**1. Policy, Crime & Disorder and Equalities**

1. We must make sure that we learn from this unprecedented experience as we reintroduce our services and re-set our strategic and operational priorities. We must identify our key learning points at a service and organisational level.
2. We will also need to reset our Homes and Safer Communities vision and align it to the revised corporate ‘*Moving Forward in Carmarthenshire 5 Year Plan*’, *Corporate Strategy and Well-being Objectives*.
3. The COVID-19 pandemic has led to inevitable widespread changes to the way in which services are delivered by local authorities. This means that it is even more critical that Local Authorities respect the needs of all service users and equalities.
4. We will need to reprioritise services and our resources in budget setting.

**3. Finance**

We are in an unprecedented position due to increased costs due to COVID-19 activity, particularly in relation to Test Track and Trace (TTP) and advice and enforcement perspective. This may cause funding pressures if WG funding cannot be accessed post March 2021.

**4. ICT**

Significant shift to online/digital service provision in the future.

**5. Staffing Implications**

A new learning and development plan for staff will be created, taking account of the flexibility and adaptability that has been shown during this period. It will also need to develop opportunities to enable staff to further develop their learning and experiences.
