Targeted Regeneration Investment Town Centre Recovery Fund

Introduction

Following Welsh Government's lifting of restrictions with regards to non-essential retail and leisure and hospitality businesses, a number of town centre based businesses across the county are facing the challenges of reopening and operating businesses within the limitations of revised government guidelines.

To support those primary town centre-based businesses across Carmarthenshire the Economic development team have been lobbying key external funders for support to assist with restart and recovery and has been advised that Welsh Government have approved a regional request from South West Wales Targeted Regeneration Investment (TRI) group via lead body partner (Swansea) to allow the top slicing of TRI allocations for use in supporting town centre recovery. As part of that request Carmarthenshire has been advised that £75k funding can be top sliced to support each its 3 primary town centres (notional allocation of £25k per town).

Process

Guidelines and an application form for the fund have been developed and approved in conjunction with lead partner and Welsh Government. (guidance attached)

The key criteria is as follows:

Funding available to support initiatives in the following targeted towns:

- Llanelli
- Ammanford
- Carmarthen

Capital projects Only

Essential stakeholder engagement

Applications can be considered from the following:

- Local authority (direct delivery)
- BIDS / Town Councils
- Third party businesses

Funding is to be awarded at a maximum intervention rate of 80% in the case of BIDs / Town Council's and Third parties. Local authority intervention rates will need to be agreed with Welsh government on a case by case basis.

It is proposed that any application and award will have to follow the standard procedures already in place for the TRI programme which will involve:

Submission of application and supporting documentation

Assessment by Economic Development Officer / Co-ordinator

Assessment by Economic development funding panel

Political approval (EBM leader)

Ratification Lead Partner

Issue of Offer letter

Considerations

From discussions with the lead partner it has been identified that each local authority can consider whether they wish to deliver directly themselves, award directly to businesses or whether they wish to support Town Centre Organisations such as BID Groups and or Town Council to produce co-ordinated support packages. Having discussed with stakeholders in respective towns each delivery option has its own advantages and disadvantages, however it is felt that to achieve the best value for money in relation to the available grant whilst ensuring local ownership/buy in/local management, timely delivery and providing the town with a co-ordinated intervention the preferred routes for delivery are as follows:

Carmarthen – Joint application developed between Carmarthen Town Council and Carmarthen BID

Llanelli – Joint application developed between Llanelli Town Council and Llanelli BID

Ammanford – Direct delivery application developed by Carmarthenshire County Council in conjunction with Ammanford town Council and task-force and submitted by either Carmarthenshire County Council or a combination of Carmarthenshire County Council and Ammanford town Council

Due to urgency of delivery post approval at Economic panel stage consideration needs to be given to whether or not to allow applicants at risk to proceed with project delivery whilst formal political approvals are sought.

Recommendations

6. To accept Welsh Governments offer to top slice £75k of TRI funding allocation to deliver Recovery Fund in Primary Town centres
7. To agree process and pro-formas to be utilised for delivery of fund as proposed
8. To agree preferred routes for delivery
9. To allow applicants to proceed at their risk with project delivery whilst formal approvals sought
10. That in the event of applications being required to be submitted directly by Carmarthenshire County Council agreeing to fund the required capital allocation in line with required intervention rate. Funding to be made available from Transformation Strategic Project Fund.

DETAILED REPORT ATTACHED ?

YES

IMPLICATIONS

I confirm that other than those implications which have been agreed with the appropriate Directors / Heads of Service and are referred to in detail below, there are no other implications associated with this report :

Signed: Head of

Policy and Crime & Disorder	Legal	Finance	ICT	Risk Management Issues	Organisational Development	Physical Assets
NONE	YES	YES	NONE	None	NONE	None

2. Legal

TRI Offer letters have been developed previously in conjunction with CCC legal. There may need to be assistance where applications are for projects where licences are required.

3. Finance

In respect of the Ammanford application Capital finance may be required to fund required applicant intervention rate (maximum £6,250). This funding will be provided from Transformation Strategy Project Fund capital allocation if required.

6. Physical Assets

Support and assistance of the property team may be required where applications require licences to be agreed where projects are to be situated on Council land.

