Democratic Services Committee Room, - County Hall, Carmarthen. SA31 1JP. - 2.00 - 2.40 pm

1. YMDDIHEURIADAU AM ABSENOLDEB

Ni chafwyd ymddiheuriadau am absenoldeb.

2. DATGAN BUDDIANNAU PERSONOL

Y Cyngorydd	Y Math o Fuddiant
D.E. Williams	Aelod o Gronfa Bensiwn Dyfed
Sonia Jones	Aelod o Gronfa Bensiwn Dyfed
J.G. Prosser	Aelod o Gronfa Bensiwn Dyfed

3. COFNOFION Y CYFARFOD A GYNHALIWDYD AR 20FED MEHEFIN, 2018

PENDERFYNWYD llofnodi cofnodion cyfarfod y Pwyllgor a gynhaliwyd ar 20 Mehefin, 2018 gan eu bod yn gywir.

4. ADRODDIAD YNGHYLCH YR ARCHWILIAD O DDATGANIADAU ARIANNOL 2017-18

Bu'r Pwyllgor Archwilio yn ystyried yr Adroddiad ynghylch yr Archwiliad o Ddatganiadau Ariannol ar gyfer Cronfa Bensiwn Dyfed a baratowyd gan Swyddfa Archwilio Cymru sy'n rhoi manylion am y materion sy'n codi o'r archwiliad sy'n ofynnol o dan ISA 260.

Nodwyd bod yr Archwilydd Cyffredinol yn gyfrifol am roi barn ynghylch a yw datganiadau ariannol Cronfa Bensiwn Dyfed yn rhoi golwg gywir a theg ar ei sefyllfa ariannol ar 31 Mawrth 2018, a'i hincwm a'i gwariant yn ystod y flwyddyn honno.

Nodwyd mai bwriad yr Archwilydd Cyffredinol yw cyhoeddi adroddiad archwilio diamod ar y datganiadau ariannol yn dilyn derbyn gan yr Awdurdod ei Lythyr Cynrychiolaeth, yn seiliedig ar yr hyn a nodir yn Atodiad 1 i'r adroddiad.

Dywedwyd wrth y Pwyllgor yn dilyn ei ystyriaeth, y byddai'r adroddiad yn cael ei gyflwyno i'r Pwyllgor Archwilio ar 28 Medi i'w gymeradwyo ffurfiol ac i Gadeirydd y Pwyllgor Archwilio a Swyddog Adran 151 yr Awdurdod lofnodi'r Llythyr Cynrychiolaeth er mwyn ei awdurdodi.

Cyfeiriodd y Cyfarwyddwr Gwasanaethau Corfforaethol at yr anawsterau staffio yn yr uned yn ystod y cyfnod o baratoi'r cyfrifon a'r broses archwilio, a mynegodd ei werthfawrogiad i'r staff am eu hymdrechion sylweddol i gyflwyno'r cyfrifon ac i Swyddfa Archwilio Cymru am ei hyblygrwydd yn ystod y broses archwilio

PENDERFYNWYD derbyn Adroddiad yr Archwiliad o Ddatganiadau Ariannol 2017–18.

5. DATGANIAD CYFRIFON 2017-2018

Bu'r Pwyllgor yn ystyried Datganiad Cyfrifon Cronfa Bensiwn Dyfed ar gyfer 2017/18, a gynhyrchwyd yn unol â'r Côd Ymarfer ar Gadw Cyfrifon Awdurdodau Lleol yn y Deyrnas Unedig 2017-18, sy'n manylu ar y sefyllfa ariannol, perfformiad a hyfywedd ariannol ar gyfer y flwyddyn 2017-18 ynghyd â chanlyniadau stiwardiaeth rheoli h.y. – atebolrwydd rheolwyr o ran yr adnoddau sydd wedi'u hymddiried iddynt a sefyllfa'r asedau ar ddiwedd y cyfnod.

Nodwyd bod cyfanswm gwerth y Gronfa, fel yr oedd ar 31 Mawrth, 2018 yn £2.440bn, sy'n cynrychioli cynnydd yn yr asedau net o £97m o 2016/17 i 2017/18 gyda'r cynnydd yn cael ei briodoli yn bennaf i gynnydd yng ngwerth y farchnad o'r asedau buddsoddi. O ran gwariant y Gronfa, roedd y buddion sy'n daladwy a throsglwyddiadau wedi cynyddu o £2.4m i £82.5m gyda chyfraniadau a throsglwyddiadau i mewn yn cynyddu o £1.6m i £73.4m. Roedd y diffyg o £9m rhwng gwariant ac incwm wedi'i ddiwallu gan yr incwm buddsoddi.

Nodwyd bod aelodaeth gyfan y gronfa wedi cynyddu 555 o 49,959 yn 2016/17 i 46,514 yn 2017/18, sef cynnydd o 1.2%

PENDERFYNWYD YN UNFRYDOL dderbyn Datganiad Cyfrifon Cronfa Bensiwn Dyfed 2017/18.

6. MONITRO CYLLIDEB 1 EBRILL 2018 - 30 MEHEFIN 2018

Derbyniodd y Pwyllgor Adroddiad Monitro Cronfa Bensiwn Dyfed a oedd yn rhoi'r wybodaeth ddiweddaraf am y sefyllfa gyllidebol o ran blwyddyn ariannol 2018/19.

