; • review accounting estimates for biases; and • evaluate the rationale for any significant transactions outside the normal course of business.
<p>Investment Management</p> <p>The systems and records of the investment managers generate account entries made to the Pension Fund Account and Net Assets Statement.</p> <p>The investment managers provide internal controls reports on the investments held on behalf of the Pension Fund. These are independently audited and provide the Pension Fund with assurance on a wide range of controls, eg valuation of the investment portfolio held.</p> <p>There is a risk that the internal controls reports will not be available for assurance purposes, and/or cover all our required audit assertions.</p>	<p>My audit team will:</p> <ul style="list-style-type: none"> • assess the investment managers as a service organisation; • check that investments have been made in accordance with the Statement of Investment principles; • obtain direct confirmation from the investment managers and custodian of year-end investment balances and holdings; and • assess whether the investment manager's internal control reports for all investment managers provide assurance over a wide range of relevant controls, including valuation of investments held.
<p>Cash at Bank</p> <p>Administering authorities are required to maintain a separate bank account for the pension fund.</p> <p>However, it is acceptable for an authority to enter into pooling arrangements with the pension fund, provided there is a clear and comprehensive agreement between the two parties regarding the matter, and where it is in the pension fund's best interests to do so.</p> <p>There is a risk that the Council does not have appropriate arrangements in place regarding pooled investments with Dyfed Pension Fund.</p>	<p>My audit team will:</p> <ul style="list-style-type: none"> • ensure the existing protocol is compliant with the LGPS (Management and Investment of Funds) Regulations 2009; the pooling agreement must be clear in terms of making joint money market investments with external third parties and that the risks and rewards of the pooled investments are equitably shared between the Authority and the Pension Fund; and • undertake a programme of substantive audit testing procedures for the year-end cash balance.

Financial audit risk	Proposed audit response
<p>Unquoted investment assets</p> <p>Year-end valuations of unquoted property investments are provided by investment managers which are based upon forward looking estimates and judgements and industry guidelines. As there is no quoted market price, there is a greater risk for the reasonableness of valuation bases of these investments.</p>	<p>My audit team will:</p> <ul style="list-style-type: none"> confirm the investment valuations to audited financial statements; and seek additional assurance over the valuation basis from controls assurance reports where available.
<p>Financial Statements Production</p> <p>The timetable for producing the financial statements remains demanding.</p> <p>Management will need to ensure that appropriate arrangements for the preparation and oversight of robust financial statements, in addition to good quality working papers, are provided on the commencement of the audit, with both having been subject to appropriate senior management review.</p>	<p>My audit team will:</p> <ul style="list-style-type: none"> provide support and advice wherever possible without compromising our independence; provide an audit deliverables report to assist in the preparation of relevant working papers in support of the financial statements; review closedown plans to assess that arrangements are in place to produce robust financial statements within the prescribed timetable; and agree a timetable for the audit and certification of the financial statements.
<p>Benefits payable</p> <p>The LGPS has been subject to significant reform over recent years leading to changes in the benefit structure of the scheme, with transitional arrangements in place for those within 10 years of retirement at the dates of these reforms. These changes, along with the complexity of the benefit structure, increase the risk that benefits may be inaccurately calculated which could lead to many years of incorrect payments.</p>	<p>My audit team will assess the risks of inaccurate calculation of pension entitlements and undertake further testing as appropriate.</p>
<p>Governance arrangements</p> <p>The Public Service Pensions Act (PSPA) 2013 introduced a number of changes to public service pension schemes, including a number of key changes impacting on the governance of these schemes from 1 April 2015. One key change is the requirement to create a 'Local Pension Board' whose role is to assist the scheme manager (administering authority) comply with LGPS regulations and to ensure effective governance, although with no day-to-day role in scheme administration. There is a risk that administering authorities are not</p>	<p>My audit team will assess whether the administering authority has governance arrangements in place that comply with the requirements of the 2013 Act.</p>

complying with the requirements of the 2013 Act.	

