PWYLLGOR CRAFFU CYMUNEDAU 20^{fed} O FEHEFIN 2016

Cynllun Cenedlaethol Trwyddedu Landlordiaid ac Asiantiaid

Ystyried y materion canlynol a chyflwyno sylwadau arnynt:

- Y cynnydd a wnaed o ran y cynllun cenedlaethol ar gyfer trwyddedu landlordiaid ac asiantiaid.

Rhesymau:

- Rhoi'r wybodaeth ddiweddaraf ynghylch y cynllun cenedlaethol ar gyfer trwyddedu landlordiaid ac asiantiaid.
- Mae'r sector preifat yn cael ei gydnabod yn ffynhonnell bwysig iawn o ran darparu llety preifat. Fodd bynnag, cydnabyddir hefyd bod materion yn codi weithiau sy'n ymwneud â safonau rheoli.
- Mae Sir Gaerfyrddin wedi bod yn rhagweithiol am nifer o flynyddoedd o ran rheoleiddio safonau trwy gynlluniau trwyddedu lleol a chysylltu â landlordiaid trwy ei fforwm landlordiaid. O ganlyniad mae swyddogion o'r Adran wedi bod yn ymwneud yn uniongyrchol â datblygu'r cynllun newydd hwn gyda Llywodraeth Cymru a phartneriaid eraill.
- Mae Deddf Tai (Cymru) 2014 yn ei gwneud yn ofynnol i holl landlordiaid ac asiantiaid sy'n rheoli neu'n gosod tai yn y sector preifat yng Nghymru gael trwydded. Mae'r cynllun trwyddedu cenedlaethol ar gyfer landlordiaid yng Nghymru yn dilyn cynllun tebyg i'r hyn a geir yn yr Alban, ac mae wedi deillio o bryderon gan awdurdodau lleol ac eraill o ran safonau a chyflwr y sector yn gyffredinol.
- Yn 2015, dynodwyd Cyngor Sir Caerdydd yn Awdurdod Trwyddedu gan Lywodraeth Cymru ar gyfer Cymru gyfan, fodd bynnag, bydd angen cefnogaeth bob awdurdod lleol ar y Cyngor i gyflawni a gorfodi'r cynllun yn effeithiol.
- Felly, mae'n bwysig bod aelodau'r Pwyllgor Craffu Cymunedau yn cael gwybod am y cynnydd a wneir a'r dulliau a ddefnyddir.

EXECUTIVE SUMMARY

COMMUNITY SCRUTINY COMMITTEE 20th JUNE 2016

National Licensing of Landlords and Agents

There are approximately 12,000 private rented homes in Carmarthenshire according to both census data and Welsh Government statistics. It is estimated that these homes are owned by 3,000 landlords.

The Council have recognised the role of private sector landlords as a source of good quality affordable homes for a number of years. We have an established landlord's forum and manage over 130 properties for landlords via our Social Lettings Agency. Private sector landlords also help us meet our statutory homeless duties by providing temporary and permanent accommodation to homeless individuals and families.

It is however recognised that there are sometimes issues with private rented property in terms of their condition and management. To address this Welsh Government have introduced national licensing of landlords and agents.

The Housing (Wales) Act 2014 requires landlords and agents to register and obtain a licence if they own or manage private rented properties. There are two parts to obtaining a license. A landlord or agent is firstly required to register and then complete an approved training course.

The costs to register and licence are as follows:

- Landlord registration (not per property) - £33.50.
- Landlord licence- £144.00.
- Agents licence will depend on the size of their portfolio.

From 23rd November 2015 the new registration and licensing provisions came into force. However, landlords and agents have been given a grace period of up 23rd of November 2016 to comply. The registration and licensing process is administered by Cardiff City Council under the name of Rent Smart Wales (RSW). RSW will receive all licence fees and will be responsible for administering the licence and the scheme as a whole.

After the grace period it will become an offence for a landlord to rent out a property without being registered and licensed. It will also be an offence for agents to manage rented properties on behalf of landlords if they haven't obtained a licence.

A Memorandum of Understanding between RSW / Cardiff Council and the other Welsh authorities' sets out the roles and responsibilities of the Licensing Authority and individual Councils. The role of Councils will be:

- To review the private rented stock within their areas on a regular basis.
- To provide information to RSW where they take on prosecutions for non-compliance.
- To serve fixed penalty notices on landlords and agents.
- To undertake local promotion.

After the 23rd of November we will actively pursue landlords and agents that have failed to register or licence. Where we identify landlords and agents that aren't registered or licensed, we will issue fixed penalty notices as appropriate. Persistent non-compliance will be dealt with by RSW. We will work with our council tax/ housing benefit departments and RSW to identify these landlords by cross referencing details that we have and a national database of landlords.

Where fixed penalty notices are served we will receive that income. Each fixed penalty notice will carry a fee of £150 and in some cases £200. Likewise, where the Council assists RSW with their functions we will be able to recharge them for the time invested.

To become licensed, all landlords and agents will have to obtain a licence to operate their business. A requirement of the licence is that a landlord or agent is able to demonstrate that they are competent to manage their properties effectively. Therefore, to demonstrate that they are a 'fit and proper' person/company they must attend and complete an approved training course where the full RSW syllabus is delivered. Without this they cannot obtain a licence.

We have taken this opportunity to develop our own syllabus and are delivering a training program for landlords ourselves. Carmarthenshire is the first and only Council to date that have been approved by RSW to deliver this program. Landlords can choose to attend another approved course if they so wish.

Carmarthenshire have initially planned 12 training programs for 15 people at a time, at a cost of £85 per delegate. We will use Council owned venues and they will be delivered by trained staff within our Housing Options Team. Landlords are able to make applications online via the Councils website. Further training programs will be arranged as demand increases. In addition, if there is capacity we can support other neighbouring local authorities by running training programs in their areas.

RSW launched a publicity campaign last year, however, the amount of media attention and communication to landlords from them has since dropped off. Local authorities have been issued with funding to undertake publicity in their own areas. We have used funding to develop our own marketing campaign.

This has involved three landlord road shows in Ammanford, Carmarthen and Llanelli where speakers will deliver presentations to landlords on what they need to do to obtain a licence. In addition we will use it as an opportunity to engage the sector in relation to our plans to expand our Social Lettings Agency.

Nationally approximately 8,000 landlords have registered and 1,265 of those relate to Carmarthenshire. We will monitor and report on these figures as our publicity and enforcement program progresses.

Recommendation: Community Scrutiny notes the approach and progress made.

Policy, Crime & Disorder and Equalities	Legal	Finance	ICT	Risk Management Issues	Staffing Implications	Physical Assets
YES	YES	YES	NONE	YES	YES	NONE

1. Policy, Crime & Disorder and Equalities

There are no crime or disorder issues. However, there are policy and equality matters which are as follows:

- All communication to landlords has been translated as well as the training course. All literature has been translated and in line with the Welsh language policy.
- The course venues have all been assessed and are suitable for persons with disabilities.

2. Legal

Legal services have been consulted in relation to the terms and conditions of the Memorandum of Understanding between the Council and RSW.

3. Finance

- The Council have received £13K in 2015/16 funding from Welsh Government to mitigate the initial impact of the scheme. This funding was primarily used to develop a marketing and publicity campaign.
- For 2016/17 the council has been awarded £29K to deliver activities relating to RSW. This will extend to £35K in future years. This funding will be used to recruit an additional staff member to assist in the delivery of the scheme locally.
- The income generated from the training courses, the fixed penalty notices and the recharging for additional activities will ensure that current income targets are maintained.

5. Risk Management Issues

Officers delivering the training program have adequate professional indemnity through the Councils insurance provider.

6. Staffing Implications

The new duties and responsibilities will require the employment of an additional staff member. This post will be funded by grant funding provided by Welsh Government.

EXECUTIVE SUMMARY

COMMUNITY SCRUTINY COMMITTEE 20th JUNE 2016

Development of the new Carmarthenshire Archive Service (CAS)

Summary of purpose of report

1. To outline plans for a new Archive Service and its collection as part of a £2m investment into the service

- The authority has identified £2m of capital investment to provide a new Archive facility and service for the County.
- The current CAS base at Parc Myrddin has been identified as inappropriate to house an archive collection.
- Members and user groups have indicated a preference to replace the Archive as close as possible to its current Parc Myrddin location
- Property Services and Corporate Property have been involved in assessing potential site options and existing buildings, and agree with the view of Welsh Government's Museums, Archives, and Libraries Division (MALD) that a new build facility, for the strong-rooms in particular, was by far the best option due to the building (environmental) control systems that are required for an accredited Archive.
- Following an extensive desktop exercise where a number of potential sites were identified and assessed as possible locations for the CAS, shortlisted sites were assessed by internal officers with advice and input on the criteria from MALD and then with recommendations made to the Executive Board on the 25th April.
- The Executive Board endorsed the firm recommendation that an extension onto the rear of Carmarthen Library was the most obvious location for the new CAS.
- Officers are now progressing with detailed plans and costings for the site. Initial investigations indicate that the site has sufficient capacity to accommodate a new combined Archive & Library facility.

- The site at the rear of the Library allows for shared front of house services, along with multi-purpose rooms, and a new strong-room built at the rear. The sharing of facilities allows for potential savings on running costs across service areas and provides a joined up, high footfall, and easily accessible location for the public to use. The location also adds to the King Street 'Cultural Quarter' ethos and provides additional footfall to traders at this end of the town.
- Opportunities are also being explored with the Education Department with regards the possibility of combining community education functions into the new facility, as well as exploring the potential to move the customer service centre from the ground floor of 3 Spilman Street, which would in turn free up office accommodation and parking there.
- The options in development include one with all services accommodated (i.e. library, archives, community education centre, customer service centre, automated cash desks and Un Sir Gar and an alternative accommodating library and archives alone, depending on cost and benefits).
- Cost and schedule information is in development and should be confirmed in the next few weeks. The baseline requirement is to co-locate the new Archive Service within the £2m budget.
- The service is also exploring potential joint management solutions for the future, in order to maximise the potential of the fantastic Carmarthenshire collection. Joint management solutions would increase access to expertise and potentially reduce ongoing revenue costs. It may be that some specialist functions such as conservation, digitisation and outreach work could be co-ordinated regionally, with the public facing functions operated locally.
- The aim is to ensure that as many people as possible can access the collection, in person, on-line or by way of educational / outreach work, promoting the rich cultural history of the County.

2. To update on the status of the collection

- Previous updates have been presented to the Executive Board confirming that resources have been secured to support the uplift and cleaning of the collection, and a tender awarded to Harwell Document Restoration Services, based in Oxfordshire.
- The uplift of the whole collection was completed prior to Christmas 2015, and the documents are currently being cleaned and indexed prior to return to temporary storage at Glamorgan Archives and the Richard Burton Archive in Swansea University, both of which meet the appropriate standard for archive accommodation and will afford public access to the collection.

- Work is underway on a database of those items to describe to users the material that is available and these lists are being uploaded to the CAS website.
- Both The National Archives (TNA) and the Welsh Government's Museums, Archives, and Libraries Division (MALD) are happy with the progress made to date
- Communication is ongoing via the press office and local groups such as the Friends of the Archives to keep depositors, users and the general public updated on progress.

CONSULTATIONS

I confirm that the appropriate consultations have taken in place and the outcomes are as detailed below:

Signed: Ian Jones Head of Leisure

1. Local Member(s) – N/A as provision is county-wide.

2. Community / Town Council – N/A

3. Relevant Partners – MALD and TNA have been kept fully informed and are working closely with officers to manage the existing position. Both organisation acknowledge and endorse the current position and work that is earmarked.

Senior Officers from the department continue to meet and correspond with the Friends of the Archives group and the Carmarthen Heritage Group to discuss the current position and to exchange views and ideas. The meetings have been very positive, and ongoing communication will be in place with both chairs. Both groups held the very firm view that this was a critical service to Carmarthenshire, and that the authority had to prioritise and resource current and longer term support for CAS. Both groups confirmed their view that they would want to see the Archives remain in Carmarthen Town and have written in formally to support this view.

EXECUTIVE SUMMARY

COMMUNITY SCRUTINY COMMITTEE

20th JUNE 2016

**Draft Annual Report (2015/16) and
Improvement Plan (2016/17)**

- 1st Year's progress report on the Corporate Strategy 2015-20 (including our Summary Annual Report (2015/16) and Improvement Plan (2016/17)). **This Scrutiny should focus on Pages 8, 9, 16 and 17 only.**
- Full Annual Report (2015/16) and Improvement Plan (2016/17) – (ARIP)

Extracts relevant to the Policy & Resources Scrutiny Committee:

- Introduction
- Ensuring each child has the best start in life
- Preventing ill health and encourage healthy and active living
- Improving housing conditions and reducing homelessness
- Supporting opportunities for the building of economically viable and sustainable communities
- Carmarthenshire has a stronger and more prosperous economy
- Appendices

1st Year's progress report on the Corporate Strategy 2015-20 (Including our Summary Annual Report (2015/16) and Improvement Plan (2016/17))

- When we published the Corporate Strategy 2015-20 we promised to conduct an annual progress report and we set out a set 24 Outcome measures to judge our progress against
- By law we also have to publish a summary and full ARIP
- It makes sense to combine the Corporate Strategy progress and summary ARIP into one document to avoid duplication and align plans and reports
- In the recent WAO Annual Improvement Report they found the combination of a short summary and a full version – gave all the information needed.

Full Annual Report (2015/16) and Improvement Plan (2016/17) – (ARIP)

- By law we have to publish an Annual Report and an Improvement Plan – we combine the both in a single document in Carmarthenshire and this is seen as good practice by our regulators.
- On 20th April, we consulted with elected members on the Key Improvement Objective Priorities that are incorporated into this document
- WAO Corporate Assessment Proposals for Improvement are incorporated into the document.

Introduction

When we signed up with our partners to the Integrated Community Strategy for Carmarthenshire, the Council aligned its internal plans to maximize its contribution to the agreement. The vision is for a Carmarthenshire that enables people to live healthy and fulfilled lives by working together to build strong, bilingual and sustainable communities.

In September 2015, we renewed our Corporate Strategy which set out the Council's strategic priorities and aspirations in support of the vision for Carmarthenshire. This Strategy identified key areas of focus and set out the key outcome measures by which the Council would judge its success. This document provides an annual report on progress made.

For the last five years the Council has published a combined Annual Report and Improvement Plan (ARIP), that details our progress against all of the outcomes and goals set out in the Integrated Community Strategy. The full ARIP is a detailed and lengthy document, however this document provides a summary.

Outcome A: Making Better Use of Resources...

The Council is facing a period of significant and continued budget cuts and it is more important than ever to ensure that we are making the best use of resources. We will ensure that the organisation is working as efficiently as possible in order to protect and maintain front line services where possible. However, it may not be possible for us to continue doing some of the things we have done in the past and we will work with our communities and stakeholders to find new ways of addressing need where appropriate.

IT Technology has arrived at school kitchens.....

As part of the Transform, Innovate and Change (TIC) programme, electronic submissions make the ordering of food and kitchen supplies, timesheets, e-banking, staff newsletters, e-learning courses & on-line payments for school meals easier and accurate for kitchen staff, with significant time and efficiency savings and with better utilisation of resources for value added work.

Sources of Funding

Progress during 2015/16

We set ourselves a Key Improvement Priority for 2015/16 to 'deliver value for money in providing council services and directing our resources to the top priority front line services on which many local people depend'. In its March 2016, [Annual Improvement Report](#) on the Council, the Wales Audit Office found:

'Despite increasing pressure on budgets, performance is continuing to improve across the Council's priority areas and public satisfaction with Council Services is growing'.....frontline services have been protected, as a result of budget decisions and more efficient ways of working'

- ❖ We have a programme of office rationalisation facilitated by adapting the way we use the buildings to suit the needs of those providing services and to engender a new more agile way of working. This has further reduced the number of buildings and costs of accommodation required to deliver the Council's services.

Expected Outcomes (as identified in Corporate Strategy)

60% of our national measure results are in the top half of results for all Councils in Wales.
59% of our National measures improved last year
58% of citizens agree we provide **high quality services**

We have continued to reduce the organisational 'running costs'

2013/14	£16.7M
2014/15	£11.9M
2015/16	£12.6M

The Key Improvement Objective Priority for 2016/17

Deliver value for money in providing council services and directing our resources to the top priority front-line services on which many local people depend - taking account of central government budget cuts and their impact

Outcome B: Building a Better Council...

The Council has always worked towards building a better Carmarthenshire and has a proven track record of delivery. However, the way that public services are provided is changing and as a Council we need to respond and adapt to these changes in order to ensure we can support the needs of our residents in the future.

Shwmae!

More than 100 people started their conversation with 'Shwmae' during their visit to Llanelli Market

As part of the national *Shwmae Sumae* Day on October 15, shoppers were urged to start their conversation with 'Shwmae' to be entered into a free raffle to win a grand hamper donated by traders.

Llanelli Market traders Wendy Lewis & Liz Thomas of AJ Meats supporting Shwmae Sumae Day

We have made further improvements in *Building a Better Council* and this progress has been independently verified by the Auditor General for Wales in his [Corporate Assessment](#) of January 2016.

“Carmarthenshire County Council is demonstrating ambition in its vision, with collective leadership and more robust and transparent governance, it is delivering improved outcomes for its citizens....”

Progress during 2015/16

- ❖ We continue to promote local democracy and transparency with increased use of social media. For example the budget Consultation with the citizen's of Carmarthenshire involved an online survey, road show events and the use of 'question of the week' through social media.
- ❖ It is the duty of the Council to facilitate and increase the use of the Welsh language. This is a new opportunity for us to look at the Language in our workplace and in the services that we provide.
- ❖ We received 1000+ responses to our survey on rural poverty and this was brought together in a report for Grwp Cefn Gwlad. In response the LEADER programme is supporting pilot projects that aim to increase digital exploitation, access to information and advice services, as well as affordable childcare.

Expected Outcomes (as identified in Corporate Strategy)

Increased public communication, consultation and engagement

4000+

respondents to consultation on rural poverty, affordable homes, budget, tourism. Citizens Panel and 50+ Forum members

i-Local has an area dedicated to Consultation with the heading "We want to hear what you have to say on any and all matters of interest."

Staff Sickness Up

Unfortunately our staff sickness absence levels have increased to **10.1 days** from 9.6 days the previous year.

Improved Staff Satisfaction Levels

**BUDDSODDWYR | INVESTORS
MEWN POBL | IN PEOPLE**

During the review, staff interviews showed **higher levels of satisfaction** than the previously.

The Council has been an Investor in People since 2009, and this financial year the Council has been reviewed and its accreditation maintained.

We were the first local authority to achieve the Welsh Government's Platinum health standard; we have now held the accreditation for 6 years.

The Key Improvement Objective Priority for 2016/17

We will continue to improve governance, decision making, openness & transparency and keep under review by the Constitutional Review Working Group

Outcome C: People in Carmarthenshire are healthier ...

Our way of life is changing. People are living longer with a higher quality of life but our care needs are becoming more complex. The challenge now facing us is to prevent ill-health in the first place.

A Helping Hand

Yvonne lives with her husband who has chronic heart failure and hearing problems and she is her husband's main carer. Yvonne fell on a shop escalator and was taken to A & E but after assessment was discharged into the care of a *Rapid Response Team* by the Out of Hours Domiciliary Care Manager, thus avoiding hospital admission.

Yvonne wanted to regain her independence as soon as possible. The Rapid Response Team provided the necessary support until *Re enablement Team* support was arranged. Within three to four weeks visits were decreased and then stopped as they were no longer necessary.

