People Management

Sickness Absence Performance Monitoring Report End of Year 2022/23 and Half Year 2023/24

Introduction

The Authority's Performance Indicator (PI) for sickness absence measures the number of working days lost due to sickness absence per full time equivalent (FTE) headcount per annum. The target set by Corporate Management Team for improvement for 2022/23 is 9.63 FTE. At the date of writing this report we are pending a decision by CMT on an adjusted target for 2023/24 based on previous year's performance.

Both the corporate and departmental targets are monitored half yearly via Corporate Management Team (CMT) and quarterly via Departmental Management Teams (DMT). The targets were calculated by reference to the average Full Time Equivalent (FTE) headcount figure and End of Year (EOY) results over the preceding 3 years less 5%.

The Q2 2023/24 figure for the whole Authority of 5.09 FTE is above the target of 4 FTE days lost by average employee FTE headcount and above the 2022/23 Q2 result of 5.07 FTE an increase of 0.02 FTE. Covid sickness absence accounts for 0.11 FTE days lost.

Table 3: Average number of days lost per FTE – whole Authority EOY 2022/23

Following the launch of the Sickness Absence policy in 2015 and targeted interventions there was a marked reduction in 2014/15. Since then, the trend line indicates an annual increase in 2015/16 and 2016/17 but a slight decrease in 2017/18. The 2018/19 was the best level achieved since 2014/15. However, the

2019/20 result indicated an upward trend compared to the last 3 reporting years. In stark contrast 2020/21 showed a significant decrease in absence levels. The cause of this may be attributed to the impact of the Coronavirus pandemic. The cessation of the covid shielding measures will have impacted on this figure. The 2022/23 figures show a continuing upward trend in line with trends nationally. The Absence Team continues to be proactive in supporting managers and teams with absence recording, and absence management.

The trend line for Q2 2023/24 follows the same pattern as for EOY 2022/23 illustrated above.

Table 12: Occupational Health Appointment Data

The volume of work received by Occupational Health has continued to grow. This is particularly evident when we compare 20/21 to 22/23. Between this time, we have seen a 31% increase in overall appointments (cancel no charge// Cancel Charge// Did not attends// Attended) at the centre.

This upward trend in demand continues to remain the case, as in the first 2 quarters of this year we have seen a 10.5% increase in overall business in comparison to Q2 20/21.

We have focussed on these dates as since the COVID 19 pandemic the worlds focus has shifted toward health and wellbeing, and has, to a large degree lead to the increases we have seen. Not only that, but due to delays in the NHS which have been compounded by COVID 19 we are now seeing GPs advise employees to access workplace interventions whilst they wait.

As Occupational Health this is an area of concern which we are continually monitoring to forecast and project the impending impact delays in the NHS will continue to have on our service in the future.

It is important to note that the below appointment totals are all dependant on managers referring their staff to Occupational Health.

Fig.1Number of Attended appointments to Occupational health.

The table below shows the breakdown of the total number of Appointments attended at the Occupational Health Centre for Q2 cumulative over the last 4 years. As can be seen the most recent period has seen a 6.5% increase in appointments in contrast to the previous period.

(Current headcount within the Authority 8151)

In the first 2 quarters we have supported 14% (1149 employees) of the Authority through either Wellbeing Support Service (mental health), our OH Advisors, Physicians, Nurses and Consultants

Breakdown by appointment type:

OHA – Occupational health Advisor

OHP - Occupational Health Physician

WSS – Wellbeing Support Services (mental health)

H/S – Health Surveillance (statutory medicals)

When we compare the current period to the previous, we have seen a <u>50%</u> increase in individual employees accessing WSS can be seen. During the previous period the average number of sessions required was 4.6 in comparison to this period which is 3.5. Highlighting that employees are needing fewer sessions before discharge.

Below are the totals for Q2 cumulative over the past 3 years which include all attended appointments, charged cancellations, and Did Not Attends (DNAs).

Charged Non-attendances.

The table below shows the breakdown of charged non-attendances per department, and the percentage in relation to the total number of appointments booked (totals above). As can be seen from the below we have seen a <u>46%</u> reduction in charged non-attendances, this supports the positive feedback we are receiving in relation to our hybrid clinics. Employees and managers have reported:

- Less down time out of the office to attend appointments.
- Its flexible, as appointments can be taken at home or in work, as long as confidential available space is provided.
- Irradicates issues with traffic/ parking
- Irradicates issues with access for those who have mobility related issues.
- Increases privacy for individuals due to not having physically attend and sit in a waiting room.

Health and Wellbeing Team

The team continue to be proactive in their corporate approach to support both the physical and mental wellbeing of employees as well as offering focused and practical solutions for managers.

The team continue to raise the profile of wellbeing and the departmental groups, to ensure wellbeing is on the agenda in meetings, in business plans and departments have action plans and initiatives to support the sickness absence reduction across the authority.

The highlights of the support provided by the team for Q2 are:

- Attended 13 seminars, conferences and staff roadshows. To include social work teams, schools, business support, policy, pension employees and Manager briefings in care homes.
- We organised 5 Schools H&W Champions training sessions and 1 corporate H&W Champions session. Recruited 8 new Health and Wellbeing Champions and 27 in schools. This takes the total up to 83 corporate H&W Champions and 34 total Schools H&W Champions.
- Recruited and trained 14 new Mental Health First aiders including specific training for managers. This takes the total up to 112 MHFA within the authority.
- The MHFA pilot in school concluded and will be evaluated.
- Mental Health First Aid peer to peer network was established.
- Developed 24 Health and Wellbeing articles for staff, including topics such as men's health week, self-care, staying connected and mental health awareness, while linking with L&D and HR to ensure continuity.
- 21 employees have attended e-chats on various topics such as Men's Mental Health Awareness.
- The first of the staff wellbeing groups in the authority has been established and 2 meetings concluded, in relation to LGBTQ+.

Table 13: Number of employees dismissed on the grounds of capability (health)

Valuing our employees by supporting good health and wellbeing is one of the authority's core values. There is much research to demonstrate that attendance at work contributes to positive health and wellbeing. The authority aims to support its employees by providing a safe and healthy workplace and promoting a culture where regular attendance can be expected of all. Absence from work is unlikely to be a positive experience for the absent employee(s) or their colleagues, so the authority actively manages and supports those employees who experience ill health during their employment in line with its Sickness Absence Management policy.

However, there are occasions where an employee cannot be supported back to work to his/her substantive role or redeployed into suitable alternative employment due to the nature of the illness or condition and in such circumstances an employee will be dismissed on the grounds of capability (health). Table 13 below details the number of employees that have been dismissed on the grounds of capability (health) over the last three years:

Table 14: Causes of absence – Q4 EOY 2022/23

Stress is the most common cause of absence within the authority (16%) followed by mental health and fatigue (16%). Other reasons for absence are as detailed within the pie chart below and will vary from one reporting period due to seasonal variations.

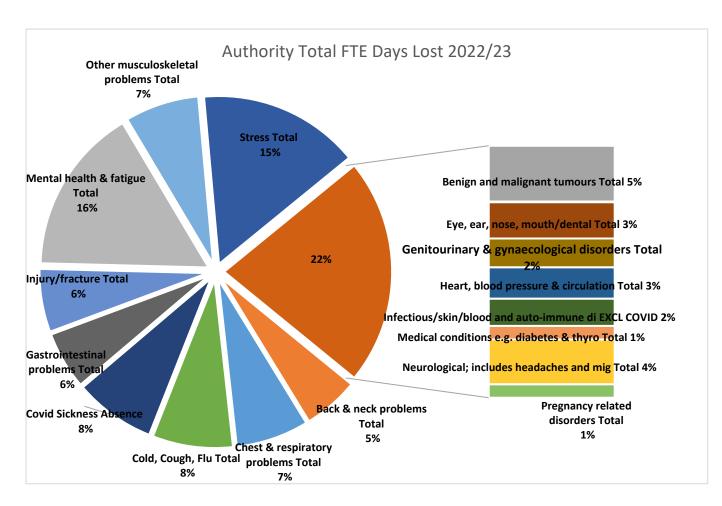

The CIPD Health & Wellbeing at Work report published in September 2023 focusing on the public sector include mental ill health among their top causes of long-term absence, although it tops the list of the most common causes in all sectors. More public sector respondents also report that stress is among their top causes of short-and long-term absence.

Workloads remain by far the most common cause of stress at work, as in previous years.

Whilst stress and mental health are the main causes of absence within CCC and an area of significant concern, the level of absence for this reason is comparable with other public sector organisations including health, education, and civil service.

The Q2 2023/24 shows a similar absence pattern.

The percentages displayed below relate to the subcategories to the stress and mental health absence codes combined which accounts for 32% of all authority sickness absence.

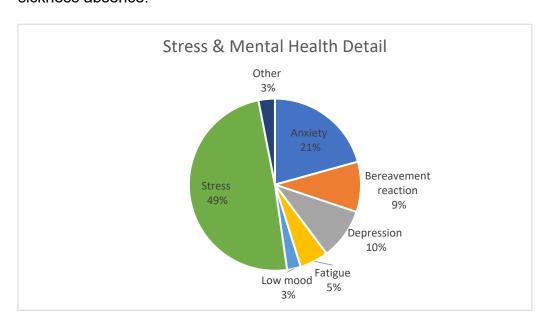

Table 15: Comparative sickness absence performance indicator

The Authority directly employs approximately 8151 (as of 30 Sept 2023) employees in a range of occupations including catering, cleaning, residential / domiciliary care, refuse and leisure services. In many of the local authorities listed below these services are contracted outside of the authority and therefore not included in the respective calculations. It should be noted that, according to benchmarking figures, these occupations generally have higher sickness absence rates either due to the physical nature of the work or being more susceptible to illness due to interaction with service users/customers.

It should also be noted that the actual staffing composition of local government reported sickness figures can also vary considerably i.e. first 3 days removed, long term sickness removed; Carmarthenshire County Council include both.