8. I do not seek to obtain absolute assurance that the Pension Fund accounting statements are true and fair, but adopt a concept of materiality. My aim is to identify material misstatements, that is, those that might result in a reader of the accounts being misled. The levels at which I judge such misstatements to be material will be reported to the Pension Panel and to the Audit Committee, as those charged with governance for Carmarthenshire County Council (the Council), as the administering authority of the Pension Fund as a whole, prior to completion of the audit.
9. For reporting purposes, I will treat any misstatements below a 'trivial' level (the lower of five per cent of materiality or £100,000) as not requiring consideration by those charged with governance and therefore I will not report them.
10. My fees are based on the following assumptions:
 - information provided to support the financial statements is timely, to the quality expected and has been subject to quality assurance review;
 - appropriate accommodation and facilities are provided to enable my audit team to deliver my audit in an efficient manner;
 - all appropriate officials will be available during the audit;
 - you have all the necessary controls and checks in place to enable the Responsible Financial Officer to provide all the assurances that I require in the Letter of Representation addressed to me; and
 - Internal Audit's planned programme of work is complete and management has responded to issues that may have affected the financial statements.

Pension Fund annual report

11. In addition to including the pension fund accounts in their main accounting statements, administering authorities are required to publish a pension fund annual report which must include the pension fund accounts.
12. I am required to read the Pension Fund annual report and consider whether the information it contains is consistent with the audited Pension Fund accounts included in the Council's main accounting statements.
13. I also issue an audit statement confirming the consistency of the accounts included in the annual report with the audited Pension Fund accounts.

Fee, audit team and timetable

Fee

14. Your estimated fee for 2016 is set out in [Exhibit 3](#).

Respective responsibilities

The Council is the administering authority of the Pension Fund. This Audit Plan has been prepared to meet the requirements of auditing standards and proper audit practices. It provides the Council with an outline of the financial audit work required for the Pension Fund accounts.

As amended by the Public Audit (Wales) Act 2013, the Public Audit (Wales) Act 2004 sets out my powers and duties to undertake your financial audit. It is my responsibility to issue a certificate and report on the Pension Fund accounting statements which includes an opinion on their 'truth and fairness', providing assurance that they:

- are free from material misstatement, whether caused by fraud or error;
- comply with the statutory and other applicable requirements; and
- comply with all relevant requirements for accounting presentation and disclosure.

My audit work does not relieve management and those charged with governance of their responsibilities which include:

- the preparation of the financial statements and Annual Report in accordance with applicable accounting standards and guidance;
- the keeping of proper accounting records;
- ensuring the regularity of financial transactions; and
- securing value for money in the use of resources.

Management agrees to provide me with:

- access to all information of which management is aware that is relevant to the preparation of the financial statements such as records, documentation and other matters;
- additional information that I may request from management for the purpose of the audit; and
- unrestricted access to persons within the authority from whom I determine it necessary to obtain audit evidence.

Management will need to provide me with written representations to confirm:

- that it has fulfilled its responsibilities for the preparation of the financial statements;
- that all transactions have been recorded and are reflected in the financial statements;
- the completeness of the information provided to me for the purposes of the audit; and
- to support other audit evidence relevant to the financial statements or specific assertions in the financial statements if I deem it necessary or if required by ISAs.

EXECUTIVE SUMMARY
Audit Committee
22nd March 2016

SUBJECT

Code of Corporate Governance

The Audit Committee are responsible for reviewing and assessing the Corporate Governance arrangements within the Authority and for making reports and recommendations on the adequacy and effectiveness of those arrangements to the Authority

The new Code of Governance was approved at the County Council meeting on 13th June 2012, and has recently been reviewed and updated by the Corporate Governance Group. The Code of Corporate Governance formalises the Governance arrangements within the Authority, which enables the Authority to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost-effective services.

