DO NOT SCALE this drawing (printed or electronic version). Contractors must check all dimensions from site.

All other design team elements, where indicated, have been imported from the consultant's drawings and reference should be made to the individual consultant's drawings for exact setting out, size and type of component.

Discrepancies and/or omissions within this drawing, between it and information given elsewhere, must be reported immediately to the architect for clarification before proceeding.

All works are to be carried out in accordance with the latest British Standards and Codes of Practice unless specifically directed otherwise in the specification.

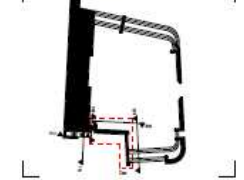

Responsibility for the reproduction of this drawing in paper form, or its use on an electronic format, lies with the recipient. It is their responsibility to check that all information has been reproduced in full and is correct when compared to the original paper or electronic image. Copy/print reproductions of any kind on this drawing have been generated, but are approximations only. Please refer to the Specification and/or Details for actual sizes and for specific contractor construction information.

This original document is issued for the purposes indicated below and contains information of confidential nature. Further copies and circulation will be strictly in accordance with the confidentiality agreement under the contract. This original must be destroyed or returned to the contractor.

SAFETY, HEALTH AND ENVIRONMENTAL INFORMATION
Refer to the relevant Construction (Design and Management) documentation where applicable.

It is assumed that all works on this drawing will be carried out by a competent contractor, working where appropriate to an approved method statement.