XpertHR is a reference tool for HR professionals with information on compliance, legislation, best practice, and benchmarking. It undertakes annual benchmarking exercises on sickness absence rates and costs, and focuses on absence figures according to industry, organisation size and sector.

The latest survey results conducted in 2022 was published in 2023 and 172 employers participated from all industry sectors. 2023 data is pending publication and will be reported in 2023/24 EOY report once published.

Despite many organisations introducing or updating hybrid working schemes and flexible working policies and encouraging employees to remain at home if they feel unwell, 50% of organisations reported an increase in total absence rates.

While many respondents mentioned a lesser impact from covid on sickness rates, they also note that the return to work seems to have brought new challenges - from lower immunity to general sickness such as cold and flu, and an increasingly stressed workforce experiencing high workloads. The impact of the cost-of-living crisis has also taken a toll on many employees' mental wellbeing.

Analysing the interquartile range, which focuses on the middle 50% of findings and excludes the highest and lowest figures, reveals that half of absence rates 4- and 9.6-days' absence.

Transformation Programme

Progress Report

December 2023

1. Purpose of report

• To consider an update which outlines progress in respect of the delivery of priorities/progress within the Council's Transformation Strategy and Work Programme.

2. Background

- Following the Local Government elections in 2022, it was agreed to that this would be an
 opportune time to review the Authority's approach to transformation and ensure that the
 programme was fully aligned with the aims and objectives of the new Corporate Strategy.
- This would also look to build on the work of the Council's TIC Programme which had been the
 main vehicle for delivering an organisational support for transformation and change since 2012
 and allow the Council to maximise the opportunities presented by the response to the Covid19 pandemic to further transform and modernise our ways of working, especially using
 technology.
- The roll out of this new approach would be underpinned by the development and implementation of a Transformation Strategy. This is the first time that the Council that has produced a Transformation Strategy, and it is intended that this would provide the strategic framework to drive a programme of significant change and transformation across the organisation over the next 5 years.
- Given the significant financial challenges that the Council is likely to face in the short-term to
 medium term, the Transformation Programme will now have an even more important role to
 play in ensuring that we are able to radically transform what we do and enable the Council to
 meet the challenges of increasing demands and shrinking budgets.
- The Strategy is focussed on delivering on the following thematic priorities:
 - Efficiencies and Value for Money
 - Income and Commercialisation
 - Service Design & Improvement
 - o Workforce
 - Workplace
 - Customers and Digital
 - Decarbonisation
 - o Schools
- The Transformation Strategy was approved by Cabinet in February 2023.

3. Workstreams Progress

 8 Workstreams have been established to take forward the priorities identified within the Transformation Strategy. The table below provides an overview of progress in implementing these priorities and associated projects, together with some of the key outcomes achieved to date.

4. Programme Communications

- A Communications Plan has been developed and this will provide opportunities to raise awareness of the wider Programme and specific projects, and for staff and members to contribute views and suggestions for future projects.
- Regular transformation related articles are published in staff news and the Programme's webpages have been further developed.
- A series of staff roadshows have been held during the Autumn which also provided staff with an opportunity to contribute their ideas for efficiencies and smarter ways of working.
 Additional events are due to be held during the Spring of 2024.

5. Learning and Development

- The Transformation Programme has been aligned with the Council's Future Leaders
 Projects and 10 Future Leaders have all undertaken transformation related projects as part
 of their development programme.
- However, there is an opportunity for any member of staff to participate in, or lead on, a transformation project and it is now the intention that this is now formalised as part of a corporate talent management programme.

CORPORATE PERFORMANCE AND RESOURCES SCRUTINY COMMITTEE TRANSFORMATION PROGRAMME -PROJECTS UPDATE DECEMBER 2023

Workstream Priorities	Key Projects	Priorities/progress to date
1. Efficiencies and Value for Money Aim: To continue to deliver financial savings through efficiencies or cost reductions and smarter ways of working Strategic Lead: Jonathan Morgan (Head of Housing and Public Protection)	Hold a series of budget sessions with Heads of Service to identify the potential for further financial savings at both a corporate and service level.	Budget sessions have been held with individual Heads of Service between February and the end of September 2023 in order to help support the identification of future efficiency savings for 2024/2025 budget setting process. A final report was presented to the CMT Budget Away Day in November. This identified a range of service specific opportunities which will be followed up with services over the course of the next year to review whether these have been translated into efficiency proposals. The exercise also identified a series of corporate themes which could provide opportunities to deliver efficiency savings/cost reductions or additional income in the medium to longer term. One of the key findings to emerge from the exercise to date is that a number of services are looking to the use of technology, especially AI, to help with the delivery of future budget savings. The Transformation Board has asked that plan be developed for the organisation which will aim to set out the costs/benefits of this approach. There will be an opportunity to ensure that this work is aligned with our approach to Workforce Planning and ensure that any change is delivered in a sustainable and planned way.
	Work with priority services to look at options to reduce various staffing costs, such as agency /overtime costs, through the implementation of more sustainable staffing structures.	An initial pilot exercise has been undertaken with Residential Services which is seeking to reduce the use of agency workers through making more effective use of overtime, increased use of casual workers and undertaking further work to reduce sickness levels. Similar work is now planned with the Children's Service Division.
Tudalen 29	Further develop the Routine Spend Dashboard and associated reports to help monitor and control areas of high spend/identify opportunities for potential savings at a cost level.	A Routine Spend Dashboard is used to help monitor/control and potentially reduce costs linked to a range of repetitive spend areas such as various staffing costs, staff travel, printing and postage. Summary reports are reported to the Transformation Board on a 6 monthly basis and departmental specific reports sent to Directors/Heads of Service. Specific pieces of work are also being undertaken in relation to staffing costs and also staff travel.

	Seek to further strengthen the Council's management arrangements to support improvements in respect of value for money and quality in respect of services delivered by external providers.	The Workstream has identified the need to undertake a detailed review of the Council's Contract Management arrangements with the aim of achieving better value money for services received via external providers. This exercise is currently being scoped and is due to commence in January 2024.
2. Income and Commercialisation Aim: To develop a more commercial approach to the delivery of Council services with a view to increasing the level of income generated. Strategic Lead: Chris Moore (Director of Corporate Services)	Commercialisation - Develop a business case report that identifies the Council's ambitions and further opportunities for commercialisation and the type of capacity and skills required to deliver this agenda.	A business case to support an increased level of commercialisation has been progressed via a project undertaken via one of our Future Leaders and a final report was presented to the Workstream in October 2023. This work has helped inform the development of a draft Commercialisation Strategy and Delivery Plan. The Strategy will look to identify a range of opportunities to generate additional income which will help mitigate the impact of the ongoing budget challenges that the Council is likely to face in the coming years. These reports are due to be considered by CMT in January 2024.
	Cost Recovery - Develop a framework to support the implementation of a cost-recovery approach to the setting of Council fees and charges.	A cost recovery approach to the setting of fees and charges is currently being rolled out on a phased basis across Council services. This will look to ensure that, where appropriate, the service is recovering the full cost of providing a service when setting their fees and charges. A pilot exercise has been undertaken with the Council's Occupational Health services. A similar approach is now to be rolled out to parts of Housing and Public Protection Education and Place and Infrastructure.
	Advertising & Sponsorship - Implement a programme which supports the roll out of advertising on Council roundabouts pilot to be completed & identify other opportunities for increasing income from advertising and sponsorship and ensure that a more coordinated approach is adopted in order to maximise the level of income generated.	A scheme to allow advertising on designated roundabouts throughout the County has been approved and is due to be rolled out shortly. This will aim to cover the costs of maintaining the roundabouts and generate additional income to support departmental budget pressures. Plans are also being developed to identify wider advertising and sponsorship opportunities across the Council which could also generate additional income.
	Debt Recovery - Further strengthen case management arrangements to	An 'Invest to Save' initiative has result in additional staffing resources being deployed within the Council's debt recovery functions to support increased recovery work. This will look to build on a previous TIC 'Invest to Save' project which generated recovered

	support the increased recovery of Council debt	debt of over £1.8m between 2016-2018. 4 additional temporary posts have been created within the Corporate/Social Care Debtors teams and Legal Services. The increased focus on this area and the adoption of a more proactive approach to the recovery of debt has helped recover/secure approximately £2m of debt since July this year.
3. Workplace Aim: To exploit the opportunities presented by a move to hybrid working and to further rationalise the Council's accommodation portfolio and modernise and improve the working environment within the remaining core buildings. Strategic Lead: Jake Morgan (Director of Communities)	Seek opportunities to further rationalise the Council's office accommodation portfolio and consolidate staff in smaller number of buildings at key sites across the County	The Transformation Workplace workstream has been examining how we can rationalise our accommodation portfolio whilst modernising and improving the workspaces in our retained core buildings. Since the pandemic, most offices have been less than a third full, with staff increasingly needing different types of space to meet, work and collaborate. In the current financial climate building rationalisation is good a way to save money while protecting front line services. Reducing the Council's estate will also help save spends on utilities and contribute to us achieving our net zero carbon objectives. A successful rationalisation pilot has already taken place with Housing and Education & Children's Services (E&CS) staff in Llanelli. E&CS staff based in Llanelli are now working together on a single floor of Ty Elwyn with Housing staff from Eastgate based on another floor alongside Health staff in Ty Elwyn, Llanelli. A service led re-design of the workspace accommodated the teams across 2 floors with 315 staff comfortably working from 120 desks, with better meeting facilities and flexible working spaces created. This model can now be applied across the authority but will be adjusted to reflect the way that each service works as we recognise that not all teams work in the same way. The number of staff based at Parc Dewi Sant in Carmarthen will be reduced over the next 12 months. Staff will be relocated to Spilman Street and County Hall. These changes will allow for the disposal of Parc Dewi Sant. All Ammanford based staff will now be located at Ty Parc yr Hun.
	Continue to review the occupancy levels within core buildings by making effective use of data.	The Occupeye Resource Management and Booking system has been installed and this will allow for the on-going monitoring of meeting room/ office space.
	Develop an integrated travel and parking plan for retained buildings.	The consolidation of staff at a smaller number of sites in the key towns provides an opportunity to promote more sustainable options for both work related travel and travel to and from work. Further work will be undertaken in this area in the Autumn.

