“The list set out above is not intended to be exhaustive as it would be impossible to list all the many and varied high street retail uses that exist.

There will also be mixed uses. However, it is intended to be a guide for local authorities as to the types of uses that the Welsh Government considers for this purpose to be high street and retail. Local authorities should determine for themselves whether particular properties not listed are broadly similar in nature to those above and, if so, to consider them eligible for the relief. Conversely, properties that are not broadly similar in nature to those listed above should not be eligible for the relief”

Types of hereditaments that are not considered to be eligible for the high street relief

The list below sets out the types of uses that the Welsh Government does not consider to be high street retail use for the purpose of this relief and would not be deemed eligible for the relief. However, it will be for local authorities to determine if hereditaments are similar in nature to those listed below and if they would not be eligible for relief under the scheme.