Progress during 2015/16

- ❖ The Council has worked in close partnership with the Health Board to address **health inequality** issues such as obesity, diabetes, smoking and alcohol use, dementia and other chronic conditions. The Council also works closely with the 3rd Sector to develop more resilient communities, thereby improving the health and well-being of the residents of these communities.
- ❖ The expanded Flying Start programme enabled 1,832 children to benefit from this **early intervention service**; Team Around the Family (TAF) training and support programme is being implemented across Carmarthenshire. All Families First (FF) commissioned projects are using the Joint Assessment Families Framework (JAFF) to measure whether involvement has been effective. The resource panel is helping ensure **preventative services** are being fully utilised.
- ❖ There is also a strong relationship between the **quality of housing** and ill health. We have invested over £200m in improving and modernising our tenants homes through the Carmarthenshire Homes Standard.
- ❖ We have also focused on **improving the numbers of affordable homes** for rent and to buy across the county as well as increasing the number of empty properties that have been brought back into use. We have developed an Affordable Housing Delivery Plan 2015-20 after extensive consultation with the public.

Expected Outcomes (as identified in Corporate Strategy)

The Key Improvement Objective Priorities for 2016/17

Promoting Independence and Well Being for Older People

Increasing the availability of rented and affordable homes to support the needs of local people by implementing our affordable homes delivery plan

Outcome D: People in Carmarthenshire fulfil their learning potential...

We all want our children and young people to have the best possible start in life by supporting them to gain the skills and knowledge they need to lead happy, healthy, fulfilling lives. We want to improve outcomes for all ages through lifelong learning.

Best Ever Results for Carmarthenshire schools

Ysgol Glan-y-Mor School Achieves the Highest Possible Standards

Results of the Key Level 2 inclusive Indicator the most important performance measure has **doubled** over three years, from 30% (2012) to 60% (2015) at the Ysgol Glan-y-Mor School.

*I am so pleased with my results. Thanks to all the staff in the school for their support. They were fantastic" **Robbie Williams***

*"I am extremely happy with my achievements. Thanks to Glan-y-Môr I can now continue with my chosen career path!" **Tane Davies***

*"The school was brilliant. I am really happy. Thanks to everyone at the school I achieved everything I wanted." **Rebecca Roberts***

For the second year in succession our school pupils in Carmarthenshire achieved their **best ever examination** results at GCSE, achieving 61.1% against the key Level 2 Inclusive indicator (at least 5 number GCSE passes at grade A* to C including mathematics and language) with teacher assessments at all other key stages of education improving and comparing favorably with other authorities.

Progress during 2015/16

- ❖ We have established a Carmarthenshire **Youth Support Service** bringing together the Youth Service and Youth Offending Services.
- ❖ Within our **Modernising Education Programme** major school development projects were completed at Ysgol Bro Dinefwr, Ysgol Dyffryn Aman, Burry Port Primary School and Ysgol Carreg Hirfaen, with thousands of children benefiting.
- ❖ The number of 7 year old pupils receiving **Welsh medium education** has increased. The % of learners achieving expected levels at Key Stages 2, 3 and 4 have improved.

Expected Outcomes (as identified in Corporate Strategy)

61.1%

of pupils achieving **5 GCSE** at grade **A* to C**

including English or Welsh first language and Mathematics

Now ranked **7th** in Wales

The Key Improvement Objective Priorities for 2016/17

Improving learner attainment

To further reduce young people **NOT** in Education, Employment or Training

Outcome E: People who live, work and visit Carmarthenshire are safe and feel safer...

Carmarthenshire remains one of the safest areas in the UK. However, we must not become complacent and we need to continue to work together with partners to address problems identified by local communities.

Bang to Rights!

Speeding motorists had red faces having to explain their behaviour to the pupils outside their school

One driver was so embarrassed he dodged the ordeal by accepting a fixed penalty notice. The Speeding Initiative outside schools throughout the county is being promoted as part of Carmarthenshire's Community Safety Partnership.

Carmarthenshire continues to be one of the safest areas in the UK

Crime rates continue to be significantly lower in Carmarthenshire compared to the average for England and Wales

Progress during 2015/16

- ❖ **Safeguarding** children and adults remains our first priority as a Council and this year a Corporate Policy has been developed to ensure all our services have a raised awareness and better understanding of procedures in relation to safeguarding.
- ❖ Our *Team Around the Family* (TAF) approach enables us to **work together with families and other agencies** to deliver a plan of support at times when a family is facing challenging circumstances. This support also helps to build the families resilience and to cope in the future.
- ❖ We continue to work with the Community Safety Partnership (CSP) to **reduce anti-social behaviour**. Some development improvements have included:-
 - sharing of information between systems used by Gwalia and the Police
 - links between all the partners of the CSP
- ❖ There has been a focus on **road safety** in the 'Carmarthenshire News' and on the CSP website. We have continued with various initiatives such as 'Dragon Rider Cymru' training for motorcyclists and encouraging young drivers to take part in 'Pass Plus Cymru' training.
- ❖ Work to **reduce drug and alcohol misuse** continues and we undertook a pilot with the Integrated Family Support Team looking at cases where parents had substance misuse problems.

Expected Outcomes (as identified in Corporate Strategy)

The Family Information Service (FIS) offers free impartial advice and guidance, enabling children, young people and their families, to have access to a broad range of information about what services and support is available.

Reduction in road casualties
XX

Data available end of June

While there has been an increase of 10.8% in recorded crime during the year, it is difficult to compare figures with 14/15. Changes made in recording data by the police have resulted in an increase in the accuracy of recording crime.

Our priorities for 2016/17

- ❖ We will continue to work in partnership and engage with local communities to reduce crime and disorder.
- ❖ We will continue to target speeding including use of Community Speed Watch Schemes.
- ❖ We will continue to make the Safeguarding of children and adults one of our main priorities.
- ❖ By providing targeted prevention, early interventions and effective treatment to minimise the harm caused by drugs and alcohol.

More  - **Annual Report 2015/16 and Improvement Plan 2016/17**

Outcome F: Carmarthenshire's communities and environment are sustainable...

Carmarthenshire is known for its diverse communities and wonderful natural environment and we want to ensure that we develop sustainably, so that everyone in the county is able to enjoy a better quality of life now and for generations to come.

Home Composting

GREEN-FINGERED tenants at Nant-Y-Glo in Pontyberem have been discovering the benefits of home composting. Grass cuttings along with kitchen scraps such as vegetable peelings and teabags are now being composted instead of just being thrown away. The rich soil conditioner it makes is being used in their flower pots to brighten up the council-run sheltered housing complex.

Progress during 2015/16

- ❖ We have continued to receive and determine applications for renewable energy projects, largely in the form of single wind turbines but also that of Brechfa West wind farm. The majority of such applications are granted. Those that have not been granted have been refused primarily on landscape implications particularly where cumulative impacts on the landscape are apparent.

- ❖ Our positive approach to determining planning applications ensures that further opportunities have been provided through the granting of planning applications to meet the housing needs, economic needs and indeed community needs (schools etc) of the County.
- ❖ We have supported 250 residents by giving them digital inclusion skills through key events across Communities First areas, allowing them to return to, or enter employment or training. We won a two year £90,000 rural grant for the exploitation of digital technology in rural Carmarthenshire.
- ❖ We have improved digital access in Carmarthenshire during 2015/16 by completing WiFi access for all schools and beginning public access to WiFi in the markets at Llanelli and Carmarthen. To date 46 out of the 54 BT Exchanges have been enabled for superfast broadband.
- ❖ We have continued to improve transport links that support economic development and sustainability.
 - During 2015/16, construction of the Carmarthen west link road commenced and Phase 1B of the Cross Hands Economic Link Road, which will improve access at the Strategic Employment site, was completed.
 - We resurfaced 27.97 kilometres of highway during 2015/16.
 - Overall, the percentage of roads in poor condition has reduced from 11.9% to 10.7%.
 - ! However, there is a decline in the condition of A&B class roads.
 - 3,166 metres of new cycleway was completed in 2015/16.

Expected Outcomes (as identified in Corporate Strategy)

<p>Increased rates of recycling</p> <p>63%</p>  <p>Well above the national statutory target of 58% for 2015-16</p>	<p>Improved digital access</p> <p>supported residents with digital skills</p> <p>+ 250</p> 
<p>Improved transport links</p>  <p>Resurfaced 28 kilometres of highway</p>	 <p>2.5%+</p> <p>Increased use of renewable energy</p>

The Key Improvement Objective Priority for 2016/17

Improving the highway infrastructure network to support further economic development and connectivity

Outcome G: Carmarthenshire has a stronger and more prosperous economy..

Providing secure well paid jobs and training opportunities for local people is central to everything we are seeking to achieve. In the past, too many young people have been forced to leave Carmarthenshire to get jobs. Working across all sectors – public, voluntary and private – we want to increase prosperity for everyone in the county.

Vibrant & Viable Places – Tackling Poverty: Opportunity Street, Llanelli

Three properties have been bought as part of a £1.5m *Opportunity Street* project to further regenerate Llanelli town centre. The vacant premises were acquired with assistance from the Welsh Government [Vibrant and Viable Places](#) funding. Llanelli was allocated **£1million** under the programme over three years 2014-17.

The main aim of the fund is to tackle poverty by creating jobs, encouraging skills development, improving housing, providing facilities to attract new retail interests and helping people into work. This is a *Key Improvement Objective Priority* for us.

A number of strategic regeneration projects have delivered positive outcomes and improved employment opportunities
(WAO Annual Improvement Report March 2016)

Progress during 2015/16

- ❖ Our regeneration activity is shaped by effective collaborative working with neighbouring councils to form the **Swansea Bay City Region (SBCR)**. To support this, **the Strategic Regeneration Plan for Carmarthenshire 2015-2030 – Transformations** was launched. The regeneration of Carmarthenshire for current and future developments is both ambitious and challenging, and the Strategic Regeneration Plan for the next 15 years, promotes new opportunities for business growth, skills development and job creation, whilst developing our knowledge, economy and tourism.
- ❖ Our **Learner Programmes** are intrinsically involved with curriculum reform and development and are working with schools and local Further Education, to provide meaningful and relevant high quality learning opportunities for children and the young people of Carmarthenshire.
- ❖ The SBCR has submitted a ground-breaking '**Internet Coast**' City Deal bid, in excess of £500m over 20 years. By harnessing the transformational power of digital networks, it provides a real opportunity to push forward growth in the region and importantly the rural economy of West Wales.
- ❖ The emerging Wellness and Life Science Village, Delta Lakes, will potentially create 1,000 jobs and see an investment of £100M in Llanelli.

Expected Outcomes (as identified in Corporate Strategy)

180 Jobs created

109 Jobs safeguarded

149 people into Jobs

1,220 Jobs

accommodated

2,648 people into training

11.8% of Working age population in Carmarthenshire are in receipt on **out of work benefits**

(an increase on 68.6% for the previous year)

Nearly **£29M** Private Sector investment /External funding secured

12 enterprises created

13.13ha land developed/ improved

+162,000sq ft floor space developed

The Key Improvement Objective Priorities for 2016/17

Creating jobs and growth throughout the County

Tackling Poverty

YOU SAID, WE DID

We have provided some examples of the positive changes we have made after hearing from citizen feedback in our **'You Said.....We Did....'** Campaign

	You said...	We did...
Making Better Use of Resources	That you would like to be able to make card payments at The Hub in Llanelli.	Self service payment kiosks will be installed in The Hub during 2016/17, enabling customers to make card (and cash) payments.
Building a Better Council	That, although very helpful, members of staff within the Contact Centre and Customer Service Centers could build on their wide knowledge base and increase their expertise in some areas.	Staff receive regular ongoing training and awareness sessions to remain up to date and knowledgeable on council services.
Healthier	You weren't always aware of the acceptable standards we expect Tenants to keep their properties in.	As part of the repairs review we undertook a pilot to establish the frequency and nature of regular visits to all Council tenant's homes
Healthier	That there was a need for smaller type homes, mainly for rent and for local people. You wanted us to maximise use of existing homes, especially bringing empty homes back into use.	We have developed an affordable homes plan which addresses these issues and sets out how we will deliver over 1,000 additional affordable homes over the next 5 years with a total investment exceeding £60m.
Education	Parents wanted to be able to express a preference when applying for a school place for their child.	We are implementing a change to the school admissions process to allow parents to express a 1st, 2nd, and 3rd choice when applying for a school place.
Environment	You wanted more reassurances when sending your children to school with Passenger Assistants.	The Passenger Transport section has reminded all transport contractors of the need to inform parents or guardians of any changes to travel arrangements and reminded all Passenger Assistants that personal identification must be worn at all times and shown upon request.
Economy	It was sometimes difficult to get through to the Housing Benefit team by telephone.	Supervisors have been reminded of the importance of monitoring call volumes regularly and will adjust call team staffing levels as required. Additional lines are also opened at peak times.

Welcome from the Leader of the Council

I can scarcely believe that a year has gone by since my election as Leader of Carmarthenshire County Council in May 2015. Becoming the Leader of such a successful Council was undoubtedly a great honour.

It's very important that we self assess and evaluate our performance and governance as a Council before we set out our plans for the year ahead and we are very fortunate that we can include an independent source to sum up our performance.

In January of this year the Wales Audit Office undertook a Corporate Assessment of the Council and highly praised us for having:

".....a well established vision that is driven forward by a strong collective leadership from both Executive and Corporate Management Teams"

The report stated that a clear framework of well-aligned plans and strategies has translated priorities into action.

This combined Annual Report and Improvement Plan is directly aligned to the *Integrated Community Strategy* that we have agreed with our partners. It's very important that we deliver our side of the agreement. For the five *outcomes* and 30 *goals* we signed up to, it outlines the Council's progress last year and its aims for the coming year.

The Wales Audit Office has consistently found that our public reporting of performance is *"fair and balanced"* and you will see that along with the good news, inconvenient news is also reported, although there is not much of it. *We are going to make the Council the most open and transparent Council in Wales to enable us to make continuous improvement.* The Constitutional Review Working Group's action plan to develop and improve the Council's governance and accountability arrangements will continue to be delivered.

Regenerating the local economy, creating jobs and keeping young people here to fulfil their potential is my main priority. We have strengthened the *Outcome - Carmarthenshire has a stronger and more prosperous economy.*

With severe budget reductions we have achieved much and plan to achieve more, despite less funding. We will continue to consult widely on budget reduction proposals and make sure we listen to the people of Carmarthenshire who we serve. We will make better use of resources, build a better council and make sure we embed the Council's core values in everything we do.

These are challenging and uncertain times, but with uncertainty come opportunities and we will face the challenges and deliver the best outcomes for social, economic, environmental and cultural well-being of the people of Carmarthenshire.

We welcome constructive comments on our strategies and services. Feedback from customers and service users is essential in identifying opportunities for improvement and we hope that if you have any comments or suggestions that you believe would help that you will share them with us. Introduction

Purpose:

This Annual Report and Improvement Plan (ARIP) is produced by the Council because we believe we should provide comprehensive and balanced information to the public about our services, so that they can see how we are performing and the challenges we are facing. The Council has set an ambition to be recognised as the most open and transparent Council in Wales.

Previous Annual Report and Improvement Plans have been recognised by our external regulators as providing comprehensive information in a fair and balanced way. In March 2016 the Wales Audit Office concluded:-

'Public reporting of performance is fair and balanced. The ARIP is clearly laid out and presents a comprehensive picture of what the Council is aiming to achieve, the progress it is making and how its performance compares with other councils in Wales.'

Wales Audit Office – Annual Improvement Report March 2016

Legal Duty:

By law under the [Local Government \(Wales\) Measure](#) we must:

- Publish an Improvement Plan as soon as it is *reasonably* practicable after the start of the financial year i.e. April 1st and
- Publish an Annual Report on past performance by the end of October¹ each year.
- This document is a combined Annual Report and Improvement Plan.
- Combining these documents means that we can review what we did last year before deciding what we will do in the year ahead. We report our own results for 2015/16 and reflect on our year on year performance and assess any improvements needed.
- However, we will not be able, with the timing of this publication, to compare our 15/16 results to every other Council in Wales, until the All Wales results are published in September 2016.

Duty to Improve:

Local Government, throughout the UK, is currently experiencing severe budgetary constraints. There is increasing demand and expectation, yet less resources are available. Under these conditions, we need to work even more efficiently and effectively, to maintain services and improve where we can, delivering 'more (or even the same) for less'.

Working with Partners:

As a Council we are not alone in working to improve the lives of Carmarthenshire's citizens. We agreed a single [Integrated Community Strategy \(ICS\)](#) with our partners in Carmarthenshire in July 2011. Previously there had been separate partnership plans in Regeneration, Children and Young People, Health & Community Safety.

In its Corporate Assessment of the Council, January 2016, the Wales Audit Office concluded that *'The Council has a well established and effective approach to partnership working'*.

Corporate Strategy

Our [Corporate Strategy 2015 - 2020](#) sets out the Council's strategic priorities and aspirations and how we will support the delivery of the Integrated Community Strategy outcomes and goals for the next five years.

¹ The report deadline in October is set to enable Councils to compare their performance to all other Welsh Councils results that are not available and audited until September.

Equality and Diversity

[Strategic Equality Plans](#) (SEPs) are important documents that set out how public bodies will consider the needs of groups with 'protected characteristics', as outlined in the Equality Act 2010. This is intended to ensure that all individuals receive just and equitable treatment in respect of service delivery and strategy/policy formulation. SEPs generally contain a set of equality objectives, together with an action plan, which aim to promote equality and fairness.

Consultation is an intrinsic part of developing a new [Strategic Equality Plan](#) and, as such, public opinion was sought to strengthen the Plan. During the year, we have worked closely with our partners across Dyfed Powys and with Equality Carmarthenshire to undertake detailed consultation. A mixed methods approach was employed to seek the views and experiences of stakeholders across Dyfed Powys.

It was agreed to produce one master survey (and sister versions) and hold local stakeholder events in each of the four regions. This approach increased the robustness of collected data and facilitated comparability of results. Furthermore, the consultation survey formed part of the September 2015 mail out to Citizens' Panel (c. 600) and 50+ Forum (c. 2400) members.

Feedback from the consultation was used to prepare the Strategic Equality Objectives and will also be key in preparing the action plan for the next period of implementation.

Welsh Language

During 2015/16 the focus has been on the preparatory work of introducing the [Welsh Language Standards](#) within the Council. We have prepared a detailed action plan for the initial phase of implementation and this will be the basis of our [Annual Report](#) for this year.

The period of preparation has been a busy one and communication has been a key element in raising awareness of the changes amongst staff. Consequently, we have received a number of enquiries from departments. This has provided a good opportunity for us to look at our current situation with regard to compliance and in setting priorities for the future.

During the preparation work, it became clear that there would be increased pressure on the Translation Unit. In order to meet our responsibilities and support a bilingual workplace, there was additional investment in the Unit's budget in order to appoint more staff and invest in systems that will support their work. The Unit has a key role to play in facilitating the Standards and in supporting departments to increase the use of the Welsh language in our workplace as we build internal capacity.

Self Assessment and Prioritising Improvement

To assess performance and to identify improvement priorities, we draw on evidence from a reasonable, balanced and rounded range of sources:

Through bringing together this broad range of information and viewpoints, we are able to examine evidence to decide what matters most and where our effort needs to be concentrated.

