1. Policy, Crime & Disorder and Equalities

We must make sure that we learn from this unprecedented experience as we reintroduce our services and re-set our strategic and operational priorities. We must identify our key learning points at a service and organisational level in alignment with the revised corporate '*Moving Forward in Carmarthenshire 5 Year Plan*', *Corporate Strategy* and *Well-being Objectives*.

The COVID-19 pandemic has led to inevitable widespread changes to the way in which services are delivered by local authorities. This means that it is even more critical that Local Authorities respect the needs of all service users and equalities.

We will need to reprioritise services and our resources in budget setting.

6. Staffing Implications

Many staff have been redeployed during the periods of lockdown and other restrictions, which have deferred a variety of non-essential services compared with original business plan objectives.
