1. Policy and Crime & Disorder

The Community Safety Partnership (CSP) is required to take the lead in addressing substance misuse locally and it works closely with partner agencies in the commissioning of services and ensuring work is undertaken in the areas of prevention, education, treatment and enforcement. The CSP is required to have a Commissioning Strategy to address drug and alcohol misuse.

5. Risk Management

Failure to effectively tackle substance misuse problems locally could result in an increase in the effect that such problems have on our residents and their quality of life.

CONSULTATIONS

I confirm that the appropriate consultations have taken in place and the outcomes are as detailed below:
