1. INTRODUCTION

- 1.1. The report provides members with an initial view of the 5 year Capital Programme 2017/18, 2018/19, 2019/20, 2020/21, 2021/22.
- 1.2. The report will form the basis of the budget consultation process with members and other relevant parties. Feedback from this consultation process, along with the outcome of the final settlement, will inform the final budget report which will be presented to members in February 2017.

2. BACKGROUND

- 2.1. Members will recall that the Authority last year agreed a 5 year capital programme 2016 to 2021 which was approved at County Council on 23rd February 2016.
- 2.2. When the capital programme was approved it was fully funded by the end of the 4th year but showed a shortfall in the final year 2020/21. The programme was therefore approved on the basis that the budgets for this year be reviewed or reprofiled in order to address the funding shortfalls. This shortfall in funding was subsequently addressed during the closure of the 2016-17 accounts.
- 2.3. The capital programme has been revisited by the Strategic Assets Steering Group (SASG) and Departments were also asked to submit proposals to bring forward expenditure within the existing capital programme and to identify any new strategic projects.
- 2.4. Departments have also submitted proposals for new projects in 2021/22 which is the new 5th year of the programme. Projects have been assessed along similar lines to previous years with only those regarded as a high priority being included in the programme.

2.5. The proposed capital programme is detailed in the attached Appendix A showing the forecast expenditure and income over the five year period.

3. PRIORITIES

3.1. The current Corporate Strategy for 2016-2021 sets out the Authority's strategic priorities and aspirations and its overarching themes and core values, and the programme has been developed in line with these.

3.2. The proposed capital programme is £208m over the 5 years, and is aimed at delivering a number of key projects that will create jobs and improve the quality of life for the people of Carmarthenshire, with the key investment headings being:

	£m
Schools	79
Housing	10
Lesiure	23
Regeneration	28
Environment	72

4. FUNDING

4.1. The provisional settlement that has recently been received from the WG indicates capital funding of £9.400m for the Authority in 2017-18. This is made up of Supported Borrowing of £5.844m and General Capital Grant of £3.556m. This means a small decrease in funding of £9k or 0.1% compared to the current financial year 2016-17. In the absence of any forward indications by WG this level of funding has been assumed for each year of the five year programme.

4.2. The level of capital receipts funding included within the programme has been revised in line with latest estimates. General capital receipts of £11.096m are forecast over the 5 year period together with earmarked Education receipts from the sale of school buildings at £1.739m. The level of receipts is continually monitored during the year and may require future capital programmes to be adjusted if there is a shortfall.

4.3. Usage of earmarked reserves were approved as part of previous year's reports and were included as funding for the current capital programme. Additional funding has now been identified and allocated within the new proposed have been submitted by Departments. In total some £26.267m of reserve funding is included over the five years of the programme as set out in this report.

4.4. Within the Modernising Education Programme (MEP) additional resources have been approved in recent years for the Band A 21st Century Schools projects. This had arisen as the WG had asked Authorities to bring forward their Band A projects for completion by 2018/19. This investment includes supported borrowing, earmarked reserves and capital receipts and is part of the County Council's 50% contribution towards the Band A projects with the balance coming from the WG. The Authority will need to monitor closely

the development of this programme in order to ensure that funding is available to cover the projects as they are committed.

- 5.1. When the capital programme was approved at County Council on 23rd February 2016, it was fully funded by the end of the 4th year but showed a shortfall of £2.789 in 2020/21. As outlined in paragraph 2.2, this shortfall was addressed at the end of the 2016-17 financial year.

‘... the public body must act in a manner which seeks to ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs’