CONSULTATIONS

I confirm that the appropriate consultations have taken in place and the outcomes are as detailed below

Signed: **Head of**

(Please specify the outcomes of consultations undertaken where they arise against the following headings)

1. Scrutiny Committee

None

2. Local Member(s)

Local members will be fully engaged via respective delivery groups in each town centre

3. Community / Town Council

Stakeholder discussions have taken place with Carmarthen Town Council, Llanelli Town Council and Ammanford town Council

4. Relevant Partners

Stakeholder discussions have taken place with Carmarthen and Llanelli BID and members of Ammanford task Force

5. Staff Side Representatives and other Organisations

Criteria for Delivery of the Welsh Government Transforming Towns Thematic Covid – 19 Response 2020/21.

Overview

The Minister and Deputy Minister for Housing and Local Government have approved the proposal to re-purpose elements of the Transforming Towns 2020/21 budget allocation to allow Local Authority partners across Wales a much greater degree of flexibility in adapting to the comprehensive social distancing changes required in town centres as a result of the COVID-19 pandemic.

It is recognised that comprehensive social distancing measures will need to be introduced in our town, city and district centres to support the reopening of non-essential retail and wider town centre businesses. This is necessary in order to both encourage people to return to the high street once lockdown is eased and to ensure there is a general sense of wellbeing, safety and confidence in these areas.

It is therefore agreed that elements of the Transforming Towns 2020/21 budget be allocated to COVID -19 recovery so as to allow a greater degree of flexibility in adapting to the short term changes required in town centres as a result of the pandemic.

This is a capital fund only, so revenue expenditure will be considered ineligible. This criteria for support will be reviewed on a regular basis in order to ensure that they reflect any new Welsh Government guidance or agreed amendments.

Target Towns

This support is available to all town centres across Wales.

This support is available in the town centres initially prioritised within the Targeted Regeneration Investment programme. It should be delivered within town centre locations and should be aligned with the agreed red line boundaries set out in the approved Regional Plans for Regeneration.

In addition, this support is also available in other priority locations where there is a clear need and opportunity. Any newly chosen locations should be either town, city or district centres. Where possible these new locations will build on other Welsh Government or public sector support so as to enforce natural clustering and investment multiplier effects.

Any new proposals brought forward as a result of this funding should, where possible, be aligned with local reopening plans for town, city and district centres.

Please discuss new settlement proposals with your local Welsh Government Regeneration Manager.

It is important that local authority partners engage in a comprehensive manner locally across all town centres so as to gauge interest from all stakeholders in accessing this funding. It is important that all innovative and creative ideas are captured in delivering this new opportunity.

Who can apply for this funding?

The funding can be accessed by Local Authorities, the private sector or Third sector partners. It will be the responsibility of Local Authority partners to promote this new offer and advertise its availability and the process for application.

It should be noted that this support is also available to town councils, community councils and Business Improvement Districts (BIDS) where they exist. This will ensure that key stakeholders and groups have equal and adequate opportunity to deliver on their local Covid – 19 plans and re-opening strategies.

Local Authority partners are encouraged to use this funding directly, particularly where there are larger scale interventions required or where there are natural clusters of businesses who would collectively benefit. This approach would also ensure Local Authority partners have more control on design, safety and uniformity of approach, particularly in regards to visual amenity and public realm. There is also the potential for Local Authorities to benefit from economies of scale if a wider area or whole town based approach were to be adopted. This though is a decision for local delivery.

This funding is being made available up to a maximum intervention rate of 80%. It is for the local authority to determine the appropriate level of intervention for individual projects; however, it is the responsibility of partners to ensure that 'best value' is achieved in delivery. In this regard, where projects may be delivered through loan funding, or at a lower intervention rate, this should be examined so as to ensure the maximum level of projects are delivered and the greatest level of impact is achieved. If the local authority is the recipient of the grant then the intervention rate should be agreed with the Welsh Government.

Regional Delivery

Each region will have a designated lead body which will have responsibility for administering this funding. This role will include the responsibility for legal arrangements, managing the distribution of the funding to individual Local Authorities, receipt of claims and evidence from regional partners and submission of claims to the Welsh Government. It is the responsibility of the lead regional Local Authority to

provide quarterly update reports, inclusive of photographic evidence, to the Regional Town Centre Action Groups and Welsh Government Regeneration Managers. Individual Local Authorities will be responsible for assessing applications, awarding funding, overseeing delivery and assessing and processing project claims before submission to the lead body.