We identified the following Key Improvement Objective Priorities (KIOP) for 2016/17:-

Outcome	Our 2015/16 KIOP	KIOP for 2016/17
Making Better Use of Resources	<i>Deliver value for money in providing council services and directing our resources to the top priority front-line services on which many local people depend</i>	<i>Deliver value for money in providing council services and directing our resources to the top priority front-line services on which many local people depend - taking account of central government budget cuts and their impact</i>
Building a Better Council	<i>Improve Governance, decision making, openness and transparency</i>	<i>Continue to improve Governance, decision making, openness and transparency and keep under review by the Constitutional Review Working Group</i>
Health	<i>Support the growing numbers of older people to maintain dignity and independence in their later years</i>	<i>Promoting Independence and Well Being for Older People</i>

Key overall performance news

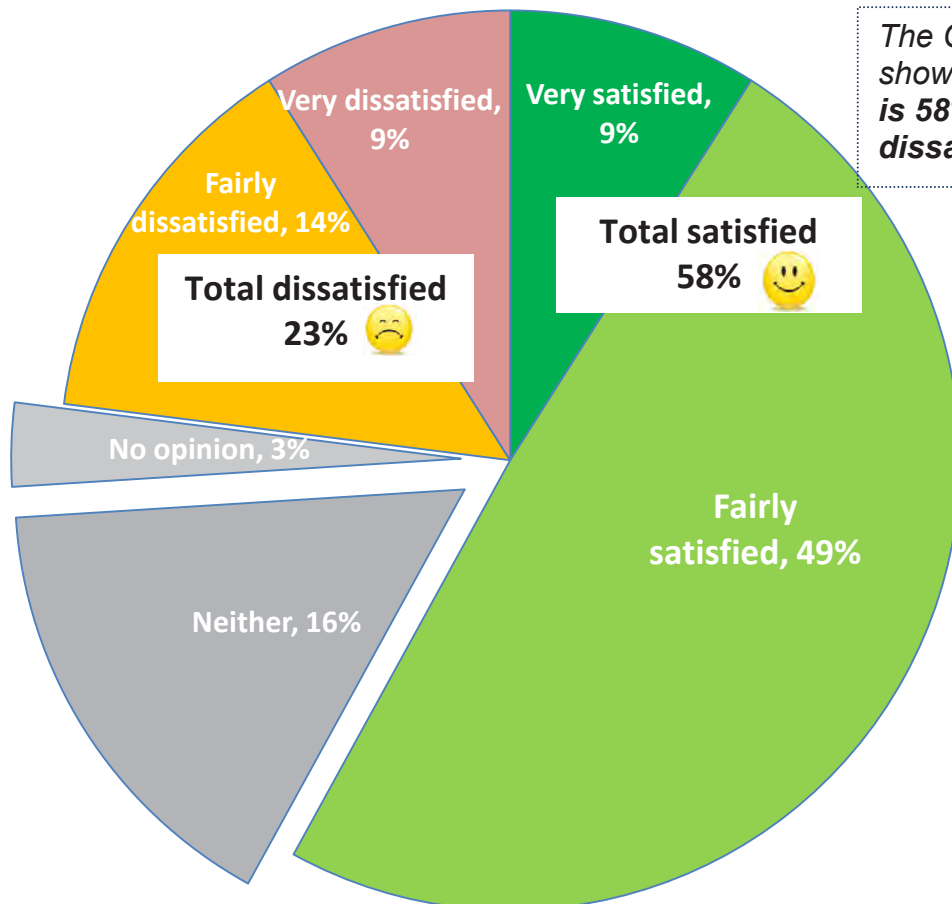

Citizens' Verdict

In March 2014 the Citizens Panel was sent a questionnaire with the following question:-

'Taking everything into account, how satisfied or dissatisfied are you with the services provided by Carmarthenshire County Council overall?'

😊 **58% V 23%** 😞

March 2014 - Responses 376

The Citizens Panel Survey shows that **total satisfaction is 58%** and **total dissatisfaction is 23%**

✓ The Citizens' panel have been asked the same question previously and net satisfaction has improved this year compared to two years ago

	a	b	c	d	e	f	g	h	c-h
Citizens Panel	Very satisfied	Fairly satisfied	Total satisfied	Neither	No opinion	Fairly dissatisfied	Very dissatisfied	Total dissatisfied	Net Satisfaction#2
March 2014 376 responses	9%	49%	58%	16%	3%	14%	9%	23%	35%
April 2012 461 responses	7%	45%	52%	25%	4%	16%	3%	19%	33%
May 2010 538 responses	6%	52%	58%	19%	4%	14%	4%	18%	40%

#1 The Carmarthenshire Citizens' Panel was established in 2001 and is a joint initiative between Dyfed-Powys Police and the Council. As usual the Survey Data is analysed with the courtesy of Dyfed-Powys Police

#2 The use of net satisfaction is in line with normal market research practice and the National Survey of Wales approach

#3 Citizens Panel results may be more critical than Resident Survey results. The 2010 Residents Survey showed that 82% of residents were satisfied – the 2010 Citizens Panel results were 58% satisfied, a 24% difference.

Regulators Verdict

Regulators provide an important independent assessment of Councils and their stewardship of public funds

Wales Audit Office - [Corporate Assessment](#) - January 2016

In 2013-14 the Wales Audit Office began a four-year cycle of corporate assessments of improvement authorities in Wales. This means that, in addition to an annual programme of improvement studies and audits of councils' approaches to improvement planning and reporting, each authority receives an in-depth corporate assessment once during a four-year period. In the autumn of 2015 Carmarthenshire was examined and in January 2016 the Wales Audit Office Report was received.

The Auditor General concluded that:

Carmarthenshire County Council, demonstrating ambition in its vision, with collective leadership and more robust and transparent governance, is delivering improved outcomes for its citizens although some out-dated approaches may limit the speed of progress.

Overall the report was very favourable and made no recommendations for improvement. It did make six proposals for improvement and these are addressed in the *Making Better Use of Resources* and *Being a Better Council* sections of this plan.

Wales Audit Office - [Annual Improvement Report](#) - March 2016

The Annual Improvement Report largely repeated the Corporate Assessment findings and added further comments on our Annual Report and Improvement Plan approach:

The combined review of past performance with the actions the Council plans to take next within a single document allows the reader to form a balanced picture of how well the Council is performing. The ARIP is lengthy and detailed and there is also a useful summary, together they provide all the information the reader could need. The ARIP and summary are published in Welsh and English, with appropriate arrangements for publicity. The report is easy to find on the Council's website.

Given this endorsement of our approach, we have decided to repeat the process for 2016/17 with some further improvements.

How we Measure up

When we published the [Corporate Strategy 2015 - 2020](#) we set out the following outcome measures to judge our progress:-

Theme	Outcome Measures	Progress
Making Better Use of Resources	Improved public satisfaction levels with the services provided by the Council	✓
	Reduction in organisational 'running costs'	✓
	Increased on line activity to address public queries and transactions	✓
Building a Better Council	Increasing public communication, consultation and engagement	✓
	Improved staff satisfaction levels	✓
	Reduced staff sickness absence levels	✗
Healthier	Reduction in referrals to adult and children's social services	✓
	Increased availability of rented and affordable homes	✓
	Increased use of leisure facilities	✗
Learning	Improved educational attainment	✓
	Improved school attendance rates	✓
	Reduced number of young people Not in Education, Employment or Training	Year 11 ✗ Year 13 ✓
	Improved condition of schools	✓
Safe	Appropriate support provided to children, young people and families	✓
	Reduction in road casualties	Awaiting result
	Reduction in total recorded crime	✗
	Reduction in anti-social behaviour	✓
Environment	Increased rates of recycling	✓
	Improved digital access	✓
	Improved transport links	✓
	Increased use of renewable energy	✓
Economy	Increased employment	✓
	Reduction in working age population in receipt of out of work benefits	✓
	Increased economic activity and productivity	✓

There is also a **National suite of measures[#]** that all councils in Wales have to collect.

There are two main ways of measuring improvement:-

- Year on year improvement
- How we compare with other Authorities in Wales

Year on year improvement

During 2015/16, **56%** of our measures improved while **24%** have declined and **17%** remained the same; this builds on the improvement achieved in 2014/15 and still remains encouraging in the current climate of reduced budgets. The table below shows year on year results:

Year	Improved	Constant	Declined	Net Improvement (Improved - Declined)
2015/16 [#]	56% (23 measures)	17% (7 measures)	24% (10 measures)	32% [#]
2014/15	56% (24 measures)	14% (6 measures)	30% (13 measures)	26%
2013/14	59% (26 measures)	11% (5 measures)	30% (13 measures)	29%

[#] Please note that there is 1 result still outstanding therefore these figures will require updating

How we compare with other Authorities in Wales

An established way of comparing results is to look at the proportion of indicators that an authority has in the upper quarter of results, the lower quarter and above and below the median result.

The table below shows how our results compare with other Councils in Wales in **2014/15**

****	Upper quartile results	15 Results 36%	60%
***	Upper middle results	10 Results 24%	
**	Lower middle results	7 Results 16%	40%
*	Lower quartile results	10 Results 24%	

For 2014/15 **60%** of our measures are in the upper two quartiles with **40%** in the lower two quartiles compared to approximately 50:50 split for 2013/14, an excellent achievement.

[#] Please see a **list of all measures** in the above tables showing the results and how they have improved, declined or whether they have remained the same in **Appendix A**. This also shows how we compare with other Authorities in Wales but mainly for 2014/15 since the 2015/16 results for all Welsh Authorities will be published by the Local Government Data Unit in September 2016.

Appendix B gives detailed information on each measure with an explanation of performance.

New Legislation

The Well-being of Future Generations (Wales) Act 2015

The Welsh Government has put in place the *Well-being of Future Generations (Wales) Act* as the latest step in the journey to embed sustainable development in the public sector in Wales. The United Nations has highlighted the Act as a groundbreaking piece of legislation and noted its potential in relation to the recently agreed sustainable development global goals.

The Well-being of Future Generations Act requires most public bodies in Wales to carry out sustainable development with the objective of improving the social, economic, environmental and cultural well-being of their area. It places a well-being duty on those public bodies to set and publish objectives designed to maximise their contribution to the seven national well-being goals. They are also required to take all reasonable steps to meet those objectives. This is intended to strengthen sustainable development in these bodies through effective governance. The Act identifies five ways of working which can support the well-being of future generations – integration, collaboration, long term, involvement and prevention.

Public Services Board

The [Well-being of Future Generations Act](#) was passed with the intention of improving the well-being of the people of Wales. The Act outlines how public bodies must work, and work together, to achieve this.

A new Carmarthenshire Public Services Board (PSB) has been set up, (as is required in all the other counties in Wales), and its role is to effectively involve citizens and the local community in making decisions.

The aim is to make a difference to improving social, economic, environmental and cultural well-being in the county.

The new Public Services Board is made up of four statutory organisations:

- [Carmarthenshire County Council](#)
- [Hywel Dda University Health Board](#)
- [Mid and West Wales Fire and Rescue Service](#)
- [Natural Resources Wales](#)

Publication of the Council's Well-being Objectives

As required in the Well-being of Future Generations (Wales) Act, by March 2017 the Council will publish its *Well-being Objectives* for the year ahead.

The Social Services and Well-being (Wales) Act

The Social Services and Well-being (Wales) Act comes into force from April 2016 and creates a new legal framework for social services. The Act imposes duties on local authorities, health boards and Welsh Ministers that require them to work to promote the well-being of those who need care and support (including carers). In addition to supporting well-being, the Act seeks to put people, partnership and prevention at the centre of service development. Local authorities, health boards and NHS trusts must work more closely together to integrate health and social care. Local authorities will be expected to use assessments of need, undertaken in partnership with health boards, to arrange appropriate preventative services that reduce the need for more formal support in their area.

Outcome C: People in Carmarthenshire are healthier ...

Our way of life is changing. People are living longer with a higher quality of life but our care needs are becoming more complex. The challenge now facing us is to prevent ill-health in the first place.

Goals: (as agreed in the Integrated Community Strategy with partners)

- C1 - Ensuring each child has the best start in life
- C2 - Preventing ill health and encourage healthy and active living
- C3 - Improving the Emotional, Mental Health and Well-being of all people in the County
- C4 - Reducing inequities in health
- C5 - Improving housing conditions and reduce homelessness
- C6 - Increasing access to health and social care for all people including vulnerable groups
- C7 - Reducing drug and alcohol misuse

Our Key Improvement Objective Priorities (KIOPs) are:

- Promoting Independence and Well Being for Older People
- We shall increase the availability of rented and affordable homes to support the needs of local people by implementing our affordable homes delivery plan

Progress at a glance:

Outcome Measures (as set out in Corporate Strategy)	Progress
Reduction in referrals to adult and children's social services	✓
Increased availability of rented and affordable homes	✓
Increased use of leisure facilities	✗

Our Performance & Results for 15/16 / Improvement Planned for 16/17:

Goal: C1 Ensuring each child has the best start in life:

Our Review and Evaluation for 2015/16

Giving every child the best start in life is crucial to reducing health inequalities across the life course. The foundations for virtually every aspect of human development – physical, intellectual and emotional – are laid in early childhood. What happens during these early years (starting in the womb) has lifelong effects on many aspects of health and well-being– from obesity, heart disease and mental health, to educational achievement and economic status. To have an impact on health inequalities we need to address the social gradient in children’s access to positive early experiences. Later interventions, although important, are considerably less effective where good early foundations are lacking.

[Public Health Wales](#) (PHW) NHS Trust recently published its fourth release of the Child Measurement Programme (CMP) for Wales which contains findings of the programme of child measurements carried out with children attending reception class in schools in Wales in 2014/15.

- **Participation** in the programme has increased by more than 10% in three years, from 84.3% of all children in 2012/13 to 94.5% in 2014/15. The participation rate in Carmarthenshire has increase from 88% to 92%.
- Obesity in childhood often persists into adult life, leading to related health problems like type 2 diabetes, liver disease, higher rates of heart disease, and some cancers
- The % overweight or obese in Carmarthenshire has increased from **26.2%** in 2013/14 to **30.7%** in 2014/15 moving from 9th lowest and below the Welsh average (26.5%) to **3rd highest** and well above the Welsh average which has reduced to 26.2%.
- The proportion of children who are obese continues to increase from **10.9%** in 2012/13 to 11.6% in 2013/14 and **13.6%** in 2014/15

Childcare provision in Carmarthenshire is delivered in partnership with private, voluntary and statutory sectors, and has continued to develop. We currently have:

- **107** registered child minders (with **553** places)
- **36** registered full day nurseries (with **1,288** places)
- **43** registered out of school clubs (with **1,294** places)
- **63** registered sessional care placements (with **1,171** places) includes Flying Start settings
- **249 Total providers**, with **4,306** registered places.

How did we perform during 2015/16?

The **Flying Start early years programme** (a key component of the Welsh Government's *Tackling Poverty* agenda) aims to support families with children aged 0-3 who live in some of the most disadvantaged areas in the country providing a range of intensive prevention services to improve children's language, cognitive, social and emotional development and physical health, which we are able to provide through:

- An enhanced health visiting service
- Free part-time high quality childcare for 2-3 year olds
- Parenting support (including parenting programmes and basic skills)
- Support for Speech, Language and communication

✓	The % of families with additional social welfare needs linked to poverty, living in a Flying Start area receiving time specified interventions from the wider Flying Start Team (9.1.8.6)	95%	93%	96%	On target and improved
✗	The number of children aged 0-4 in Carmarthenshire benefitting from the intensive Flying Start service provision (9.1.8.7)	1671	1800	1570	Off target and Declined #See comment below

#The childcare coordinator has been working closely with the childcare settings and health visitors to ensure children registered are attending regularly. This term we have found a significant drop in numbers eligible to register but this is mainly due to low birth rate numbers and therefore out of our control. (9.1.8.0)

#The number of children living outside of the Flying Start area who are able to access the Flying Start service through referral for outreach is set at 23 by WG with a 10% variance. Unfortunately due to difficulties in recruiting qualified health visitors (which is a national issue), meant we were unable to accept further outreach referrals, and were also unable to increase the capacity number. We will be shortly holding a recruitment event to try and attract interest. (9.1.8.2 & 9.1.8.7)

- ✓ Over the last year there have been 9,486 visits to the **Family Information Service** website and 40,620 page views with 67% being new visits.

A thought-provoking and inspirational storytelling event attended by more than 50 families and their children took place in February. The 'Once upon a time...why start early' event was organised by Family Information Service, Flying Start and Childcare & Play Team. The purpose to encourage family learning as shared and enjoyable activity, raise aspirations and readiness to learn.

- ✓ We have provided a full school holidays programme and family workshops at Oriel Myrddin, including a regular 'free' book club, and cross-disciplinary talks on a broad range of themes e.g. architecture, farming, poetry and archaeology
- ✓ All of our 14 secondary schools plus 2 special schools are delivering the [5x60](#) extra-curricular physical activity scheme and **100%** of primary schools are on board for [Dragon Multi-skills / Sport](#) extra-curricular activity scheme, linking in with a number of community sports clubs. 60% of our school pupils are members of a sports club
- ✓ We have provided [free swimming](#) for children (u16) at all CCC swimming pools on weekends and in school holidays, with the programme linked to the Welsh Learn to Swim pathway, [Aqua passport](#)
- ✓ [Young Ambassadors](#)' for sport are now in place in all secondary schools and 80% of primary schools, becoming leaders of the future by inspiring their fellow pupils to get active. Carmarthenshire has engaged in a sector-leading development of this by introducing 'Bronze Plus' Ambassadors at Yr 7 to retain Bronze YA's and develop their leadership skills as they move from primary to secondary schools.
- ✓ We have provided swimming lessons to over 4,100 children during school time and over 2,000 children outside of school hours.
- ✓ 83 primary schools visited our Pendine Outdoor Education Centre to learn about outdoor adventurous activities and the environment
- ✗ Unfortunately we did not meet our target of 270,000 attendances at sporting opportunities facilitated by Sport & Leisure Officers and only achieved **197,899**. Reason for the decline and shortfall is due to having two vacant posts for a period of time, which have since been filled and our Hockey development officer has been absent from work for 5 months which has resulted in a downturn in hockey activity. Also the Rugby development partnership was ceased by Welsh Rugby Union (WRU) in October 2015. (3.4.2.8)

How do we know we made a difference? / Is anyone better off?

Increased partnership working with Public Health Wales has assisted in promoting the health and well being benefits of play i.e. reducing the risk of obesity in children, smoke-free playgrounds. Therefore it has been a season of summer fun at our Integrated Children’s Centres with a focus on promoting ‘**healthy living**’ through exercise and sport to promote fitness and wellbeing.

Working with CrossFit, Llanelli, and the Swans Football Community Trust.

CSSIW commented positively on our Flying Start provision in Carmarthenshire
[\(Annual Performance Report 2014-15\)](#)

“The visit to the Flying Start service demonstrated that this is a well-run service with managers providing a sound strategic lead on service delivery with a clear focus on ensuring effective multi-disciplinary working. The service has expanded during the past twelve months with nine new areas, with a total of 17 Flying Start communities. This has significantly strengthened the preventative services available to families in line with the Welsh Government’s child poverty strategy”.

[CSSIW Performance Evaluation Report 2014/15](#)

The 14 newly commissioned Families First projects have supported a total of **8,626** individuals of which **6,829** were new to service individuals. All are using a Team Around the Family approach to evidence whether the family are ‘**better off**’ as a result of the intervention. **Results of a survey** was positive with **99%** reporting **they would recommend the service** to others. Unfortunately the Families First grant is being cut by 12% next year, and although all 14 commissioned projects will remain, service delivery will reduce across the board.

We have used the evaluation of the **Child and Family Unit (CFU)** ‘reclaim social work’ pilot to restructure within our long-term children’s social work teams. Dinefwr Childcare Team (DCCT) began operating within a **POD** framework from September 2015. The PODs hold weekly meetings to discuss cases, with input from the Educational Psychologist, and have refined elements of the model in line with the needs of the team. Workers have received training to use the ‘Outcomes Star’ which will assist service users and staff to evaluate the effectiveness of input. Implementation of the model across all long-term child care teams will be completed by the end of March 2017.