Nodwyd bod y sefyllfa bresennol, ar 30 Mehefin, 2018 yn rhagweld tanwariant o £1,869k o ran arian parod. O ran gwariant, roedd yr effaith net o'r buddion sy'n daladwy a throsglwyddiadau allan yn cynrychioli tanwariant o £4.5m yn bennaf oherwydd natur aflywodraethus cyfandaliadau a throsglwyddiadau o'r Gronfa. Roedd tanwariant hefyd o ran treuliau rheolwyr o £0.3m.

Wrth ystyried incwm, gwelwyd tanwariant o £0.3m sy'n cynrychioli effaith net cyfraniadau, incwm buddsoddi a throsglwyddiadau i mewn. Yn gyffredinol, rhagwelwyd cyfanswm gwariant y Gronfa yn £81.6m a chyfanswm incwm yn £83.5m, sy'n cynrychioli sefyllfa llif arian cadarnhaol o £1.9m. Fodd bynnag, rhagwelwyd y byddai'r ffigurau hynny yn amrywio wrth i'r flwyddyn fynd rhagddi.

PENDERFYNWYD derbyn Adroddiad Monitro Cyllideb Cronfa Bensiwn Dyfed.

7. ADRODDIAD TORRI AMODAU

Cafodd y Pwyllgor Adroddiad Torri Amodau, mewn perthynas â Chronfa Bensiwn Dyfed, i'w ystyried.

Nododd y Pwyllgor fod Adran 70 o Ddeddf Pensiwn 2004 yn nodi dyletswydd gyfreithiol i adrodd am achosion o dorri'r gyfraith. Yn Rhif 14 o'r Côd Ymarfer, a gyhoeddwyd gan y Rheoleiddiwr Pensiynau ym mis Ebrill 2015, mae paragraffau 241 i 275 yn darparu canllawiau ar sut i adrodd am yr achosion hyn. Cymeradwywyd Polisi Torri Amodau Cronfa Bensiwn Dyfed gan Banel Cronfa Bensiwn Dyfed ym mis Mawrth 2016.

O dan y polisi, roedd yn ofynnol i achosion o dorri'r gyfraith gael eu hadrodd i'r Rheoleiddiwr Pensiynau os oes achos rhesymol i gredu'r canlynol:

- na chydymffurfir – neu na chydymffurfiwyd – â dyletswydd gyfreithiol sy'n berthnasol i'r gwaith o weinyddu'r cynllun;
- bod yr anallu i gydymffurfio yn debygol o fod o arwyddocâd sylweddol i'r Rheoleiddiwr wrth iddo arfer unrhyw un o'i swyddogaethau.

Nododd y Pwyllgor fod nifer o achosion wedi bod ers y cyfarfod diwethaf lle nad oedd cyfraniadau cyflogai/cyflogwr wedi'u derbyn ar amser ond, erbyn hyn, roedd yr holl gyfraniadau yn gyfredol ac nid oedd achos wedi'i gyfeirio at y Rheoleiddiwr Pensiynau.

PENDERFYNWYD nodi'r Adroddiad Torri Amodau mewn perthynas â Chronfa Bensiwn Dyfed.

8. DATGANIAD STRATEGAETH GYLLIDOL (FSS)

Bu'r Pwyllgor yn ystyried adroddiad ar fabwysiadu Datganiad Strategaeth Gyllido ar gyfer Cronfa Bensiwn Dyfed gan nodi strategaeth gyllido glir a thryloyw o ran sut yr oedd pob un o rwymedigaethau pensiwn y cyflogwr yn cael eu bodloni. Nodwyd mai amcan tymor hir Cyngor Sir Caerfyrddin, fel Awdurdod Gweinyddu'r Gronfa, oedd cyrraedd lefel ddiddyledrwydd o 100% dros gyfnod rhesymol o amser er mwyn cynnal digon o asedau i dalu'r holl fuddion sy'n codi pan fyddant yn ddyledus.

Tynnwyd sylw'r Pwyllgor yn benodol at Atodiad C i'r adroddiad ar fabwysiadu polisi terfynu y dylid ei roi ar waith pan fydd cyflogwr yn rhoi'r gorau i gymryd rhan yn y Gronfa.

**9. UNRHYW FATER ARALL Y GALL Y CADEIRYDD OHERWYDD
AMGYLCHIADAU ARBENNIG BENDERFYNU EI YSTRIED YN FATER BRYD
YN UNOL AG ADRAN 100B(4)(b) O DDEDDF LLYWODRAETH LEOL 1972**

Nid oedd dim materion brys i'w trafod.

10. GORCHYMYN I'R CYHOEDD ADAEL Y CYFARFOD

PENDERFYNWYD YN UNFRYDOL, yn unol â Deddf Llywodraeth Leol 1972, fel y'i newidiwyd gan Orchymyn Llywodraeth Leol (Mynediad at Wybodaeth) (Amrywio) (Cymru) 2007, orchymyn i'r cyhoedd adael y cyfarfod tra oedd yr eitemau canlynol yn cael eu hystyried, gan fod yr adroddiadau'n cynnwys gwybodaeth eithriedig fel y'i diffiniwyd ym mharagraff 14 o Ran 4 o Atodlen 12A i'r Ddeddf.

11. ADRODDIAD PERFFORMIAD NORTHERN TRUST 30 MEHEFIN 2018

Yn sgil gweithredu'r prawf budd y cyhoedd **PENDERFYNWYD YN UNFRYDOL**, yn unol â'r Ddeddf y cyfeiriwyd ati yng Nghofnod 10 uchod, ystyried y mater hwn yn breifat gan orchymyn i'r cyhoedd adael y cyfarfod, gan y byddai'r drafodaeth yn datgelu gwybodaeth eithriedig ynghylch materion ariannol neu faterion busnes unrhyw unigolyn penodol (gan gynnwys yr Awdurdod oedd yn meddu ar y wybodaeth honno).

