[SYLWER: Roedd y Cyngorydd S. Hancock wedi datgan buddiant yn yr eitem hon yn gynharach.]

Rhoddodd y Panel ystyriaeth i adroddiad y Comisiynydd ar braesept arfaethedig yr heddlu am 2023/2024. Dywedwyd wrth y Panel y gallai wneud y penderfyniad naill ai i gymeradwyo, gwrthod, neu roi feto i'r praesept arfaethedig yn y cyfarfod, ac ar ôl hynny byddai'n rhaid iddo roi gwybod i'r Comisiynydd am ei benderfyniad. Gallai'r penderfyniad i gymeradwyo neu wrthod gael ei wneud gan fwyafrif syml ond roedd yn rhaid i bleidlais feto gael ei gwneud gan fwyafrif o ddwy ran o dair o aelodaeth y Panel cyfan. Byddai hyn yn golygu y byddai'n rhaid i ddeg aelod o'r panel oedd yn bresennol yn y cyfarfod gefnogi'r feto. Dywedwyd pe bai'r Panel yn dewis rhoi feto ni fyddai'r Comisiynydd yn gallu cyflwyno'r praesept arfaethedig a byddai'n rhaid iddo gyhoeddi ymateb i adroddiad y Panel, gan nodi praesept arfaethedig arall, erbyn 10 Chwefror 2023. Ni fyddai'r Panel yn gallu rhoi feto i'r praesept arfaethedig diwygiedig, dim ond penderfynu ei gymeradwyo neu ei wrthod.

Roedd yr adroddiad yn cynnig cynnydd yn y praesept o £1.87 y mis ar gyfer eiddo Band D, sy'n cyfateb i gynnydd o 7.75%.

Diolchodd y Panel i'r Comisiynydd a'r Prif Gwnstabl am drefnu seminar cyllid a oedd yn cefnogi craffu ar yr adroddiad.

Gwnaed ymholiad ynghylch digwyddiadau ymgynghori â'r cyhoedd. Dywedodd y Comisiynydd y byddai'n fwy buddiol cynnal digwyddiadau yn ystod y flwyddyn yn y dyfodol.

Mewn ymateb i ymholiad, dywedodd y Comisiynydd fod trafodaethau ynghylch ystadau yn parhau, a bod digwyddiadau ymgysylltu cymunedol yn cael eu cynnal yn ystod y misoedd nesaf i drafod â'r cyhoedd.

Mewn ymateb i ymholiad ynghylch argaeledd Swyddogion Heddlu yn y Gymdogaeth, dywedodd y Comisiynydd y dylai cynghorwyr gael mynediad

uniongyrchol i'r tîm. Mae digwyddiadau ymgysylltu â'r cyhoedd yn cael eu trefnu ym mhob sir, yn ystod y flwyddyn.

Gwnaed ymholiad ynghylch y sicrwydd o gyfraniadau ariannol grant yn y dyfodol. Dywedodd y Comisiynydd eu bod yn ddibynnol ar grantiau gan Lywodraeth Cymru i helpu i ariannu swyddi'r gweithlu. Bydd trafodaethau yn cael eu cynnal ar gyfer y blynyddoedd nesaf.

The Policing Protocol Order 2011

Quarter 4 2022/23 Summary Performance Report

Introduction

The Police Reform and Social Responsibility Act (PRSRA) 2011 establishes Police and Crime Commissioners within each Force area in England and Wales, giving them responsibility for the totality of policing within their area. It requires them to hold the Chief Constable to account for the operational delivery of policing, including the Strategic Policing Requirement published by the Home Secretary.

Section 70 of the PRSRA requires the Secretary of State to issue a Policing Protocol, which applies to every Chief Constable and Police and Crime Commissioner.

This protocol sets out the roles and responsibilities of all involved in the quadripartite relationship, namely Police and Crime Commissioner, Chief Constable, Police and Crime Panel and Home Secretary.

All parties will abide by the 7 principles set out in the Standards in Public Life, known as the Nolan Principles.

The establishment and maintenance of effective working relationships by these parties is fundamental. It is expected that the principles of goodwill, professionalism, openness and trust will underpin the relationship between them and all parties will do their utmost to make the relationship work.

In order to demonstrate compliance with the Policing Protocol Order 2011 the Office of the Police and Crime Commissioner for Dyfed-Powys developed a healthcheck which covers all the areas in the protocol which the Police and Crime Commissioner has legal power and duty over. This equates to 21 areas which are further broken down into 54 areas of action by various business areas within the OPCC, 4 of these are permanently marked as N/A which leaves 50 action areas. These are completed on a quarterly basis to show continuous progress.