Improvements for 2016/17

1. Despite an increase number of places purchased due to expansion, we shall aim for at least 77% attendance at the free Flying Start Child Care placement (9.1.8.1)
2. We shall aim to reduce the % of unauthorised absence at the free Flying Start Child Care placement from 6.38% to 6% (9.1.8.8)
3. We will aim to increase the number of children living outside of the Flying Start area who are able to access the Flying Start service through referral for outreach from 17 to 23 (9.1.8.2)
4. We will ensure that at least 93% of high need families living in a Flying Start area receive least a monthly contact from the Flying Start Health Visiting Service (9.1.8.3)
5. Of families with additional social welfare needs linked to poverty living in a Flying Start area, we will ensure that at least 95% receive time specified interventions from the wider Flying Start Team e.g. Social Worker or Family Support Officer or Domestic Abuse Project Worker or Midwife (9.1.8.6)
6. We will aim for at least 85% of children in Flying Start areas reaching, exceeding or within one age band of their development milestone at age 2 years, (assessed within 23-25 month) (9.1.8.9)
7. We will aim for at least 90% of children in Flying Start areas reaching, exceeding or within one age band of their development milestone at age 3 years, (assessed within 35-37 month) (9.1.9.0)
8. We will implement the Child and Family Unit (CFU) systemic model of working across children's services teams (12044)
9. We aim to increase the number of attendances per year at sporting opportunities facilitated by Sport & Leisure Officers from 197,899 to 208,000 (a 5% increase) (3.4.2.8)
10. We shall increase the % of children who can swim 25m aged 11 from TBC to TBC (3.4.2.1)
11. We shall increase the number of young people (0-16) accessing free swim sessions from TBC to TBC (3.4.2.2)

Goal: C2 Preventing ill health and encourage healthy and active living

We aim to provide a range of health and well-being related facilities, activities and programmes, all aimed at getting, more people, more active more often in order to improve the health and well-being of our residents. We want Carmarthenshire to be a place that is the most active and healthy in the UK, where every person is an active participant at a 'Community Club' or 'Leisure / Cultural Facility' and where every child is hooked on Leisure / Cultural activity for life.

How did we perform during 2015/16?

- ✓ The % of adults that meet the physical activity guidelines (30 minutes on 5 or more days) in Carmarthenshire have improved to 33% in 2013&14 compared to 30% in 2012&13. This is above the Welsh average of 30%.

- ✘ The number of GP referrals for the exercise programme during 2015/16 has seen a lower number of referrals (**1,129**) than our challenging target of 1,245; this has been mainly due sickness absence of the Activity Coordinator earlier in the year which has had a knock on affect for the end of year. Despite this, we have exceeded the target of 1,008 set by our funding body of Public Health Wales. (3.4.2.5)
- ✘ The number of visits to local authority sport and leisure centres during the year where the visitor will be participating in physical activity, per 1,000 population has reduced from 7028 to 6905 =123 less -1.75% (LCS/002b)
- ✔ We have inspected **100%** of high risk premises for food hygiene and trading standards. (PPN/001i)
- ✔ We have exceeded our target of food establishments which are “broadly compliant” with food hygiene standards and have increased compliance from 93% to 94.98% for 2015/16. (PPN/009)
- ✘ Unfortunately, we have been unable to meet our target of 100% inspections for animal health premises and have completed 99%. (PPN/001iii)
- ✔ We have reviewed the Catering Service structure and have delivered the efficiencies agreed for 2015/16
- ✔ Almost 400,000 people have visited Pembrey Country Park during the year and over 70 people take part in Parkrun events staged every Saturday at Llyn Llech Owain

How do we know we made a difference? / Is anyone better off?

Figures for 2015 released from [Sport Wales](#) show that nearly **47%** of young people across the county are keeping active and taking part in sporting activities– an increase of 7 percentage points compared to 40% in 2013. There’s been a huge increase in the number of girls taking part in sporting activity three or more times a week currently at 42.9% compared to 34.5% in 2013. Carmarthenshire is up on the national average of youngsters participating in extra curricular sporting activities by over one per cent. Sporting club memberships in youngsters is also higher than the national average by over two per cent.

Improvements for 2016/17

1. We will ensure that at least 1,000 people are referred on to the “Vitality Scheme” (NERS – National Exercise Referral Scheme) during 2016/17. (3.4.2.5)
2. We will increase the number of % of people referred to the National Exercise Referral scheme that attend the 1st session of the programme from 49.7% to 56% (3.4.2.6)
3. We shall ensure that at least 50% of people referred to the National Exercise Referral scheme complete the 16 week programme. (3.4.2.7)
4. We will increase the % of schools achieving Phase 4 of the Healthy Schools Initiative from 59% to 60% (8.3.1.5)
5. We shall increase the number of visits to council sport and leisure centres from 6,905 to 7,251 per 1,000 population (LCS/0022b)
6. We will maintain 100% trading standards inspections for high risk businesses (PPN/001i)
7. Despite fewer resources, we will maintain 100% food hygiene inspections for high risk businesses (PPN/001ii)
8. We will maintain 100% animal health inspections for high risk businesses (PPN/001iii)
9. We will maintain the high percentage of food establishments which are broadly compliant with food hygiene standards at 93% or above (PPN/009)
10. We will develop plans for a new Llanelli Leisure Centre linked to wellness village and life sciences hub (12045)

Goal: C5 Improving housing conditions and reducing homelessness**Our Review and Evaluation for 2015/16**

Overall, we have improved the quality of our Council housing stock through the delivery of our £200 million Carmarthenshire Homes Standard. We have increased the number of empty properties that have been returned to use and have increased the number of affordable homes to buy and to rent. Our new housing options and advice service has also helped to minimise the number of people affected by homelessness.

How did we perform during 2015/16?

- ✓ We have ensured that 100% of our Council homes have exceeded the Welsh Housing Quality Standard (WQHS) for tenants who agreed to have the work carried out. (7.5.2.19)
- ✓ We have ensured that all new affordable homes funded through the Social Housing Grant have met the Code of Sustainable Homes level 3 + (7.3.2.26)
- ✓ Throughout the year energy advice has been given in over 40 events in various forms including public road shows, talks to clubs & groups, mail shots & through social media.
- ✓ We have/have minimised the number of homelessness families having to spend time in bed and Breakfast at two families for 2015/16. (7.3.2.18a)

**KEY IMPROVEMENT OBJECTIVE PRIORITY (KIOP)**

We will improve the Council Housing stock and assist local people to gain access to rented and affordable accommodation

We have delivered the programme to improve Council housing stock and continue to increase access to more rented and affordable homes to support the needs of local people.

In 2006, the Council started its ambitious programme to achieve then Carmarthenshire Homes Standard (CHS) by the end of 2015. We have been successful in delivering the programme, on time, to homes where tenants have agreed to have work.

We have continued to expand our Social Lettings Agency and have added an additional 12 properties during 2015/16. We have brought an additional 153 empty properties back into use as much needed family homes.

We have also delivered with our partners an additional 160 affordable homes, including 111 extra care apartments at Catref Cynnes in Carmarthen and Ty Dyffryn in Ammanford.

Why this is important

A safe, warm, well maintained affordable home that meets the needs of people living in it is a key determinant of health. It also forms the foundation for building inclusive communities. We will therefore continue to maintain our homes and improve them in the future through the Carmarthenshire Homes Standard (CHS) +. We have also sought to increase the number of empty properties returned to use as family homes and have reviewed the way we do this in order to maximise our resources. Our Social Lettings Agency provides an important stepping stone for people to be able to access rented accommodation which we manage on behalf of local landlords.

In April 2015, the Council left the Housing Revenue Account Subsidy System (HRAS), through which Council tenants in Carmarthenshire, had been subsidising HM Treasury for many years. Exiting the HRAS now means that we have more resources to invest in creating additional affordable rented homes in Carmarthenshire. Our [Affordable Homes Delivery Plan](#) will provide over 1000 additional affordable homes over the next 5 years.

How we compare with others

We recognise that empty properties are a waste of housing resources but also have a wider impact on the social, environmental and economic substance of our communities such as; attracting anti-social behaviour, decreasing adjacent property values, and costing owners as much as £9,000 - £11,000 a year.

We returned 153 properties back into use during 2015/16. This was an improvement on our performance of 135 properties in 2014/15. As can be seen in the adjacent table, Carmarthenshire brought back the 6th highest number of vacant properties during 2014/15.

However, we want to do better and last year we concluded a Community Scrutiny Task & Finish Review of Empty Properties in the Private Sector. It established a list of recommendations on how to develop our approach to successfully dealing with the challenges that empty properties presents. It is hoped that these actions once implemented will further improve our performance in returning more empty properties back into use as much needed family homes.

Many authorities and housing associations have yet to complete the [Welsh Quality Homes Standard](#). We have completed our Carmarthenshire Home Standard on time as agreed with our tenants and Members.

Last Year

We delivered 18 out of our 18 KIOP commitments last year

Last Year's Commitments		Progress Comment
In order to 100% complete of all elements of the Carmarthenshire Home Standard by 3.1.12.15 (excluding acceptable fails) we shall complete these seven elements... The final number of tenants' homes with...fuel efficient central heating systems (125), kitchens (225), bathrooms (175), carbon monoxide detectors (200), external security lights (200), additional power points (200) and hard wired smoke detectors (125) (<i>11649-11655</i>)	✓	All of these elements have been completed and the ambitious programme to achieve the Carmarthenshire Homes Standard (CHS) by the end of 2015 has been delivered on time, to homes where tenants have agreed to have work.
We will invest up to £300,000 to ensure the delivery of Local Environmental Plan projects within communities (<i>11643</i>)	✓	£300,000 of the budget has been committed on 58 different projects. These projects include demolition and removal of garages that were unsafe and causing anti social behaviour on estates. Improving and extending car parking provision on estates. Improving communal green areas on estates and encouraging community ownership. Improving alleyways, site boundaries and signage on estates.

We recognise that the quality of housing has a critical role to play in improving health and well-being in our communities. To help us improve our understanding of this, we have been working with experts from Cardiff and Swansea Universities for the past 5 years to set up a Health Impact Study.

Across the five years of the study, tenants of fully upgraded properties have reported fewer housing problems than those of unupgraded and partly upgraded properties. Results of the study in 2014 found that:

- Overall, tenants living in fully upgraded properties reported the highest thermal satisfaction.
- The average number of reported respiratory symptoms decreased substantially over the five years of this study.
- There was a downward trend in reported treatment for cardiovascular conditions, in particular for high blood pressure and angina

The final survey will be carried out in early 2016 and we will encourage all tenants to take part through a range of awareness initiatives.

David’s story - External Wall Insulation in Llangennech

David and his family have had external wall insulation applied to his home. The work, as part of the Carmarthenshire Homes Standard, is designed to improve the energy efficiency of his home and reduce heating costs.

External wall insulation is applied to the outside of homes which don’t have cavity walls, or are not suitable for cavity wall insulation.

David has said
“My home is much warmer since having work done. It has also made a big difference to the appearance of the estate”.

The wording and emphasis of the KIOP has changed slightly for **2016/17** to:-

KEY IMPROVEMENT OBJECTIVE PRIORITY (KIOP)

We shall increase the availability of rented and affordable homes to support the needs of local people by implementing our affordable homes delivery plan

The emphasis of the KIOP has changed to reflect the completion of Council housing stock improvement programme (Carmarthenshire Homes Standard (CHS)) and the need to address the chronic shortfall in rented and affordable homes across the county.

Our assessment of need told us that to meet the highest housing need we would have to provide at least 2,000 additional affordable homes by 2020, an average of 400 every year.

We have recently published our five year vision [Affordable Homes Delivery Plan](#) to increase the supply of affordable homes in Carmarthenshire. The purpose of this plan is to explain how we will deliver over **1,000** additional affordable homes over the next five years, with a total investment exceeding **£60m**. We will also explain how we can nearly double the number of additional homes by developing delivery options for new build schemes.

- Increase rented accommodation
- Increase number of affordable homes
- Building new homes
- Bring empty homes back to use

Key Measures of Success	2014/15 Result	2015/16 Result	Progress
Additional affordable homes in the County <i>(7.3.2.24)</i>	48	185	Improved

Why this is important

Good quality, affordable homes are the bed rock of healthy and sustainable communities. We know that in many places and for many people these homes are just not available. As a consequence in July 2015 we published [Our Commitment to Affordable Homes](#). This plan will go some way towards rectifying this unacceptable situation.

While the focus will be on rented homes, we also recognise our communities’ ambitions and aspirations. Hence we will also enable and deliver low cost home ownership where it is appropriate to do so.

The development of our affordable homes plan reflected an extensive consultation exercise with the public and partner organisations which ran until the end of May 2015. There were almost 800 responses these have shaped the priority areas of the plan which are outlined below:

“The Council is rising to the huge challenge it faces in attempting to bridge the gap between the demand for affordable homes and the number of homes currently being provided.”

You said

We did

That there was a need for smaller type homes, mainly for rent and for local people. You wanted us to maximise use of existing homes, especially bringing empty homes back into use.

We have developed an affordable homes plan which addresses these issues and sets out how we will deliver over 1,000 additional affordable homes over the next 5 years with a total investment exceeding £60m.

How we plan to achieve the KIOP this year

The [Affordable Homes Delivery Plan](#) sets out our five year vision to increase the supply of Affordable Homes in Carmarthenshire based on the following principles:

- ❖ Targeting help where the need is highest, in both urban and rural areas, by delivering more affordable homes for rent
- ❖ Being more flexible - whether by bringing wasted homes back into use, buying existing homes or building new ones.
- ❖ Doing whatever it takes by developing innovative and creative ways to deliver more
- ❖ Using our resources in the best possible way to ensure as many new homes as possible
- ❖ Using the expertise, skills and resources of those we work with

The table below shows our Affordable housing delivery over the next five years

Affordable Homes Delivery	Est. No. of homes	Funding source	HRA investment (£millions)	Total investment (£millions)
Managing homes in the private sector funding the Social Lettings Agency	242	HRA	1.1	1.1

Total	1027*		£31.0	£60.6

*Although the needs assessment undertaken indicates that we need to provide 2,000 affordable homes over 5 years to meet the highest housing need which is an average of 400 homes per year. We have set an ambitious target of delivering 1027 over the same period which is a substantial increase on the number of affordable homes that we have been able to deliver in the past (70 per annum). We will increase this figure to 200 per annum over the next 5 years and are continually looking for new sources of funding to be able to deliver as many affordable homes from existing resources as we possibly can.

<i>What we will improve & how we will measure success</i>	2016/17 Target
We shall increase the number of affordable homes in the County by delivering year one of the affordable homes plan (7.3.2.24)	160 additional homes
We will increase the % of additional affordable housing units provided during the year (PLA/006b)	30%
We shall commission a research in order to improve our understanding of housing need in rural areas. (12058)	March 2017

Len’s story – Wireless internet in sheltered housing

In 2015, we completed the installation of wireless internet into the communal lounges in our sheltered housing schemes.

Len from Capel Hendre is one of the tenants actively using the internet. He says:

“Having the wireless internet available has allowed me to use my tablet at home. There are a few of us here who use it. I hope that other tenants start to see the benefits and possibly use it to keep in touch with friends and relatives and even start using it for their shopping”.

Other Improvements for 2016/17

1. We shall provide help and guidance to child care leavers wherever possible to avoid homelessness (SCC/35)
2. We shall complete the Health Impact Study, looking at tenants actual health, during the period of CHS investment during 2016 (11656)
3. We will increase the percentage of private sector dwellings returned to occupation during the year through direct action by the local authority that had been vacant for more than 6 months from 5.73% (153 properties) to 6% (160 properties) (PSR/004)
4. We shall progress with the Private Sector Empty Property Action Plan 2016 which derived from the Community Scrutiny Task & Finish Review and recommendations which is aimed to improve the service in the future. (12059)
5. We shall increase the number of new additional properties managed by our internal social lettings agency from 12 to 24. (7.3.2.25)

Outcome F: Carmarthenshire’s communities and environment are sustainable...

Carmarthenshire is known for its diverse communities and wonderful natural environment and we want to ensure that we develop sustainably so that everyone in the county is able to enjoy a better quality of life now and for generations to come.

Goals: (as agreed in the Integrated Community Strategy with partners)

- F1: Living within our environmental limits using only our fair-share of earth’s resources and minimising our carbon emissions
- F2: Reducing waste and moving towards becoming a zero-waste county
- F3: Supporting opportunities for the building of economically viable and sustainable communities
- F4: Protect, enhance & conserve our natural & built environment & champion biodiversity in the County
- F5: Developing resilient and sustainable communities
- F6: Developing sustainable transport options
- F7: Ensuring the promotion of the Welsh language and Welsh culture

Our Key Improvement Objective Priority (KIOP) is:

Improving the highway infrastructure network to support further economic development and connectivity

Progress at a glance:

Outcome Measures (as set out in Corporate Strategy)	Progress
Increased rates of recycling	✓
Improved digital access	✓
Improved transport links	✓
Increased use of renewable energy	✓

Goal: F3 Supporting opportunities for the building of economically viable and sustainable communities

Sustainable development is about improving the way that we can achieve our economic, social, environmental and cultural well-being.

Carmarthenshire faces a number of challenges now and in the future, such as climate change, poverty, transport, housing, health inequalities, access to services, and jobs and growth. To tackle these we need to work together with other public bodies and with people and communities to look to prevent problems and take a more joined-up approach to give our children and grandchildren a good quality of life. We need to think about how the decisions we make now will impact them.

Rural areas form a substantial part of Carmarthenshire with as much as 94% measured by land area. With rural areas accounting for more than 62% (2011 Census Ward Population Figures) of the County's population.

How did we perform during 2015/16?**Physical Regeneration**

- ✓ Work to construct the Coastal Communities funded commercial and events building on the Museum of Speed site in Pendine, is nearing completion in spite of difficult weather conditions. The building houses four ground floor commercial units, incorporated public toilet facilities and an upper floor events / restaurant space.

LEADER

- ✓ In 2015, through our External Funding Team, we received formal approval from Welsh Government of our 2014-2020 LEADER Local Development Strategy and indicative LEADER budget allocation is £4,352,000.00 to allow us to deliver the LEADER programme in Carmarthenshire (though a newly formed partnership, the Local Action Group - Grwp Cwm Gwlad)
- ✓ Our LEADER team were soon open for business to open up to calls for local communities, the public, private and third sectors to access funding via our LEADER fund for support for projects centred on innovation and acting as a test-beds for trialling new ways of working.
- ✓ We have invited 6 organisations to submit detailed applications for funding support through the LEADER programme

**Community Bureau**

- ✓ Through our Community Bureau we provided a one-stop-shop for the third sector assisting communities with funding information and guidance
- ✓ Through our Community Bureau we supported organisations to achieve their potential and offered designated officer support to develop viable and sustainable projects – the Bureau alone dealt with 500 enquiries in 15/16
- ✓ We funded community projects in Carmarthenshire through the innovative Mynydd y Betws Wind Farm Community Benefit Fund addressing the key themes of recreation, culture, education, health, environment, energy efficiency and sustainability

Communities First

- ✓ Our Communities First (C1st) Team continues to deliver benefits to the county through the WG's Communities First Programme that provides funding within Local Authority areas to narrow economic education/skills and health gaps in the most deprived areas..

- ✓ Our C1st Team has run 5 Goals Clubs and two 'Kick Start' youth Goals Clubs per week in community venues providing support with CV writing or updating, Universal Jobsmatch support, online job applications and Universal Credit support
- ✓ We have also developed an innovative new initiative called 'Fit to Employ' - a 10 week programme for unemployed 16 – 24 year olds to raise their confidence, improve their skills, increase their employability and improve their general health
- ✓ 253 participants accessed the debt and benefit advice and support which was offered on a 1-2-1 basis in outreach venues during six sessions per week
- ✓ We successfully won a two year £90,000 RDP Tender for *Exploitation of Digital Technology in Rural Carmarthenshire*, in February 2016. The project will create a Digital Coordinator Role, Digital engagement team and a Carmarthenshire-wide Digital Partnership Strategic Stakeholder group. 12 Digital Exploitation Events will be run over the 2 year period and 5 Digital "Hubs" are planned.

Llanelli people benefitting from learning new digital skills at their local library through C1st

Llanelli's Antioch Centre Boosted by £488k Windfall

In March 2016, the popular Antioch Centre in Llanelli, Carmarthenshire, which hosts a food bank, debt advice service and play sessions for children, received excellent news that it is to benefit from £488,000 funding from the WG's Community Facilities Programme to refurbish the building and make it more energy efficient. The funding will replace the windows, refurbish the toilets and showers, replace sections of the roof and insulate the exterior walls to improve the community facility which provide a range of activities and services for local people.