	Develop a plan for the sustainable functioning of depots from an operational and office point of view.	A review of depot facilities is currently being undertaken and is due to reported in the new year.
4. Workforce Aim: To oversee the development of a Workforce Strategy and delivery of key workforce priorities to enable the Council to become a more modern and responsive organisation and an 'Employer of Choice'. Strategic Lead: Paul Thomas – ACE People Management	Develop a new Workforce Strategy for the organisation which will set out the 'people' related aims and delivery priorities.	A Workforce Strategy has been developed and this will provide the strategic framework to help us address our key workforce priorities over the course of the next 5 years. This will also be supported by the development of a workforce data framework to help us evaluate the impact of this work. The Strategy is due to be considered by Cabinet in early 2024. The Strategy will be complemented by the development of a data framework which will assist in the monitoring of the impact/outcomes achieved via the implementation of the Strategy.
	Complete the implementation of new Staff Recruitment process and system	A new Staff Recruitment system and process is currently being rolled out across the organisation on a phased basis.
	Investigate opportunities to reduce agency and other staffing costs (corporate & schools) including the potential to establish an in-house agency/supply function and /or staffing hub	A feasibility study has been undertaken to review the potential to set-up an in-house agency as a way of reducing agency costs and providing greater resilience within the staffing resource. This project, which has been undertaken as part of the Council's Future Leaders Programme, has recommended that an initial pilot project is undertaken within Residential Care services within the Communities Department before being potentially rolled out across other services.
Tudalen 32	Implement Future Workforce Programme to encompass graduate, apprenticeship and work experience opportunities which are aligned to workforce planning priorities.	Our 'Future Workforce' initiative is also looking to promote a sustainable approach when responding to future workforce needs, by seeking to increase the number of apprenticeship, graduate and work experience opportunities. A framework has been developed to profile all the career/work experience opportunities available for young people.

		Discussions are being held with colleagues in ECS regarding potential to hold a series of Council Career fairs/events in schools in order to raise awareness of the range of career opportunities within the Council for young people.
5. Service Design & Improvement Aim: To provide for a more sustainable and creative approach to the review, remodelling and improvement of Council services. Strategic Lead: Gwyneth Ayres	Previous TIC Reviews – Improvement updates Review the position of previous TIC reviews currently still within the delivery/implementation stage and apply the appropriate sign off processes including the production of data to support on-going monitoring at a corporate level: Planning Enforcement Property Design Pensions Debtors Risk Management	Planning Enforcement At the meeting of the Transformation Board in June, it was agreed that there was now sufficient confidence that improvements generated over the last 18 months would be sustained and therefore the Board agreed that this review and improvement work could now be formally signed off. Delivery Plan Updates – Pensions, Design, Debtors and Risk Management Regular updates continue to be submitted to the group and these updates now include key data to measure the impact of the change and improvement work being undertaken.
	Undertake a service review of the Transport Maintenance Unit	This project has been undertaken as part of the Future Leaders Programme and has involved a dialogue with a range of stakeholders including management/operational staff and client-side representatives. A number of recommendations have emerged which set out suggested practical interventions and areas for further review. These will now be incorporated within an action plan which will be reported to a future meeting of the Service Design and Improvement Workstream.
1 2 5 5 5	Undertake a review of the Member Enquiries system/process.	Elected Members of Carmarthenshire County Council make on average 5,000 enquiries per year via what is known as the DSU Member Enquiry Process. Following feedback from elected Members the Review of Member enquiries investigated whether the administration and procedures in place are working effectively and following extensive engagement with elected members and officers there were eight recommendations put

	To undertake a review of the Carmarthenshire Integrated Community Equipment Service (CICES) in order that we can look at making the service more efficient and cost effective Develop a consistent methodology to support the undertaking of reviews and re-modelling within services.	forward within a report to the Democratic Services Committee on June 9th. These recommendations were approved and are now being implemented. This involves a comprehensive review of the management and operation of the Joint Equipment store has involved discussions with internal staff and wider stakeholders, reviewing unit's processes and analysing the type and frequency of requests received. A summary report is currently being produced which will then inform the production of an action to help progress the improvement areas identified during the review process. Transformation Board requested that a map of the 'improvement journey' is undertaken which also clarifies the stage at which 'intervention' may be required. This was formally approved at a meeting of the Transformation Board is now profiled via the relevant Transformation Programme intranet site.
6. Customers & Digital Aim: To continue to make better use of technology to deliver smarter, efficient service processes and to deliver a better experience for customers. Strategic Lead: Ainsley Williams (Director of Place and Infrastructure)	Implement a programme to rationalise and automate a number of paper-based processes such as outgoing mail, timesheets, invoices and documents requiring hard copy signatures.	The workstream is overseeing the implementation of an on-going programme of work which is seeking to rationalise and/or automate a number of paper-based processes, such as the processing of outgoing mail, timesheets, invoices and the printing of documents for signing. The use of electronic signatures and hybrid mail solutions is being rolled out across a number of services and this is already delivering a more cost-effective and productive way of working and also supports staff to work in a more hybrid way. Time-sheet automation has been rolled out in Building Cleaning, Schools Catering and parts of Home Care services and there are longer term plans for other operational services linked to IT system replacement (e.g. highways, cleansing).
	Increase the number of enquires and requests dealt with at first point of contact	Work on-going in respect of waste related contacts, housing repairs and wider housing contacts. In respect of Housing Repairs, only first point of contact call coming via the Contact Centre. All follow-up calls now handled directly by the Housing repairs team. 100 calls a week for Heating related issues now going directly to the contractor.
Tudalen 34	Implement RPA (Robotics Process Automation) & (AI) Artificial Intelligence.	The use of robotics technology is also being deployed to automate two back-office processes within the HR services. The first phase has already gone live. This project which is being funded via the Council's Digital Transformation fund will be used as

	Roll innovation network across key areas of the County as part of the All-Wales network	'proof of concept in advance of the further potential use of Al/robotics within other services. The Transformation Board has agreed that the next process to be scoped for potential automation is the Free School Meals process and has authority requested the development of a prioritised plan for the rest of the organisation. Deployment of the "Internet of Things" (IoT) innovation network across key areas of the County is 75% complete with a full target completion date of October. Collaborative pilot project with Swansea Council for bin monitoring and route optimisation – also to be completed by Autumn 2023.
7. Decarbonisation & Biodiversity Aim: To support the Council in delivering transformational change in support of key decarbonisation and biodiversity objectives and targets. Strategic Lead: Rhodri	Develop a new Decarbonisation Strategy	The main focus of current programme is the development of strategic/policy framework which will then provide the basis for the development of a Strategy and Delivery plan. Workshops have been held to engage directorates in the development of a new strategy. Work is on-going in support of the development of the Strategy with Strategy due for completion by April 2024.
Griffiths (Head of Place and Sustainability)	Develop a carbon costing model.	This is the single Recommendation that the Council received from Audit Wales following publication of their report 'Public Sector Readiness for Net Zero Carbon by 2030' (July 2022). In the absence of national guidance on costing methodology, draft costing ESTIMATES produced for 3 April 2023 workshop. That estimation is however recognised to be subject to a wide degree of tolerance and we are working to produce more robust £ costings working with Welsh Government Energy Service and SBCR partners to develop a consistent approach.
	Develop biodiversity plan as required by the Environment Act	Development underway. Informed by workshop with the cross-party Climate Change and Nature Emergency Advisory Panel in March 2023.

8. Schools Aim: To assist schools in identifying cost reductions and better ways of working, and support the development of more sustainable school budgets and help protect front line provision. Strategic Lead: Gareth Morgans (Director of Education and Children)	Carry out Expenditure / Routine Spend Benchmarking activities and share data with secondary schools to stimulate discussion and facilitate sharing of good practice in sustainable budget setting.	This is an ongoing annual exercise. New document to be completed in October for current financial year. Exploring mechanism to produce similar tool for primary schools using Routine Spend dashboard
	Develop and extend the use of Financial Efficiency templates with identified schools to support and challenge those in financial difficulty.	Process now formalised with a programme of identified visits and use of action plans and follow up monitoring and review visits. Ongoing work with other schools identified with plans to visit and support during remainder of current term. Matrices to identify strategies/recommendations/action plan/support actions generated from discussions. Agreed importance of review meeting for post action plan to offer support via 6 month follow up. The reports are considered by the Schools Transformation Workstream with an expectation that these are also shared with Governing Bodies. Common themes emerging from action plans to be shared with all schools.
	Review the impact of Schools' Property 'Handyvan' Service initiative to ensure cost effectiveness for schools and the LA and inform sustainable future development.	Service established and post evaluation exercise reported very positive outcomes for both schools and property maintenance. Discussions to be held on how service is to be rolled out to primary schools on a permanent basis. Place and Infrastructure department is giving consideration to the extension of the initiative to secondary schools.
	Investigate high expenditure areas in school budgets, e.g use of agency/supply and establish links with the wider corporate agenda.	Analysis has been undertaken to establish patterns and trends of agency spend in secondary schools. Data will be further explored to identify connections between agency spend and sickness management processes. Work to be extended to work with primary schools with high agency spend. A further investigation will look at high agency spend in relation to sickness absence in specialist ALN settings.
	Continue to identify savings opportunities for schools from corporate procurement contracts and communicate these to schools to ensure Best Value approaches to services and key expenditure areas	Ongoing work to continue raising awareness with schools in all areas. There is a need to carry out a separate piece of work to support schools through the planned WG reform of waste and recycling due for implementation in April 2024. Ltd. A position paper with proposals for a new costing and service delivery strategy has been prepared and will be presented to ECS DMT for consideration.

