Digital Technology Strategy 2018-2021

BRIEF SUMMARY OF PURPOSE OF REPORT

The Digital Technology Strategy sets out the Authority's digital technology priorities and aspirations over the next 3 years. Its purpose is to identify the key technologies and initiatives that will facilitate and underpin the vision and delivery of the organisations existing and overarching Digital Transformation Strategy. The Authority will make use of appropriate emerging and existing technologies to facilitate and underpin service transformation, improvement and efficiencies.

This Digital Technology Strategy recognises that flexible, agile and integrated technology can only be delivered to the Council and its residents if we adopt the same leading edge models of some of the most forward thinking and efficient companies across the globe.

The Strategy provides clarity on :

Our digital vision for Carmarthenshire

Our Overarching Principles in delivering the strategy

Carmarthenshire's Digital Estate

Key Priority Areas
A Cloud First Approach
Resilient Data and Voice Networks
Modern Digital Workplace
Secure and Resilient Data Centres

Key Projects to be delivered

Resources Required to deliver the Digital vision