Improvements for 2016/17

1. We will commence a new six year regeneration cycle in 2016/17 to secure funding and prepare projects for delivery that will realise significant economic outputs later on in the funding cycle
2. We will support opportunities for the building of economically viable and sustainable communities by developing and delivering the Carmarthen & Rural key 16/17 projects, to include:
 - Fully commit Transformational Commercial Property Development Fund Pot;
 - Fully commit Carmarthenshire Rural Enterprise Fund Pot;
 - Completion of Parry Thomas Centre Capital Scheme
3. We will support opportunities for the building of economically viable and sustainable communities by developing and delivering the Llanelli and Llanelli Coastal Belt key 16/17 projects, to include:
 - Secure 'Building for the Future' funding to enable the redevelopment of Llanelli YMCA building for commercial use;
 - Delivery of final year programme of Viable and Viable Places and complete acquisition and redevelopment of town centre premises. Fully allocate Llanelli Town Centre Loan Fund
4. We will support opportunities for the building of economically viable and sustainable communities by developing and delivering the Ammanford & Cross Hands Growth Zone key 16/17 projects to include:
 - Secure European Rural Development funding (ERDF) to enable the future delivery of Cross Hands East Strategic Employment (Phase 2 Project);
 - Bring Former Police Station Site and Court House back into commercial use to contribute to the Town Centre offer
 - Repositioning of entrance to reduce congestion on Ffordd William Walker and assist overall transport and movement.
5. We will support opportunities for the building of economically viable and sustainable communities by developing and delivering the Countywide Employment & Skills Plan to feature:
 - Developing a marketing & communication plan to support community engagement
 - Linking employability projects (Cynnydd, Workways+, Communities First, C4W, LIFT, Cam Nesa, USG Hub) with relevant opportunities
 - Developing an action plan for Community Benefits in partnership with our Procurement Team
6. We will develop the Regional Engagement Team for the Swansea Bay City Region.

Outcome G: Carmarthenshire has a stronger and more prosperous economy..

Providing secure well paid jobs and training opportunities for local people is central to everything we are seeking to achieve. In the past, too many young people have been forced to leave Carmarthenshire to get jobs. Working across all sectors – public, voluntary and private – we want to increase prosperity for everyone in the county.

Goals: (as agreed in the Integrated Community Strategy with partners)

- G1 – Developing business growth, retention specialisation (including retaining young people)
- G2 - Maximising job creation for all
- G3 - Developing a knowledge economy & innovation
- G4 - Ensuring distinctive places & competitive infrastructures
- G5 - Tackling poverty and its impact on the local economy
- G6 - To build a bilingual economy and workforce

Our Key Improvement Objective Priorities (KIOPs) are:

- Creating jobs and growth throughout the County
- Tackling Poverty

Progress at a glance:

Outcome Measures (as set out in Corporate Strategy)	Progress

Our Review and Evaluation for 2015/16

Through a well established business support service, focused on key Pareto businesses and tourism support, we have continued to provide a personal high quality to our key enterprises which has resulted in targets being exceeded for job creation, youth enterprise activity and private sector enterprises created.

How did we perform during 2015/16?

Business Development

- ✓ We have general **Account Managed 40** key or strategic employers by managing and supporting a professional and business working relationship with them. The key programme of 'World of Work' has continued with several key businesses already participating including Magstim, Morganstone and S4C.
- ✓ The Swansea Bay City Region (SBCR) Strategy recognises the need to support business growth and specifically targets the need to support large-scale existing major employers across South West Wales. A cross region group has been formed to develop the **Pareto Employers** initiative which will witness businesses across the City Region directly influence the economic direction that the region takes and will shape policy according to business need. Carmarthenshire accommodates a large number of employers in key growth sectors and dialogue continues to identify priorities. Support for employers is ongoing with all 40 strategic companies in each County clearly identified.
- ✓ We have helped local businesses by ensuring that **94.9% of invoices were paid** within 30 days (*CFH/006*)
- ✓ We have delivered a **business start up workshop**, which was attended by 25 students who were interested in setting up their own business. These students have been invited to participate in this year's Beacon Bursary competition. We will continue to support the students who wish to set up a business by offering advice and support

Tourism/Visitor Economy

We are committed to continuing to improve the economy through tourism, an industry that is statistically worth £342million per annum to the County, by:

- planning and carrying out strategic research that assists us for example in accommodation and hotel studies
- acting as a catalyst and relationship builder with private, public & 3rd Sector to improve the tourism
- ensuring Carmarthenshire is effectively & innovatively promoted as a vibrant area to visit and stay
- ✓ We have supported 145 businesses through advising tourism and hospitality businesses on government led grant support schemes, tourism brown signs, promotional opportunities and one to one guidance on a variety of day to day issues.
- ✓ We secured £4.5million support from Welsh Government for development in Pendine, which will be one of the largest tourism projects in Wales over the next two years.
- ✓ We have been awarded £60,000 by Welsh Government to develop our 2016 plans for the Wales' **Year of Adventure** theme, to help showcase what Carmarthenshire has to offer. Businesses fully support the campaign which will celebrate the wealth of activities available to both visitors and residents including *Morfa Bay Adventure, Marros Riding Centre, Llandysul Paddlers, the National Botanic Garden of Wales, Cadw and Carreg Cennen Castle.*

Supporting Entrepreneurship

We recognise how important young people are for the local economy, and to enable future generations to continue to develop the economy. As part of our continued commitment in supporting entrepreneurship we have delivered a number of key events to both students in secondary, higher and further education.

- ✓ The final of the 2015 **Beacon Bursary** was held last June. The two winning business proposals were *Rapid IT* and *Women's Workwear Company*. They are both making good progress, with Rapid IT having moved into an office in The Beacon.
- ✓ Six of our schools took part in the **Swansea Bay Young Business Dragons**. The two winners of our semi final were QE High and St John Lloyd schools and they went on to represent the county in the final. QE High school was given a 'Highly Commended' prize, which was a great achievement for them. An evaluation of the whole event took place, with really positive results.
- ✓ Our schools continue to participate in our **'World of Work' programme** and last November, in partnership with S4C and the University of Wales Trinity Saint David (UWTSD) an event was held to help S4C engage with local schools to highlight the potential career opportunities which would come with the new headquarters - Canolfan Yr Egin. Forty, Year 12 pupils from six schools attended the event, attending workshops on the creative sector.
- ✓ Support has been provided to 95 young people via the Prosperous Youth Mentor & the Lift Team
- ✓ As part of our support to schools and colleges for their Welsh Bacallaureate, we have delivered presentations on business and enterprise to them

Pupils at a World of Work day

How do we know we made a difference? / Is anyone better off?

Cllr Meryl Gravell (Executive Board for regeneration and leisure) pictured with Nick Cvetkovic

During last years' live webcast with Sir Terry Matthews, Chair of Swansea Bay City Region, in which budding entrepreneurs from local secondary schools posted enterprise related questions to him via email and social media, one young school pupil from QE High, namely **Nick Cvetkovic** took it upon himself to go up to meet Sir Terry Matthews personally to seek his advise on setting up his own business.

Nick is in the process of setting up his business where he will be given free office space in the Beacon, and where he will create two or three jobs, during which he will also be studying for his A levels. He is being mentored by Sir Terry Matthews as well as receiving advice and support from ourselves.

Nick explained: "We will create brand identity for companies, logos for their websites and any other sort of graphic design for their promotions. I've done planning and research into what design businesses do and how they are run. I'm looking to employ 2-4 graduates to start off. I'm doing this on top of A-levels and there is a lot to do in school as well!"

Improvements for 2016/17

1. **Pareto:** We will manage a professional and business working relationship with key personnel of key strategic businesses / employers in Ammanford, Carmarthen and Llanelli town centres, Cross Hands growth zone, the Rural and Coastal Belt areas
2. We will revisit previous projects in the Transformational Team area that have received Capital Grants of significance and engage with businesses with a view to supporting their growth
3. We will deliver a programme of business and youth enterprise initiatives that includes the Beacon Bursary and the 'World of Work' programme in partnership with local businesses in the Amman/Gwendraeth area through holding events and offering work experience

Goal: G2 Maximising job creation for all

Our Review and Evaluation for 2015/16

As at end of 2015 there were **82,600** people employed in Carmarthenshire of which 78,300 were of working age 16-64 (StatsWales (APS/LFS), March 2016). This translated to an employment rate of **70.9%** higher than the Wales average of 70.3% but remaining below the UK average of 73.5%. Of this total, 33,800 were employed within the nine Welsh Government priority sectors.

The private sector supports 75.9% of the county's total employed population, emphasising the importance of enterprise and innovation to the overall prosperity and wellbeing of the county and its residents. We are a diverse county in many ways, our towns and villages have unique features; our bilingualism strengthens and defines us; our business community operates across many key emerging growth sectors.

Our tourism and leisure offering is inimitable and offers so much to residents and visitors alike. We offer strategic employment sites for business and employees to thrive. High levels of digital connectivity are now in place in Carmarthenshire for us to benefit from in both our home and work lives; and with more investment underway and planned within our transport infrastructure; our county is now extremely well connected.

During 2015/16 through our portfolio of products and services, which are designed for the needs of the Carmarthenshire business community, we created **180** jobs, safeguarded **109** jobs and improved our infrastructure to accommodate a further **1,220** jobs.

Creating jobs and growth throughout the County has been identified as a new Key Improvement Objective Priority for 2016/17

This is due to:

- Regeneration and jobs being a key priority for our Administration
- In order for us to be able to achieve the 2016/17 milestones for the Regeneration Master plan

KEY IMPROVEMENT OBJECTIVE PRIORITY (KIOP)

Creating jobs and growth throughout the County

Carmarthenshire is a county that has seen unprecedented transformation in recent years. The Regeneration Master Plan will highlight much of the excellent work that is currently underway in terms of regenerating the county. It will showcase 6 key transformational projects that Carmarthenshire County Council and its strategic partners are intending to focus on over the next 15 years – this will create more than 5,000 new jobs and endeavour to create an economy within Carmarthenshire which is at 90% of the UK's average GVA level.

Our economy makes up part of the pioneering Swansea Bay City Region which has already and will undoubtedly, continue to offer new projects which will benefit Carmarthenshire.

Providing secure and well paid jobs for local people is central to everything we are seeking to achieve. In the past, too many young people have been forced to leave Carmarthenshire to get jobs. Therefore, creating jobs and providing high quality apprenticeships, training and work experience opportunities is a high priority for us. In order to progress this aim when we undertake investments in new schools, care homes, regeneration schemes and housing, we will work with contractors to maximise employment and training places for local people.

Key Measures of Success

Measure	2014/15 Result	Target	2015/16 Result	Target	2016/17 Target
Job Creation	352	N/A	180	91	299
Jobs Safeguarded	210	N/A	109	120	166
Jobs Accommodated	100	N/A	1,220	1024	32

Overall the 2015/16 results significantly exceeded the job targets set out for the year. This is mainly due to additional projects being supported through the South West Wales Property Development Fund and higher than expected results from our business and social enterprise account management services.

The significant upturn in jobs accommodated figure in 2015/16 was due to the completion of the six year European funded projects such as: ADREF; Cross Hands East Strategic Employment Site Infrastructure Project; and the South West Wales Property Development Fund.

Having commenced a new European six year funding cycle in 2016/17, a number of the proposals identified for 16/17 are actions to secure funding and prepare projects for delivery that will realise significant economic outputs in later years, Delta Lakes (Wellness and Life Science Village) being one project that will deliver significant economic benefits across the region and beyond.

What works?

We helped create, sustain and accommodate jobs through the following:

- The South West Wales Property Development Fund
- Account Management of Carmarthenshire businesses
- Llanelli Town Centre Regeneration
- Cross Hands East Phase 1 Infrastructure Project

The South West Wales Property Development Fund

- ✓ The six year programme successfully completed in December 2015 with 15 projects having received funding to provide new office and industrial buildings across the South West Wales area. On completion the fund had achieved the following regional outputs:
 - ❖ Total investment into the region of **£26.6 million**;
 - ❖ **750 jobs** accommodated;
 - ❖ **228,970 sq ft** of premises created.

Council Chairman Peter Hughes Griffiths with Developer Andrew Bassett at the opening of the South West Wales Property Development Funded Office Development in Carmarthen

The opening of commercial premises in the centre of Carmarthen has been described as one of the final pieces of the jigsaw in the redevelopment of that part of the town. The Coracle Offices in St Catherine Street were built with the support of the South West Wales Property Development Fund. It has achieved a BREEAM Excellent rating for sustainability and is self sufficient for energy. It is therefore very important that small to medium sized businesses are able to find suitable accommodation in Carmarthenshire so that they can help build the local economy.

Account Management of Carmarthenshire Businesses

- ✓ All 40 **Pareto** businesses are now being managed with key intelligence being gathered. Key programme of World of Work is continuing with several key businesses already participating including Magstim, Morganstone and S4C.
- ✓ The **Community Bureau** is actively supporting a number of exciting and ambitious social enterprises which have growth plans in line with the South West Wales Economic Regeneration Strategy and Regional Learning Partnership Delivery Plan

Llanelli Town Centre Regeneration

- ✓ The **Adref** programme including Property Development Fund and Town Improvement Grant projects have been delivered successfully resulting in the following outputs: 116 jobs accommodated; 31,807 sq ft of premises created / improved and investment of £1.3m secured into the county in 2015/16
- ✓ The **Opportunity Street** project to regenerate properties along Stepney Street in conjunction with Welsh Governments Vibrant and Viable Places Funding has commenced with the acquisition and development of number 31 which is now occupied by Steps

Cross Hands East Strategic Employment Site

✓ The project to infrastructure a new **Strategic Employment site** in Cross Hands was completed in June 2015. The project which developed 8.5ha of land for employment use will accommodate 700 jobs and secured an investment into the county of £2.09m in 2015/16.

How do we know we will make a difference? / Will anyone be better off?

Delta Lakes - Wellness and Life Science Village

The multi-million pound Council-led project will be the first of its kind and is being developed through ARCH – A Regional Collaboration for Health - an initiative by Abertawe and Hywel Dda Health Boards and Swansea University. ARCH provides a new model for delivering healthcare specifically planned for today’s increasingly complex needs.

Economy Minister Edwina Hart meeting representatives from ARCH and the council on a visit to the proposed site at Delta Lakes.

The Wellness and Life Science Village on development land at Delta Lakes, Llanelli, aims to transform the way the region delivers care and promotes wellbeing – partnering first-class health, research and life science, with innovative leisure opportunities to help people live healthy lives

Proposals will include: a health & wellbeing academy, business and enterprise, infrastructure, Institute of Life Science, hotel/health tourism and primary care provision. Through a joint funding package (including EU/external funds), this project could realise an initial development in excess of £100M and has the potential to create between 800 and 1,000 jobs. *The project will therefore deliver significant economic benefits across the region and beyond.*

How we plan to achieve the KIOP this year

Goal: G3 Developing a knowledge economy & innovation

In a digital age, it is very difficult to play catch up but the perfect time to leap frog. February 2016 saw the Swansea Bay City Region (SBCR) submit a ground-breaking 'Internet Coast' City Deal bid, in excess of £500m over 20 years, to the UK and Welsh Governments. Spearheaded by SBCR Chair, Sir Terry Matthews, Wales' first billionaire high tech entrepreneur who has founded and funded over 100 high tech communications companies to date, this is a proposition that harnesses the transformational power of digital connectivity to accelerate growth not only for the region but also across the whole of Wales and the UK.

The proposal is based upon the development of **three integrated strands**: the *internet of energy*, the *internet of health and wellbeing* and the *internet of economic acceleration*. In essence the SBCR aims to innovate, test, trial and commercialise internet based solutions that will transform the future of these sectors in much the same way as the internet has transformed communications and telephony.

In doing so, alongside related developments in advanced engineering, the SBCR aims to create high technology jobs both through start-ups and by attracting inward investment in high growth areas and become a circa £15bn economy by 2035 with productivity levels at 90% of the UK level. We will continue to further develop the Internet Coast proposal during 2016.

Regional Learning Partnership (RLP)

The RLP is a transformational partnership bringing education and regeneration partners together to help provide a better future for learners and potential learners across the south west and central Wales region.

It acts as a facilitation body to ensure that publicly-funded learning providers and associated organisations work collaboratively, effectively and efficiently across the areas of education and regeneration to meet the needs of the learners and the regional economy. Part funded by the Welsh Government, the partnership is made up of key representatives from local government, higher education, further education, the third sector, private sector, Careers Wales & Job Centre Plus.

Regional Delivery Plan for Employment and Skills (RDP):

VISION: To increase productivity and grow higher value jobs by addressing barriers, developing employability, skills and progression pathways

The aim of the RDP is to motivate growth in the economy by transforming the learning experience for individuals and employers to create a sustainable, dynamic, entrepreneurial and innovative culture, responsive to future business opportunities. Utilising the potential of our assets whilst promoting equality, diversity and the Welsh Language, is key to responding to the challenges of the diverse economy, demographics and geography of the region.

Employers are essential in this process - to increase productivity and deliver economic success in the region, businesses need to invest in increasing the skills of the workforce and inspire young people to achieve by offering them real-world experiences and meaningful work-placements.

- ✓ The Regional Development Plan for South West & Central Wales has been updated and submitted to Welsh Government, followed up by a consultation period with industry training providers and employers by July 2016

✓ The RLP undertook a **Demand & Supply Assessment** on behalf of the Welsh Government which was to be used to support the implementation of the Regional Delivery Plans and influence the delivery of skills training in the region in line with skills needs. The initial assessment focused on the four key areas of: Energy & Environment, Financial & Professional Services, Tourism, and Health & Social Care.

! There have been delays on the Workways+ project caused by waiting on Welsh Government approval for the project

LEADER

LEADER is the term used to describe a local development approach in rural areas which is implemented by local partnerships. LEADER support will be centred on innovation, networking and acting as a test bed for trialling new ways of working. Responsibility for the management and delivery of LEADER has been devolved to local partnerships, known as a Local Action Group (LAG). The existing rural partnership, 'Grwp Cefn Gwlad,' will undertake this role in Carmarthenshire.

✓ In early September, the LAG received formal approval of a budget of over £3m of RDP investment which will be available to support the piloting of innovative ideas and new ways of working in rural Carmarthenshire over the programme period (2014-2020).

✓ In November 2015, the team began specifically seeking projects in our communities that address certain priorities identified by the LAG. 18 Expressions of Interest were received, of which 6 were approved by the LAG to proceed to the 2nd stage of the application process.

✓ We successfully completed delivery of the European funded the Workways partnership project (employment skills) and have been successful in securing further European funding to support the delivery of the next round Workways+ project in the county up until 2020

✓ We won a two year £90,000 LEADER funded contract for the exploitation of digital technology in rural Carmarthenshire to run digital exploitation events and set up digital hubs in key strategic market towns.

! There have been delays on approving the Rural Development Plan (RDP) by Welsh Government which has had a knock-on effect on delays approving relevant projects

Improvements for 2016/17

1. We will maximise the Digital Connectivity of key settlement Rural Towns and maximise the Economic Benefit for key business and service areas and visitor attraction experience, to include Volunteer & Pilot programmes, along with Wi-Fi and Walled Garden test installations
2. We will through the Workways+ programme increase the employability of Economically Inactive and Long Term Unemployed people aged 25 and over, who have complex barriers to employment
3. We will continue to support the development of the bold and ambitious SBCR City Deal proposal 'Internet Coast'
4. We will continue to manage the delivery of the LEADER programme throughout 2016/17 and ensure linkage with wider developments within the area regeneration teams to develop innovative ways of working with our people, communities and other public sector partners
5. We will commence delivery of the 'Innovation Within the Social Enterprise Sector' project
6. We will, along with other neighbouring Local Authorities, gain approval and begin to develop European funding bids for two projects which are specifically aimed at improving the skills base of our people
7. We will prepare an Employment and Skills Plan in association with Employers in the Region for presentation to Welsh Government to influence the delivery of skills training in the region
8. We will facilitate and implement the Regional Delivery Plan for employment & skills together with the 'Skills pillar' of the Swansea Bay City Region

Goal: G4 Ensuring distinctive places & competitive infrastructures

The Swansea Bay City Region comprises of a number of highly distinctive and attractive places. It is a patchwork of urban and rural areas set against a stunning backdrop of National Parks, magnificent coastlines and impressive landscapes. The richness and diversity of our environment is a real strength and we must ensure that we preserve this for the future.