EXECUTIVE SUMMARY

CORPORATE PERFORMANCE & RESOURCES SCRUTINY COMMITTEE 12th DECEMBER 2023

Revenue & Capital Budget Monitoring Report 2023/24

The Financial Monitoring report is presented as follows:

Revenue Budgets

Appendix A – Authority Corporate Budget Monitoring Report

The revenue budget monitoring reports as at 31st August 2023 are attached and indicate that:

COUNCIL FUND REVENUE ACCOUNT (Appendix A)

Overall, the monitoring report forecasts an overspend for the year at departmental level of £8,730k, with a forecast overspend on the Authority's net revenue budget of £6,098k.

At a high level this is due to a combination of:

- Increased expenditure in adult social care to meet pent up demand as recruitment pressures have begun to ease a little across the sector
- persistent overspends in service areas where budget reductions have been implemented, but challenges in delivery have made it impossible to keep pace with the level of savings required
- Significant overspends in Childrens Services, driven by increased levels of demand combined with complexity, not seen before the pandemic, which has required both a higher number and increased cost of residential placements.

The capital financing underspend forecast at £2.25m is due to scheme delays, a reduced need to borrow and increased interest earnt on positive cash balances, partially offset by in year direct revenue funding for a small number of projects as set out in the capital programme update.

The April NJC pay award remains unsettled at the point of writing. As part of the 2023/24 budget setting process the Authority has agreed a £1.5m in year contingency budget which is currently held centrally which provides a partial offset to any costs above the 5% allowed for in the budget.

The full year forecast reflects the impact which includes known financial positions at the point of preparation. As such the forecast does not contain the full impact of any additional in-year and grant adjustments. In line with our existing policies, forecast departmental overspends are met out of departmental reserves, where available.

Appendix B

Chief Executive and Corporate Services detailed variances for information purposes only.

Capital Budgets

Corporate Capital Programme Monitoring 2023/24

The current capital programme is based on information available as at the end of August 2023.

Appendix C shows a forecasted net spend of £91,370k compared with a working net budget of £142,842k, giving a -£51,472k variance (-£48,693k General Fund and -£2,779k HRA).

The net budget includes the original H.R.A. and General Fund capital programmes approved by Council on 1st March and slippage from 2022/23. Some of the budgets have also been amended to account for differences in actual grant allocations compared with the anticipated allocations at the time the programme was approved, and new grant awards received during the year to date.

Appendix D

Details the main variances within each department.

New Projects and virements to note and approve for the current year:

Private Housing: New award of £100k for DFG Top up Grant for Disabled Facilities and £15k for the Care & Repair - Small Repairs Scheme.

Social Care: A virement of £420k ICF among the Ceredigion Schemes for which Carmarthenshire holds the funding as regional lead authority – Cardigan Flats -£420k, Aberystwyth MH Flats £42k and Hafan Deg Dementia Wing & Sensory Garden, Lampeter £378k.

New grants awarded for the HCF fund: Step up/down Equipment £12k, Equipment for Disabled Children £12k, Sensory Bus £30k, Technology to increase confidence & Wellbeing in a Residential Setting £16k, Improve assessments & interventions for people with symptoms of Alcohol Related Brain Damage £20k, Refurbishment of Tir Einon £80k, Adult Adapted Bicycles – Johnstown Centre £10k, Caemaen Sensory Development £20k, Promoting Digital Technology £36k and Enhancing Sensory Opportunities in Coleshill £20k.

Place and Infrastructure:

Flood Defence Works – virements to assign funding from the general match funding budget to match fund flood grant projects £150k as follows:

Margaret Street, Ammanford - Flood Mitigation	23,838
Bronwydd Tip Culvert - Exp	42,106
Small Scale Works Grant 2022/23 (Flood Defence) - Llansteffan Large Outfall	5,557
Bronwydd Phase 2 - Exp	3,115
Small Scale Works Grant 2023/24 (Flood Defence) - Flood Alert Early Warning Telemetry	6,000
Quarry Ffinnant - Construction Phase - Exp	69,384
Flood Management General Match funding budget	-150,000

Assign the £200k flood mitigation budget to Cae Ffynnon Culvert £199K, and £1k to Bronwydd Phase 2.

Approve revenue contributions of £45.9k and £49.9k for Brynglas Screen Drefach, and Llansteffan Large Outfall, respectively.

New grants awarded for Flood and Coastal Erosion Risk Management projects at Pentrepoeth Road, Llanelli £70k and Whitland £85k.

Brilliant Basics Funds 2023/25 – a new grant awarded of £224k for Llansteffan North Green car park improvements. £56k is to be funded from a revenue contribution.

Main Administrative Buildings Works – new funding for Llanelli Town Hall (Stone Ramp Access) £2k and Kidwelly Town Hall £40K from reserves.

New Funds to be approved to be brought into the capital programme to accommodate pressures on existing projects.

- £784k additional funding for the Oriel Myrddin Development to be funded by corporate Direct Revenue Financing.
- additional funding for the purchase of a property within social care to be funded by corporate Direct Revenue Financing (value currently market sensitive).
- £1.4m additional funding for Ty Elwyn refurbishment funded by corporate reserve.
 This will bring the total funding available for this project to £2.5m and enable works to start.

Appendix E

Details a full list of Chief Executive and Regeneration schemes, respectively. There are no Corporate Services schemes.

						Staff agency costs remain high due to a mixture of general higher dependency of	
						residents, vacancies and sickness. In the coming months we will developing an in-	
						house agency pilot for the Llanelli based homes that will deliver a more flexible pool	
						of casual staff. It is hoped that this will be rolled out in April 2024 with a view, if	
						successful, of deploying across the County in the summer of 2024. We will continue	
						to monitor sickness closely and consistently as well as being more efficient in the

People Management Division	3,095	Includes Payroll, People Services, Organisational Development, Employee Wellbeing , HR Development Team, Business and Project Support	75	0	75	Realignment of Division	No realignment has taken place to date to allocate this proposal against specific posts within the division
People Management division	3,095	Includes Payroll, People Services, Organisational Development, Employee Wellbeing , HR Development Team, Business and Project Support	35	0	35	£35k TIC additional income	Not likely to be possible until a commercial manager is in place
Regeneration division	4,547	Regeneration is a key priority for the council. The Division provides Business, employability, grant funding and skills support and advice. We also deliver physical regeneration projects throughout the county, including the Swansea Bay City Deal Pentre Awel Life Science and Wellness Village planned for Delta Lakes. The Regeneration Division is responsible for the management of land assets (those within the economic/commercial portfolio) of the Council, taking a strategic commercial view to ensure the portfolio is managed to meet the Council's economic development needs. The Division is also responsible for the delivery of the Council's Net Zero Carbon agenda.	30	0	30	£30k Staffing cost savings (possibly making use of external funding in place of current core funding);	No external funding identified to date
Statutory Services - Coroners	369		20	0	20	Discussion with Pembrokeshire CC on how costs can be economised including office accommodation (inquest files storage costs will remain) due to remote working. It is also planned to instigate talks with Glangwili hospital to formalise the arrangements regarding post mortems carried out of behalf of the Coroner and also to formalise a tender for Funeral Directors working on behalf of the Coroner. Both these proposals should generate future savings.	Costs for this service have risen dramatically in the last 9 months. The number of referrals to the Coroner have increased along with increased Post Mortem costs, mortuary costs, undertakers costs as well as toxicology and histology. As a result the service is expecting to be significantly overspent in 2023-24.

Information Technology	4,722	ICT Services underpins and contributes towards all that the Council delivers both internally as an organisation and externally to service users and communities, independently or in partnership. It is a vital function providing innovative opportunities for improving services and achieving our priorities in an efficient and effective way. IT Services is pivotal as an enabler of change and a vehicle for driving forward transformational improvement to all services. As we continually strive to deliver our solutions in an efficient manner and in line with our key Digital Strategies (Digital Transformation Strategy, Digital Technology Strategy, Digital Schools Strategy) our major savings in future years however will have to be found from our staffing budget. The work the service does significantly contribute to financial savings being delivered from revenue budgets held across the Authority by other service areas.	100	100	0	Reduction in the Hardware Replacement Programme. This will result in having to sweat the current assets and hardware estate we manage by extending the life of current stock. i.e. a laptop is scheduled to be replaced currently every 4 years based on industry advice and standards. This will have to be extended by 1-2 years presenting a risk as there will be a significant reduction in stock available in the replacement programme. This could reduce the quality of the excellent service that we have been providing to staff during COVID and hybrid-working and will likely increase hardware failures and disruption to staff working by extending life of current stock beyond what we currently have set in our Replacement Programme.
Corporate Policy	805		4	4	0	£4k from Policy which will see a reduction in budgets currently supporting admin, subsistence and meeting costs

CORPORATE PERFORMANCE AND RESOURCES COMMITTEE DATE: 12TH DECEMBER 2023

MID YEAR TREASURY MANAGEMENT AND PRUDENTIAL INDICATOR REPORT

1ST April 2023 – 30TH September 2023

A. TREASURY MANAGEMENT REPORT

1. Introduction

The Treasury Management Policy and Strategy for 2023-2024 was approved by Council on 1st March 2023. Section B 1.1(2) stated that Treasury Management activity reports would be made during the year. This report outlines the Treasury Management activities in the period 1st April 2023 to 30th September 2023 and satisfies the reporting requirement stated above.

2. Economic update

In its latest monetary policy meeting on 20 September 2023, the Bank of England left interest rates unchanged at 5.25%. The weak August CPI inflation release, the recent loosening in the labour market and the downbeat activity surveys appear to have convinced the Bank of England that it has already raised rates far enough.

As the growing drag from higher interest rates intensifies over the next six months, our advisors think the economy will continue to lose momentum and soon fall into a mild recession. Strong labour demand, fast wage growth and government handouts have all supported household incomes over the past year. With CPI inflation past its peak and expected to decline further, the economy has got through the cost-of-living crisis without recession. It is expected that the Bank of England will keep interest rates at the probable peak of 5.25% until the second half of 2024.

