Awdur yr Adroddiad: Matthew Hughes	Ymgynghorydd Cynorthwyol	01267 246121 mahughes@sirgar.gov.uk

EXECUTIVE SUMMARY

ENVIRONMENTAL & PUBLIC PROTECTION SCRUTINY COMMITTEE 13th MAY 2016

Environmental & Public Protection Scrutiny Committee Task & Finish Group Final Report 2015/16:

Car Parking Charges

Review Background

The Environmental & Public Protection Scrutiny Committee has a key role to play in monitoring services, development of key policies and strategies, as well as identifying areas for improvement or development.

At its meeting on 15th May 2015, the Environmental & Public Protection Scrutiny Committee agreed to establish a task and finish group to research different approaches to car parking charges that could be applied in the county.

Following consideration of a report on Llanelli Car Parks at its meeting on the 28th September 2015, the Executive Board also requested that the Group explore the option of introducing a pay on exit system at the Llanelli multi-storey car park in lieu of the pay and display / pay on foot system.

Objectives and Scope

Following its first meeting, the Group agreed that its main objective for the review would be to:

- Research different approaches to car parking charges that could be applied in the county.

The Group agreed that the scope of the review would focus on:

- Charging Policy (to include Parking Strategy & Policy)
- Legislation relating to Traffic Management and Parking
- The purpose of parking charges
- Car park demand / usage
- Revenue distribution and impact of reducing charges

- Research evidence on the impact of car park charging
- Main town centre footfall
- Car park charges and competitiveness including socio-economic issues

Approach

A total of 6 meetings were held between September 2015 and April during which the Group considered evidence and information from a wide variety of sources. The sessions were designed to provide the Group with the relevant information, context and background to the topic.

The Task and Finish Group's membership was as follows:

- Cllr. Peter Cooper (Chair)
- Cllr. Alun Davies
- Cllr. Ivor Jackson
- Cllr. John Jenkins
- Cllr. Elwyn Williams

The Democratic Services Unit based in the Chief Executive's Department, provided research and general support to the Group. The following officers provided specialist advice and support during the Group's review:

- Steve Pilliner (Head of Transport & Engineering)
- John McEvoy (Road Safety & Traffic Manager)

Recommendations

The Group recommends that:

1. The County Council proceeds with on-going collection of data for footfall in key towns.
2. The Carmarthenshire Integrated Parking Strategy be updated.
3. Consideration be given to the mix of short / long-stay bays in the Authority's car parks where there is high demand for short-stay parking.
4. The accessibility of on-street parking bays designated for blue badge holders be reviewed and standardised according to the legislative requirements, where feasibly possible.
5. Given the competitive nature of Carmarthenshire's current charges, the current pricing strategy be retained but that footfall in towns be kept under regular review and consultation be undertaken where future changes to parking charges are proposed.

6. Town / Community Councils and Chambers of Trade be reminded of the free-parking day scheme and be encouraged to fully utilise this initiative.
7. The free parking at the Council's Coleshill Car Park (Llanelli) at weekends be further promoted.
8. The number of free parking days available to the County's towns be increased to 7 days per year but that the exclusion period be extended to cover the whole of November, as well as the whole of December.
9. The Council pursues the potential change in legislation with the Welsh Government and subject to clarification and affordability, proceeds with a phased programme of introducing an ANPR Pay on Exit system across its car parks.
10. Where feasible, the Council introduces 'shop and drop' bays in the county's towns, in proportion to the size of the town and spaces available, for a limited waiting time of up to 30 minutes.
11. The Council proceeds with introducing 'cashless payment' technology by undertaking a pilot in the County's key towns.

DETAILED REPORT ATTACHED?

YES

IMPLICATIONS

I confirm that other than those implications which have been agreed with the appropriate Directors / Heads of Service and are referred to in detail below, there are no other implications associated with this report.