Our Review and Evaluation for 2015/16

A number of strategic infrastructure projects that had been developed over the past 6 years were completed in 2015/16. The Cross Hands East Strategic Employment Site, South West Wales Property Development Fund and Llanelli Town Centre Adref Projects were all completed in June 2015 with significant economic benefits for both the County and City region. In Pendine works continued on the Parry Thomas Commercial and Events Centre, whilst future proposals to redevelop the 'Museum of Speed' site have received a boost with the scheme being one of 10 schemes prioritised to potentially receive funding from Visit Wales Attractor Destination Project. Town Centre Partnerships in Carmarthen and Ammanford continued to make progress with delivery of Welsh Governments Town Centre Partnership scheme whilst the Opportunity Street project in Llanelli made significant progress with the acquisition and renovation of empty town centre properties

This has lead to:

- Attracting over £28.7m external funding / private sector investment
- Developing 162,447 sq ft of employment space
- 180 jobs being created and 1,220 jobs being accommodated

How did we perform during 2015/16?

Ammanford

- ✓ *Town Centre* activities are continuing as part of the Welsh Government Town Centre Partnership funding scheme, with a footfall counter having been installed to provide weekly data to monitor how effective activities and interventions have been
- ✓ *Foundry Row Site* - interests have been sought, with a preferred developer identified
- ✓ *Cwmamman Road* - the site has been marketed and developers have shown an interest
- ✓ *Glanamman Workshops* - scheme options have been explored with future funding avenues being investigated

Cross Hands East: Strategic Employment Site

- ✓ Construction works are complete with 8.5ha of land transformed into a fully serviced employment site incorporating primary site infrastructure, landscaping and flexible development plateaus. There has been significant interest for the site, with over 12 ongoing enquiries. The site will provide the necessary infrastructure to create a high quality commercial environment to deliver significant job opportunities. It is a key strategic employment destination within the county and is well placed to serve the region. It is anticipated that the development would accommodate 600 jobs.

- ✓ An application for funding is currently being drafted, requesting approximately £5m of ERDF grant for the South West region.

Carmarthen

We have continued to work closely with the *Town Centre Regeneration Forum* to develop and deliver a master-plan for the economic regeneration of Carmarthen and linked economic areas that will cover the period 2014 – 2030

- ✓ The Welsh Government Town Centre Partnership Funded Scheme which commenced in 2014 continues to be delivered. Projects delivered include – 3 new events including the Vintage Festival; footfall counter in King Street; interpretation signage improvements in Nott Square and King Street; a mobile, external projection system to display images on key buildings; trader tourism ambassador training and the launch of new branding
- ✓ We have continued to assist the University of Wales, Trinity St David's in relation to preparation of information for a bid to WG to identify gap funding for the relocation development of Canolfan Yr Egin / S4C
- ✓ The Carmarthen '*Business in the Community*' (BITC) scheme continues to grow from strength to strength and now has 13 national retailers participating in Carmarthen
- ✓ Work has commenced on the designs for both the Jacksons Lane and King Street elements of the master-plan proposals, these are expected to be completed by July 2017

Llanelli

- ✓ **ADREF (Adfywio Tref Llanelli)** – *Linkages*: we have completed or upgraded/new shared cycle pedestrian paths to and from the town centre; *Gateways*: completed improvements to key roundabouts (e.g. Trostre, Sandy) to create a better welcome to the town centre; *Property Development Grant*: through the grant, have created a new base in Carmarthenshire for Wales Air Ambulance.

Pendine

- ✓ Work to construct the Coastal Communities funded commercial and events building on the Museum of Speed site is nearing completion in spite of difficult weather conditions. The building houses four ground floor commercial units, incorporated public toilet facilities and an upper floor events / restaurant space.

Pibwrlwyd

- ✓ The team continues to work closely with Coleg Sir Gar to develop a master-plan for a strategic site that offers potential for: the consolidation and re-development of the existing elements of Coleg Sir Gar

How do we know we made a difference? / Is anyone better off?

Llanelli (Vibrant & Viable Places – Tackling Poverty: Opportunity Street)

Three properties have been bought as part of a £1.5m Opportunity Street project to further regenerate Llanelli town centre. The vacant premises 10, 12 and 31 Stepney Street were acquired with assistance from the Welsh Government [Vibrant and Viable Places](#) funding. Llanelli was allocated £1million under the programme over three years 2014/17. The main aim of the fund is to tackle poverty by creating jobs, encouraging skills development, improving housing, providing facilities and helping people into work.

The intention is to refurbish the properties to bring them back into use, for affordable housing units as well as commercial/service space in Llanelli Town centre. The project focuses upon the principles of preventing poverty and helping people out of poverty, and aims to provide solutions to the local housing need, training, earning and learning opportunities; and the commercial/ service space will hopefully attract new retail interests. Purchasing these properties is a direct way for us to help with the vacant property issue because by taking control, it can bring them back into beneficial uses and help to improve Llanelli town centre.

- ✓ Renovation of the ground floor of 31 Stepney Street for use as a pop-up shop for the Christmas trade was completed; this also gave an opportunity for the STEPS Social Care Social Enterprise Project to utilise the space to trade, as it provided them with a more accessible outlet and the opportunity for wider promotion of the STEPS project.
- ✓ For the refurbishment of 10 & 12 Stepney Street a planning application was submitted and a contractor appointed at the end of March.
- ✓ Additional WG funding has also been approved to purchase other vacant properties which will contribute to the project aims.

Improvements for 2016/17

1. We will continue development and letting of the new Parry Thomas Commercial & Events building units on the Museum of Speed site
2. We aim to secure funding and commence preparatory design works to enable the commencement of construction in September 2017 of Development of International Visitor Attraction Facility in Pendine
3. We aim to complete detailed designs for the Jackson's Lane, Carmarthen improvement project and secure funds to deliver phase 1 of the project to provide an external video screen and retail kiosks
4. We aim to complete detailed designs to be able to secure the relevant traffic order to implement a pedestrianisation scheme for King Street, Carmarthen
5. We will deliver the final year of the Vibrant and Viable Places – Opportunity Street Programme and complete the property acquisition and refurbishment of targeted premises within the town centre for commercial and residential use
6. We will bring back into use the Llanelli YMCA building via the Welsh Government Building for the Future initiative, to enable the building to be used for commercial purposes
7. We will bring the former Ammanford Police Station Site and Court House back into commercial use to contribute to the Town Centre
8. We will reposition the entrance to reduce congestion at Ammanford's Carregamman Car Park and assist overall transport and movement
9. We will fully allocate the Llanelli Town Centre Loan Fund and actively market and release the loan fund to interested parties to incentivise property refurbishment and new build projects
10. We will secure ERDF funding to enable the future delivery of Cross Hands East Strategic Employment (Phase 2 Project)

Goal: G5 Tackling poverty and its impact on the local economy

Poverty relates to a relative socio-economic position in which people lack the adequate income, resources and opportunities to enable them to have an acceptable standard of living within the context of the society in which they live. (European Council & European Commission, 2004)

As the above definition demonstrates, poverty is much broader than money. Poverty impacts upon and is impacted by social, cultural, material and emotional deprivation as well as economic and is concerned with the exclusion of individuals and communities from ordinary living patterns.

Chart 30: Proportion of households in material deprivation, by Local Authority (revised)

Therefore, measures such as levels of material deprivation, which looks at a household’s inability to afford goods and activities typical of society, become more significant in indicating and understanding levels of poverty. According to the National Survey for Wales, 17% of Carmarthenshire’s households experience material deprivation which is slightly above the Welsh average of 16%.

Source: National Survey for Wales (Revised)

Our Review and Evaluation for 2015/16

Why tackling poverty continues to be a Key Improvement Objective Priority in 2016/17

- just over a third of households in Carmarthenshire can be defined as living in poverty, this is above the Welsh average.
- poverty limits the opportunities and prospects for children and young people, damages the quality of life for families and communities and harms the health, well-being and life expectancy of far too many.
- poverty is not only an issue which affects us here and now but also one which has a long term detrimental effect on people’s lives and our society in the future.
- poverty has a detrimental impact for individuals and communities both directly and indirectly affected
- the cross cutting nature of poverty impacts across all areas of society and services delivered by the Council
- the work of the Elected Members Tackling Poverty Focus Group

**KEY IMPROVEMENT OBJECTIVE PRIORITY (KIOP)
Tackling Poverty**

“The Council is working hard to tackle poverty, which presents a major challenge, but without its contribution the situation may be worse”

Welsh Audit Office: Annual Improvement Report 2016.

Over the past three years we have been identifying and developing the work we currently undertake across all Council departments in relation to tackling poverty.

Households Living in Poverty	2013		2014		2015	
	Carmarthenshire	Wales	Carmarthenshire	Wales	Carmarthenshire	Wales
	28,543 (35%)	368,119 (28%)	29,956 (37.1%)	446,586 (33.6%)	29,086 (36.3%)	459,283 (35%)

Why is this measure important?

Welsh Government defines poverty as when “household income is less than 60% of the median income”. For Carmarthenshire that means a household where **income is less than £16,673 a year**.

Carmarthenshire Households living in Poverty

CACI Paycheck Data 2015

On this definition **36.3%** of all Carmarthenshire’s households can be defined as living in poverty in 2015, a decrease of 0.8% from 37.1% in 2014.

! However the number of households living in **severe poverty** in Carmarthenshire has increased over the last year with the number of households receiving an income of less than £10,000 a year rising from 13% in 2014 to nearly 16% in 2015.

! Rural Poverty

Of the 29,086 households living in poverty across Carmarthenshire 58% (16,766) are located in rural areas (as defined under the Rural Development Plan 2015-20).

CACI Paycheck Data

Household Income

Furthermore 59% of the County’s rural wards have recorded a **decrease** in average household income between 2014 and 2015.

This is consistent with the trends of both Wales and Carmarthenshire as a whole where the average income has decreased in the last year.

Our strategy for tackling poverty follows the Welsh Governments strategic priorities of

- Preventing poverty
- Helping people back into work
- Improving the lives of those living in poverty

Preventing Poverty

Living in poverty can significantly impact a child’s life chances and there is therefore a strong correlation between being born poor and experiencing a lifetime of poverty. This intergenerational cycle of poverty is unjust and simply unacceptable.

Preventing poverty is not just about intervention with children and young people but with all groups at increased risk of experiencing poverty. In providing early, targeted and holistic interventions to vulnerable individuals and groups we not only reduce the likelihood of poverty occurring in our communities but reduce the need to establish more costly responsive, mitigating programmes.

Helping People into Work

Getting people into work is one of the most fundamental and effective means of tackling poverty in all its forms. Work not only provides income, but also opportunities for social, emotional and cerebral development as well as general health and well-being. Although there is rising concern around the numbers of people experiencing in-work poverty, helping people into work and to progress within work remains a key focus as chances of experiencing poverty dramatically increase in workless households.

Improving the lives of people living in poverty

There will always be circumstances where people find themselves in poverty for a multitude of reasons that cannot always be foreseen or prevented. It is crucial that in these instances people have access to help to maintain basic standards of living, and support to firstly mitigate the daily impact of poverty and ultimately to find a route out of it.

Last Year

We delivered 10 out of our 12 KIOP commitments last year

Last Year's Commitments		Progress Comment
We will undertake a study of Rural Poverty in Carmarthenshire to identify need / hidden poverty in rural communities (11825)	✓	The Rural Poverty study was conducted on behalf of the Grŵp Cefn Gwlad rural development partnership. The study undertook a full assessment of need within rural communities in respect of issues such as prosperity, education and housing. Existing statistical information was used, together with original survey research of over a 1,000 rural households. This produced a highly credible and unique view on the issues of rural poverty in Carmarthenshire which is being used as a solid evidence base on which funding decisions are being made. The LEADER team are engaging with local people to identify innovative solutions to some of the issues raised which could potentially be piloted under the new programme.
We will formulate a tackling poverty action plan for Carmarthenshire, monitoring headline actions (11826)	✓	An action plan has now been formulated and will be updated annually to capture any new or updated tackling poverty activity. This action plan will form the basis of the Tackling Poverty KIOP for 2016/17 (see <i>How we plan to achieve the KIOP this year</i>)
Preventing poverty		
% pupils that are eligible for Free School Meals who achieved the Level 2 threshold including a GCSE grade A*-C in English or Welsh first language & mathematics (5.0.3.1) Target: 31.60%	✓	The performance of pupils in receipt of eligible Free School Meals has been improved across nearly all Key Stages with 33.69% achieving the Level 2 threshold inclusive measure which is an improvement on 28.85% for the previous year. This success reflects the impact of work undertaken by schools and officers focusing directly on higher achievement for this vulnerable group.
Helping people into work		
% of people aged 16-64 in Employment in Carmarthenshire (Oct 14 - Sep 15) (Source: Annual Population Survey ONS) (Previous Year Result: 68.6% WA: 69.5%)	✓	The % of people aged 16-64 who are in employment in Carmarthenshire has steadily risen over the last three years from 66.7% in September 2013 to 68.6% in September 2014 and 69% in September 2015 . Although employment figures are consistently below that of the Wales average, unemployment rates continue to be less than 1% point lower in Carmarthenshire than for Wales as a whole.
The % of children living in workless households (Source: Welsh Government Stats Wales - 2014) (Previous year Result: 20.4% (Wales Average 16.5%))	✓	The % of children living in workless households in Carmarthenshire has reduced dramatically from 20.4% at December 2013 to 14.8% at December 2014 a reduction of over 2000 children.
We will continue to work to support interventions which address the issue of NEETs (16-25) (11827)	✓	Work is on-going to deliver the Welsh Government's Youth Engagement & Progression Framework (YEPF). The following are some actions put in place to help reduce the number of young people becoming NEET; Year 11 Information Advice and Guidance from Job Centre Plus staff; Careers Events; Year 11 AS level entry requirements of GCSE Maths & English; Common Area Prospectus and Application Process (CAP) – similar to UCAS university process; 11-19 Education Review in Carmarthenshire; Closer links with our Regeneration team

<p>The % of Year 11 leavers (aged 15/16) that are known not to be in education, employment or training (NEET) (5.1.0.1) Target 3.0% (previous year 3.4%)</p>	<p>✘</p>	<p>Unfortunately there has been a slight increase in the % NEET for year 11 leavers to 3.5% but the number has remained the same at 69 pupils for the last two years. Due to the decrease in total of year 11 leavers the % result has increased. The Youth Service has been subject to considerable financial and staffing uncertainty over the past year which has affected the capacity of staff to support young people effectively. Restructuring of the Youth Service is now complete and it is hoped that approval will finally be gained for the Cynnydd project, bringing an additional £2.2M of European Social Fund (ESF) to support young people at risk of becoming NEET.</p>

<p>We will reduce the average number of days taken to process new Housing/Council Tax Benefit claims (6.6.1.2) Target: 24.5 days</p>	<p>✓</p>	<p>We have exceeded our target for reducing the average time for processing housing/council tax benefit claims by over 2 days in the last financial year. Our target was a reduction from 26 to 24.50 days however our average time for processing claims at March 31st 2016 is 21.76 days.</p>
<p>We will retain the low average number of days taken to process notifications of changes of circumstances in Housing/Council Tax Benefit claims (6.6.1.3) Target 5 days</p>	<p>✘</p>	<p>There is a slight decline in the number of days taken to process Housing and Council Tax change of circumstances and the average at end of 2015/16 was 5.23 days. There has been a conscious change of approach with resources and processes focusing on New Claims processing, with a resultant significant improvement in that measure. This has however meant results for Change in Circumstances have slipped very slightly. Nevertheless the result is still well within the top quartile of the latest available all-Wales comparative data.</p>
<p>We will retain the high % of recently calculated Housing/Council Tax Benefit claims that have been calculated accurately based on a sample check at 94% or above (6.6.1.9) Target 94%</p>	<p>✓</p>	<p>During 2015/16 95.45% of the calculated claims were correct based on a sample check which has exceeded our target and showing an improvement on the previous year of 93.94%</p>

<p>We will continue to raise awareness of welfare reforms, particularly the roll-out of Universal Credit affecting Housing Benefit recipients' and engage with partners to ensure that both customers and landlords are properly supported (11794)</p>	<p>✓</p>	<p>Universal Credit (UC) rollout in Carmarthenshire for single claimants began in Oct15 consequently only very limited numbers have gone onto UC. Information in relation to UC is on the website. The new Delivery Partnership Agreement (DPA) with the Dept Work & Pensions (DWP) is in place for 2016/17 whereby the Authority will provide (amongst other things) budgeting support and supporting digital access where required. The Welfare Reform Partnership Steering Group involves a number of our services as well as key partners are currently preparing impact mitigation actions to consider going forward.</p>
<p>We will help additional residents in Carmarthenshire fight fuel poverty in their communities by co-ordinating 'Fuel Clubs' to bulk purchase oil and a reduced price. (11164)</p>	<p>✓</p>	<p>Fourteen fuel clubs now exist across Carmarthenshire introducing residents to cheaper fuel options in the form of community bulk oil orders and credit union services. Fuel club coordinators have received training to become energy champions within their community to encourage fellow residents to engage in energy saving opportunities. (see below for further information)</p>

How do we know we made a difference? / Is anyone better off?

Fuel poverty can have serious detrimental impacts on the health, wealth and well-being of individuals and communities. Fuel poverty is often concentrated in rural areas where cheaper fuel options such as mains gas is not readily available. As a largely rural county many of Carmarthenshire's residents are dependent on more expensive sources of fuel and Carmarthenshire County Council's housing services department have been working with residents for a number of years to support people experiencing fuel poverty or struggling to meet energy bills.

Run by volunteers a number of money saving fuel clubs have been set up which see residents come together to place bulk orders with local fuel providers, taking advantage of significant group savings.

There are now fourteen clubs across Carmarthenshire some with an excess of 500 members making substantial savings on their energy bills and reducing the cost of heating their homes. Members of the Drefach Felindre Fuel Club for example save £20 per order and £750 for the community in total per month amounting to £9,000 per annum. These savings are mirrored across the County's clubs with some of the larger clubs saving as much as £50,000 per annum.

The scheme has received national recognition at two prestigious awards this year. At the Feel the Heat awards 2016, run by Carmarthenshire fuel poverty charity National Energy Action (NEA), Carmarthenshire Fuel Clubs received runners up position and was the only Local Authority winner at the Welsh Housing Awards 2015 receiving first place in the New Idea of the Year category.

How we plan to achieve the KIOP this year

What we will improve & how we will measure success	2016/17
	Target
We will develop a Tackling Poverty Policy statement outlining the Council's overarching approach to tackling poverty. (12137)	August 2016
We will establish a Tackling Poverty Advisory Panel to oversee the Tackling Poverty Action Plan and support the Executive Board Member with responsibility for Tackling Poverty in executing their responsibilities. (12138)	August 2016
We will update the tackling poverty action plan to reflect priorities for 2016/17 and embed it into the KIOP. (12139)	July 2016
Preventing Poverty	
We will further develop the Team Around the Family (TAF) approach across the county for 0-25 year olds as a means of accessing preventative services, in accordance with the implementation of the SSWB Act (2014). We will actively engage in planning for future change and sustainability in view of changes to the Families First (FF) grant and focus on reducing the need for statutory care and support. (12140)	March 2017
We will continue to implement the final year of the expanded Flying Start (FS) programme, promoting early intervention for disadvantaged families with children (0-3) living in specific deprived communities. We will actively engage in planning for future change and sustainability in accordance with Welsh Government future guidance for the grant. (12141)	March 2017
We will continue to implement the final year of the re-commissioned Families First (FF) (0-25) programme, promoting early intervention for disadvantaged families across the County. We will actively engage in planning for future change and sustainability in accordance with Welsh Government future guidance for the grant. (12142)	March 2017

- Supervisors have been reminded of the importance of monitoring call volumes regularly and will adjust call team staffing levels as required.
- Additional lines are also opened at peak times

How did we perform during 2015/16?

