# EXECUTIVE SUMMARY

## Democratic Services Committee

### 30/07/2018

#### Consultation on Member Development Plan

The report provides a proposal for agreeing the Member Development Plan for 2019/20 and a revised approach for identifying future learning and development needs. It follows initial consultation with Group Leaders, members of the Democratic Services Committee and Executive Board.

The Member Development plan has historically been informed from the following sources:

- Democratic Services Committee – Emerging Issues/Development Needs
- Individual Member development plans
- Welsh Local Government Association – Member Development Programmes
- Legislation and Service specific developments as informed Heads of Service
- Member Induction Programme

The proposal offers a new approach based on credible research within local government that followed extensive consultation with Councillors. It aims to maximise engagement for establishing learning and development requirements relevant for 21<sup>st</sup> Century public service.

The research entitled “The 21st Century Councillor”, was undertaken by the University of Birmingham working with the Employers Organisation and sought to address 3 key questions:

*What is the range of roles that the 21<sup>st</sup> Century Councillor is required to perform?*

*What are the competencies and skills that councillors require to undertake these roles?*

*What are the support and training requirements of these roles?*

The research states that Councillors see their role changing in the context of the following challenges:

- **Perma –austerity** – the financial pressures facing their local authorities.
- **Changing citizen expectations** – brought on by technological change, austerity & other social changes such as the decline in deference within society.
- **New technologies** – new opportunities for real time engagement & use of social media.
- **Different scales of working** - increasingly complex partnership and collaborative working arrangements.
- **Changing boundaries and organisation of public services** – increased complexity and diversity of service delivery structures with the growing importance of community involvement.

It also identifies what the new emerging roles are and offers a model through which councillor careers, and development can be best explored to consider how they can be supported to perform these roles effectively.

The proposal sets out this model and two key areas of focus for establishing a modern approach to individual learning styles and needs:

- **Foundational** – Practical and knowledge skills (covered by the areas above)
- **Relational** – Connective, digital & reflective skills (to be covered as part of learning conversations)

A workshop to share the model and seek the views of Members on how best they want to be supported is scheduled for late September 2019. This will be further supported by a series of one to ones to establish resourcing requirements and the overall Member Development Plan for Democratic Service Committee endorsement.

<b>DETAILED REPORT ATTACHED?</b>	<b>YES</b>
----------------------------------	------------

## IMPLICATIONS

I confirm that other than those implications which have been agreed with the appropriate Directors / Heads of Service and are referred to in detail below, there are no other implications associated with this report :