Ystyriodd y Pwyllgor adroddiad perfformiad Northern Trust ar gyfer Cronfa Bensiwn Dyfed fel yr oedd ar 30 Mehefin 2018 a oedd yn nodi dadansoddiad o berfformiad o ran lefel y gronfa gyfan a chan y rheolwr buddsoddi am y cyfnodau cyn i'r gronfa gychwyn.

PENDERFYNWYD YN UNFRYDOL dderbyn adroddiad perfformiad Northern Trust ar gyfer Cronfa Bensiwn Dyfed fel yr oedd ar 30 Mehefin 2018.

DYFED PENSION FUND COMMITTEE

DATE 21/02/2019

Budget Monitoring 1 April 2018 – 31 December 2018

BRIEF SUMMARY OF PURPOSE OF REPORT

The position as at 31 December 2018 was an under spend compared to budget of £2,815k on cash items.

Expenditure

The net effect of Benefits Payable and Transfers Out is an over spend of £258k. This is mainly influenced by the un-controllable nature of lump sum payments and transfers out of the Fund. Management expenses are underspent by £37k.

Income

The net effect of Contributions, Investment Income and Transfers In is an under spend of £3.0m.

Total expenditure was £86.7m and total income was £89.5m resulting in a positive cash flow position of £2.8m.

DETAILED REPORT ATTACHED?	YES
---------------------------	-----

IMPLICATIONS

I confirm that other than those implications which have been agreed with the appropriate Directors / Heads of Service and are referred to in detail below, there are no other implications associated with this report :

Signed: C Moore

Director of Corporate Services

Policy, Crime & Disorder and Equalities	Legal	Finance	ICT	Risk Management Issues	Staffing Implications	Physical Assets
NONE	NONE	YES	NONE	NONE	NONE	NONE

Finance - Overall, the Fund needs to maintain a positive cash flow balance to meet its obligations. The cash flow was positive by £2.8m as at 31 December 2018.

CONSULTATIONS

Details of any consultations undertaken are to be included here

Section 100D Local Government Act, 1972 – Access to Information

DYFED PENSION FUND COMMITTEE
DATE 21/02/2019

Dyfed Pension Fund Budget 2019-2020

BRIEF SUMMARY OF PURPOSE OF REPORT

The cash related expenditure budget for 2019-20 is £87.8m and the cash related income budget for 2019-20 is £87.8m. This results in a NET budget of £0. This provides the Fund with flexibility to utilise investment income based on cash flow requirements.

Expenditure:

Benefits payable is estimated at £79.5m which includes 2.4% pensions increase based on September 2018 CPI and 2% net effect for new pensioner members.

Management expenses is estimated at £5.6m. Of this total, £3m is budgeted for investment manager fees.

Income:

Contributions is estimated at £72.1m. Employer contributions £52.8m and Employees contributions £19.3m. The contribution rates used are based on the 2016 valuation. 2% was factored in for pay increases in 2019-20.

Investment income is estimated at £14m to maintain a cash neutral budget so that the fund is not holding onto surplus cash that can be invested.

The non-cash related budget is £50m. This is an estimate for the realised gains and losses for individual manager portfolio rebalances and sales and purchases within the property portfolios.

DETAILED REPORT ATTACHED?

YES

IMPLICATIONS

I confirm that other than those implications which have been agreed with the appropriate Directors / Heads of Service and are referred to in detail below, there are no other implications associated with this report :

Signed: C Moore Director of Corporate Services

Policy, Crime & Disorder and Equalities	Legal	Finance	ICT	Risk Management Issues	Staffing Implications	Physical Assets
NONE	NONE	YES	NONE	NONE	NONE	NONE

Finance - Overall, the Fund needs to maintain a neutral budget so that there is sufficient income to meet its obligations. An estimated £87.8m income budget is a significant figure to achieve this.

DYFED PENSION FUND COMMITTEE

DATE 21/02/2019

Breaches Report 2018-19

BRIEF SUMMARY OF PURPOSE OF REPORT

Introduction

Section 70 of the Pension Act 2004 sets out the legal duty to report breaches of the law. In the Code of Practice no 14, published by the Pensions Regulator in April 2015, paragraphs 241 to 275 provides guidance on reporting these breaches. The Dyfed Pension Fund Breaches Policy was approved by the Dyfed Pension Fund Panel in March 2016.

Under the policy, breaches of the law are required to be reported to the Pensions Regulator where there is a reasonable cause to believe that:

- a legal duty which is relevant to the administration of the scheme has not been, or is not being, complied with
- the failure to comply is likely to be of material significance to the regulator in the exercise of any of its functions.

The up to date breaches report is attached. Since the last Committee meeting, there have been a number of instances where employee/employer contributions have not been received on time, no report has been sent to the Pensions Regulator.

DYFED PENSION FUND COMMITTEE

DATE 21/02/2019

Risk Register

BRIEF SUMMARY OF PURPOSE OF REPORT

The Risk Register is a working document that highlights all the risks identified in relation to the functions of the Dyfed Pension Fund. This is regularly monitored and reviewed.

