Roedd rheolaeth ychwanegol wedi'i hychwanegu gan ddweud bod polisi recriwtio a chadw Cyngor Sir Caerfyrddin yn cael ei weithredu;

# Introduction

I have now largely completed my planning work.

This Detailed Audit Plan specifies my statutory responsibilities as your external auditor and to fulfil my obligations under the Code of Audit Practice.

It sets out the work my team intends undertaking to address the audit risks identified and other key areas of focus during 2023.

It also sets out my estimated audit fee, details of my audit team and key dates for delivering my audit team's activities and planned outputs.

**Adrian Crompton**

Auditor General for  
Wales

## Audit of financial statements

I am required to certify whether Dyfed Pension Fund's (the Pension Fund) financial statements are 'true and fair'. The audit work I undertake to fulfil my responsibilities responds to my assessment of risks. This allows us to develop an audit approach which focuses on addressing specific risks whilst providing assurance for the Pension Fund financial statements as a whole.

I also have responsibility to receive questions and objections to the financial statements from local electors (additional fees will be charged for this work, if necessary).

I do not seek to obtain absolute assurance on the truth and fairness of the financial statements and related notes but adopt a concept of materiality. My aim is to identify material misstatements, that is, those that might result in a reader of the accounts being misled. The levels at which I judge such misstatements to be material is set out later in this plan.

I will also report by exception on a number of matters which are set out in more detail in our Statement of Responsibilities.

There have been no limitations imposed on me in planning the scope of this audit.

# Your audit at a glance

**My financial statements audit will concentrate on your risks and other areas of focus**

My audit planning has identified the following risks:

Significant financial statement risk

- Risk of Management Override

## Materiality

Materiality	£32.367 million
Reporting threshold	£1.618 million

# Financial statements materiality

**Materiality £32.367 million**

My aim is to identify and correct material misstatements, that is, those that might otherwise cause the user of the accounts to be misled.

Materiality is calculated using:

- 2021-22 gross assets of £3,236 million
- Materiality percentage of 1%

I report to those charged with governance any misstatements above a trivial level (set at 5% of materiality ie £1.618 million).

**Areas of specific interest**

There are some areas of the accounts that may be of more importance to the user of the accounts and we have set a lower materiality level for these:

- Key Management Personnel £1,000
- Related party disclosures £10,000 (Individuals), £32.367 million (Other Bodies)

Significant risks are identified risks of material misstatement for which the assessment of inherent risk is close to the upper end of the spectrum of inherent risk or those which are to be treated as a significant risk in accordance with the requirements of other ISAs. The ISAs require us to focus more attention on these significant risks.

**Exhibit 1: significant financial statement risks**

Significant risk	Our planned response
<p><b>Risk of Management Override</b>            The risk of management override of controls is present in all entities. Due to the unpredictable way in which such override could occur, it is viewed as a significant risk [ISA 240.32-33].</p>	<p>The audit team will:</p> <ul style="list-style-type: none"> <li>• test the appropriateness of journal entries and other adjustments made in preparing the financial statements;</li> <li>• review accounting estimates for bias; and</li> <li>• evaluate the rationale for any significant transactions outside the normal course of business.</li> </ul>

# Financial statements audit timetable

I set out below key dates for delivery of my accounts audit work and planned outputs.

## Exhibit 2: key dates for delivery of planned outputs

Planned output	Work undertaken	Report finalised
2023 Outline Audit Plan	March 2023	March 2023
2023 Detailed Audit Plan	May to June 2023	June 2023
Audit of financial statements work: <ul style="list-style-type: none"><li>• Audit of Financial Statements Report</li><li>• Opinion on the Financial Statements</li></ul>	August – November 2023	November 2023

# Statutory audit functions

## Statutory audit functions

In addition to the audit of the accounts, I have statutory responsibilities to receive questions and objections to the accounts from local electors. These responsibilities are set out in the Public Audit (Wales) Act 2004:

- Section 30 Inspection of documents and questions at audit; and
- Section 31 Right to make objections at audit.

As this work is reactive, I have made no allowance in the estimated audit fee. If I do receive questions or objections, I will discuss potential audit fees at the time.