Decisions on the quantum of funding allocated to each regional Local Authority partner should be made at a local level whether this be on a needs basis or proportional distribution.

What can be supported through this Thematic Covid - 19 fund?

This proposal is an urgent and immediate response from Welsh Government, working in partnership with Local Authorities across Wales, to address the issues faced in town centres as a result of the Covid – 19 pandemic. It is designed to ensure that our town centres are working economically and, more importantly, are safe environments.

This funding allocation is aligned with the Welsh Government £15.4 million Transport Funding. This funding is complementary and strategic alignment should be demonstrated where possible.

This funding is to be used for external interventions in order to facilitate social distancing and a lower density of occupation in external areas where customers and members of the public are to congregate, be served food or drink or rest.

Applicants, working in conjunction with Local Authority partners, will need to consider the risk of each intervention and how any potential areas of concern may be addressed. Key considerations on risk and their mitigation will need to be documented prior to implementation. As such Risk Registers should be revisited and revised as often as necessary so as to ensure they are aligned with any revised guidance issued.

Any physical measures support through this funding mechanism will need to be COVID secure; they will need to be accompanied by appropriate behavioural measures such as signage, guidance and training of staff where necessary.

The specific interventions proposed consider the following, but further interventions may be suggested by Local Authorities:

- Outdoor awnings, canopies, igloo bubbles, outdoor heating, marquee coverings. These external enhancements need to be delivered in such a way so as to ensure that they are aligned with current medical advice. They should facilitate outdoor trading space. The effects of sunlight, wind direction and intensity, social distance and effective handwashing should all be considered

alongside any intervention. Specifically in regards to the use of physical coverings, awnings, gazebos or marquees should be open on 3 or 4 sides so as to be considered and treated as an external environment. Coverings, awnings, marquees or gazebos need to be either transparent or of light cover so as to ensure transmission of sunlight. It is imperative that if marquees are to be adopted for use they need to be effectively used and policed so as not to allow for an excessive confined congregation which would not accommodate effective social distancing.

- Outdoor tables, chairs and seating provision. To be delivered in accordance with current guidance on social distancing requirements.
- Outdoor screening, bollards, planters. To be delivered in accordance with current social distancing requirements. Any proposals delivered should not impede pedestrian traffic on pavements, pathways or public realm areas.
- Outdoor servery facilities.
- The establishment of parklets (using parking spaces and the provision of decking on which to construct timber structures so providing small covered areas offering some weather protection).
- Small Green Infrastructure schemes especially where there is seating provision.
- The establishment and adoption and temporary use of vacant trading spaces to facilitate overspill, meanwhile uses, pop ups and entrepreneurship action
- Electricity supply and lighting to outdoor trading space.
- The establishments of outdoor market provision to include electricity provision.
- Social distancing measures
- Other interventions can also be considered that facilitate social distancing and a lower density of occupation in the external environment such as shop front modifications, courtyard / rear garden improvements, and adaptations to the public realm (subject to planning and local approval). If you wish to discuss any ideas please raise these with your Welsh Government Regeneration Managers.

Whilst this is considered a short term and immediate solution, all of the proposals to be supported should be able to demonstrate that they have lasting impact on our town centres and be aligned where possible with wider proposals relating to public realm adaptations and projects being delivered through the Transforming Towns Green Infrastructure support.

Any interventions supported in the public realm must be of sufficient quality to ensure they provide a sustained and lasting impact, are delivered, as appropriate additions to

the public realm and provide an aesthetic uplift to areas. Works must be delivered to appropriate construction and safety standards and provide safe and appropriate access for all.

Alignment

The funding of adaptations in our town centres will facilitate trading, public safety and enhance the look and feel of town centres to help restore confidence. This proposal is aligned with the initial discussions of the Ministerial Town Centre Action Group and also the Regional Town Centre Action Groups. The delivery of this re-purposed funding will be monitored by Welsh Government officials with oversight being provided by the Ministerial Town Centre Action Group.

Targeted Regeneration Investment - Covid 19 Recovery Fund

Introduction

Following Welsh Government's lifting of restrictions with regards to non-essential retail and leisure and hospitality businesses, a number of town centre based businesses across the county are facing the challenges of reopening and operating businesses within the limitations of revised government guidelines.