Based on the average projection from a number of sources we can expect the trend in base rates over the year to be as follows:

	Dec 2023	Mar 2024	Jun 2024	Sep 2024	Dec 2024
Base Rate %	5.25	5.25	5.25	5.00	4.50

(Source: LINK Asset Services)

Link Asset Services undertook its last review of interest rate forecasts on 27th September 2023 after the MPC meeting on 20th September 2023, where the decision was made to leave the Bank Rate unchanged at 5.25%.

The revised 3 year projection based on this review is:

	2023-24	2024-25	2025-26
	%	%	%
Revised Average Bank Rate	5.19	4.69	3.00
Original Average Bank Rate (TM Strategy 2023-24)	4.44	3.63	2.69

4. Investments

One of the primary activities of the Treasury Management operation is the investment of surplus cash for which the Authority is responsible. As well as the Authority's own cash the County Council invests School Trust Funds and other Funds, with any interest derived from these investments being passed over to the relevant Fund.

All surplus money is invested daily on the London Money Markets. The security of the investments is the main priority; appropriate liquidity should be maintained and returns on the investments a final consideration. It continues to be difficult to invest these funds as the market continues to be insecure and as a consequence, appropriate counterparties are limited.

The total investments at 1st April 2023 and 30th September 2023 analysed between Banks, Building Societies, Local Authorities and Money Market Funds, are shown in the following table:

Investments		01.04.	23			30.09.	23	
	Call and notice	Fixed Term	Total		Call and notice	Fixed Term	Total	
	£m	£m	£m	%	£m	£m	£m	%
Banks	27.50	14.00	41.50	28	27.50	14.00	41.50	23
Building Societies	0.00	7.00	7.00	5	0.00	7.00	7.00	4
Money Market Funds	40.00	0.00	40.00	27	45.00	0.00	45.00	25
DMADF (DMO)	0.00	20.00	20.00	13	0.00	67.50	67.50	37
Local Authorities	0.00	40.00	40.00	27	0.00	20.00	20.00	11
TOTAL	67.50	81.00	148.50	100	72.50	108.50	181.00	100

Investments on call are available immediately on demand. Fixed term investments are fixed to a maturity date. The current longest investment is maturing on 5th July 2024.

During the period the total investments made by the Council and repaid to the Council (turnover) amounted to £879.50m. This averaged approximately £33.64m per week or £4.81m per day. A summary of turnover is shown below:

	£m
Total Investments 1st April 2023	148.50
Investments made during the quarter	456.00
Sub Total	604.50
Investments Repaid during the quarter	(423.50)
Total Investments at 30 September 2023	181.00

The main aims of the Treasury Management Strategy is to appropriately manage the cash flows of the Council, the required short term and longer term market transactions and the risks associated with this activity. Lending on the money market secures an optimum rate of return and also allows for diversification of investments and hence reduction of risk, which is of paramount importance in today's financial markets.

Benchmarks are widely used to assess investment performance. For the period under review the average "90-day uncompounded SONIA rate" was 4.44% whereas the actual rate the Council earned was 4.40%, a marginal under performance of 0.04%.

The average gross interest earned on investments for the period amounted to £4.63m. This includes £859k interest on the average balance of £39m held for the Swansea Bay City Deal region.

The income from investments is used by the Authority to reduce the net overall costs to the Council taxpayer.

5. Security, Liquidity and Yield (SLY)

Within the Treasury Management Strategy Statement for 2023-2024, the Council's investment priorities are:

- Security of Capital
- Liquidity and
- Yield

The Council aims to achieve the optimum return (yield) on investments commensurate with proper levels of security and liquidity. In the current economic climate it is considered appropriate to keep investments short term to cover short term cash flow needs but also to seek out value available in significantly higher rates in periods up to 12 months with highly credit rated financial institutions.

Attached at Appendix 1 is the Investment Summary and Top 10 Counterparty Holdings as at 30th September 2023.

6. Borrowing

One of the methods used to fund capital expenditure is long term borrowing. The principal lender for Local Authorities is the Public Works Loan Board (PWLB).

Under the Treasury Management Strategy, it was agreed to borrow when interest rates are at their most advantageous.

The total loans at 1st April 2023 and 30th September 2023 are shown in the following table:

Loans	Balance at 01.04.23 £m	Balance at 30.09.23 £m	Net Increase/ (Net Decrease) £m
Public Works Loan Board (PWLB)	397.61	389.61	(8.00)
Market Loan	3.00	3.00	0.00
Salix, Invest to Save, HILS & TCL	9.96	9.82	(0.14)
TOTAL	410.57	402.43	(8.14)

The Salix interest free loans have been provided by an independent publicly funded company dedicated to providing the public sector with loans for energy efficiency projects.

The interest free 'Invest-2-Save' funding is to assist in the conversion of traditional street lighting to LED, which will help deliver a legacy of reduced energy costs and associated carbon taxes.

The Home Improvement Loan Scheme (HILS) repayable funding is provided by the Welsh Government to help individual homeowners, small portfolio landlords, developers and charities to improve homes and increase housing supply.

Tudalen 94

The Town Centre Loan (TCL) repayable funding is provided by the Welsh Government to provide loans to reduce the number of vacant, underutilised and redundant sites and premises in town centres and to support the diversification of the town centres by encouraging more sustainable uses for empty sites and premises, such as residential, leisure and for key services.

6.1 New Borrowing

No new loans were borrowed during the period.

6.2 Interest Paid

Interest paid on loans during the period was:

PWLB	Market Loan	Total
Interest	Interest	Interest
Paid	Paid	Paid
£m	£m	£m
7.99	0.07	8.06

7. Rescheduling and Premature Loan Repayments

No rescheduling opportunities arose during the period and there were no premature loan repayments. However, due to the current economic climate and the consequential structure of interest rates, opportunities may arise in the future.

8. Leasing

No leases were negotiated during the period 1st April 2023 to 30th September 2023.

B. PRUDENTIAL INDICATOR REPORT

1. Prudential Indicators

As part of the 2023-2024 Budget and the Treasury Management Policy and Strategy 2023-2024, the Council adopted a number of Prudential Indicators. These Indicators are designed to ensure that any borrowing or other long-term liabilities entered into for capital purposes were affordable, sustainable and prudent.

The indicators are required by the Local Government Act 2003 and the Revised Prudential Code of Practice in order to control Capital Finance. The Prudential Code also required that those Prudential Indicators that were forward looking should be monitored and reported. Some of the indicators are monitored by officers monthly and are only reported if they are likely to be breached, others are to be monitored quarterly by the Executive Board.

1.1 Affordability Prudential Indicator

1.1.1 Ratio of Financing Costs to Net Revenue Stream

The indicator set for 2023-2024 in the Budget was:

	2023-2024 %
Non-HRA	3.45
HRA	28.03

An examination of the assumptions made in calculating this indicator concluded that there have been no changes in this period.

1.2 Prudence Prudential Indicators

1.2.1 Capital Financing Requirement (CFR)

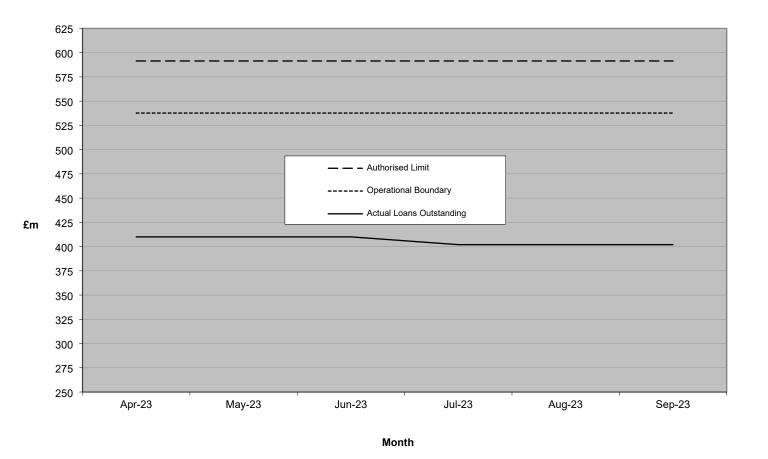

The Director of Corporate Services reports that no difficulties are envisaged for the current or future years in complying with this prudential indicator.

	2023-2024	As at	2023-2024			
	Estimate	30.09.23	Forecast			
	£m	£m	£m			
Capital Financing Requirement						
CFR - non housing	305	290	290			
CFR - housing	166	167	167			
CFR - housing subsidy buy-out	67	67	67			
Total CFR	538	524	524			

1.2.2. Authorised Limit and Operational Boundary

The actual value of loans outstanding must not exceed the Authorised Limit. In normal activity actual loans outstanding should be close but less than the Operational Boundary. The Operational Boundary can be breached in the short term due to adverse cash flows.

	Authorised Limit for External Debt		Operational Boundar for External Debt	
	2023-24 2023-24 Estimate Forecast		2023-24	2023-24
			Estimate	Forecast

Operational Boundary	537.7	537.7	537.7	537.7	537.7	537.7
Loans Outstanding	410	410	410	402	402	402

Neither the Authorised Limit nor the Operational Boundary have been breached.

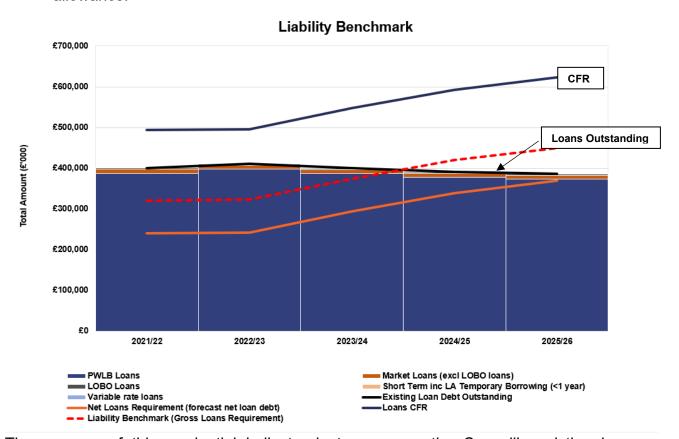

1.3 Liability Benchmark

1.3.1 Liability Benchmark

A new Prudential Indicator for 2023/2024 is the Liability Benchmark. The Council is required to estimate and measure the Liability Benchmark for the forthcoming year and the following two years. The liability benchmark is a measure of how well the existing loans portfolio matches the Council's planned borrowing needs.