# Fee and audit team

In January 2023 I published the [fee scheme](#) for the 2023-24 year as approved by the Senedd Finance Committee. My fee rates for 2023-24 have increased by 4.8% for inflationary pressures. In addition, my financial audit fee has a further increase of 10.2% for the impact of the revised auditing standard ISA 315 on my financial audit approach. More details of the revised auditing standard and what it means for the audit I undertake is set out in **Appendix 1**.

I estimate your total audit fee will be £36,113 (2022 £31,465)<sup>1</sup>.

Planning will be ongoing, and changes to my programme of audit work, and therefore my fee, may be required if any key new risks emerge. I shall make no changes without first discussing them with the Pension Fund.

## **Our financial audit fee is based on the following assumptions:**

- The agreed audit deliverables sets out the expected working paper requirements to support the financial statements and includes timescales and responsibilities.
- No matters of significance, other than as summarised in this plan, are identified during the audit.

The main members of my team, together with their contact details, are summarised in **Exhibit 3**.

We use a three lines of assurance model to demonstrate how we achieve this. We have established an Audit Quality Committee to co-ordinate and oversee those arrangements. We subject our work to independent scrutiny by QAD\* and our Chair, acts as a link to our Board on audit quality. For more information see our [Audit Quality Report 2022](#).

## Our People

The first line of assurance is formed by our staff and management who are individually and collectively responsible for achieving the standards of audit quality to which we aspire.

- Selection of right team
- Use of specialists
- Supervisions and review

## Arrangements for achieving audit quality

The second line of assurance is formed by the policies, tools, learning & development, guidance, and leadership we provide to our staff to support them in achieving those standards of audit quality.

- Audit platform
- Ethics
- Guidance
- Culture
- Learning and development
- Leadership
- Technical support

## Independent assurance

The third line of assurance is formed by those activities that provide independent assurance over the effectiveness of the first two lines of assurance.

- EQCRs
- Themed reviews
- Cold reviews
- Root cause analysis
- Peer review
- Audit Quality Committee
- External monitoring

\* QAD is the quality monitoring arm of ICAEW.

## PENSIONS ADMINISTRATION REPORT – 26<sup>th</sup> June 2023

This report provides a progress update on a number of projects being simultaneously undertaken, along with providing information on relevant issues in the administration of scheme benefits.

### 1. Regulatory update –

- a. McCloud/Sargeant update – You will recall from the previous report that the remedy would require the recalculation all pensions (including dependants pensions), death grants, and deferred benefits calculated since 1<sup>st</sup> April 2014 for those that were active on 31<sup>st</sup> March 2012. This will require all employers to provide the hours each part time scheme member, including any changes, they have worked between 1<sup>st</sup> April 2014 to 31<sup>st</sup> March 2022. All Employers have also been provided with data extracts to undertake data comparisons and identify any issues. Data reconciliation and validation is progressing well and query resolution is underway. Once amending regulations are issued our software supplier will be able to reflect the changes in the pensions system. The current expectation is that regulations will now be issued in September as they must be in place by 1<sup>st</sup> October 2023. It is anticipated that manual intervention will be required until software systems have been amended.
- b. Pru – It was identified at the UK Technical Group that there had been a deterioration in service levels experienced by funds nationally. This was raised at the both the Local Government Pensions Committee and the National Scheme Advisory Board who met with representatives from Pru. UK Technical Group representatives have met directly with PRU on a number of occasions and the next meeting is in June to review service levels during the intervening period. Funds nationally have seen a general improvement in disinvestment timescales, however, there remains a general issue regarding communication response times for scheme members, Employers and Funds. Further updates will be provided at the next meeting on service improvements by the Pru.

### 2. Breaches Register

Regulation 18(5) of the LGPS Regulations 2013 prescribes that there is a time limit for payment of a refund of pension contributions:

*“An administering authority shall refund contributions to a person entitled under paragraph (1) when the person requests payment, or on the expiry of a period of five years beginning with the date the person’s active membership ceased if no*

*request is made before then or, if the person attains age 75 before then, on the day before attaining age 75.”*

The National Technical Group recommend to SAB, to change the regulations concerning the payment of a refund to reflect the position prior to 1 April 2014 i.e. to remove the prescription that requires an administering authority to pay a refund on the expiry of a period of five years beginning with the date the person’s active membership ceased if no request is made before then.