The Governance Framework (The Code of Corporate Governance) comprises the systems, processes and cultures and values by which the Authority is directed. Also it focuses on the activities through which the Council engages with and leads the Community

The Code of Corporate Governance recognises and formalises the standard to which the Authority operates to in a single over-arching document.

The Local Government Measure 2011 ***“gives the Audit Committee the function of reviewing and assessing the Corporate Governance arrangements and making reports and recommendations on the adequacy and effectiveness of those arrangements to the Authority.”***

Each year, the Chief Executive and Leader of Council are required to prepare an Annual Governance Statement (AGS) reviewing and assessing the extent to which an adequate Corporate Governance Framework exists within the Authority. This is included within the Annual Statement of Accounts which is approved by the Audit Committee.

The Annual Governance Statement measures the extent to which the aims and objectives of the adopted Code of Governance have been adequately met and identifies any areas where further attention is required.

CODE OF CORPORATE GOVERNANCE

Introduction

1. This Code sets out Carmarthenshire County Council's approach to achieving and maintaining good corporate governance. It follows guidance produced by the Chartered Institute of Public Finance and Accountancy (CIPFA) and the Society of Local Authority Chief Executives and Senior Managers (SOLACE), and also takes account of the Welsh Assembly Government's 'citizen-centred governance principles for Wales'.

2. Carmarthenshire County Council (the Council) is by nature, a complex organisation which affects the lives of all citizens in the area: As well as providing a diverse range of services, it also works with partner organisations who provide other public services. The Council's aims and priorities reflect these responsibilities.

3. The Council sees Corporate Governance as "***doing the right things, in the right way, for the right people in a timely, inclusive, open, honest and accountable manner.***" It comprises the systems and processes, and also the culture and values, by which the Council is directed and controlled and how it accounts to and engages with its citizens.

4. Strong, transparent and responsive governance enables the Council to put citizens first by pursuing its aims and priorities effectively, and by underpinning them with appropriate mechanisms for managing performance and risk. In order to maintain citizens' confidence, these mechanisms must be sound and be seen to be sound.

The Governance Framework comprises the systems and processes, and cultures and values, by which the Authority is directed and controlled and its activities through which it accounts to, engages with and leads the community. It enables the Authority to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost-effective services.

Governance Principles

5. The Council operates through a governance framework that brings together its legislative responsibilities and management processes with six core governance principles based on those developed by the Independent Commission on Good Governance in Public Services in 2004. These are:

- i. Focusing on the purpose of the authority and on outcomes for the community and creating and implementing a vision for the local area;
- ii. Members and officers working together to achieve a common purpose with clearly defined functions and roles in order to achieve the best possible outcomes for citizens;

- iii. Promoting values for the authority and demonstrating the values of good governance through upholding high standards of conduct and behaviour;
- iv. Taking informed and transparent decisions which are subject to effective scrutiny and managing risk in order to foster innovation;
- v. Developing the capacity and capability of members and officers to be effective; and
- vi. Engaging with local people and other stakeholders to ensure robust public accountability.

6. The Council commits itself to each of these principles. The schedule shows how this will be achieved.

Monitoring, Review and Changes

7. The Council's commitment to good corporate governance includes the application, development and maintenance of this Code. The Leader and Chief Executive are responsible for the regular review of the governance systems and processes that are in place to ensure that they are applied and are effective and meet the aspirations and deliver the requirements of the Code of Governance. The results of this review are contained in an Annual Governance Statement which is reported to the Audit Committee and then published with the Annual Statement of Accounts.

8. The Corporate Governance Group comprising key officers will co-ordinate manage and report on the governance arrangements of the Authority. Where the reviews of the governance arrangements reveal possible gaps or weaknesses, action will be agreed that will ensure improved governance. Agreed action plans emanating from the reviews will be monitored for implementation.