To support those primary town centre-based businesses across Carmarthenshire the Economic development team have been lobbying key external funders for support to assist with restart and recovery and has been advised that Welsh Government have approved a regional request from South West Wales Targeted Regeneration Investment (TRI) group via lead body partner (Swansea) to allow the top slicing of TRI allocations for use in supporting town centre recovery. As part of that request Carmarthenshire has been advised that £75k funding can be top sliced to support each its 3 primary town centres (notional allocation of £25k per town).

Process

Guidelines and an application form for the fund have been developed and approved in conjunction with lead partner and Welsh Government. (guidance attached)

The key criteria is as follows:

Funding available to support initiatives in the following targeted towns:

- Llanelli
- Ammanford
- Carmarthen

Capital projects Only

Essential stakeholder engagement

Applications can be considered from the following:

- Local authority (direct delivery)
- BIDS / Town Councils
- Third party businesses

Funding is to be awarded at a maximum intervention rate of 80% in the case of BIDs / Town Council's and Third parties. Local authority intervention rates will need to be agreed with Welsh government on a case by case basis.

It is proposed that any application and award will have to follow the standard procedures already in place for the TRI programme which will involve:

Submission of application and supporting documentation

Assessment by Economic Development Officer / Co-ordinator

Assessment by Economic development funding panel

Political approval (EBM leader)

Ratification Lead Partner

Issue of Offer letter

Considerations

From discussions with the lead partner it has been identified that each local authority can consider whether they wish to deliver directly themselves, award directly to businesses or whether they wish to support Town Centre Organisations such as BID Groups and or Town Council to produce co-ordinated support packages. Having discussed with stakeholders in respective towns each delivery option has its own advantages and disadvantages, however it is felt that to achieve the best value for money in relation to the available grant whilst ensuring local ownership/buy in/local management, timely delivery and providing the town with a co-ordinated intervention the preferred routes for delivery are as follows:

Carmarthen – Joint application developed between Carmarthen Town Council and Carmarthen BID

Llanelli – Joint application developed between Llanelli Town Council and Llanelli BID

Ammanford – Direct delivery application developed by Carmarthenshire County Council in conjunction with Ammanford town Council and task-force and submitted by either Carmarthenshire County Council or a combination of Carmarthenshire County Council and Ammanford town Council

Due to urgency of delivery post approval at Economic panel stage consideration needs to be given to whether or not to allow applicants at risk to proceed with project delivery whilst formal political approvals are sought.

Recommendations

1. To accept WG offer to top slice £75k of TRI funding allocation to deliver Recovery Fund in Primary Town centres
2. agree process and pro-formas to be utilised for delivery of fund as above
3. to agree preferred routes for delivery as highlighted under considerations
4. To allow applicants to proceed at their risk with project delivery whilst formal approvals sought
5. In the event of applications being required to be submitted directly by Carmarthenshire County Council agreeing to fund the required capital allocation in line with required intervention rate. Funding to be made available from Transformation Strategic Project Fund.

EXECUTIVE SUMMARY

Executive Board Member Leader

2nd September 2020

Targeted Regeneration Initiative Town Centre Recovery Grants

CARMARTHEN

Applicant : Carmarthen Town Council and Carmarthen BID

Project description: Carmarthen Town Council and Carmarthen BID have met with a number of businesses within Carmarthen town centre, and have identified an area within the Castle Concourse in Nott Square to assist with a number of hospitality businesses in trading whilst maintaining social distancing measures as a result of Covid 19. They have also identified some 'On Demand' stock, which can be utilised in other areas as and when required.

The following equipment has been identified within the application:

- **Picnic Tables w/ benches** - to increase outside seating capacity
- **Parasols** - to cover outside areas and enable use during inclement weather
- **Benches** – to increase outside seating capacity

Total Project Cost: £31,987

Grant request: £25,000

Match funding: £6,987

Recommendation:

Recommendation to grant award of £25,000 towards an eligible project cost of £31,250 on this project.

AMMANFORD

Applicant : Ammanford Town Council & Carmarthenshire County Council

Project description: Ammanford Town Council have engaged with businesses within Ammanford Town Centre. They have identified an area at the top end of the Arcade, which will assist with the food and drink businesses nearby. They have also identified businesses within Quay Street who would benefit from tables/ chairs and barriers to assist with outdoor seating to maintain social distancing.

