EXECUTIVE SUMMARY

Council – 10th January 2018

Council Tax Reduction Scheme

1. As part of the Welfare Reforms introduced in recent years the former Council Tax Benefit scheme (CTB) was abolished with effect from April 2013. In its place is a localised Council Tax Reduction (CTR) scheme which in Wales has been devolved to Welsh Government, although with significantly less funding than the cost of the former CTB scheme.
2. The standard scheme introduced by Welsh Government for 2013/14 and (with minor amendments) subsequent years, is a uniform all-Wales scheme, albeit with limited areas of local discretion available to authorities.
3. Despite being an all-Wales scheme, individual Councils are required by the Prescribed Requirements Regulations to formally adopt a Council Tax Reduction Scheme by 31st January each year.
4. The limited areas of local discretion, and the policy adopted by Council in respect of those discretions, are shown below for information. There is no recommendation for change:

Discretion: to disregard part or the whole amount of War Disablement pensions and War Widows Pensions when calculating income.

Policy: The Council exercises its discretion and fully disregards War Disablement pensions, War Widows Pensions and analogous payments, when calculating income for the purposes of assessing entitlement to Council Tax Reduction.

Discretion: The ability to increase the standard extended payment period of 4 weeks given to people after they return to work, when they have been in receipt of a relevant qualifying benefit.

Policy: The Council does not exercise its discretion in relation to extended payments and therefore continues to adopt the 4 week period within the standard scheme.

Discretion: The ability to backdate the application of Council Tax Support awards for working age and/or pension age, customers beyond a standard period of 3 months prior to the claim.

Policy: The Council does not exercise its discretion in relation to backdating applications and therefore continues to adopt the 3 month maximum period within the standard scheme.

5. Apart from the normal annual up-rating of certain financial figures used for assessing individual entitlement and some technical adjustments (as is being provided for in ***The Council Tax Reduction Schemes (Prescribed Requirements and Default Scheme) (Wales) (Amendment) Regulations 2018***) the scheme will be materially unchanged for 2018/19.

IMPLICATIONS

I confirm that other than those implications which have been agreed with the appropriate Directors / Heads of Service and are referred to in detail below, there are no other implications associated with this report :

1. Policy, Crime & Disorder and Equalities

The Council Tax Reduction scheme retained for 2014/15 and subsequent years will continue to assess claimants' entitlement on their full Council Tax liability, as happened under the 2013/14 scheme and the former UK-wide Council Tax Benefit scheme.

A local equalities impact assessment was undertaken by the Council in anticipation of the original draft 2013/14 scheme which if implemented, would have reduced all claimants' entitlement. In the event the final 2013/14 scheme was more generous with claimants' entitlement being based on the full charge as will be the case for subsequent years, unless changed. It has not therefore been considered necessary to undertake a further EIA.

There are no proposed material changes to the scheme other than the normal annual up-rating of the financial figures used to assess applicant's entitlement, and some technical adjustments. Council has no power to vary these.

2. Legal

Under the Prescribed Requirements Regulations the Council is obliged to make a Council Tax Reduction Scheme each year.

The legislation provides for a default scheme to apply in the absence of the Council making a scheme; the Council is nevertheless under a statutory duty to adopt its own scheme, even if it chooses not to apply any of the discretionary elements.

The National Assembly for Wales on the 26th November 2013 approved the Regulations governing the operation of Council Tax Reduction Schemes in Wales for 2014/15 and subsequent years.

The Council Tax Reduction Schemes amending Regulations for 2018/19 have been laid and are scheduled for debate and approval by Welsh Government 9th January 2018. They will up-rate figures contained in the main regulations that are used to calculate a claimant's entitlement to a reduction under a council tax reduction scheme and introduce further technical / procedural amendments. Council has no power to vary these.

3. Finance

The scheme for 2018/19 continues to have financial implications for authorities.

The former Council Tax Benefit system was fully funded by the Westminster Government however less funding was given to Welsh Government with regard to the replacement scheme.

The initial funding distributed to Councils by Welsh Government has not increased since the new scheme was introduced in 2013/14. Accordingly individual authorities must make up on-going shortfalls due to higher expenditure as a result of any additional caseload and/or higher Council Tax levels.

The Council's proposed budget provision for 2018/19 is £15.826m

The additional cost to the Council to continue exercising its discretionary powers and disregarding War Widow and War Disablement Pensions (and other analogous payments) is estimated as £20k.
