The law states that:-

- We must carry out sustainable development, improving the economic, social, environmental and cultural well-being of Wales. The sustainable development principle is
‘... the public body must act in a manner which seeks to ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs.’
- We must demonstrate 5 ways of working:
Long term, integrated, involving, collaborative and preventative
- We must work towards achieving all of the 7 national well-being goals in the Act. Together they provide a shared vision for public bodies to work towards.
 - A prosperous Wales
 - A resilient Wales
 - A healthier Wales
 - A more equal Wales
 - A Wales of cohesive communities
 - A Wales of vibrant culture and thriving Welsh Language
 - A globally responsible Wales
