Guidelines for The Provision of Memorial Installations in Public Open Spaces

Carmarthenshire County Council receives requests from members of the public who wish to commemorate loved ones and or events by placing plaques on bench seating or other structures or planting a tree or something similar within the country parks or public open spaces. The guidelines set out how requests will be considered and the terms and conditions where requests are approved for areas managed by Outdoor Recreation Services or for the Council.

There is no legislative requirement for the provision of public or memorial benches although it is accepted that they provide a useful and valued public amenity and also valued by the individuals and families who make the requests.

The guidelines recognises the need for a consistent approach to the provision of memorial requests to be placed in public open spaces. It also acknowledges that applications will be refused when the demands for memorials may be far greater than some geographical areas can accommodate and requests for memorials are not in keeping with the surrounding areas.

The guidelines allow for the provision of new/additional items as well as the refurbishment of existing items to ensure areas are not over populated with memorials. The guidelines therefore continue to welcome requests, and although acknowledges requests are for standard items it will also allow us to consider unique requests where it is appropriate to do so.

Policy and Crime & Disorder	Legal	Finance	ICT	Risk Management Issues	Organisational Development	Physical Assets
NONE	NONE	YES	NONE	NONE	NONE	YES

3. Finance

The cost of the memorial, whether it be a procurement of a new one or refurbishment of an existing one will be borne in full by the applicant. There is no liability on the Council to maintain the memorial other than to maintain them in the same way as similar items in the same area.

7. Physical Assets

Requests for additional benches/structures or trees etc. will only be considered at sites where these additional items can be accommodated reasonably and or where the Council would seek to increase the existing numbers in any event. This decision will be aided by any site specific management plans.