The register includes:

- Details of all identified risks
- Assessment of the potential impact, probability and risk rating
- The risk control measures that are in place
- The responsible officer
- Target Date (if applicable)

There have been some minor amendments following the recent review.

DETAILED REPORT ATTACHED?

DYFED PENSION FUND COMMITTEE

DATE 21/02/2019

MINISTRY OF HOUSING, COMMUNITIES AND LOCAL GOVERNMENT (MHCLG)
CONSULTATION ON DRAFT STATUTORY GUIDANCE ON ASSET POOLING IN THE LOCAL
GOVERNMENT PENSION SCHEME (LGPS)

BRIEF SUMMARY OF PURPOSE OF REPORT

MHCLG have issued the consultation on draft statutory guidance on asset pooling in the LGPS to ensure the eight asset pools across England and Wales have guidance on:

Definitions

Structure and Scale

Governance

Transition of assets to the Pool

Making new investments outside the Pool

Infrastructure investment

Reporting

DETAILED REPORT ATTACHED?

YES

IMPLICATIONS

I confirm that other than those implications which have been agreed with the appropriate Directors / Heads of Service and are referred to in detail below, there are no other implications associated with this report :

Local Government Pension Scheme: Draft Statutory guidance on asset pooling

This note provides factual information relating to the Ministry of Housing, Communities and Local Government's informal consultation on the Draft Statutory guidance on asset pooling. This note is addressed to the Fund's Officers and Committee(s). It is not for public distribution.

Timetable

The consultation was issued on 3 January 2019, it is open for 12 weeks and will close on 28 March. It is deemed an informal consultation which is addressed to *"interested parties only, including the Scheme Advisory Board, Pensions Committees, Local Pension Boards, the pool Joint Committees or equivalent, the Cross Pool Collaboration Group, the pool operating companies where owned by participating funds, CIPFA and ALATS"*. The SAB secretariat will be assisting MHCLG with the consultation but all responses should be sent to LGPensions@communities.gov.uk.

Background

The guidance sets out the requirements on administering authorities in relation to pooling assets and replaces *"the section at pages 7 to 8 of Part 2 of Guidance for Preparing and Maintaining an Investment Strategy, issued in September 2016 and revised in July 2017, which deals with regulation 7(2)(d) of the 2016 Regulations. It also replaces Local Government Pension Scheme: Investment Reform Criteria and Guidance, issued in November 2015."* As a reminder, we attach links to the replaced documents at the foot of this document¹.

Overview

Further to the introduction the consultation is broken into 7 sections which we set out below. As outlined in the title, the governance is statutory. Throughout the document, there is frequent use of certain words, in particular "must", "should" and "may" in relation to different points being made. Each highlights the extent to which adherence is expected.

Definitions

This section sets out a number of definitions relating to pooling, including,

'Pool governance body' the body used by pool members to oversee the operation of the pool and ensure that the democratic link to pool members is maintained (for example, Joint Committees and officer committees).

'Pool company' the Financial Conduct Authority (FCA) regulated company which undertakes selection, appointment, dismissal and variation of terms of investment managers, and provides and operates pool vehicles for pool members.

'Pool fund' a regulated unitised fund structure operated by a regulated pool company, such as an Authorised Contractual Scheme (ACS).

'Pool member' an LGPS administering authority which has committed to invest in an LGPS pool and participates in its governance.

It also defines Pool vehicles, retained assets and local assets which are all covered in later sections of the consultation.

¹

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/479925/criteria_and_guidance_for_investment_reform.pdf <http://lgpslibrary.org/assets/statgui/ew/201609ISS.pdf>
<http://lgpslibrary.org/assets/statgui/ew/201707ISS.pdf>

Structure and scale

This section reiterates the aims of pooling, that **all** administering authorities must pool their assets and that pool members must appoint a pool company or companies to implement their investment strategies, stating clearly, *“It is for the pool companies to decide which investment managers to use for pool vehicles”*. It also states that a pool company must be a company regulated by the FCA

It is stated that Pool governance bodies, working with the Pool company, *“should regularly review the provision of services to the pool, and the process of procurement, to ensure value for money and cost transparency”* and *“the balance between active and passive management in the light of performance net of total costs. They should consider moving from active to passive management where active management has not generated better net performance over a reasonable period”*.

Governance

It was stated that pool governance bodies must be established in order to “set the direction of the pool and hold the pool company to account” while pool members through their own governance arrangements will be *“responsible for effective governance and for holding pool companies and other service providers to account”*. In addition *“Strategic asset allocation remains the responsibility of pool members”*. It also states Pension Committees should take a long term view of the potential benefits of pooling, taking into account *“the benefits across the pool and across the scheme as a whole...and should not seek simply to minimise costs in the short term.”* It also notes that Pension Boards can have a role in governance arrangements.

It also states that part of pool governance bodies’ role is to decide the pool’s policy on which aspects of asset allocation are *“strategic”* and which are *“tactical”*, with the guidance stating that, *“governance bodies should be mindful of the trade-off between greater choice and lower costs”*. It is also noted that the position between what is deemed strategic and what is tactical is something that might change over time. It is also states that, *“Pool members should set out in their FSS and ISS how they, through the pool governance body, have balanced these considerations and how they will keep this under regular review”*.

