**EXECUTIVE SUMMARY**  
**POLICY & RESOURCES SCRUTINY COMMITTEE**  
**5<sup>TH</sup> December 2018**

**TRANSFORM, INNOVATE & CHANGE (TIC) PROGRAMME**  
**ANNUAL REPORT 2017/18 &**  
**BUSINESS PLAN 2018/19 – 2020/2021**

**Background**

- The 'Transform, Innovate and Change' programme was launched in response to the significant financial challenges being faced by the Council. A dedicated team has been established to support a programme of radical and transformational change across the Council, and to seek opportunities to drive out waste and inefficiency by delivering more purposeful services.
- This Annual Report provides an opportunity to reflect on the work of the TIC Programme over the last year and to report on outcomes achieved thus far. It also provides an opportunity to look ahead to the programme's work for the next three years.
- The benefits of the TIC approach are being realised as many of the projects have started to deliver significant improvements in terms of service quality, customer experience and financial efficiencies. To date, the TIC approach has assisted in identifying or is helping to deliver more than £16m of efficiency savings, including cashable savings, costs avoided, increased productivity or income collected/secured.
- During consideration of last year's TIC Annual Report/Business Plan, Policy and Resources Scrutiny Committee requested additional information in relation to two specific areas :
  - a. Non-delivery of targeted savings
  - b. Level of investment required to deliver TIC savings.
- An exercise undertaken as part of the end of year financial analysis for 2017/18 and the production of the Annual Report 2017/18, has helped inform the position outlined below. This information is included in Appendix 4.