The Group comprises:

- Deputy Leader – Resources
- Deputy Leader – Communities
- Audit Committee Chair (Observer)
- Director of Corporate Services (s.151 Officer)
- Head of Administration & Law (Monitoring Officer)
- Head of Financial Services
- Assistant Chief Executive (Regeneration & Policy)
- Assistant Chief Executive (People Management & Performance)
- Head of Audit, Risk & Procurement
- Audit & Risk Manager

9. Independent sources of assurance concerning the Code's suitability and effectiveness include Internal Audit, External Audit, the work of the Council's Standards Committee and the Scrutiny Function.

10. Any changes that are required to this Code resulting from its review or from changes in legislation or recommended best practice will be submitted to the Audit Committee for approval.

SCHEDULE

Principle 1: Focusing on the purpose of the authority and on outcomes for the community and creating and implementing a vision for the local area

We will therefore:

- focus on the diverse needs of citizens and service users and exercise strategic leadership by developing and clearly communicating our purpose, vision and intended outcomes .
- ensure that users receive a high quality of service whether directly, in partnership, or by commissioning,
- ensure that best use is made of resources and that taxpayers and service users receive excellent value for money

by:

- developing and promoting our purpose and vision, reviewing them on a regular basis, and considering the implications for the way the authority is run
 - ensuring that our partnerships are underpinned by a common understanding and purpose which is shared by all partners
 - communicating our activities, achievements, financial position and performance
 - promoting equality of opportunity, combating discrimination and harassment and promoting good community relations
- deciding how the quality of service for users is to be measured and making sure that we have the information needed to review quality effectively and regularly
 - having in place effective arrangements to identify and deal with failures in service delivery
- deciding how value for money is to be measured and making sure that we have the information needed to review value for money and performance effectively
- measuring the environmental impact of policies, plans and decisions
- working constructively with partner organisations to deliver improved services

Principle 2: Members and officers working together to achieve a common purpose with clearly defined functions and roles in order to achieve the best possible outcomes for citizens.

We will therefore:

- ensure that there is effective leadership throughout the authority and specify clearly the roles and responsibilities of

by:

- setting out a clear statement of the respective roles and responsibilities of the executive and of the executive's members individually, and the authority's approach towards putting this into

the executive and non-executive functions and also the scrutiny function

➤ ensure that a constructive working relationship exists between authority members and officers and that the responsibilities of members and officers are carried out to a high standard

➤ ensure that relationships between the authority, its partners and the public are clear so that each knows what to expect of the other

practice

➤ setting out a clear statement of the respective roles and responsibilities of other authority members, members generally and of senior officers

■ having in place a scheme of delegation and reserve powers within the constitution, which includes a formal schedule of those matters specifically reserved for collective decision of the authority and which takes account of relevant legislation, and by ensuring that it is monitored and updated when required

➤ the Chief Executive being responsible and accountable to the authority for all aspects of operational management

➤ having protocols in place which ensure that the Leader and Chief Executive negotiate and agree their respective roles early in the relationship and which maintain a shared understanding of the roles

➤ a senior officer being responsible to the authority for ensuring that appropriate advice is given on all financial matters, for keeping proper financial records and accounts, and for maintaining an effective system of internal financial control

➤ a senior officer being responsible to the authority for ensuring compliance with agreed procedures and all applicable statutes

■ having in place protocols to ensure effective communication between members and officers in their respective roles

■ setting out the terms and conditions for remunerating members and officers and an effective structure for managing the process

■ having in place effective mechanisms to monitor service delivery

■ developing our vision, strategic plans, priorities and targets through robust mechanisms, which include consultation with the local community and other key stakeholders, and by articulating and disseminating them clearly

■ having in place governance arrangements for partnerships which:

– clarify the roles of members both individually and collectively in relation to the partnership and to the authority,

– clearly set out the legal status of the partnership,

– make clear the extent to which representatives or organisations both understand and make clear to all other partners the extent of their authority to bind their organisation to partner decisions

Principle 3: Promoting values for the authority and demonstrating the values of good governance through upholding high standards of conduct and behaviour.