There are four components to the Liability Benchmark:

- Existing Loan Debt Outstanding: The Council's existing loans that are still outstanding in future years.
- Loans CFR: This is calculated in accordance with the loans CFR definition in the Prudential Code and projected into the future based on approved prudential borrowing and planned Minimum Revenue Provision (MRP).
- Net Loans Requirement: This will show the Council's gross loan debt less treasury
 management investments at the last financial year-end, projected into the future and
 based on its approved prudential borrowing, planned MRP and any other major cash
 flows forecasted.
- Liability Benchmark: This equals net loans requirement plus short-term liquidity allowance.

The purpose of this prudential indicator is to compare the Council's existing loans outstanding (the black line) against its future need for loan debt, or liability benchmark (the red line). If the black line is below the red line, the existing portfolio outstanding is less than the loan debt required, and the Council will need to borrow to meet the shortfall. If the black line is above the red line, the Council will (based on its current plans) have more debt than it needs, and the excess will have to be invested. The chart therefore tells a Council how much it needs to borrow, when, and to want maturities to match its planned borrowing needs.

2.1 <u>Treasury Management Prudential Indicators</u>

2.1.1 Interest Rate Exposure

Position as at 30th September 2023:

	Fixed Interest Rate	Variable Interest Rate	TOTAL
	£m	£m	£m

EXECUTIVE SUMMARYCorporate Performance and Resources Scrutiny Committee

Carmarthenshire Public Services Board (PSB) Minutes – October 2023

In order to ensure PSBs are democratically accountable, the Well-being of Future Generations (Wales) Act 2015 places a requirement on councils to designate an overview and scrutiny committee to scrutinise the work of the PSB. In the 'Guidance for Local Authority Scrutiny Committees on the scrutiny of Public Services Boards' issued by Welsh Government in August 2017 it notes:

'Under the provisions contained in the Act, overview and scrutiny committees have extensive powers to review the PSB's governance arrangements as well as any decisions made or actions taken by the PSB. In addition, overview and scrutiny committees are provided with considerable reporting powers as they are required to share copies of any reports or recommendations made in connection with the board's function or governance arrangement with the Welsh Ministers, the Future Generations Commissioner for Wales and the Auditor General for Wales.'

In Carmarthenshire, the Council's Corporate Performance & Resources Scrutiny Committee has been designated as the relevant scrutiny.

The minutes of the October 2023 Carmarthenshire PSB meeting were approved by the PSB at its 28 November 2023 meeting.

The minutes are presented to the Corporate Performance Policy & Resources Scrutiny for further consideration and scrutiny.

Dywedodd fod yr Uwch-arolygydd Ross Evans yn mynd i fod yn hwyr yn ymuno â'r cyfarfod.

2. Diweddariad Adfywio Tyisha

Cafodd y BGC gyflwyniad gan Lorena Alvarez ac Aron Evans o Dîm Adfywio Tyisha y Cyngor.

Tyisha 2 yw'r ardal fwyaf difreintiedig yn Sir Gaerfyrddin ac yn 17eg ar draws Cymru. Mae gan Tyisha hefyd un o'r cyfraddau troseddu uchaf yn y sir. Mae ffocws wedi bod ar weithio mewn partneriaeth yn ward Tyisha ers 2017. Cynhaliwyd ymgynghoriad cymunedol y flwyddyn honno a ofynnodd i'r gymuned leol beth oedd eu prif bryderon. Sefydlwyd tîm ymroddedig yn 2019 a sefydlwyd ffrydiau gwaith i fynd i'r afael â'r meysydd allweddol a nodwyd gan y gymuned – tai ac adfywio, yr amgylchedd a thrafnidiaeth, troseddu ac anhrefn, plant, teulu a chymuned ac ymgysylltu â'r gymuned.

Rhoddwyd trosolwg o'r cyflawniadau niferus a sylweddol hyd yma, ystod o waith sy'n cael ei wneud yn ymwneud â'r meysydd hyn a blaenoriaethau'r dyfodol.

Canmolwyd y gwaith yn y ward gan y tîm a'r partneriaid.

Cynhaliwyd trafodaeth o amgylch y gwaith gyda chymunedau i sicrhau bod prosiectau'n gynaliadwy ac y gallai'r gymuned eu harwain wrth symud ymlaen, mae'r anhawster wrth fesur effaith y prosiect cymaint ohono yn ataliol, a nodwyd bod gwaith datblygu cymunedol yn effeithio ar wardiau cyfagos. Nodwyd bod Tyisha yn ardal beilot ar gyfer prosiect model cymdeithasol iechyd a lles dan arweiniad y Bwrdd Iechyd.

Awgrymodd Huwel Manley y posibilrwydd o ymgysylltu â datblygwyr y sector preifat gan fod cyfleoedd i wneud hynny.

Mewn trafodaeth am amseriad y prosiect a chwmpas iddo weithio mewn meysydd eraill, cadarnhawyd bod y prosiect 5 mlynedd hwn wedi'i ariannu gan Gyfrif Refeniw Tai'r Cyngor oherwydd amgylchiadau penodol y ward. Mae diwedd y prosiect yn canolbwyntio ar amseriad y datblygiad tai. Er y gellid ei ystyried ar gyfer dyblygu mewn meysydd eraill, byddai angen nodi cyllid.

Dywedodd Andrew Charles fod Llywodraeth Cymru yn edrych ar ei pholisi cymunedau i ddeall sut olwg sydd ar ymatebion amlasiantaethol yn ymarferol ac ystyried sut mae'r rhain yn cysylltu ag Amcanion Llesiant a'r camau nesaf. Gofynnodd a fu unrhyw ymyriadau gan y gymuned yn Tyisha a oedd yn arloesol. Atebodd y tîm fod sefydliadau'r trydydd sector bellach yn gweithio'n well gyda'i gilydd, yn cael eu cefnogi i ymgymryd â rolau a bod mwy o rwydweithio.

3. Ein cynnydd hyd yn hyn

Roedd newidiadau diweddar yn aelodaeth BGC wedi arwain at gynrychiolwyr newydd o'r Heddlu, Adran Gwaith a Phensiynau, Y Drindod Dewi Sant, y Bwrdd Iechyd, RPB a'r Awdurdod Tân. Cafwyd cyflwyniad gan Llinos Evans o Dîm Cefnogi BGC yr aelodau newydd a rhoddodd y cyd-destun o amgylch y BGC.

Roedd y pwyntiau allweddol a drafodwyd yn cynnwys:

- Cyhoeddi Cynllun Asesu a Lles Llesiant y BGC (2023-2028)
- Trosolwg o weithgarwch diweddar a chyfredol allweddol megis gwaith ar yr Asesiad gyda BGC Ceredigion a Sir Benfro ac ymgysylltu â'r gymuned
- Gweithio gyda Llywodraeth Cymru, Comisiynydd Cenedlaethau'r Dyfodol a'i swyddfa
- Y pum Amcan Llesiant sydd wedi'u cynnwys yn y Cynllun Llesiant
- Y camau allweddol a nodwyd dros dri cham yn y Cynllun i sicrhau ei fod yn cael ei gyflawni
- Dull gorchwyl a gorffen cytunedig o gyflawni'r Cynllun.

PWYNTIAU GWEITHREDU Dosbarthu Asesiad Lles i aelodau newydd o'r BGC Tîm Cefnogi BGC

Amcan Llesiant: Mynd i'r afael â thlodi a'i effeithiau

- 4. Cam 1: Nodi a gweithredu cyfleoedd i staff sefydliadau PSB wneud i Bob Cyswllt Gyfrif (MECC) gyda gwell cyfeirio ac atgyfeirio at wasanaethau cymorth.
- 5. Cam 1: Adeiladu ar wasanaethau cynghori a chymorth i drigolion drwy Hwb y Cyngor, drwy ddatblygu cyfleoedd ar gyfer cydweithredu ar draws sefydliadau BGC.

Rhoddwyd gwybod i'r Aelodau y byddai gofyn iddynt gytuno ar y cylch gorchwyl drafft a ddosbarthwyd ar gyfer pob un o'r tri grŵp gorchwyl a gorffen arfaethedig, er mwyn ystyried cynrychiolaeth ar y grwpiau hynny o'u sefydliadau ac unrhyw brosiectau, strategaethau a chynlluniau presennol perthnasol yr oedd sefydliadau wedi'u cynnal neu'n eu gwneud.

Cafodd y pynciau ar gyfer y grwpiau gorchwyl a gorffen hyn eu cynnwys yn y Cynllun Llesiant i'w cwblhau yng Ngham 1 (2023-24). Trafodwyd pob un o'r meysydd pwnc.

Rhoddwyd amlinelliad o fenter MECC - mae'n cydnabod bod pob partner yn cael cyswllt o ddydd i ddydd â'n trigolion ac mae cyfleoedd, fel gwasanaethau, i wella llesiant drwy gyflwyno ein negeseuon allweddol a rhai ein partneriaid.

Awgrymodd y Cadeirydd y gallai'r ddau grŵp sy'n mynd i'r afael â MECC a Hwb y Cyngor fod yn cyd-fynd gan fod cynrychiolwyr partner yn debygol o orgyffwrdd a chefnogwyd hyn gan aelodau eraill y BGC.