Communities First

Communities First (C1st) is the Welsh Government's flagship programme for a community focused approach to tackling poverty.

It supports the most disadvantaged people in the most deprived areas with the aim of helping to alleviate persistent poverty. The programme aims to contribute, alongside other programmes, to narrowing the education/skills, economic and health gaps between our most deprived and more affluent areas. The three areas it delivers across are:

- Prosperous Communities (Economic)
- Learning Communities (Education/Skills)
- Healthier Communities (Health)

The Communities First Programme is delivered geographically across one **Cluster Area** – Tyisha, Bigyn, Glanymor, Llwynhendy, Hengoed, Lliedi, Ammanford, Trimsaran & Felinfoel

Key Outcomes last year under the Communities First programme

Prosperous Communities: We run five Goals Clubs and two 'Kick Start' youth Goals Clubs per week in community venues providing support with CV writing or updating, Universal Jobsmatch support, online job applications, Universal Credit support, IT courses and debt & benefit support.

Lift Programme: The programme supports people who have been out of work for six months or more from households where no adult is in work, to find sustainable training and jobs.

Healthy Communities: Since April 2015, participants who are experiencing mild and moderate mental well-being issues including anxiety, low self confidence and low self esteem have been supported through our wellbeing programme.

Learning Communities: We have delivered numerous accredited training courses to increase participant's employability including; Emergency First Aid, Retail, Customer Service in Hospitality, Health and Safety in Construction and Food Hygiene.

Preventing Poverty

- ✓ Our 'innovative and engaging' financial education website, [Money Wise \(Synnwyr Arian\)](#) was named Best Local Authority Exhibitor at the [Chartered Trading Standards Institute](#) National conference in July 2015. The website is now available to all of Carmarthenshire's primary schools and trials are also taking place in alternative settings including family centres and youth groups. Thousands of children across the County have completed the programme which has helped them to build essential life skills for preventing poverty. "Children are really engaged with the resource. It is very visual and they especially loved finding out the salaries of various jobs!" Laugharne CP School.
- ✓ Free advice event held for parents and expectant mothers in Llanelli Leisure Centre by Communities First. Sessions including language and play, baby massage, sewing workshops, and much more were held giving parents an important opportunity to pick up all sorts of useful advice on things like good nutrition, keeping down the family's energy bills, and making sure their children are safe in the car.
- ! Only 70.4% of children eligible for free flying start child care placements were registered for take up in 2015/16.
- ! There are 4,200 children living in 11,200 workless households across Carmarthenshire

Helping People Back / Into Work

- ✓ Ten further apprenticeship opportunities were made available during the year as part of the Work Ready Programme which provides a diverse range of employment and work experience in a local authority setting. Daniel Thomas, who trained within the transport department, said: *"I feel very fortunate - I was stuck in a career I didn't want to be in, and now I've got an NVQ in business administration and gained a position in the council's department for communities."*
- ✓ Jobs fair hosted by Un Sir Gar in partnership with the Department for Work and Pensions (DWP) and Communities First attracted more than 500 attendees to meet with over 15 local employers in order to secure jobs or training opportunities.
- ✓ We launched a 15 week rugby pilot programme to support young women in the Ammanford area who are not in employment, education or training (NEET) and who are not engaged in an active lifestyle. 25 places were supported through the programme to help young people between the age of 16 and 25 develop skills and to keep fit and healthy.
- ! The Workways programme came to an end in 2014/15 but during the last 12 months work has been undertaken with our neighbouring Local Authorities to set up a New Adult Employability project 'Workways +' under the new EU programme. It has now been approved with an official announcement from Jane Hutt AM (WG Minister for Finance/Governance & Business) made on 16th February 2016. Project mobilisation began on April 1st 2016 and will operate until November 2018

Council apprentices with representatives of the council's Executive Board and staff

Improving the lives of those living in poverty

- ✓ We have supported 4,857 customers as part of the Universal Support Delivered Locally (USDL) trial to help citizens with the transition to the new Universal Credit Welfare Benefit system. Despite the trial ending in August 2015 all elements of the trial have been embedded into business as usual ensuring ongoing support in accessing financial and digital advice.
- ✓ Housing Options teams in partnership with Shelter Cymru launched dedicated homelessness advice sessions to address the increased number of cases usually experienced following the Christmas period. In the first three weeks of the scheme twenty four households came forward looking for support, thirteen of which were found to be at real risk of becoming homeless and received additional support from the teams.
- ✓ Trading standards officers have been working closely with Police colleagues to identify and visit residents potentially vulnerable to mail, internet and telephone scams. The pilot has been running in the Ammanford area and is now being extended to Llanelli.
- ! According to WIMD 2014, 88% of the Carmarthenshire LSOAs in the top 30% most deprived areas in Wales for access to services are located in rural parts of the county including three LSOA's that are within the 10% most deprived areas in terms of access to services in Wales.

Other Improvements for 2016/17

1. We will link the Mobile Library service with Un Sir Gar (the Hub) to provide employability and Digital support services across the county - linking in with the Carmarthenshire 'Do It Online' campaign. (12150)
2. We will replicate the 'hub' arrangements in other areas at premises within or close to the Town Centre. (12151)

Goal: G6 To build a bilingual economy and workforce**Our Review and Evaluation for 2015/16**

Sectors, Sites, Seaside & Shwmae – We are a diverse county in many ways, our towns and villages have unique features; our bilingualism strengthens and defines us; our business community operates across many key emerging growth sectors. The makeup of our economy is a mixture of elements all enhanced by strategic employment sites; businesses in varied sectors; a bilingual and connected economy that is unique and presents outstanding opportunities. Carmarthenshire has an offering for all, with a lifestyle, heritage and sense of place that is traditional, modern and welcoming.

According to the 2011 Census, there are nearly 80,000 Welsh speakers in Carmarthenshire. Considering that the population of the County is 183,777, nearly 1 in every 2 customers speaks Welsh. As a local authority we have a duty to encourage the use of our Welsh language services. This principle forms an important part of the Welsh public sector's efforts to contribute towards the prosperity of the Welsh language as a unique, minority but living language.

There is a business advantage to using Welsh

Offering a language choice to customers is good practice in customer care and shows respect to the customer and respect to the Welsh Language.

Welsh Language Standards detail how we are supposed to treat the Welsh language when providing our services. The standards which have been passed by the Welsh Government are placed on us by the Welsh Language Commissioner and from April 2016 we are required to comply with the new standards. The standards require us to 'treat the Welsh language *no less favourably* than the English language', and to 'promote and facilitate the use of Welsh in the county'.

Safonau Iaith Cyngor Sir Gâr
Carmarthenshire County Council
Welsh Language Standards

**How did we perform during 2015/16?**

- ✓ We have undertaken detailed preparatory work for the introduction of the Welsh language Standards. This includes promotional / explanatory messages for staff and detailed guidelines to support them in their day to day duties
- ✓ We have invested in our Translation Unit to ensure that we are able to support officers to work bilingually and that all documentation from the council is to a high standard
- ✓ We have continued to tailor our Welsh in the workplace provision for staff. One of the key successes is a specialist course for individuals who provide care for older people. This reaffirms our commitment to the 'More than Just Words' strategic framework for the Welsh language in Social Care and Social Services.

How do we know we made a difference? / Is anyone better off?

The Carmarthenshire Welsh language Forum has developed and published a series of guidance for Businesses across the county, in order to support them to promote the Welsh language in their day to day work.

The guidance gives practical support on steps that can be taken by businesses to increase the use of the Language and explains the advantages of working bilingually. This includes:

- A higher public profile, wider support base as businesses increase the size of their target market, and promote customer loyalty

- Language is an important part of every person's identity
- The Welsh Language (Wales) Measure 2011 gives the Welsh language an official status in Wales
- A person can express themselves more effectively in their chosen language
- Providing bilingual services and contributes to equality and good practice
- Respecting the language choice of Welsh speakers and non-Welsh speakers
- Contribute towards protecting the county's intrinsic language and culture
- Research shows that being bilingual promotes the ability to solve problems and learn other languages
- Win instant rapport with clients

See also Goal F7: *Ensuring the promotion of the Welsh language and Welsh culture in the Sustainable Outcome*

Improvements for 2016/17

1. We will strengthen the position of the Welsh language in Carmarthenshire by implementing the recommendations of the 'Welsh Language in Carmarthenshire' report of March 2014.
(12152)
2. We will increase the % of businesses trading bilingually through our business account management function with businesses and the third sector by encouraging businesses to see the value of doing business bilingually.
3. We will require all applicants in receipt of an offer of third party grant funding to have a Welsh Language Policy in Place (Target of 30 businesses).

There is a suite of **National measures** for all council's in Wales, where we are required to collect them, to set performance targets and publish both our target and performance in our Annual Report/Improvement Plan

There are two main ways of measuring improvement:-

- Year on year improvement – shown under 'A' in the table below
- How we compare with other Authorities in Wales – shown under 'B' in the table below – the majority of the comparative data is for 2014/15 other than some of the Education data which is for 2015/16 and marked with #. All 2015/16 results for all Welsh Authorities, will be published by the Local Government Data Unit in September 2016.

<p>This result is published by Welsh Government and is based on data from the previous year's returns (2014/15) for affordable Housing data and New build data collection which does not only cover data from Local Authority Building Control but also National House-Building Council and other Authorised Inspectors. There has been a slight increase in the number of additional affordable housing in Carmarthenshire for 2014/15 of 47 compared to 40 in 2013/14 but due to a higher increase in the number of additional housing units provided of 579 from 471 the % result has remained constant. Longer term differences are also due to the lack of financial strength of local housing associations. We therefore get fewer homes completed without the use of Social Housing Grant than is achieved in many other parts of Wales. We will be addressing this issue in our Affordable Housing Plan for Carmarthenshire, which will see a much greater role for the County Council in the delivery of new affordable homes. The 2016/17 result should increase as it will be based on delivery of 160 affordable homes through these schemes during 2015/16.</p>

EXECUTIVE SUMMARY

COMMUNITY SCRUTINY COMMITTEE 20th JUNE 2016

Community Scrutiny Committee Forward Work Programme for 2016/17

Purpose of the briefing paper

The purpose of this paper is to inform the development of the Community Scrutiny Committee forward work programme for 2016/17.

The purpose of the Forward Work Programme

Article 6.2 of the County Council's Constitution states that: *"Each scrutiny committee is required to develop and publish an annual forward work programme, identifying issues and reports to be considered during the course of a municipal year"*.

The development of a work programme:

- Provides an opportunity for members to determine the priority issues to be considered by their scrutiny committee over the course of the next year.
-
- Provides a focus for both officers and members, and is a vehicle for communicating the work of the Committee to the public. The programme (see attached report) will be published on the council's website and will be updated on a quarterly basis – www.carmarthenshire.gov.uk/scrutiny – and sent to key stakeholders for information. It will also be updated on a quarterly basis.
- Ensures agreement of provisional agendas for scheduled scrutiny meetings within the council diary. The Programme is a flexible document that can be amended to reflect additional meetings and agenda items during the course of the year.

Members will recall that the Committee held an informal planning session on the 8th April 2016 to consider the draft briefing paper and begin the process of formulating the forward work programme for 2016/17. The outcome of this meeting is now presented to the Committee in this briefing paper for formal approval.

Community Scrutiny Committee

Forward Work Programme 2016/17 Briefing Paper

20th June 2016

1. Purpose of the briefing paper

The purpose of this paper is to inform the development of the Community Scrutiny Committee forward work programme for 2016/17.

2. The purpose of the Forward Work Programme

Article 6.2 of the County Council's Constitution states that: "Each scrutiny committee is required to develop and publish an annual forward work programme, identifying issues and reports to be considered during the course of a municipal year".

The development of a work programme:

- Provides an opportunity for members to determine the priority issues to be considered by their scrutiny committee over the course of the next year.
- Provides a focus for both officers and members, and is a vehicle for communicating the work of the Committee to the public. The programme (see end of this report) will be published on the council's website and will be updated on a quarterly basis – www.carmarthenshire.gov.uk/scrutiny – and sent to key stakeholders for information. It will also be updated on a quarterly basis.
- Ensures agreement of provisional agendas for scheduled scrutiny meetings within the council diary. The programme is a flexible document that can be amended to reflect additional meetings and agenda items during the course of the year.

This briefing paper makes reference to issues emerging from the Executive Board's Forward Work Programme, a review of key issues to emerge from the Committee's work over the past year, together with any uncompleted scrutiny business from the Committee. This information, together with standard scrutiny items (e.g. budget consultation reports and performance monitoring reports) has informed the development of the briefing paper which provides a broad outline of suggested areas for the Community Scrutiny Committee to consider.

Members will recall that the Committee held an informal planning session on the 8th April 2016 to consider the draft briefing paper and begin the process of formulating

the forward work programme for 2016/17. The outcome of this meeting is now presented to the Committee in this briefing paper for formal approval.

3. Membership and remit of the Committee

The Community Scrutiny Committee has 13 members. It has responsibility for the following services and issues:

- Public sector housing
- Private sector housing
- Regeneration
- Community regeneration / development
- Economic development
- European grants
- Other External funding
- Libraries
- Museums
- Archives
- Planning policy
- Recreation and leisure
- Sport

4. Community Scrutiny Committee Forward Work Programme

4.1 Performance & Progress Monitoring

Items within this section have been included to reflect the monitoring role of scrutiny and particularly to enable the Community Scrutiny Committee to hold the Executive Board to account in key areas.

Included are standard scrutiny monitoring reports and monitoring of other key priority/risk areas that have been identified by the former scrutiny committees during last/previous years' work programmes.

Item	Rationale	Frequency / Date
Performance Monitoring Reports	This is a standard 6-monthly report which allows members to undertake their monitoring role in relation to the department's services. The report also includes details of the compliments and complaints received by the department. Following agreement by the Scrutiny Chairs & Vice-Chairs Forum, the performance monitoring reports will now be presented for Quarter 1 and Quarter 3 with the standard Annual Report and Improvement Plan item now providing an end of year overview.	Every 6 months – 20th July 2016, 29th September 2016 and 17th February 2017
Revenue / Capital Budget Monitoring Reports	This is a standard item which allows members to undertake their monitoring role of the departmental budget.	Quarterly – 20th July 2016 onwards

Item	Rationale	Frequency / Date
Community Scrutiny Committee Action & Referral Updates	These quarterly update reports outline the progress being made in relation to any actions and referrals resulting from discussions at the Committee's meetings.	Quarterly – 20th July 2016 onwards
Community Scrutiny Committee Forward Work Programme 2016/17	The County Council's Constitution requires scrutiny committees to develop and publish annual forward work programmes that identify issues and reports to be considered during the course of the municipal year. Following the planning session held on the 8th April, this report will enable the Committee to confirm its Forward Work Programme for 2016/17.	Annually – 20th June 2016
Leisure Services – Archives Update	This item will provide the Committee with an update on recent developments relating to the Archive Service.	20th June 2016
Carmarthenshire's approach to the national Licensing Scheme for Private Landlords	The Housing (Wales) Act 2014 makes it a requirement that all landlords and agents who manage or let private sector homes in Wales obtain a licence. This report will provide the Committee with an update on progress in Carmarthenshire relating to national licensing of landlords and agents.	20th June 2016
Task and Finish Monitoring Report – Empty Properties	Scrutiny committees have a key role to play in the monitoring of the implementation of recommendations to emerge from previous task and finish groups. This report will provide the Committee with details of progress against the recommendations made by its Task & Finish Group, following the review of Empty Properties during 2014/15.	20th July 2016
Leisure Services – Gym Update	This item will provide the Committee with an update on the recent improvement works carried out in the Authority's leisure centre gyms.	20th July 2016
Community Scrutiny Committee Annual Report 2015/16	In accordance with Article 6.2 of the Authority's Constitution, each Scrutiny committee "must report annually to full	Annually – 20th July 2016

	Council on their workings and make recommendations for future work programmes taking account of resources available and amended working methods." This report will provide members with an overview of the Committee's work during 2015/16.	
Task and Finish Monitoring Report – Planning Enforcement	The Committee has regularly monitored progress in relation to the implementation of recommendations from its task and finish review of planning enforcement procedures and protocols. The Committee will hold a joint meeting with the Planning Committee to consider this monitoring report.	29th September 2016 (Jointly with the Planning Committee)
TIC Project Update	The TIC Team was established to support a programme of transformational change across the Local Authority and to seek opportunities to drive out waste and inefficiency by delivering more purposeful services. This item will provide the Committee with an update on the work of the Team and examples of projects that it has supported in services that are within the Committee's remit.	29th September 2016
Half-Yearly Economic Development Update	This report will provide details of progress made within Physical and Community Regeneration, Business Services, Regional Learning Plan, Marketing and Tourism as well as the Swansea Bay City Region.	3rd November 2016
Planning Services Annual Performance Report 2015/16	As part of the 'Positive Planning' consultation in December 2013, the Welsh Government consulted on a series of proposals for measuring the performance of key stakeholders in the planning service. The Planning Performance Framework table, which was adopted in November 2014, reports the performance of local planning authorities against indicators and targets	3rd November 2016

	<p>set by the Welsh Government.</p> <p>The Authority is required to submit this report to the Welsh Government in November of each year and this item will provide the Committee with an opportunity to consider and comment on this report.</p>	
<p>Leisure Services Division Annual Update and Input into the Business Plan 2017/18</p>	<p>This report will provide details of progress made by and performance of the Leisure Division during 2016/17 including:</p> <ul style="list-style-type: none"> • Countryside Services • Cultural Services • Sports and Leisure <p>It will also allow the Committee to comment on the Division's key priorities and aims for 2017/18.</p>	<p>30th March 2017</p>
<p>Garage Sites</p>	<p>At its meeting in February 2016, the Committee discussed the Authority's garage sites. It was agreed that a more detailed report be presented to the Committee at a future meeting.</p>	<p>To be confirmed</p>

4.2 Policy Development / Policy Review

Scrutiny committees can play a key role in contributing to the development of new policies by having early input into the shaping of a policy and providing evidence based proposals for the Executive Board to consider. The Committee itself may also request to undertake a review of a particular policy or strategy. The Committee can decide to undertake a review or develop a policy via a Task & Finish Group or as a Committee (over the course of 2-3 meetings).

Item	Rationale	Frequency / Date
<p>Access to Social Housing Policy</p>	<p>This Policy requires review as a result of The Housing (Wales) Act 2014 which places a new duty on local authorities to work with people who are at risk of losing their home within 56 days to help find a solution to their problems. The new provisions require greater joint</p>	<p>29th September 2016</p>

	working between the Government, local authorities and the housing industry – including the private rented sector and housing associations.	
Community Infrastructure Levy Update	At its meeting in January 2016, County Council agreed to progress a Community Infrastructure Levy (CIL) for Carmarthenshire and “authorise the production of a Preliminary Draft Charging Schedule, which would identify the amount of CIL sought from each qualifying development, and to conduct a formal consultation on its content along with the associated evidence base”. This report will provide the Committee with an update on progress to date.	29th September 2016

4.3 Pre-Decision Scrutiny

This section provides an opportunity for members to contribute to future decisions of the Executive Board and / or Council.