Each section is given a RAG rating to highlight any areas of concern

Green - Fully compliant, no additional work necessary

Amber - Partially compliant, some additional work necessary

Red - Not compliant, duty not currently being met

The summary of the healthcheck is made available to the Police and Crime Panel in report format, including an Executive Summary of the previous quarter.

Executive Summary

The following report covers the reporting period of Q4 of the financial year 2022/23 (Jan, Feb, Mar 2023)

RAG status comparison

Summary:

Of the 50 action areas:

	Qtr 3	Qtr 3	Qtr 4	Qtr 4
Red/Coch	1	2%	0	0%
Amber/Ambr	26	52%	19	38%
Green/Gwyrdd	23	46%	31	62%

This Quarter as seen an increase in Green marked areas and a decrease in Amber cases as well as the reduction of the 1 red area. This is the result of the work being undertaken to improve the performance in certain areas for example the area around external funding where there is now an officer in place to take this forward and maximise funding opportunities.

Further work will be undertaken to fine tune some of the work undertaken in the last quarter with a view to there being an increased number of improved green areas at the time of the next report.

17a) Set the strategic direction and objectives of the Force through the Police and Crime Plan which must have regard to the SPR

Action Required	RAG	Quarter 3 Progress Update
Development of Police and Crime Plan in line with requirements set out in Police Reform and Social Responsibility Act 2011 (Part 1; Chapter 3; 7)	Green	The Police and Crime Plan for 2021- 2025 was published in December 2021. Work is continuing to deliver what is contained under each priority within the plan with several additional areas included that will be reported in the Annual Report.
Development of a Police and Crime Delivery Plan to support the achievement of the objectives as set out in the Police and Crime Plan	Yellow	A new business plan is in the process of being finalised. This will assist in the OPCC's delivery of the Police and Crime Plan. All work areas within the OPCC now have individual workplans that highlight the specific work that has been undertaken. Progress is monitored and challenged through the Senior Management Team and Executive Team. Timescale for completion: 23 rd May 2023
Review the Police and Crime Plan to ensure it remains fit for purpose	Green	Through the business plan and other work plans the Police and Crime Plan is constantly under review to ensure that the items contained within it are deliverable. Through engagement with the public at several events the Commissioner is able to ensure that the work being undertaken adds value and is in the public's interest.

17b) Scrutinise, support and challenge the overall performance of the force including against the priorities agreed within the Plan

Action Required	RAG	Quarter 3 Progress Update
There are formal governance arrangements in place to support effective scrutiny	Green	Clear governance arrangements are in place with escalation routes available to support the PCC in discharging his statutory responsibilities. These were reviewed as part of the annual review of the Corporate Governance Framework to ensure they support the PCC and appropriately take cognisance of the governance arrangements being put in place by the Chief Constable. A mapping exercise has been undertaken to ensure OPCC attendance at appropriate Force governance meetings to support PCC scrutiny responsibilities.

<p>Development and annual review of Corporate Governance Framework</p>		<p>The Corporate Governance Framework has been subject to a light touch review this year but still has included some important amendments. The main amendments have been in relation to increasing contract values and their level of scrutiny. The amendments were discussed and agreed at both the Joint Audit Committee and Policing Board.</p> <p>The next review of the Framework will be undertaken following the next Police and Crime Commissioner elections, post May 2024.</p>
<p>Establish a risk-based, forward looking schedule of activity to support improvements in Force performance</p>		<p>A number of recommendations have been made following the scrutiny activity undertaken in the last Quarter.</p> <p>5 recommendations related to the OOCd.</p> <p>7 relate to the QAP Outcome 16 report that is currently in draft and is with members.</p> <p>7 relate to the FCC call report, all of which have been accepted. Completion of reports and force response to recommendations has improved this quarter.</p>
<p>Ensure the public's views are represented in the PCC's scrutiny work</p>		<p>Scrutiny has continued through the Out of Court Disposal (OOCd) Panel and Quality Assurance Panel (QAP). The OOCd Panel looked at possession of drug cases which will help feed into wider OPCC work on drugs. The QAP met in January and focussed on 999 calls into FCC and then again in March to review domestic abuse outcome 16 cases. The focus came about as a result of the Force identifying that outcome 16 cases, where the victim withdraws from a case remain high, the Panel focussed on the rationale given for an outcome 16 and the support given following this outcome. The office has also continued with the anti-rip suit pilot, with the ICV's reviewing a selection of custody records each month with the aim of focussing on whether the use of anti rip suits and the rationale recorded within the records is appropriate.</p> <p>This remains Amber as the OPCC recognise that there is a need to improve the diversity of our volunteer schemes. Timescale for achieving this: October 2023.</p>
<p>Oversight and implementation of external inspectorates recommendations</p>		<ol style="list-style-type: none"> 1. Digital Forensics, released 01/12/22. PCC statutory deadline 26/01/23 and response published on 19/01/23. 2. The CFO participates in a number of force governance meetings which routinely consider aspects of VFM. The Efficiency and Savings plan is considered as part of the MTFP and a focus has been brought to project proposals and business benefits realisation which will seek to assist in the continual drive for VFM. VFM is an intrinsic part to procurement activity at a local, regional and national level and continued engagement with BlueLight Commercial will assist in driving further VFM. A new Efficiency & Productivity Group has been established which drive future plans and seek business benefits.