Transition of assets to the pool

There are a number of comments on treatment of costs, including

“Transition of listed assets should take place over a relatively short period.” and *“..should see to minimise transition costs to pool members while effectively balancing speed, cost and timing, taking into account exit or penalty costs and opportunities for crossing trades.”* And *“Inter-authority payments (or other transfers of value) may be desirable in order to share these costs equitably between pool members. The Government’s view is that such payments are investment costs within Regulation 4(5) of the 2016 Regulations, and payments made by a pool member to meet its agreed share of costs may be charged to the fund of that pool member, whether the payments are made to other pool members, the pool company, or another body by agreement.”*

It is noted that *“In exceptional cases, some existing investments may be retained by pool members on a temporary basis”* citing assets that need to be held to maturity as an example. It also notes that *“Pool members may also retain existing direct property assets where these may be more effectively managed by pool members”* and *“...pool members may retain the management of existing long term investment contracts where the penalty for early exit or transfer of management would be significant. These may include life insurance contracts (‘life funds’) accessed by pool members for the purpose of passive equity investment, and some infrastructure investments.”*

For assets held outside the pool it is stated that, *“Pool members, working with the pool company, should undertake regular reviews (at least every three years) of retained assets and the rationale for keeping these assets outside the pool.”*

Making new investments outside the pool

There is an expectation that new investments will be made through the pool company with 2020 being set as the target timescale and a statement that *“pool members should make new investments outside the pool only in very limited circumstances.”*

Exceptions (to pool members investing in their own pool) include,

“A small proportion of a pool member’s assets may be invested in local initiatives within the geographical area of the pool member or in products tailored to particular liabilities specific to that pool member”, with clarity that Local assets should, “not normally exceed an aggregate 5% of the value of the pool member’s assets at the point of investment and be subject to a similar assessment of risk, return and fit with investment strategy as any other investment.”; or “may investin a pool other than their own where collaboration across pools or specialism by pools can deliver improved net of fee returns”

Infrastructure investment

There are a number of infrastructure related aspects noted in the document. Although supportive of the asset class, the consultation states, *“There is no target for infrastructure investment for pool members or pools, but pool members are expected to set an ambition on investment in this area.”* *“Government expects pool companies to provide the capability and capacity for pools over time to move towards levels of infrastructure investment similar to overseas pension funds of comparable aggregate size”.*

It is explicitly stated that Pools are expected to provide a range of options to accessing the asset class and may offer brown and greenfield exposure to the asset class. There is also comment that, *“Pool members may invest in their own geographic areas but the asset selection and allocation decisions should normally be taken by the pool company in order to manage any potential conflicts of interest effectively, maintain propriety, and ensure robust evaluation of the case for investment”.* The consultation states for the purpose of annual accounts CIPFA’s definition for the asset class should be used (which includes a comment that conventional property is not normally included). The consultation also makes it clear that residential property is defined as infrastructure.

Reporting

There are a number of cost and pooling related requirements, including stating that, *“Pool members are required to report total investment costs and performance against benchmarks publicly and transparently in their annual reports, following the CIPFA guidance Preparing the Annual Report, with effect from the 2018-19 report.”*

The CIPFA guidance is also to be used when it comes to defining which assets are to be deemed pool assets, *“‘pooled assets’ are those for which implementation of the investment strategy – i.e. the selection, appointment, dismissal and variation of terms for the investment managers (including internal managers) – has been contractually, transferred to a third party out with the individual pension fund’s control.”* Pool members should *“provide a rationale for all assets continuing to be held outside the pool, including the planned end date and performance net of costs including a comparison which costs of any comparable pool vehicles. They should also set out a high level plan for transition of assets.”*

It is stated that the SAB will publish an annual report on the pools based on data from the pool member annual reports. It is also stated that pool companies should report in line with the SAB Code of Cost Transparency, with pool companies requiring their internal and external investment managers to do likewise. The final point on the consultation is to state that *“Pool members are required to report any change which results in failure to meet the requirements of this guidance to the LGPS Scheme Advisory Board (SAB) and to MHCLG.”*

Foreword

The reform of investment management in the Local Government Pension Scheme (LGPS) for England and Wales began in 2015 with the publication of criteria and guidance on pooling of LGPS assets, following extensive consultation with the sector. LGPS administering authorities responded by coming together in groups of their own choosing to form eight asset pools.

Through the hard work and commitment of people across the scheme, those eight pools are now operational. Their scale makes them significant players at European or global level, and significant annual savings have already been delivered, with the pools forecasting savings of up to £2bn by 2033. Along the way many lessons have been learnt and great progress has been made in developing expertise and capacity, including in private markets and infrastructure investment.

This is a considerable achievement in itself, but there is still a long way to go to complete the transition of assets and to deliver the full benefits of scale. In the light of experience to date with pooling and the challenges ahead, authorities have requested guidance on a range of issues. The time is now right for new guidance to support further progress.

1 Introduction

1.1 This guidance sets out the requirements on administering authorities in relation to the pooling of LGPS assets, building on previous Ministerial communications and guidance on investment strategies, and taking account of the current state of progress on pooling. It is made under the powers conferred on the Secretary of State by Regulation 7(1) of The Local Government Pension Scheme (Management and Investment of Funds) Regulations 2016 (the 2016 Regulations). Administering authorities are required to act in accordance with it.

1.2 This guidance replaces the section at pages 7 to 8 of Part 2 of *Guidance for Preparing and Maintaining an Investment Strategy*, issued in September 2016 and revised in July 2017, which deals with regulation 7(2)(d) of the 2016 Regulations. It also replaces *Local Government Pension Scheme: Investment Reform Criteria and Guidance*, issued in November 2015.