Item	Rationale	Frequency / Date
CCC Annual Report 2015/16 and Draft Improvement Plan 2016/17	The Local Government (Wales) Measure 2009 requires the Authority to publish an annual plan of its key improvement objectives and an assessment of how it has performed in the previous year. This year the Welsh Government has allowed the Authority to publish them in a single report. The Committee will receive the elements of the plan and annual report that are relevant to its remit.	Annually – 20th June 2016
Revenue Budget Setting 2017/18 to 2019/20 (Non-HRA)	To provide members with an opportunity to consider and comment on the budget settlement, the relevant departmental service budgets and efficiency savings proposals.	Annually – 5th December 2016
Capital Programme Budget Setting 2017/18 onwards (Non-HRA)	To provide members with an opportunity to consider and comment on the draft five-year capital programme.	Annually – 5th December 2016

Item	Rationale	Frequency / Date
Communities / Environment Business Plans 2017/18	This report will provide members with detail of how the relevant Divisions within the Committee's remit will provide their services through the setting of objectives, actions and targets via the business planning process.	Annually – 5th December 2016
Housing Revenue Account (HRA) Revenue & Capital Budget 2017/18	This report will provide members with an opportunity to consider and comment on the HRA budget and service and rent charges for 2017/18.	Annually – 20th January 2017
Carmarthenshire County Council's Well-Being Objectives 2017/18	The Well-being of Future Generations Act requires most public bodies in Wales to carry out sustainable development with the objective of improving the social, economic, environmental and cultural well-being of their area. It places a well-being duty on those public bodies to set and publish objectives designed to maximise their contribution to the seven national well-being goals. They are also required to take all reasonable steps to meet those objectives. This item will provide the Committee with an opportunity to consider and comment on the Council's proposed objectives for 2017/18.	Annually – 20th January 2017
Carmarthenshire Home Standards Plus Business Plan 2017-20	The Plan will explain the vision and detail of the Carmarthenshire Homes Standard Plus, and what it means for tenants. The Committee will have the opportunity to consider the CHS+ Business Plan, and the financial and delivery programme over the next three years, allowing submission to Welsh Government.	Annually – 17th February 2017

4.4 Investigative Scrutiny

This section reflects scrutiny's role in undertaking 'light-touch' or 'in-depth' reviews of particular service areas or themes. There are a number of reasons why scrutiny committees may want to undertake a review of this nature. These include:

- Concerns about performance evidenced by previous scrutiny reports, or concerns expressed by members of the public about a particular issue.

- The need to explore opportunities for further development of a service offered by better and improved working with partners etc.
- To assist in assessing the impact of new legislation or guidance.

Investigations may be carried out via Committee meetings or through an in-depth review conducted by a task and finish sub-group of the Committee.

5. Development / Briefing Sessions

The Committee has indicated that it wishes to undertake a series of site visits across the county in relation to museums and libraries. Suggestions include:

- Carmarthenshire Museum (Abergwili)
- Parc Howard Museum (Llanelli)
- Museum of Speed (Pendine)
- Bro Aman Heritage Room (part of Ammanford Library)
- Carmarthen Town Museum (part of Carmarthen Library)
- Kidwelly Industrial Museum (run by a Trust with Local Authority support)
- Libraries – Main libraries at Llanelli, Carmarthen and Ammanford

Development sessions will be arranged for the scrutiny committees during 2016/17, as and when they are requested.

4. PUBLIC QUESTIONS (NONE RECEIVED)

No public questions had been received.

5. FORTHCOMING ITEMS

The Committee received a list of forthcoming items to be considered at its meeting to be held on the 6th May, 2016.

UNANIMOUSLY RESOLVED that the list of forthcoming items be received.

6. REVENUE & CAPITAL BUDGET MONITORING REPORT 2015/16

The Committee received for consideration the Revenue and Capital Budget Monitoring Reports for the Housing, Regeneration, Planning and Leisure and Sport Services that provided an update on the latest budgetary position as at the 31st December, 2016 in respect of the 2015/16 financial year.

The following issues were raised during consideration of the report:-

In response to a question on staff vacancies within the Planning Division, the Head of Planning confirmed that whilst the Division was short of resources, it was not intended that the posts would remain vacant as consideration was currently being given to a re-alignment of posts, with a view to staff resources being directed to the areas in most need.

Reference was made to the dredging works to be undertaken to Burry Port Harbour, and an update requested thereon together with the status of the group known as the Friends of Burry Port Harbour. The Head of Leisure advised that tender documents were currently being prepared for the major dredging works of the inner harbour, which were scheduled to be undertaken during the Autumn of 2016. The annual dredge of the outer channel would be undertaken in the spring, as normal. With regard to the Friends of Burry Port Harbour, that was an external constituted group established with the aim of securing improvements to the harbour area, which the Council had met with on two occasions, on request.

In response to a question on digitising library materials, the Head of Leisure advised that it related to proposals to digitise a range of materials including historic photographs, with the cost to be met primarily from the services' revenue budget. In addition to digitisation, the division was also investing in its I.T. systems via the rollout of Radio Frequency Identification (RFID) technology, an automated scanning system enabling users to check out library books themselves. The Committee was also informed of recent improvements to the St Clears library incorporating a craft centre, a café and, potentially, the local Police Station, which was being considered as a co-located services model for other libraries etc within the county.

The Head of Leisure in response to a question on Parc Howard, Llanelli, advised that it was proposed to undertake works to the roof externally at a cost of £240k from the repair and maintenance budget. Should those works exceed that provision, the additional cost would be met from the revenue budget.

Reference was made to the number of vacancies within various services and to whether posts were not being filled as a means of balancing the budget and funding any overspend. The Head of Leisure advised that whilst there were always vacancies within the department, arising from the natural turnover of staff, the department was corporately required to continually assess its budget, with the management of staff being a part of that process. However, posts were not being kept vacant to fund any potential overspend.

Reference was made to the previous monies set aside for improvements to Ammanford Town Centre, and clarification sought on what works had been undertaken to improve footfall to the town centre, apart from the pedestrianisation of Quay Street. The Interim Economic Development Manager (SW) advised that

initially, a meeting had been held with members in September 2015 to discuss potential projects to be undertaken within Ammanford utilising the £485k capital funding set aside. Subsequently, at a meeting held in January 2016, it had been agreed that the list of aspirational projects be reviewed. Notwithstanding that review, a number of projects had been undertaken, or were close to completion, which included a proposed housing and office development at Foundry Road, the deadline for the submission of interest for the development of the former Police Station was set for the 7th April, the library had been refurbished and £250k was to be spent on upgrading facilities at the leisure centre, incorporating a new fitness suite.

In response to a question on Opportunity Street in Llanelli, the Interim Economic Development Manager (SW) reported that, to date, three properties in Stepney Street had been purchased with the assistance of grant funding from the Welsh Government. Planning consent was currently being sought for the development of those properties, including the provision of car parking for the residential element, with works expected to commence in the near future. With regard to the Welsh Government Grant, the Committee was advised that in addition to the original £400k grant, the Council had been awarded a further £588k for the acquisition of additional properties.

In response to a question on the challenge to the Compulsory Purchase Order for the Cross Hands East Strategic Employment Site, the Interim Economic Development Manager (SW) confirmed that whilst negotiations were on-going, it was anticipated the cost of the project would not exceed the £1.1m budgetary provision.

Reference was made to the increased £408k income received from reducing the amount of time council properties were void, and the Head of Housing and Public Protection advised that the increased income was attributable to the introduction of new processes by building services which, over time, had reduced the average void period from 80 to 20 days.

UNANIMOUSLY RESOLVED that the report be received.

7. LEISURE SERVICES ANNUAL UPDATE

The Committee received for consideration the Leisure Services Annual Update Report for 2015/16 across its service areas of Leisure and Sport, Cultural Services, Countryside and Coast and the Pendine Outdoor Educational Centre set against the following seven outcomes:

Outcome 1 – People can access opportunities to be active

Outcome 2 – More Children and Young People are hooked on leisure / cultural activity for life (0-24)

Outcome 3 – More people (25years+) are active in Leisure and Culture

Outcome 4 People are affiliated to clubs / community groups or facilities

Outcome 5 – People are given the skills to become physically and creatively literate for life

Outcome 6 – People achieve their potential

Outcome 7 – Our facilities and services are well managed and efficient

The following issues were raised on the report:-

Reference was made to the increased income in Leisure and Sport and to whether that was attributable to increased charges, attendance or both. The Head of Leisure advised that the increase was mainly attributable to increased patronage. However, whilst increased charges had played a part, it should be noted that any increases had been set at a sensitive level and had regard to any validation of the division's budget to reflect inflationary costs including pay awards and energy bills.

In response to a question on the income and expenditure cost for Cultural Services, the Head of Leisure advised that whilst it operated a number of services including libraries, museums, theatres and archives the report related to the operation of the service as a whole, and not individual elements. He reminded the Committee that only certain cultural services including the theatres and the Laugharne Boat House levied a charge for accessing facilities. He reported that whilst the operational cost of the service was displaying a downward trend, the net cost to the Authority was nearly £3m.

Reference was made to recent increases in the minimum wage and clarification sought on any impact that could have on the division's operating costs, especially in relation to wage levels within the private sector. The Head of Leisure advised that as the Division had to operate within the Council's pay policy, any increase in wage costs would be funded corporately and validated into its budget. With regard to pay levels within the private sector, although the pay gap was narrowing, the way the private sector operated was less bureaucratic, and the Division whilst adapting to change more quickly, had to ensure any changes complied with the Council's Policies and Practices.

Reference was made to the operation of leisure services by the private sector and to whether that sector viewed the Council as a competitor. The Head of Leisure advised that whilst that was evident to some extent, it should be noted that the private sector mainly operated services from which it could make a profit unlike the Council which provided a range of services under the Education, Social Care and Health and Well-Being objectives.

In response to a question regarding recent Audit concerns on the operation of the Pembrey Country Park, the Head of Leisure confirmed that the Division was working with the Council's Audit Division to ensure its operation complied with the Council's processes and procedures.

UNANIMOUSLY RESOLVED that the report be received.

8. ECONOMIC DEVELOPMENT UPDATE

The Committee received for consideration an update report on the key activities of the Economic Development Division as detailed within the report.

The Following issues were raised on the report:

Reference was made to the 'ARCH' project and to whether that included the provision of a home for the elderly. The Committee was advised that the ARCH project was part of a £100m highly ambitious and significant project to provide a complex Wellbeing and Life Science Village on land at Delta Lakes in the context of the Swansea Bay City Region in conjunction with Abertawe Bro Morgannwg

University Health Board, the Hywel Dda Health Board, Swansea University and the Welsh Government which would include provision for a health and well-being academy, business and enterprise infrastructure, Institute of Health Science, Hotel/Health tourism and primary care provision. The wellness element would include the provision of a wellness village for retired people helping them to live healthier and longer lives.

Reference was made to the European Regional Development Fund and European Social Fund programmes and information sought on whether their future delivery could be affected by a vote to leave the European Union in the forthcoming referendum. The Interim Economic Development Manager (HM) advised that should there be a vote to leave the union, the process could take 5 years to resolve. However, guarantees had been received that the above programmes would be secure up to 2020.

Reference was made to the work being undertaken by the Tourism and Marketing Section on promoting Carmarthenshire and to the recently created Marketing Suite for the Swansea Bay City Region in the Great Hall at the New Swansea University Campus. It was suggested that there may be merit in the committee visiting the suite.

UNANIMOUSLY RESOLVED

8.1 That the report be received.

8.2 That arrangements be made for the Committee to visit the Marketing Suite at the Swansea University Campus

9. EXPLANATION FOR NON-SUBMISSION OF SCRUTINY REPORT

The Committee noted the reasons for the non-submission of the Supporting People Programme Update.

UNANIMOUSLY RESOLVED that the reason for the non-submission be noted.

10. TO SIGN AS A CORRECT RECORD THE MINUTES OF THE MEETING HELD ON 12TH FEBRUARY 2016

UNANIMOUSLY RESOLVED that the minutes of the meeting held on the 12th February, 2016 be signed as a correct record.

6. ADOLYGIAD GRWP GORCHWYL A GORFFEN Y PWYLLGOR CRAFFU CYMUNEDAU 2013/14 - MONITRO'R CYNLLUN GWEITHREDU

Yn unol â chofnod 5.4 y cyfarfod a gynhaliwyd ar 14^{eg} Medi 2015, derbyniodd y Pwyllgor adroddiad cynnydd i'w ystyried ar weithrediad Adolygiad Gorchwyl a Gorffen y Pwyllgor Craffu Cymunedau o Orfodi Cynllunio.

Atgoffwyd y Pwyllgor gan y Rheolwr Rheoli Datblygu mai diben yr adroddiad oedd rhoi diweddariad iddo ar y camau a gytunwyd fel rhan o'r Cynllun Gweithredu a'r argymhellion a gwyd o'i gyfarfod a gynhaliwyd ym mis Medi 2015. Cyfeiriodd yn benodol at argymhelliad 18 ynglŷn â sefydlu Grŵp Gorfodi Amlddisgyblaethol Corfforaethol, a nododd, yn dilyn cyfarfod cyntaf y grŵp ar 14^{eg} Mawrth 2016, y rhoddwyd ystyriaeth i'r prosesau gael eu mabwysiadu er mwyn symud ymlaen ar rai o argymhellion y cynllun gweithredu, a oedd yn cynnwys y canlynol:-

- Archwilio materion sy'n codi o ymddygiad gwrthgymdeithasol er enghraifft, effaith cloddiau uchel a sut mae hynny'n effeithio ar draws adrannau
- Polisi Gorfodi Corfforaethol a threfniadau i ddirprwyo i Swyddogion,
- Eiddo Adfeiliedig
- Datblygu protocol gyda Heddlu Dyfed-Powys ac asiantaethau eraill at ddiben rhannu gwybodaeth.

Codwyd y materion/cwestiynau canlynol wrth ystyried yr adroddiad.

- Mewn ymateb i gwestiwn ar argymhelliad 1 ynghylch rhoi briff i'r aelodau, meddai'r Pennaeth Cynllunio, yn sgil cyflwyno is-ddeddfwriaeth gan Lywodraeth Cymru ar y Bil Cynllunio newydd, ystyriwyd mai hwylus fyddai gohirio dyddiad targed Rhagfyr 2015 ar gyfer y briff er mwyn cynnwys diweddariadau ar y ddeddfwriaeth ddiweddar. Byddai trefniadau'n cael eu gwneud felly i'r briff gael ei ddarparu yn nes ymlaen.
- Cyfeiriwyd at orfodi gwaith adeiladu heb ei awdurdodi a pha gamau oedd ar gael i'r Cyngor, ar wahân i roi hysbysiad atal, i sicrhau y rhoddir gorau i'r gwaith.

Meddai'r Rheolwr Rheoli Datblygu mai'r cam cyntaf fyddai annog datblygwyr i roi'r gorau i'r holl waith ar y safle a gwneud cais am ôl-ganiatâd cynllunio. Fel Awdurdod Cynllunio Lleol, roedd yn rhaid i'r Cyngor, wrth ymdrin â datblygiad heb ei awdurdodi, lynu wrth ddeddfwriaeth gynllunio a phetai'n rhoi Hysbysiad Atal, ac wedyn yn rhoi caniatâd cynllunio, gallai adael ei hun yn agored i gael ei herio. Ym mhob achos, ystyriwyd mai'r cam olaf fyddai rhoi Hysbysiad Atal. Petai datblygwyr yn dewis anwybyddu ceisiadau i roi'r gorau i'r gwaith, ar wahân i drwy hysbysiad atal ffurfiol, risgiau i'r datblygwyr yn unig fyddai'n gysylltiedig â hynny. Ond byddai'n rhaid i bob cais, boed yn arferol neu'n ôl-gais, gael ei ystyried ar sail eu rhinweddau cynllunio.

- Mewn ymateb i gwestiwn ar argymhelliad 8 ynghylch cyhoeddi canllaw iaith glir ar brotocol gorfodi i aelodau etholedig a'r cyhoedd, meddai'r Pennaeth Cynllunio bod y protocol yn cael ei ddiweddarau ar hyn o bryd i adlewyrchu'r is-ddeddfwriaeth a

gyhoeddwyd gan Lywodraeth Cymru ar 16⁹⁹ Mawrth ar y Bil Cynllunio newydd. Er mai ar-lein y byddai'r canllaw ar gael yn bennaf, byddai copïau papur ar gael ar gais.

- Mewn ymateb i gwestiwn ar argymhelliad 12 ynglŷn â'r ffioedd ar gyfer prosesu ôl-geisiadau cynllunio, cadarnhaodd y Pennaeth Cynllunio fod Llywodraeth Cymru wedi penderfynu peidio â dewis yr opsiwn o ddyblu'r ffioedd hynny. Er bod costau ychwanegol i'r adran wrth brosesu'r ceisiadau hynny, heb i'r adran dderbyn addaliad am hynny, meddai gan fod ffioedd cynllunio yn cael eu gosod yn genedlaethol gan Lywodraeth Cymru ni allai'r Cyngor benderfynu'n unochrog gynyddu'r ffioedd a gwyd ar ôl-geisiadau cynllunio. Serch hynny, roedd y Bil Cynllunio newydd yn cynnwys darpariaeth i awdurdodau cynllunio godi tâl am fathau penodol o waith, e.e. cyngor cyn cyflwyno cais, a byddai adroddiad ynglŷn â hyn yn cael ei gyflwyno i'r Cyngor yn ei bryd.
- Mewn ymateb i gwestiwn yn ymwneud â chofnodi ôl-geisiadau cynllunio, meddai'r Pennaeth Cynllunio nad oedd system gyfrifiadurol bresennol yr adran yn gwahaniaethu rhwng ceisiadau arferol ac ôl-geisiadau. Ond gan y byddai system newydd yn cael ei gosod yn y dyfodol agos, byddai'n archwilio i ba mor bosibl fyddai cynnwys darpariaeth i nodi a chofnodi ôl-geisiadau cynllunio.
- Cyfeiriwyd at ddatblygu heb awdurdodi a chadarnhaodd y Pennaeth Cynllunio fod yr Awdurdod yn gweithredu i sicrhau y rhoddir y gorau i'r gwaith hynny, a oedd yn cynnwys dymchwel a gwaredu pob strwythur.
- Mewn ymateb i gwestiwn ar argymhellion 15 ac 16, cadarnhaodd y Pennaeth Cynllunio fod trefn hyfforddiant a gweithdrefnau lechyd a Diogelwch yn eu lle i staff sy'n ymweld â safleoedd. Roedd y rhain yn cynnwys hyfforddiant i ymdrin â phobl anodd, cynnal asesiadau risg cyn ymweld â safle a, lle y bo'n briodol, bod dau aelod o staff yn teithio gyda'i gilydd.
- Mewn ymateb i gwestiwn ar argymhelliad 18, cadarnhaodd y Pennaeth Cynllunio fod y Grŵp Amlddisgyblaethol ar hyn o bryd wedi'i gyfyngu i adrannau mewnol y Cyngor. Byddai rhoi ystyriaeth i gynnwys partneriaid allanol yn destun dadl yn y dyfodol.
- Cyfeiriwyd at argymhelliad 21 ynghylch y Llysoedd Ynadon a gwnaed cais am ddiweddariad ar hyn yn y cyfarfod nesaf.

PENDERFYNWYD YN UNFRYDOL bod:

- 6.1 Adroddiad Monitro'r Cynllun Gweithredu yn cael ei dderbyn.**
- 6.2 Y posibilrwydd o gynnwys darpariaeth i nodi ôl-geisiadau cynllunio yn system gyfrifiadurol newydd yr Adran Gynllunio yn cael ei ymchwilio.**
- 6.3 Diweddariad ar argymhelliad 21 yn cael ei roi yng nghyfarfod nesaf y cydbwyllgor.**
- 6.4 Y Cydbwyllgor yn cwrdd ymhen 6 mis i fonitro cynnydd ar weithredu argymhellion y Grŵp Gorchwyl a Gorffen.**

**7. DERBYN COFNODION Y CYFARFOD AR Y CYD A GYNHALIWYD AR Y 14EG
O FEDI 2015**

**PENDERFYNWYD YN UNFRYDOL bod cofnodion cyfarfod y Cydbwyllgor a
gynhaliwyd ar 14^{eg} Medi 2015 yn cael eu derbyn.**
