EXECUTIVE SUMMARY

SOCIAL CARE & HEALTH SCRUTINY COMMITTEE 19th NOVEMBER 2015

Ageing Well in Wales – Local Ageing Well Plans

A local ageing well plan meets two key strategic drivers – the Ageing Well in Wales programme and The Strategy for Older People in Wales. It is complementary to, and supportive of, the 'Vision for Sustainable Services for Older People', under development within Social Care. It supports the 2015 Wellbeing of Future Generations Act, through contributing towards sustainable communities that enable people to age 'in-place'.

Ageing Well in Wales

Officially launched in October 2014, this programme has five key outcomes:

- Age Friendly Communities;
- Falls Prevention;
- Dementia Supportive Communities;
- Opportunities for Learning and Employment; and
- Loneliness and Isolation.

The focus locally is on Council functions that support the independence of older people who are not users of social services.

Carmarthenshire-specific research has been undertaken on Ageing Well, through the 50+ Forum. At the request of the Older People's Commissioner, this information has been shared with the Ageing Well in Wales Programme Board.

Strategy for Older People in Wales

Originally launched in 2003, the Strategy was updated in 2013 to cover the period until 2023. The Strategy is fundamentally concerned with promoting 'wellbeing' in a broadly conceived sense and is organised through consideration of the social, environmental and financial resources necessary to the achievement of wellbeing.

A Local Plan for Carmarthenshire County Council

The Plan considers each of the five Ageing Well themes in turn, detailing:

- Its relevance to the ageing society
- Available evidence
- What older people have told us
- The action the Council will take

A number of case studies are included to reflect current good practice.

This Plan was also considered by the Policy & Resources Scrutiny Committee at its meeting on the 5th October 2015.

1. Policy, Crime & Disorder and Equalities

The ageing society is a reality and from a policy perspective it is imperative that the discharge of Council functions is considered 'in the round' in relation to the objective of supporting older people to lead fulfilling and independent lives.

In future years the Ageing Well Plan should be combined with the Sustainable Services for Older People.

3. Finance

The Plan is cost neutral. Maximising the contribution other services make to supporting the independence of older people will lead to cost savings for older people's services.

5. Risk Management Issues

None in short term. Services must plan on the basis of population projections to achieve best allocation of resources.

6. Staffing Implications

Maintaining an age-diverse workforce; encouraging retirees to contribute through volunteering.