The following equipment has been identified within the application:

- **Gazebos** – to enable businesses to extend outside seating and standing areas
- **Canopies** – to cover outside areas and enable use during inclement weather
- **Barriers** – to ensure outside seating areas are safely cordoned off
- **Benches** – to increase outside seating capacity
- **Tables and chairs** - to increase outside seating capacity

Total Project Cost: £31,250
Grant request: £25,000
Match funding: £6,250

Recommendation:

Recommendation to grant award of £25,000 towards an eligible project cost of £31,250 on this project.

Llanelli

Applicant : Ymlaen Llanelli and Llanelli Town Council

Project description: Ymlaen Llanelli and Llanelli Town Council have liaised with a number of hospitality businesses in Llanelli town centre which have identified a need for support to assist them in adhering to the social distancing measures put in place as a result of Covid 19.

The following equipment has been identified within the application:

- **Gazebos** – to enable businesses to extend outside seating and standing areas
- **Heaters** – to enable to ongoing use of outdoor spaces during colder weather
- **Canopies** – to cover outside areas and enable use during inclement weather
- **Barriers/windbreakers** – to ensure outside seating areas are safely cordoned off
- **Tables and chairs** - to increase outside seating capacity
- **Planters** – to ensure outside seating areas are safely cordoned off

Total Project Cost: £31,250
Grant request: £25,000
Match funding: £6,250

Recommendation:

Recommendation to grant award of £25,000 towards an eligible project cost of £31,250 on this project.

1. Finance

The funding will come from the Targeted Regeneration Initiative Town Centre Recovery Grants.

2. Legal

The Targeted Regeneration Initiative is lead by Swansea City Council the following paragraph is included in the offer letter:

The provision of Funding is subject to compliance with State aid rules. Funding is payable under the *de minimis* exemption. Under this regulation an entity can receive public aid of no more than approx 200,000 euros over three financial years. As a pre-condition of the Funding, the Recipient must advise the Council if it has received public funding above this level in the relevant time period and provide such additional information as the Council requires. The Council reserves the right to withdraw the offer of Funding, or recover Funding from the Recipient at its sole discretion, for any breach of State aid rules.

Application Reference – WCF-20-04

Project Title	Treatment of damp and growth on West wall of church
Applicant	St Michael's & All Angels Church, Ammanford
Project Description	<p>St. Michaels and all Angels is a Victorian Church built in 1885 on land donated by Lord Dynevor to fulfil the need for a new place of worship at a time when the population in the town was increasing dramatically.</p> <p>St Michael's is a community parish church within the Church in Wales, and they have a responsibility to offer Church and community provision to every person in the geographical parish between Betws and Ammanford. They provide all services as well as community provision, which means they must make the building available to any groups who ask and to provide and support community initiatives such as sure start/ young families.</p> <p>They also want to start a 'social gathering' such as 'Saturday Cwtsh' that would allow older people who would be on their own at home all through the weekend a chance to come out for a social gathering.</p> <p>This funding request is for restoration work to remedy damp ingress causing staining of plasterwork and algae growth at the West and South – sides of the church which has badly stained the existing plaster work, which has triggered algae growth affecting the exposed ashlar stonework.</p>
Total Project Cost	£10,628.00 - Gross
Eligible Capital	£10,628.00 - Labour, materials, and scaffolding
Eligible Revenue	Nil
Ineligible Costs	Nil
Cllr and Officer Consultations Undertaken	<ul style="list-style-type: none"> • Cllr Deian Harries • Community Consultation survey form provided. • Minutes of PCC consultations and Diocesan applications provided

Ownership/ Lease	Church in Wales - Building registered with Representative Body of Church in Wales
Funding Package	£10,628.00
Value of Community Investment	£10,628.00
Amount of grant requested	£2,657.00 @ 25%
Value of Levered Funds	£7,971.00 £1,500.00 – Allchurches Trust secured £6,471.00 – Own funds secured
Economic Benefit	<ul style="list-style-type: none"> • Number of individuals into training/education • Number of individuals into volunteering • Number of community groups/organisations assisted - 1 • Number of social enterprises created • Number of social enterprises supported • Number of jobs created • Number of jobs safeguarded • Public and private leverage funding - £7,971.00
Officer Comments	This has been a project in the pipe line for a long time, the group have taken time to find quotes that are good value for money and to secure match funding and this project would be ready to start immediately, with support from the Welsh Church fund.
Officer Recommendation	Award - £2,657.00