We will therefore:

➤ ensure that members and officers exercise leadership by behaving in ways that exemplify high standards of conduct and effective governance

➤ ensure that organisational values, and particularly the corporate values of equality and sustainability, are put into practice and are effective

by:

■ requiring the authority's leadership to set a tone for the organisation by creating a climate of openness, support and respect

➤ defining and communicating through codes of conduct and protocols the standards of conduct and personal behaviour expected of our members and staff, of work between members and staff and between the authority, its partners and the community.

➤ having in place arrangements which prevent our members and employees being influenced by prejudice, bias or conflicts of interest in dealing with different stakeholders, and appropriate processes to ensure that the arrangements continue to operate in practice

■ developing and maintaining shared values, including leadership values, for both the organisation and staff and which reflect public expectations, and by communicating these with members, staff, the community and partners

■ designing systems and processes in conformity with appropriate ethical standards, and by monitoring their continuing effectiveness in practice

■ maintaining an effective standards committee

■ using our shared values to act as a guide for decision making and as a basis for developing positive and trusting relationships within the authority

■ agreeing values for partnerships against which decision making and actions can be judged, and

which are demonstrated by partners' behaviour both individually and collectively

Principle 4: Taking informed and transparent decisions, which are subject to effective scrutiny and managing risk in order to foster innovation.

We will therefore:

➤ be rigorous and transparent about how decisions are taken and listen and act on the outcome of constructive scrutiny

➤ have good – quality information, advice and support to ensure that services are delivered effectively and are what the community wants / needs

➤ ensure that effective risk management is in place

➤ use its legal powers to the full benefit of the citizens and communities in their areas

by:

■ maintaining an effective scrutiny function which encourages constructive challenge and enhances the authority's performance overall

■ having in place open and effective mechanisms for documenting evidence for decisions and by recording the criteria, rationale and considerations on which decisions are based

■ having in place arrangements to safeguard members and employees against conflicts of interest and effective processes to ensure that they continue to operate in practice

■ having in place an effective audit committee whose role is independent of the executive and scrutiny functions

■ ensuring that effective, transparent and accessible arrangements are in place for dealing with complaints

■ ensuring that those making decisions, whether for the authority or partnerships, are provided with information that is fit for the purpose – relevant, timely and giving clear explanations of technical issues and their implications

■ ensuring that proper professional advice is available on matters that have legal or financial implications and recorded well in advance of decision

■ embedding risk management into the culture of the authority, where members and managers at all levels recognising that risk management is part of their jobs

■ maintaining effective arrangements for whistleblowing which are easily accessible to officers, staff and all those contracting with or appointed by the authority.

■ actively recognising the limits of lawful activity due to, for example, the ultra vires doctrine, but also striving to utilise our statutory powers to the full benefit of our communities

■ recognising the limits of lawful action and observing both the specific requirements of legislation and the general responsibilities placed on authorities by public law

- observing all specific legislative requirements placed upon the authority, as well as the requirements of general law, and in particular, by integrating the key principles of good administrative law – rationality, legality and natural justice – into our procedures and decision making processes

Principle 5: Developing the capacity and capability of members and officers to be effective.

We will therefore:

- ensure that members and officers have the skills, knowledge, experience and resources they need to perform well in their roles

- develop the capability of people with governance responsibilities and evaluate their performance, as individuals and as a group.

- encourage new talent for membership of the authority so that best use can be made of individuals' skills and resources in balancing continuity and renewal

by:

- providing induction programmes tailored to individual needs and opportunities for members and officers to update their knowledge on a regular basis
- the statutory officers having the skills, resources and support necessary to perform effectively and by disseminating a clear understanding of their roles throughout the authority
- assessing the skills required by members and officers and committing the authority to develop these skills to enable roles to be carried out effectively
- developing skills on a continuing basis to improve performance, including the ability to scrutinise and challenge and to recognise when outside expert advice is needed
 - ensuring that effective arrangements are in place for reviewing the performance of the executive as a whole and of individual members and by agreeing an action plan which might, for example, aim to address any training or development needs
- having in place effective arrangements in place designed to encourage individuals from all sections of the community to engage with, contribute to and participate in the work of the authority
- ensuring that career structures are in place for members and officers to encourage participation and development