Amlinellodd Mydrian Harries y gwaith prosiect blaenorol a wnaed mewn partneriaeth ar MECC, a phrofiad y Gwasanaeth Tân ac Achub yn benodol. Darparwyd hyfforddiant ar gyfer staff rheng flaen gan asiantaethau partner i'w galluogi i gyflwyno negeseuon allweddol perthnasol i drigolion lleol.

Cyfeiriodd Carys Morgans at y gwaith cenedlaethol a wnaed gan yr Heddlu ar y model 'Right Care Right Person' a allai ddarparu rhywfaint o ddysgu.

Amcan Llesiant: Sicrhau economi gynaliadwy a chyflogaeth deg

6. Cam 1: Cynllunio ar gyfer gweithlu'r dyfodol drwy gydweithio i hyrwyddo cyfleoedd gwaith a gyrfa yn y sector cyhoeddus.

Canolbwyntiodd y drafodaeth ar yr angen i nodi meysydd lle gall partneriaid weithio gyda'i gilydd yn fwy i hyrwyddo'r sector cyhoeddus fel cyflogwr i bobl ifanc, gan ystyried ffyrdd gwahanol o ymgysylltu a chanolbwyntio yn benodol ar y grŵp oedran 16-18. Awgrymwyd y gallai grŵp oedran fod yn rhy hwyr yn ôl yr angen i ddylanwadu ar ddewisiadau TGAU.

Codwyd pwysigrwydd darparu cyfleoedd drwy gyfrwng y Gymraeg, defnyddio prentisiaethau a denu pobl yn ôl i'r sir. Mae angen creu amgylchedd i ddod â phobl yn ôl i Sir Gaerfyrddin i weithio.

Dylid hyrwyddo swyddi ond mae hefyd yn bwysig sicrhau uwchsgilio fel y gallwn gystadlu gyda chyflogau uwch y tu allan i'r sir. Mae ailsgilio pobl hŷn hefyd yn allweddol.

Nodwyd bod staff yn symud rhwng gwasanaethau cyhoeddus fel eu cyflogwr.

Cyfeiriodd Mydrian Harries at Grŵp Clwstwr y Sector Cyhoeddus ar gyfer cynllunio'r gweithlu a'r rhwydwaith i'w sefydlu ar gyfer cynllunio gyrfa yn y dyfodol, manylion i'w dosbarthu.

Symudodd y drafodaeth ymlaen i'r cylch gorchwyl. Cytunwyd ar gylch gorchwyl drafft y grwpiau gorchwyl a gorffen.

Y gobaith yw y bydd cyfarfodydd cyntaf y grwpiau yn cael eu cynnal cyn cyfarfod nesaf y BGC ym mis Tachwedd a bydd diweddariadau ar gynnydd yn cael eu darparu. Gall cyfarfod cyntaf pob grŵp gael ei hwyluso gan y Rhwydwaith Cydgynhyrchu.

Bydd adroddiadau cynnydd gan y grwpiau gorchwyl a gorffen yn cael eu trefnu i sicrhau diweddariadau rheolaidd i'r BGC.

Gofynnwyd i'r aelodau enwebu cynrychiolydd ar gyfer pob un o'r grwpiau gorchwyl a gorffen ac ystyried a hoffent gyflwyno eu hunain i fod yn Gadeirydd un o'r grwpiau.

Nodwyd y bydd grwpiau gorchwyl a gorffen eraill yn cael eu sefydlu, a byddwn yn trafod y rheini yng nghyfarfod mis Tachwedd, fel isadeiledd gwefru cerbydau trydan.

1. Policy, Crime & Disorder and Equalities

The Well-being of Future Generations (Wales) Act 2015 requires public bodies to take all reasonable steps to meet their Well-being Objectives.

The Local Government and Elections Wales Act 2021 places specific duties for the Council:

Duty	Response
Duty to keep performance under review	We will maintain quarterly performance monitoring throughout the year. This report addresses this duty
Duty to report on	We are addressing this duty in our Annual Report on our progress on our Corporate Strategy and Well-being Objectives and as part of our monitoring arrangements.
performance – based on self-assessment approach	We must self-assess the extent to which we are meeting our 'performance requirements': 1. exercising our functions effectively. 2. using our resources economically, efficiently and effectively. 3. governance is effective for securing the above.
Duty to arrange a panel performance assessment	This duty comes into force from May 2022. We must arrange for a panel to undertake an assessment, at least once during the period between two consecutive ordinary elections
Duty to respond to a panel performance assessment report	of councillors to the council, of the extent to which the council is meeting the performance requirements.

2. Legal

In our published Well-being Statement, we are committed to monitor our Well-being Objective action plans.

ACTIONS - Theme: 5.Core Business Enablers

Sub-theme: 5f - Procurement

Target date 31/03/2024 Action Action We will work with departments to deliver compliant tender exercises through the implementation of a category management

promised approach

A total of 14 contracts/Frameworks were awarded this quarter with a combined total value of approximately £6million.

Construction and Waste

During the last quarter the evaluation of submissions received for the Council's new Construction Professional Services Framework has been undertaken. The Framework will cater for the Council's requirements for property-related project management and full design team services, which will be provided by a range of consultants appointed to discipline-specific lots (e.g. Architectural, Mechanical, Electrical and Plumbing, Structural Engineering Services). The Framework expected to be awarded in early October. In September, two new arrangements were awarded. Firstly, a new arrangement for Sewerage Services & Remedial Works (worth approximately £1.6m over 4 years)was established. The 3 appointed contractors will provide the Council with sewage removal services, sewerage-related services and associated remedial works required for the delivery and operation of its Property Maintenance, Highways and Flood Defence assets. Secondly, a tender for food waste caddy liners (worth approximately £1.2 million over 4 years) was also completed and awarded, this exercise being undertaken jointly on behalf of Carmarthenshire, Ceredigion and Pembrokeshire County Councils.

Procurement officers have been working closely with the Housing Property & Strategic Projects Division in developing a new Property Works Framework to replace the Council's current Minor Works Framework in 2024. A significant amount of market engagement activity has been undertaken with two tender briefing sessions held in Carmarthen and Llanelli. The tender is expected to be published in October.

Procurement officers continue to support departmental officers with mini-competitions from two of the Council's Dynamic Purchasing System (DPS) arrangements, 49 mini-competitions were held under the DPS for the Supply and Installation of Stairlifts, Hoists and

Work continues in conjunction with departmental officers to scope and prepare other up-coming tender exercises such as the South West Wales Regional Contractors Framework, the Tyisha Redevelopment Scheme, and the collection and treatment of Gully & Sweeper Waste.

Social Care Category

CICES Community Equipment Service and Maintenance (£900,000) was tendered, evaluated and awarded to a single supplier. Carmarthenshire acting as the Central Purchasing Body for Pembrokeshire and Ceredigion.

Work continued preparing documents for the VAWDASV tender and a consultation and engagement event was held virtually on 13th September 2023. The tender will be published in October with a proposed Contract start date of April 24.

Meetings were held to prepare for the Community Based Support tender which will now encompass Community Support Services, Fulfilled Lives, Complex Care and Supported Accommodation. A provider event was held in Llanelli on 5th September 2023. The tender will hopefully be published end of November for a proposed Framework start date of April 24.

Replacement Care will hopefully be published at the start of November and preperation work has begun for the Playworks Holiday Grant tender to be published end of November. Awaiting to hear back from the Lead Officer on Coroner Services. Localities Floating Support scheduled for tender January 2024.

Highways and Transport Category

Fleet:

Further Competition held to purchase 2 x 7.5 tonne Hotboxes (£200,000) from YPO. Received no responses and therefore it was decided to tender for this requirement ourselves. Open tender published in June and was evaluated and awarded in August to ND Brown.

Comment | Further Competition held to purchase 40 Tipper Vans (£1.4 million) from YPO. Awaiting for suppliers to price (Ford currently closed their order books).

Direct award was made for the Fuel Cards requirement through the CCS Framework.

Meetings held to discuss the upcoming Waste Vehicle Replacement project. Planning a Further Competition through the ESPO Framework to be published by mid November.

No further information from department in regards to the Maintenance Framework tender.

Highways, Transport and Parks:

Two Further Competitions were held from the Ash Die Back DPS with a total value of £10,825.

Two additional Non PSV (Taxi) tenders from the DPS were published and awarded.

Direct Award undertaken for Adverse Weather Forecasting Services (£26,000) from the WGCD Framework.

Bwcabus tender put on hold due to no funding commitment from the Welsh Government.

Food procurement - The Welsh Public Sector Collaborative Food Group (WPSCFG) Food Framework tender evaluation continues during Qtr 2 with representatives from Catering and Corporate Procurement Team in attendance for the technical evaluation sessions. The framework provides geographical and commodity lotting to encourage local bidders and local food and support the foundational economy of Wales. Future proofing the Framework has been critical to allow for new product development and/or product reformulation to meet varying requirements and changes to legislation and individual organisational policies. Caerphilly Council, the lead organisation, has incorporated robust contract and provider relationship management capable of capturing spend savings and KPI data, with a consistent approach on usage trends that will assist the effective use of this framework and inform planning for future procurements. The Framework is on track to commence 1st December 2023 and will be let for an initial period of 3 years, with an option to extend for up to a further 1-year period (if required).

IT Structured Cabling and Related Works framework has been awarded (worth approximately £160k over 4 years) and is now live. First Aid Training is currently at the scoping stage and the intention is to be publish the invitation to tender in early November. Office365 consultancy services contract. Discussions have taken place with category managers from BLOOM to see if this is an appropriate route to market. Lead Officers in the IT Services are currently looking at potential projects that could be used as a pilot to determine if we can use BLOOM or whether we would need to undertake an open competition. Exercise is currently on hold until projects have been identified.

Cleaning services for schools and corporate buildings tender has been evaluated and standstill letters are to be issued on 12/10/23. There is an exception report that has been approved by CMT to extend the current arrangement to November 2023 to cover any delays or possible mobilisation periods.

OHMS replacement tender is live and the deadline for submissions is early November 2003.

