

Proposed tightening to SLAs and in-kind arrangements between individual LAs and ERW

Context

ERW has been in existence in its current form since May/June of 2014. Standards have continued to improve at or above the Wales average and especially for pupils entitled for free school meals. Estyn have reported that our work and services to improve schools is good.

It is therefore timely, as the organisation matures and consolidates the rapid recent improvement, to refine key documents and working practices. In addition, it is expected that Welsh Government will have increasing expectations of regional consortia and a key role to play in delivering new ministerial priorities.

Therefore, the 'contributions in kind' (covered under the legal agreement) and the services provided to ERW under Framework of Shared Services require refining and in some cases formalising. It is proposed that the paid for services are reviewed for 2018, and the in-kind services in 2019.

Overall, the services provided to ERW both under agreements and by SLA from Local Authorities have been successful. However, it is timely to review value for money and the quality and scale of services as the organisation grows.

All local authorities should also recognise the principles in the legal agreement and the importance of being able to share services in this way. There is a legitimate and important principle here for collaboration and a common ownership of outcomes. ERW has led this style of distributed governance and shared services, and secured its success.

It is proposed that:

1. The arrangements for services in kind and paid for are made clear and explicit through a common style of SLA
2. Where current services work well they are secured until 2018 with time for review from April 2018. This reduces workload in making many and sudden changes at once and allows for planned exit changes.
3. Where current services do not fulfil the expectations/ requirements of ERW that the MD and Lead Director make interim arrangements to manage the situation until improved arrangements can be secured from April 2017.
4. Openness and transparency is given to the arrangements and all LAs are given equal access to the provision of services to ERW
5. Every effort is made to keep the ERW pound within the constituent LAs
6. The principle of shared services in-kind is maintained for one aspect of work (in each of the 6 LAs)

Service and evaluation	Arrangement and scope	LA	Cost	PROPOSAL
Audit Quality and also feedback and contribution to quality and improvement in ERW has been good in previous 2 years.	SLA in letter form. Amended annually	Pembrokeshire	£20,000	PROPOSE – to continue for period of Lead Financial authority is held by Pembrokeshire The Section 151 officer notes that having the IA function of Pembrokeshire supporting his statutory role is pivotal to accountability due to distributed nature of ERW’s governance of resources.
HR (employment)– Pembrokeshire ERW staff are employed by Pembrokeshire County Council for payroll purposes. Similarly, seconded staff arrangements are managed through Pembrokeshire. Pembrokeshire HR currently processing work but not undertaking HR work on behalf of region. Capacity due to ERW growth unplanned and can lead to significant delays.