Principle 6: Engaging with local people and other stakeholders to ensure robust public accountability

We will therefore:

- exercise leadership through a robust scrutiny function which

by:

- making clear throughout all the authority and to all staff and the community to whom the

effectively engages local people and all local institutional stakeholders, including partnerships, and develops constructive accountability relationships

➤ take an active and planned approach to dialogue with and accountability to the public to ensure effective and appropriate service delivery whether directly by the authority, in partnership or by commissioning

➤ make best use of human resources by taking an active and planned approach to meet responsibility to staff

authority is accountable and for what

➤ considering those institutional stakeholders to whom the authority is accountable and assessing the effectiveness of the relationships and any changes required

➤ producing an annual report on the activity of the scrutiny function

■ ensuring that clear channels of communication are in place with all sections of the community and other stakeholders, and by having in place monitoring arrangements to ensure that they operate effectively

■ holding meetings in public unless there are good reasons for confidentiality

■ ensuring that arrangements are in place to enable the authority to engage with all sections of the community effectively, that these recognise that different sections of the community have different priorities, and by establishing explicit processes for dealing with these competing demands

■ establishing a clear policy on the types of issues we will meaningfully consult on or engage with the public and service users about, including a feedback mechanism to demonstrate what has changed as a result

■ publishing an annual improvement plan giving information on the authority's vision, strategy, plans and financial statements as well as information about outcomes, achievements and the satisfaction of service users in the previous period

■ ensuring that the authority as a whole is open and accessible to the community, service users and our staff, and that it has made a commitment to openness and transparency in all its dealings, including partnerships, subject only to the need to preserve confidentiality in those specific circumstances where it is proper and appropriate to do so

■ developing and maintaining a clear policy on how staff and their representatives are consulted and involved in decision making

7.0	<p><u>New Funding Programmes</u></p> <ul style="list-style-type: none"> • During an annual event held by WEFO, it was announced that for the Wales & The Valleys Programme over half of the grant monies have been committed. The majority of the monies have been allocated to schemes where WG are the lead body. • A number of these projects will be rolled out to the local authorities as delivery partners but progress is slow. WEFO will need to report a certain level of spend by an agreed date. If this is not achieved then this could result in WEFO returning some of its funding to the European Commission. 	
8.0	<p><u>AOB</u></p> <ul style="list-style-type: none"> • WEFO recently conducted a review of the audit trails in respect of the Authority's payroll system for the new European Structural & Investment Fund Programme (ESI). WEFO confirmed full audit trail were in place and satisfactory for the quarterly verification checks and future audits undertaken on the ESI Programme. A letter received from WEFO was circulated to members of Grants Panel, detailing the evidence the Authority will need to provide as part of the verification checks undertaken by WEFO.

DYDD GWENER, 18^{FED} RHAGFYR, 2015

YN BRESENNOL: Y Cyngorydd C.P. Higgins [Cadeirydd]

Y Cyngorwyr:

H.A.L. Evans, J.D. James, A.G. Morgan, E.G. Thomas, G.B. Thomas a D.E. Williams

Hefyd yn bresennol fel sylwedydd:

Y Cyngorydd D.M. Jenkins – Yr Aelod o'r Bwrdd Gweithredol dros Adnoddau

Yn bresennol o Swyddfa Archwilio Cymru:

Mr G. Norman

Yr oedd y swyddogion canlynol yn gwasanaethu yn y cyfarfod:

Mr C. Moore	-	Cyfarwyddwr y Gwasanaethau Corfforaethol
Mr P. Sexton	-	Y Pennaeth Archwilio, Risg a Chaffael
Miss H. Pugh	-	Y Rheolwr Archwilio a Risg
Mr N. Edwards	-	Y Rheolwr Diogelu a Chomisiynu
Mr A. Jones	-	Swyddog Caffael a Chontractio
Mrs M. Evans Thomas	-	Swyddog Gwasanaethau Democrataidd

Y Siambr, Neuadd y Sir, Caerfyrddin : 10.00 a.m. - 10.50 a.m.

1. YMDDIHEURIADAU

Derbyniwyd ymddiheuriadau am absenoldeb gan y Cyngorydd W.G. Thomas a Syr David Lewis [Aelod Allanol â Phleidlais].

2. DATGAN BUDDIANNAU PERSONOL

Ni chafwyd dim datganiadau o fuddiant personol.

3. ADRODDIAD DIWEDDARU YNGHYLCH CYNLLUN ARCHWILIO MEWNOL 2015/16

Rhoddodd y Pwyllgor ystyriaeth i adroddiad a roddai'r wybodaeth ddiweddaraf am y cynnydd oedd yn cael ei wneud o ran gweithredu Cynllun Archwilio Mewnol 2015/16. Yr oedd Rhan A yn rhoi adroddiad cynnydd ynghylch Cynllun Archwilio 2015/16 ynghyd â matrices sgorio argymhellion, ac yr oedd Rhan B yn rhoi crynodeb o'r adroddiadau terfynol a gwblhawyd ar gyfer 2015/16 mewn perthynas â'r prif systemau ariannol (o Ebrill 2015 tan y presennol).

Rhoddwyd sylw i'r mater canlynol wrth drafod yr adroddiad:-

- Mynegwyd pryder ynghylch bod yr archwiliadau dirybudd o'r staff sy'n gyfrifol am dderbyn arian parod yn cael eu cynnal yn flynyddol yn unig, gan taw'r farn oedd y dylai archwiliadau o'r fath gael eu cynnal yn amlach. Eglurodd Cyfarwyddwr y Gwasanaethau Ariannol taw dyna'r broses oedd wedi bod yn weithredol yn y gorffennol, a phwysleisiodd fod y system

derbyn arian yn cael ei hadolygu ar hyn o bryd a bod newidiadau mawr ar waith. Byddai hyn yn gyfle rhagorol i ddiwygio'r arferion presennol, gan gynnwys amllder cynnal archwiliadau dirybudd o'r staff sy'n gyfrifol am dderbyn arian. Ychwanegodd y byddai'n rhoi'r wybodaeth ddiweddaraf i'r Pwyllgor yn y cyfarfod nesaf.

PENDERFYNWYD bod yr adroddiad diweddarau ynghylch Cynllun Archwilio Mewnol 2015/16 yn cael ei dderbyn at ddibenion monitro.

4. CEFNOGI POBL - ADRODDIAD CYNNYDD

Gan gyfeirio at gyfarfod y Pwyllgor Archwilio oedd wedi ei gynnal ar 10^{fed} Gorffennaf, 2015 (cofnod 5), cyflwynwyd adroddiad cynnydd ynghylch gweithredu'r Rhaglen Cefnogi Pobl i'r Pwyllgor ei ystyried.

Yr oedd yr adroddiad yn rhoi crynodeb o'r gwaith oedd wedi'i wneud hyd yn hyn gan y tîm Cefnogi Pobl er mwyn gwella'r prosesau rheoli contractau a grantiau a oedd wedi'u clustnodi gan y Rheolwr Archwilio a Risg yn y cyfarfod ar 10^{fed} Gorffennaf, 2015.

Nodwyd bod cynnydd yn cael ei wneud ac y byddai'r mater yn cael ei fonitro gan y Grŵp Cynllunio Cefnogi Pobl dan gadeiryddiaeth Cyfarwyddwr y Gwasanaethau Cymunedol.