In making this recommendation the group acknowledged that interest would be added up to the date of payment, as opposed to on the expiry of 5 years and if a fully completed mandate is not returned by the member, no further action would take place i.e. the group agreed not to waste time or money on using Tracing services in respect of members who have been contacted repeatedly and do not reply. The SAB have made recommendations to MHCLG.

The refunds scheduled to be automatically paid in March 2023 to May 2023 have been included on the breaches register as the scheme members have not replied in order for the refund to be paid.

### 3. I-connect

In order to improve the timeliness of data flow from scheme employers to the administration section, a monthly update system called ‘i-connect’ has been implemented.

Further development work has continued with employers to ‘on board’ them in order that data can be transferred electronically. The table below shows the employers who are active on i-connect. In order to expedite the transition to electronic transmission of data, Pembrokeshire College, Coleg Ceredigion and Coleg Sir Gar have all be provided with a spreadsheet template to provide updates similar to i-connect. This process is known colloquially as ‘Monthly Updates’. Many of the other smaller employers already utilise ‘Monthly Updates’.

Coleg Ceredigion and Coleg Sir Gar are continuing to work with their payroll provider to ensure the data required is extracted and inputted into the correct fields on the spreadsheet following the return of further test files. Pembrokeshire College have provided test extracts and are working on resolving the outstanding queries identified with their payroll provider before submitting further files.

#### 4. GMP Reconciliation

When a scheme member attains State Pension Age, they will be advised of the amount of Guaranteed Minimum Pension (GMP) which is included in their pension. The GMP relates to the part of the pension for the period between April 1978 and April 1997 for which they were 'contracted-out'. For this period, the Scheme has to guarantee that their pension will be at least the same as it would have been, had they not been 'contracted-out'. Contracting out ceased in April 2016. HMRC have now stated that they will not be sending a statement to all individuals affected specifying who is responsible for paying their Guaranteed Minimum Pension (GMP). The pensions section will continue to reconcile the GMP values it holds for members with those calculated by HMRC. It ensures that all individuals recorded by HMRC against the fund are correct. The pensions section has reconciled 99.76% of the records held. Further information has also been issued to HMRC in order that they can amend their records, unfortunately, a response remains outstanding. Reconciliation work has also been undertaken in respect of active scheme members and 99.40% have been reconciled. Unfortunately HMRC have not responded to all the outstanding queries and therefore the reconciled data remains the same as the previous report.

#### 5. Workflow

The tables overleaf detail the workflow statistics for the key tasks undertaken in the section for the period 1<sup>st</sup> January 2023 to 31<sup>st</sup> March 2023 in respect of the LGPS only. Please note that in circumstances where multiple iterations for the same calculation date have been undertaken, this is recorded as a single estimate. The workflow statistics are recorded on a quarterly basis.

**EXECUTIVE SUMMARY  
DYFED PENSION FUND COMMITTEE  
DATE 26/06/2023**

**Breaches Report**

**Introduction**

Section 70 of the Pension Act 2004 sets out the legal duty to report breaches of the law. In the Code of Practice no 14, published by the Pensions Regulator in April 2015, paragraphs 241 to 275 provides guidance on reporting these breaches. The Dyfed Pension Fund Breaches Policy was approved by the Dyfed Pension Fund Committee in March 2016.

Under the policy, breaches of the law are required to be reported to the Pensions Regulator where there is a reasonable cause to believe that:

- a legal duty which is relevant to the administration of the scheme has not been, or is not being, complied with
- the failure to comply is likely to be of material significance to the regulator in the exercise of any of its functions.

The up to date breaches report is attached. Since the last Committee meeting there have been a few instances where employee/employer contributions have not been received on time.

Further to the last Pension Committee, where it was reported that an Employer had regularly missed payments for the period 1 September 2022 – 31 January 2023, this matter has now been reported to The Pensions Regulator.

