**EXECUTIVE SUMMARY**

**EDUCATION & CHILDREN**  
**SCRUTINY COMMITTEE**  
**14<sup>th</sup> MARCH 2018**

**WG National Categorisation Report**  
**(Carmarthenshire Outcomes)**  
**2017 - 2018**

Introduced in 2014, the National School Categorisation System places schools into one of four colour-coded support categories to demonstrate the level of support they need - green, yellow, amber and red. Each 'Support Category' denotes a varying amount of tailored, bespoke support for the individual school e.g. Green schools receive up to 4 days support with Red schools receiving up to 25 days of support.

The National School Categorisation System has been developed between the Welsh Government and regional consortia, of which Carmarthenshire and all Local Authorities are key partners. **The main purpose of the system is to identify, across Wales, the schools that need the most support.**

This report provides members with a detailed overview of the outcomes for the 2017-18 round of national categorisation. In addition, data is provided to demonstrate each school's national categorisation support and improvement journey since 2014.

The 2017-18 round of national categorisation has witnessed a significant and welcome change within the process with the previous 'Standards' grouping (1 to 4) for schools being deleted.

On February 1<sup>st</sup>, 2018 Cabinet Secretary for Education Kirsty Williams said:

*"Last September, I announced that to further raise schools standards we would make changes to the school categorisation system following advice from the OECD. As well as taking into account a much broader range of factors about a school's ability to improve, categorisation now places more of an emphasis on discussions about how the school could improve – leading to a tailored programme of support, challenge and intervention."*