Rhoddwyd sylw i'r mater canlynol wrth drafod yr adroddiad:-

- Mynegwyd siom ynghylch bod rhai o'r gwelliannau'n cael eu gweithredu'n arafach na'r disgwyl. Y farn oedd, os oedd y Pwyllgor Archwilio'n awgrymu gwelliannau, y dylid gweithredu'r rheiny ar unwaith ac nid bob yn dipyn. Eglurodd y Rheolwr Archwilio a Risg fod yr Adran Cymunedau wedi manteisio ar gyfle i gynnal adolygiad trylwyr o'r gwasanaethau sy'n cael eu darparu ganddi, gan gloriannu pa rai sy'n angenrheidiol, pa rai sy'n diwallu anghenion y cyhoedd, ac yn y blaen. Yr oedd llawer o waith wedi'i wneud hyd yn hyn, a dylai'r Pwyllgor weld bod cynnydd sylweddol wedi ei wneud erbyn y cyfarfod nesaf. Rhoddodd y Rheolwr Diogelu a Chomisiynu sicrwydd i'r Pwyllgor fod y mater hwn yn brif flaenoriaeth gan yr Adran Cymunedau.

PENDERFYNWYD nodi'r cynnydd o ran Cynllun Gweithredu'r Rhaglen Cefnogi Pobl.

5. ADRODDIADAU SWYDDFA ARCHWILIO CYMRU

Estynnodd y Cadeirydd groeso i'r cyfarfod i Mr Geraint Norman o Swyddfa Archwilio Cymru.

5.1. ADRODDIAD DIWEDDARU I'R PWYLLGOR ARCHWILIO - RHAGFYR 2015

Bu'r Pwyllgor yn ystyried adroddiad a roddai'r wybodaeth ddiweddaraf am y gwaith archwilio oedd wedi'i wneud ynghylch yr Awdurdod gan Swyddfa Archwilio Cymru ers y cyfarfod diwethaf.

PENDERFYNWYD derbyn yr adroddiad.

5.2. Y LLYTHYR ARCHWILIAD BLYNYDDOL

Bu'r Pwyllgor yn ystyried y Llythyr Archwiliad Blynyddol oedd wedi ei lunio gan yr Archwilydd Penodedig yn unol â'i gyfrifoldebau statudol o dan Ddeddf Archwilio Cyhoeddus (Cymru) 2004 a'r Côd Ymarfer Archwilio.

Yr oedd y Llythyr Archwiliad Blynyddol yn ymdrin â'r gwaith oedd wedi ei wneud gan Swyddfa Archwilio Cymru ers cyhoeddi'r llythyr diwethaf ac yr oedd yn crynhoi'r prif faterion yr oedd yr Archwilydd Penodedig yn ystyried y dylid eu dwyn i sylw'r Awdurdod.

PENDERFYNWYD derbyn yr adroddiad.

6. COFNODION Y GRŴP LLYWODRAETHU CORFFORAETHOL

PENDERFYNWYD derbyn cofnodion cyfarfod y Grŵp Llywodraethu Corfforaethol oedd wedi'i gynnal ar 7^{fed} Medi, 2015.

7. COFNODION CYFARFOD Y GRŴP LLYWIO RHEOLI RISG OEDD WEDI'I GYNNAL AR 23^{ain} MEDI, 2015.

PENDERFYNWYD derbyn cofnodion cyfarfod y Grŵp Llywio Rheoli Risg oedd wedi'i gynnal ar 23^{ain} Medi, 2015.

8. COFNODION

Cyfeiriwyd at y ffaith fod enw Mr R. Stradling wedi'i gynnwys drwy gamgymeriad yn hytrach nag enw Mr R. Harries yn y rhestr o swyddogion Swyddfa Archwilio Cymru oedd yn bresennol, a hynny ar dudalen flaen y cofnodion a hefyd o dan gofnod 5.

PENDERFYNWYD, yn amodol ar y newidiadau uchod, lofnodi bod cofnodion cyfarfod y Pwyllgor Archwilio oedd wedi ei gynnal ar 30^{ain} Medi, 2015 yn gofnod cywir.