The balance owed which was reported at the last Pension Committee remains outstanding and subsequently the Employer is now also in breach for the period 1 February 2023 - 30 April 2023. Total contributions owed to the Fund by the Employer are now estimated to be £6,417.36. The breach for the period 1 February 2023 - 30 April 2023 has also subsequently been reported to The Pensions Regulator.

## LFS updates

- As discussed at the last Joint Governance Committee on 5 December 2022 the FCA issued a draft warning notice to LFSL in respect of the Woodford matter. This states that the FCA's preliminary view was that a penalty £50m (prior to taking into account any available discount) would be appropriate in addition to a restitution payment of up to £306,096,527. The draft warning notice is not a final decision but signal the start of the FCA's settlement decision process. LFSL are exploring all options, including engaging in settlement discussions with the FCA, and challenging any warning notice that may be issued. Engagement with the FCA continues.
- Link Group announced in October the intention to commence a process to explore divestment options for the Link Fund Solutions business, which includes Link Fund Solutions Limited (LFSL), and that Macquarie Capital and UBS Securities Australia Ltd have been appointed as advisers. Discussions with potential interested parties ongoing.
- Link Group announced on 20<sup>th</sup> February 2023 that it is in exclusive negotiation with the Waystone Group in respect of the sale of the whole of its Fund Solution Business, excluding Woodford related liabilities. This follows a period of confidential exclusive negotiation with and due diligence by Waystone. Any transaction with Waystone is subject to successful finalisation of due diligence and finalisation of detailed legal agreements, and to board and other approvals. Link Group has granted a further period of exclusivity to Waystone to enable the parties to conclude the necessary legal agreements before the end of March 2023.
- At the same time, Link Group and Link Fund Solutions Limited (LFSL) are in advanced confidential discussions with the FCA to settle the FCA investigation against LFSL. If a settlement is agreed with the FCA, it would resolve the current FCA investigation and would also be contingent on a scheme of arrangement of LFSL to resolve all Woodford related contingent liabilities and redress obligations of LFSL.

A sale of the FS Business to Waystone would not be contingent on the scheme of arrangement or any FCA settlement becoming unconditional. No legally binding agreement has been reached with either Waystone or the FCA and at present there can be no certainty that any of such agreements will ultimately be concluded.

**EXECUTIVE SUMMARY  
DYFED PENSION FUND COMMITTEE  
DATE 26/06/2023**

**Strategic Asset Allocation (SAA) Review**

The review will examine the overall SAA of the investment portfolio and provide recommendations as to where any portfolio optimisation may be implemented to meet the Fund's objectives and requirements.

As part of the review the following data would be examined:

- Latest Investment Strategy Statement.
- Actuarial Valuation Report as at 31 March 2022.
- Latest SAA and current asset allocations as at 31 December 2022.
- Latest investment returns.
- Projections of cashflow requirements (including projected liabilities and contributions).

There are several investment consultants who could undertake this review. They all have significant experience in this area of work. One such consultant, MJ Hudson (APEX Group), has recently completed a similar exercise for a number of other Local Authority Pension Funds. They are therefore well placed to undertake this piece of work and have an understanding of the Fund through other services they provide.

They have significant resources in terms of actuarial expertise and available technology to assist with the review, using a proprietary model to suggest a range of alternative portfolios, which might offer the best risk-adjusted return available to the Fund.

Appointing MJ Hudson, with their existing knowledge of the Fund, will ensure the work is conducted in an efficient manner with officer time spent on the review minimised. Their understanding of the Fund and resources available to them will also increase the likelihood that the review is conducted to a high standard and any recommendations are relevant to the Fund's risk appetite.

The proposed fee at £19,750 is competitive compared with the other investment consultants. The review will take a few months to complete.

**DETAILED REPORT ATTACHED?**

### **Policy**

The outcome of the review will have an impact on the Fund's policies in terms of Strategic Asset Allocation and Investment Strategy. Any amendments to the Investment Strategy will be formally approved by Committee once the review has been completed.

### **Finance**

The proposed fee for this piece of work is £19,750. This fee has been included in the Fund's 2023-2024 budget.

### **Risk Management**

The review will ensure that the risk profile of the Fund's investment portfolio is appropriate in terms of its funding position as per the results of the 2022 Triennial Valuation.
