# EXECUTIVE SUMMARY

## EXECUTIVE BOARD

### 25<sup>TH</sup> APRIL, 2016

#### THE ENVIRONMENT ACT 1995 PUBLIC CONSULTATION ON LLANELLI AIR QUALITY

The Environment Act 1995 places a duty on Local Authorities to assess and manage air quality in its area. This is achieved through the Local Air Quality Management work. There are various pollutants that can be assessed but Local Authorities are only required to monitor for those that have a potential to breach the Air Quality Objectives. For Carmarthenshire, the main pollutant of concern is nitrogen dioxide (NO<sub>2</sub>).

The Environment Act 1995 specifies how Local Authorities deal with areas that fail to comply with the national air quality objectives.

The town of Llanelli in Carmarthenshire has experienced increasing levels of NO<sub>2</sub> over the last few years, to the extent that the air quality objective for NO<sub>2</sub> has been breached. The Welsh Government has required the Authority to carry out a Detailed Assessment to ascertain the extent and level of exceedence of the Air Quality Objective.

Following Executive Board approval on the 11 May 2015, a public consultation was launched on the 5<sup>th</sup> October 2015 seeking views on the proposed boundary for the AQMA. Notification of the consultation was provided to relevant statutory consultees, local councillors for those areas affected, Chamber of Trade and members of the public. The consultation was posted on the 'iLocal' section of the Authority's website and news feeds sent out via Twitter and Facebook. The consultation was for a period of eight weeks with the closing date for comments being the 30<sup>th</sup> November 2015.

#### Response to Consultation

A summary of the responses received to the public consultation are shown in Table below.

Consultee	Response
Welsh Government (Air Division)	No response
Llanelli Town Council	Agreed with proposed boundary and welcomed the designation of an AQMA and development of an Action Plan in order to take appropriate action.
Llanelli Chamber of Trade	None
Natural Resources Wales	No response.
Public Health Wales	Expressed a wish to participate in assisting the Local Authority develop an Action Plan and quantify health impacts collaboratively with its partner organisations.
Individual Ward Councillors	As the Town Council
Residents and Businesses	1) Return Gelli Onn junction to a roundabout.

	2) Significant response received requesting that Sandy Road should be given due consideration for inclusion in the AQMA boundary due to a number of factors.

<p>No specific objections have been received in respect of setting the boundary and the need to designate an AQMA. However, a significant response was received requesting that serious consideration be given to including Sandy Road within the boundary of the AQMA.</p> <p>As a result of the consultation, the proposed boundary map has been amended to include Sandy Road and Bassett Terrace.</p> <p>The proposed Order and amended AQMA boundary map are at the end of the attached report. The Local Authority must now work towards developing an Action Plan that will pursue the improvement of air quality and the reduction of nitrogen dioxide within the AQMA.</p>

### 1. Policy, Crime & Disorder and Equalities

The declaration of an Air Quality Management Area, (AQMA), could impact directly on Health, Transport and Planning policies. These parties should form part of the Steering Group set up to assist in the development of an Action Plan.

### 2. Legal

The legal process detailed in the legislation and supporting guidance must be adhered to.

### 3. Finance

There should not be financial implications at the designation of AQMA and development of an Action Plan unless the Welsh Government instructs that further monitoring is required. There are possible cost implications at the implementation stages of potential intervention options however any actions falling out of the Action Plan will be subject to further reports, consideration and approval.