2 Definitions

2.1 This guidance introduces a set of definitions for use in this and future guidance, as follows:

‘Pool’ the entity comprising all elements of a Local Government Pension Scheme (LGPS) asset pool

‘Pool member’ an LGPS administering authority which has committed to invest in an LGPS pool and participates in its governance

‘Pool governance body’ the body used by pool members to oversee the operation of the pool and ensure that the democratic link to pool members is maintained (for example, Joint Committees and officer committees)

‘Pool company’ the Financial Conduct Authority (FCA) regulated company which undertakes selection, appointment, dismissal and variation of terms of investment managers, and provides and operates pool vehicles for pool members

‘Pool fund’ a regulated unitised fund structure operated by a regulated pool company, such as an Authorised Contractual Scheme (ACS)

‘Pool vehicle’ an investment vehicle (including pool funds) made available to pool members by a regulated pool company

‘Pooled asset’ an investment for which the selection, appointment, dismissal and variation of terms for the investment manager is delegated to a regulated pool company, or an investment held in a pool vehicle

‘Retained asset’ an existing investment retained by a pool member during the transition period

‘Local asset’ a new investment by a pool member which is not a pooled asset

3 Structure and scale

3.1 All administering authorities must pool their assets in order to deliver the benefits of scale and collaboration. These include:

- reduced investment costs without affecting gross risk-adjusted returns
- reduced costs for services such as custody, and for procurement
- strengthened governance and stewardship and dissemination of good practice
- greater investment management capacity and capability in the pool companies, including in private markets
- increased transparency on total investment management costs
- diversification of risk through providing access to a wider range of asset classes, including infrastructure investments

3.2 In order to maximise the benefits of scale, pool members must appoint a pool company or companies to implement their investment strategies. This includes:

- the selection, appointment, dismissal and variation of terms of investment managers, whether internal or external

- the management of internally managed investments
- the provision and management of pool vehicles including pool funds

It is for the pool companies to decide which investment managers to use for pool vehicles, including whether to use in-house or external management. Pool members may continue to decide if they wish to invest via in-house or externally managed vehicles.

3.3 Pool companies may be wholly owned by pool members as shareholders or may be procured and appointed by the pool members as clients.

3.4 A pool company must be a company regulated by the Financial Conduct Authority (FCA) with appropriate FCA permissions for regulated activities. This helps ensure the pools comply with financial services legislation, and provides additional assurance to scheme members and employers. Depending on the structure of the pool, appropriate permissions may include permissions for execution, acting as agent, provision of advice, or such other permissions as required by the FCA. Where regulated funds (e.g. in an ACS) are operated by the pool company it should comply with relevant UK legislation.

Regular review of services and procurement

3.5 Pool governance bodies, working with the pool company, should regularly review the provision of services to the pool, and the process of procurement, to ensure value for money and cost transparency. Where services are procured or shared by pool members, pool members should regularly review the rationale and cost-effectiveness of such arrangements, compared to procurement and management through the pool company. Pool members and pool companies should consider using the national LGPS procurement frameworks (www.nationallgpsframeworks.org) where appropriate.

Regular review of active and passive management

3.6 Pool members, working with the pool company, should regularly review the balance between active and passive management in the light of performance net of total costs. They should consider moving from active to passive management where active management has not generated better net performance over a reasonable period. Pool members should also seek to ensure performance by asset class net of total costs is at least comparable with market performance for similar risk profiles.

4 Governance

4.1 Pool members must establish and maintain a pool governance body in order to set the direction of the pool and to hold the pool company to account. Pool governance bodies should be appropriately democratic and sufficiently resourced to provide for effective decision making and oversight.

4.2 Pool members, through their internal governance structures, are responsible for effective governance and for holding pool companies and other service providers to account. Strategic asset allocation remains the responsibility of pool members, recognising their authority's specific liability and cash-flow forecasts.

4.3 Members of Pension Committees are elected representatives with duties both to LGPS employers and members, and to local taxpayers. Those who serve on Pension Committees and equivalent governance bodies in LGPS administering authorities are, in many ways, required to act in the same way as trustees in terms of their duty of care to scheme employers and members, but are subject to a different legal framework, which derives from public law. In particular while they have legal responsibilities for the prudent and effective stewardship of LGPS funds, LGPS benefits are not dependent on their stewardship but are established and paid under statute in force at the time.

4.4 Those who serve on Pension Committees and equivalent governance bodies in pool members should therefore take a long term view of pooling implementation and costs. They should take account of the benefits across the pool and across the scheme as a whole, in the interests of scheme members, employers and local taxpayers, and should not seek simply to minimise costs in the short term.

4.5 Local Pension Boards of pool members have a key role in pool governance, given their responsibilities under the LGPS Regulations 2013 (regulation 106 (1)) for assisting authorities in securing compliance with legislation, and ensuring effective and efficient governance and administration of the LGPS. They can provide additional scrutiny and challenge to strengthen pool governance and reporting, and improve transparency and accountability for both members and employers.

4.6 Local Pension Boards may also provide a group of knowledgeable and experienced people from which observers may be drawn if pool members wish to include observers on pool governance bodies.

Strategic and tactical asset allocation

4.7 Pool members are responsible for deciding their investment strategy and asset allocation, and remain the beneficial owners of their assets, in accordance with *Guidance for Preparing and Maintaining an Investment Strategy*.