Local broadband fund - Llanarth and Cennen tender has been cancelled due to advice from the UK Government.

Saleable Goods (which relates to the sale of poolside products at CCC Leisure Centres to members of the public) has been awarded

and the contract is live (worth approximately £100k).

Comment	The second annual employee engagement survey closed on 21 July. The results have been analysed and the report is being considered by CMT on 28 September. It is pleasing to note that all the indicators have improved when compared to last year's overall results. There are of course departmental variations. The additional comments provided by those that took part have also been analysed and action plans (both corporately and departmentally) will be developed. Communication to all staff of the overall results will be provided during November. Departments will take responsibility for communicating their own results and action plans.

EXECUTIVE SUMMARY

CORPORATE PERFORMANCE & RESOURCES SCRUTINY COMMITTEE 12 DECEMBER, 2023

FORTHCOMING ITEMS

The Council's Constitution requires Scrutiny Committees, at the commencement of each municipal year, to develop and publish a Forward Work Plan which identifies the issues and reports to be considered at meetings during the course of the year. When formulating the Forward Work Plan the Scrutiny Committee will take into consideration those items included on the Cabinet's Forward Work Programme.

The list of forthcoming items attached includes those items which are scheduled in the Corporate Performance & Resources Scrutiny Committee's Forward Work Plan.

Scrutiny Committee members, as part of their role are required to regularly refer to the Cabinet Forward Plan in order to identify any future pre-decision reports, within the scrutiny remit for inclusion onto the Committee's FWP. The Cabinet Forward Plan is updated on a regular basis, the most recent version is available to view in the following link:-

3. CWESTIYNAU GAN Y CYHOEDD (NID OEDD DIM WEDI DOD I LAW)

Nid oedd cwestiynau gan y cyhoedd wedi dod i law.

4. PWYLLGOR CRAFFU PERFFORMIAD AC ADNODDAU CORFFORAETHOL GRWP GORCHWYL A GORFFEN 2023/24 DOGFEN CYNLLUNIO A CHWMPASU ADOLYGU PERFFORMIAD A DATBLYGIAD Y GANOLFAN GYSWLLT GORFFORAETHOL

Bu i'r Pwyllgor, ar ôl cytuno, mewn egwyddor, i gynnal adolygiad Gorchwyl a Gorffen o Ganolfan Gyswllt y Cyngor yn ei gyfarfod anffurfiol a gynhaliwyd ar 27 Medi, dderbyn y Ddogfen Cynllunio a Chwmpasu Ddrafft Gorchwyl a Gorffen ar adolygiad o berfformiad a datblygiad y Ganolfan Gyswllt Gorfforaethol.

Wrth gyflwyno'r ddogfen, pwysleisiodd y Cadeirydd fod hwn yn faes y teimlai'r Pwyllgor yn gryf y byddai'n elwa'n fawr ar adolygiad, gan ei fod yn fodd sylfaenol i'r cyhoedd roi gwybod am broblemau a cheisio gwybodaeth. Felly, wrth ystyried y nodau a'r amcanion a nodir yn y ddogfen, y Pwyllgor fyddai orau i gynnal ymchwil i'r systemau presennol sydd yn eu lle, y perfformiad a chynhyrchu argymhellion i'r Cabinet.

Er mwyn ffurfio Grŵp Gorchwyl a Gorffen gwleidyddol gytbwys, gofynnodd y Cadeirydd am hyd at 6 enwebiad gan y Pwyllgor. Wrth gydnabod bod yr enwebiadau a ddaeth i law wedi'u pwysoli tuag at Blaid Cymru, cytunodd y Pwyllgor ar yr aelodaeth, yn amodol ar benderfyniad y Cyngor ar aelodaeth pwyllgorau a fyddai'n digwydd yn y Cyngor llawn ar 8 Tachwedd, 2023. Byddai hyn yn rhoi cyfle i aelod o'r Grŵp Llafur ymuno â'r grŵp i sicrhau cydbwysedd gwleidyddol. Pe bai enwebiad yn dod o'r grŵp Llafur cyn y cyfarfod cyntaf ym mis Tachwedd, cytunwyd y byddai'r Cynghorydd Jean Lewis yn rhoi'r gorau iddi.

5. ADRODDIAD BLYNYDDOL DRAFFT CYNGOR SIR GAR AR GYFER 2022-23

[SYLWER: Roedd y Cynghorydd A. Evans wedi datgan buddiant yn yr eitem hon yn gynharach, ac arhosodd yn y cyfarfod wrth i'r Pwyllgor ei hystyried.]

Rhoddodd y Pwyllgor ystyriaeth i Adroddiad Blynyddol drafft y Cyngor ar gyfer 2022/23 ynghyd ag adroddiadau manwl ar Amcanion Llesiant newydd y Cyngor sy'n dod o fewn cylch gwaith y pwyllgor sef:

- WBO1 Galluogi ein plant a'n pobl ifanc i gael y dechrau gorau posibl mewn bywyd (Dechrau'n Dda)
- WBO2 Galluogi ein preswylwyr i fyw a heneiddio'n dda (Byw a Heneiddio'n Dda)
- WBO3 Galluogi ein cymunedau a'n hamgylchedd i fod yn iach, yn ddiogel ac yn ffyniannus (Cymunedau Ffyniannus)
- WBO4 Moderneiddio a datblygu ymhellach fel Cyngor cydnerth ac effeithlon (Ein Cyngor)

Wrth gyflwyno'r adroddiad, dywedodd yr Arweinydd fod yr adroddiad hwn yn ofyniad statudol, a thrwy ddefnyddio'r amcanion llesiant i fframio'r hunanasesiad, roedd yn galluogi'r Cyngor i integreiddio gofynion adrodd Deddf Llywodraeth Leol ac Etholiadau (Cymru) a Deddf Llesiant Cenedlaethau'r Dyfodol (Cymru) mewn un adroddiad.

Roedd yr adroddiad yn rhoi gwybodaeth am sut yr ymgysylltai'r Cyngor â dinasyddion a rhanddeiliaid ar draws holl swyddogaethau allweddol y Cyngor.

Ymatebwyd i'r sylwadau/arsylwadau fel a ganlyn:

- Rhoddwyd sylw i'r grantiau penodol a dderbyniwyd gan Lywodraeth Cymru gan eu bod yn cyfateb i'r cyfanswm o 16% y mae'r Cyngor yn ei dderbyn o'r dreth gyngor. Mewn ymateb i ymholiad, cadarnhaodd yr Arweinydd fod y swm a dderbyniodd y Cyngor o dreth y cyngor yn y gwariant cyffredinol yn fach o gymharu â phwysigrwydd y Grant Cynnal Refeniw (RSG) a dderbyniwyd gan Lywodraeth Cymru. Roedd trafodaethau ar y gweill ar lefel Cymru gyfan. Dywedodd yr Arweinydd wrth yr aelodau y byddai'r Gweinidog dros Gyllid a Llywodraeth Leol yn ymweld â Sir Gaerfyrddin yn ystod yr wythnos nesaf lle byddai trafodaeth yn cael ei chynnal ynglŷn â sefyllfa bresennol y grantiau a'r posibilrwydd o gydgrynhoi'r Grant Cynnal Refeniw. Byddai gwybodaeth yn cael ei dosbarthu i Aelodau'r Pwyllgor y tu allan i'r cyfarfod.
- Esboniodd yr Aelod Cabinet dros Adnoddau fod y Cyngor yn dibynnu ar grantiau i gynnal y gyllideb refeniw.
- Mewn ymateb i ymholiad, cadarnhaodd Pennaeth y Gwasanaethau Ariannol fod y gyfradd gasglu annomestig yn 97.97% a oedd ychydig bach yn is na'r flwyddyn flaenorol. Mae ardrethi annomestig yn cael eu cronni ledled Cymru ac felly, byddai unrhyw or-gasgliad neu dan-gasgliad o fewn awdurdod lleol unigol yn mynd i'r gronfa ac yn cael ei rannu ledled Cymru. Mae'r awdurdod wedi'i ddiogelu rhag unrhyw amrywiad o ran ffactorau economaidd lleol.
- Bu i'r Pennaeth Adfywio, Polisi a Digidol, wrth ymateb i ymholiad ynghylch safleoedd adwerthu gwag ac adwerthwyr yn mynd i ddwylo'r gweinyddwyr, gadarnhau byddai'n rhaid i'r landlord dalu ardrethi, er bod cyfnod dros dro o 3 mis pan fo'r eiddo'n wag
- Mewn ymateb i ymholiad ynghylch gostyngiad yn y targedau ymateb statudol i gwynion, eglurodd y Rheolwr Polisi Corfforaethol a' Phartneriaeth, y bu cynnydd yn nifer y cwynion a ddaeth i law yr Awdurdod yn ystod yr un cyfnod. Roedd y cwynion a ddaeth i law yn rhai cymhleth ac roedd angen amser i ymchwilio iddynt yn drylwyr. Dywedwyd y byddai Adroddiad Blynyddol manwl ynghylch Cwynion yn cael ei gyflwyno i'r Pwyllgor Llywodraethu ac Archwilio nesaf.
- Mewn ymateb i ymholiad, eglurodd y Rheolwr Polisi Corfforaethol a Phartneriaeth fod cyfarwyddeb i Benaethiaid Gwasanaeth gan archwilio mewnol ynghylch amser ymateb rheolwyr wedi'i weithredu.
- Mewn ymateb i ymholiad, cadarnhaodd y Rheolwr Cymorth Busnes y byddai ymateb ysgrifenedig yn cael ei gyflwyno i'r Pwyllgor, yn egluro pam y bu cynnydd yn nifer y marwolaethau a gofrestrwyd yn Sir Gaerfyrddin yn ystod 2022/23, gan gynnwys cynnydd mewn achosion lle mae angen i grwner ymyrryd yn y sefyllfa.

PENDERFYNWYD YN UNFRYDOL dderbyn yr adroddiad.
