EXECUTIVE SUMMARY

Audit Committee

11th September 2020

Audit enquiries to those charged with governance and management

Audit Wales is required to conduct their financial audit in accordance with the requirements set out in International Standards on Auditing (ISAs). As part of the requirements of the ISAs they are required to formally seek the Authority's documented consideration and understanding on a number of governance areas that impact on the audit of the financial statements. These considerations are relevant to both the Council's management and 'those charged with governance' (the Audit Committee).

The areas of governance on which they are seeking views:

1. Management processes in relation to:
 - undertaking an assessment of the risk that the financial statements may be materially misstated due to fraud;
 - identifying and responding to risks of fraud in the organisation;
 - communication to employees of views on business practice and ethical behaviour; and
 - communication to those charged with governance the processes for identifying and responding to fraud.
2. Management's awareness of any actual or alleged instances of fraud.
3. How management gain assurance that all relevant laws and regulations have been complied with.
4. Whether there is any potential litigation or claims that would affect the financial statements.
5. Management processes to identify, authorise, approve, account for and disclose related party transactions and relationships.

The information provided informs their understanding of the Council and its business processes and supports their work in providing an audit opinion on the 2019/20 financial statements.