4.8 Pool members collectively through their pool governance bodies should decide the pool's policy on which aspects of asset allocation are strategic and should remain with the administering authority, and which are tactical and best undertaken by the pool company. Pool governance bodies, when determining where such decisions lie, should be mindful of the trade-off between greater choice and lower costs and should involve the pool company to ensure the debate is fully informed on the opportunities and efficiencies available through greater scale.

4.9 Providing pool members with asset allocation choices through an excessively wide range of pool vehicles or investment managers will restrict the pool company's ability to use scale to drive up value. On the other hand maximising scale by significantly limiting asset allocation options may not provide all pool members with the diversification needed to meet their particular liability profile and cash flow requirements. Pool members should set out in their Funding Strategy Statement and Investment Strategy Statement how they, through the pool governance body, have balanced these considerations and how they will keep this under regular review.

4.10 Where necessary to deliver the asset allocation required by pool members, pool companies may provide a range of pool vehicles and in addition arrange and manage segregated mandates or access to external specialist funds. Pool governance bodies should ensure that their regulated pool companies have in place the necessary permissions to enable pool vehicles to be made available where appropriate.

4.11 Determining where asset allocation decisions lie will not be a one-off decision as pool member requirements will change over time. Pool governance bodies should ensure that a regular review process, which involves both pool members and pool companies, is in place.

5 Transition of assets to the pool

5.1 Pool members should transition existing assets into the pool as quickly and cost effectively as possible. Transition of listed assets should take place over a relatively short period.

5.2 Pool governance bodies, working with pool companies and, where appointed, external transition managers, should seek to minimise transition costs to pool members while effectively balancing speed, cost and timing, taking into account exit or penalty costs and opportunities for crossing trades.

5.2 The transition process will incur direct or indirect costs which may fall unevenly across pool members. For example, where the selected managers are used by some pool members but not others. In such cases pool members who are already using the selected manager may incur significantly lower (if any) transition costs than those who do not.

5.3 Inter-authority payments (or other transfers of value) may be desirable in order to share these costs equitably between pool members. The Government's view is that such payments are investment costs within Regulation 4(5) of the 2016 Regulations, and payments made by a pool member to meet its agreed share of costs may be charged to the fund of that pool member, whether the payments are made to other pool members, the pool company, or another body by agreement.

Temporary retention of existing assets

5.4 In exceptional cases, some existing investments may be retained by pool members on a temporary basis. If the cost of moving the existing investment to a pool vehicle exceeds the benefits of doing so, it may be appropriate to continue to hold and manage the existing investment to maturity before reinvesting the funds through a pool vehicle.

5.5 In many cases there will be benefits in such retained assets being managed by the pool company in the interim. However pool members may retain the management of existing long term investment contracts where the penalty for early exit or transfer of management would be significant. These may include life insurance contracts ('life funds') accessed by pool members for the purpose of passive equity investment, and some infrastructure investments. Pool members may also retain existing direct property assets where these may be more effectively managed by pool members.

Regular review of retained assets

5.6 Pool members, working with the pool company, should undertake regular reviews (at least every three years) of retained assets and the rationale for keeping these assets outside the pool. They should review whether management by the pool company would deliver benefits. Pool members should consider the long term costs and benefits across the pool, taking account of the guidance on cost-sharing, and the presumption should be in favour of transition to pool vehicles or moving such assets to the management of the pool company.

6 Making new investments outside the pool

6.1 Pool members should normally make all new investments through the pool company in order to maximise the benefits of scale. Following the 2019 valuation, pool members will review their investment strategies and put revised strategies in place from 2020. From 2020, when new investment strategies are in place, pool members should make new investments outside the pool only in very limited circumstances.

6.2 A small proportion of a pool member's assets may be invested in local initiatives within the geographical area of the pool member or in products tailored to particular liabilities specific to that pool member. Local assets should:

- Not normally exceed an aggregate 5% of the value of the pool member's assets at the point of investment.
- Be subject to a similar assessment of risk, return and fit with investment strategy as any other investment.

6.3 Pool members may invest through pool vehicles in a pool other than their own where collaboration across pools or specialisation by pools can deliver improved net returns.

6.4 During the period of transition, while pool governance bodies and pool companies work together to determine and put in place the agreed range of pool vehicles, a pool member may make new investments outside the pool, if following consultation with the pool company, they consider this is essential to deliver their investment strategy. This exemption only applies until the pool vehicles needed to provide the agreed asset allocation are in place.

7 Infrastructure investment

7.1 Infrastructure investment has the potential to provide secure long term returns with a good fit to pension liabilities, and form part of investment strategies of authorities. The establishment of the pools was intended to provide the scale needed for cost-effective investment in infrastructure, and to increase capacity and capability to invest in infrastructure.

7.2 There is no target for infrastructure investment for pool members or pools, but pool members are expected to set an ambition on investment in this area. Pool companies may provide pool vehicles for investment in UK assets, or overseas assets, or both, as required to provide the risk and return profile to meet pool member investment strategies. However the Government expects pool companies to provide the capability and capacity for pools over time to move towards levels of infrastructure investment similar to overseas pension funds of comparable aggregate size.

7.3 Pool companies may provide pool vehicles for investment in existing (brownfield) or new (greenfield) infrastructure, based on an assessment of the benefits and risks in relation to pool member liabilities, and non-financial factors where relevant. Pool members may invest in their own geographic areas but the asset selection and allocation decisions should normally be taken by the pool company in order to manage any potential conflicts of interest effectively, maintain propriety, and ensure robust evaluation of the case for investment.

7.4 For the purpose of producing annual reports, infrastructure assets are defined in the Chartered Institute of Public Finance and Accountancy (CIPFA) guidance *Preparing the Annual Report* as follows:

Infrastructure assets are the facilities and structures needed for the functioning of communities and to support economic development. When considered as an investment asset class, infrastructure investments are normally expected to have most of the following characteristics:

- *Substantially backed by durable physical assets;*
- *Long life and low risk of obsolescence;*
- *Identifiable and reliable cash flow, preferably either explicitly or implicitly inflation-linked;*
- *Revenues largely isolated from the business cycle and competition, for example, through long term contracts, regulated monopolies or high barriers to entry;*
- *Returns to show limited correlation to other asset classes.*

Key sectors for infrastructure include transportation networks, power generation, energy distribution and storage, water supply and distribution, communications networks, health and education facilities, social accommodation and private sector housing.

Conventional commercial property is not normally included, but where it forms part of a broader infrastructure asset, helps urban regeneration or serves societal needs it may be.

7.5 All residential property is included in this definition of infrastructure. It is not restricted to social accommodation or private sector housing.

7.6 A variety of platforms may be required to implement the infrastructure investment strategies of pool members. Pool companies are expected to provide access to a range of options over time including direct and co-investment opportunities.

8 Reporting

8.1 Pool members are required to report total investment costs and performance against benchmarks publicly and transparently in their annual reports, following the CIPFA guidance *Preparing the Annual Report*, with effect from the 2018-19 report.

8.2 In summary, pool member annual reports should include:

- opening and closing value and proportion of pooled assets by asset class
- opening and closing value and proportion of local assets by asset class
- net and gross performance of pooled assets by asset class
- total costs of pooled assets by asset class
- for actively managed listed assets, net performance by asset class net of total costs compared to appropriate passive indices over a one, three and five year period
- net and gross performance of local assets by asset class
- total costs of local assets by asset class
 - asset transition during the reporting year
 - transition plans for local assets
 - pool set-up and transition costs, presented alongside in-year and cumulative savings from pooling
 - ongoing investment management costs by type, with a breakdown between pooled assets and local assets

8.3 Investments should be classed as pool assets on the basis of the definition in the CIPFA guidance *Preparing the Annual Report*.

For the purpose of defining those assets which are classed as being within an asset pool, 'pooled assets' are those for which implementation of the investment strategy – i.e. the selection, appointment, dismissal and variation of terms for the investment managers (including internal managers) – has been contractually, transferred to a third party out with the individual pension fund's control.

8.4 Any investment where a pool member retains the day to day management, or the responsibility for selecting or reappointing an external manager, is not a pool asset.

8.5 Pool members should provide a rationale for all assets continuing to be held outside the pool, including the planned end date and performance net of costs including a comparison which costs of any comparable pool vehicles. They should also set out a high level plan for transition of assets.

8.6 The SAB will publish an annual report on the pools based on aggregated data from the pool member annual reports, in the Scheme Annual Report. Pool members should comply with all reasonable requests for any additional data and information from the SAB to enable it to publish a comprehensive report.

8.7 Pool members should ensure that pool companies report in line with the SAB Code of Cost Transparency. They should also ensure that pool companies require their internal and external investment managers to do so.

8.8 Pool members should also ensure that the annual report of the pool company is broadly consistent with the reports of pool members, and with the Scheme Annual Report, in so far as it relates to their investments, and that the report includes a narrative to explain differences. These may arise for example from reporting periods of pool companies which differ from that of the pool member.

8.9 Pool members are required to report any change which results in failure to meet the requirements of this guidance to the LGPS Scheme Advisory Board (SAB) and to MHCLG.

Key Milestones

Fundaten 84

Task	Date	RAG	Comment/Responsible
Reporting Template agreed	31/01/19	G	Schedule of reports provided
Investment Manager Agreements	31/12/18	C	Tranche 1 all complete
Approval of Fund Prospectus	11/06/18	C	
FCA Submission	24/06/18	C	
Global Equity Sub Funds Fund Launch	14/01/19	G	Transition on schedule Global Opportunities to Launch 11/01/19
Agree Funds – Tranche 2	25/07/18	C	Two funds agreed UK Equity and European ex UK Equity
Approval of Fund Prospectus	05/10/18	C	
FCA Submission – Tranche 2	18/01/19	G	
Fund Launch – Tranche 2	19/03/19	G	
Agree Funds – Tranche 3	31/01/19	G	Manager line up approval for third tranche of funds (Fixed Income)
Approval of Fund Prospectus	27/03/19	G	
FCA Submission – Tranche 3	10/04/19	G	
Fund Launch – Tranche 3	11/07/19	G	

Progress to date

Initial Funds (Global Equity)

- Launch and transition of assets completed over 11th and 14th January
- Daily reporting in place, including market commentary
- Restructuring of portfolios scheduled for week commencing 21st January
- First reporting to commence February

Tranche 2 (UK and European Equities)

- Prospectus submitted to FCA week ending 18th January
- Fund launch targeting 19th March, subject to FCA approval
- Transition proposal shared with pool

Tranche 3 (Fixed Income)

- Final fund structure proposal agreed with Officers
- Initial Investment Manager proposals to be agreed

Next Steps

Tudalen 86

- Tranche 3 agree Investment Managers – **WPP February 2019**
- Agree approach to transition for tranche 2 – **WPP February 2019**
- Agree future tranches – **WPP March 2019**
- Agree Stock Lending requirements – **WPP February 2019**