PCC's St Davids Day Conference

Policing by consent was the topic of discussion at the PCC's annual St David's Conference this year, which took place on Friday 3 March 2023 at Dyfed-Powys Police Headquarters in Carmarthen.

Policing by consent, which is the theory behind the Peelian principles that were designed to define an ethical police force, is heavily reliant on public confidence. Addressing today's challenges of rebuilding public trust and confidence, is essential to safeguard a legitimate future for policing.

Guest speakers included:

Professor Richard Wyn Jones and Dr. Robert Jones, authors of the recently published book 'Criminal Justice in Wales: On the Jagged Edge';

Professor Emmanuel Ogbonna, who worked with both Welsh Government and Criminal Justice in Wales Board on their Anti Racist Action Plans;

Deputy Chief Constable Maggie Blyth, who is now working for the College of Policing and is the National Police Chief Constables' lead on violence against women and girls;

Dr. Nerys Llewelyn Jones who was a Commissioner on the Law Commission which was chaired by Lord Thomas of Cwmgeidd - The Thomas Commission, which undertook a review of the justice system in Wales:

Monthly bulletin

In this period, we published 3 monthly e-bulletins summarising the work of the Commissioner and his Office, and have continued to publish the PCC's weekly highlights for social media.

Youth Forum

During this quarter, the Youth Forum have met twice. Forum members have been conducting focus group sessions with their peers on three key areas; Mental Health Support for young victims; Substance mis-use prevention activities; Support for young people who are committing low level offences, and have been reporting back on their findings during both meetings. During the March meeting, the Children’s Commissioner attended the meeting to discuss her work with children and young people, and to listen to the Youth Ambassadors feedback on the three key areas.

In addition to the focus groups, during this quarter also, the Y Sgwrs survey was launched for young people, so that all young people in our Force area have an opportunity to have their say on the three key areas noted above. The survey will close in April 2023, and Youth Forum members will work with our Engagement Advisor to review all findings from focus groups and surveys.

Victim Engagement Forum

Victim Engagement Forum (VEF)’s new Terms of Reference has been signed off by the LCJB Victim and Witness sub-group, and the OPCC Exec. Team. As a result, communication has been sent out to all VEF members asking them to complete a short survey that will collect additional data from them in regards to i) the crime they have been a victim of; ii) demographics; iii) where they reside. Responses will be reviewed in the next quarter.

During this quarter VEF have also been consulted on the below:

- SVLES Survey to hear VEF’s views on their experiences or opinions on the remote evidence sites that are offered to victims during investigations. Survey was open from 24/02/2023 for 2 weeks until 10/03/2023, with the results and findings shared with Goleudy.
- Stalking and Harassment survey created for VEF members’ experiences of being victims of stalking and harassment.
- Op Soteria Bluestone survey – Following a social media post and a press release by DPP – Op Soteria asks

	<p>for feedback from survivors of rape/sexual assault on their experience with the police (not just DPP).</p> <ul style="list-style-type: none"> Victim Needs Assessment - Supporting Justice CIC were undertaking a victim needs assessment and created an anonymous online survey for victims and those otherwise affected by crime to take part. <p>Community Remedy Survey</p> <p>During this quarter we launched a survey on the Dyfed-Powys Community Remedy Options. Police and Crime Commissioners are required to consult with the public on a range of sanctions that can be used to deal with low-level crime and anti-social behaviour outside of the court system in their police force area, with the Police and Crime Commissioner and Chief Constable ensuring the final menu is proportionate.</p> <p>The proposed Community Remedy options for Dyfed-Powys aim to be victim-focused, providing appropriate outcomes for offenders to take account of their actions and repair the harm caused. The survey will close at the end of April 2023.</p> <p>Website Survey</p> <p>As we look to improve the way in which we promote the role and work of the Dyfed-Powys Police & Crime Commissioner and his team, we are reviewing how our website is working for people, and launched a short survey for our stakeholders to complete so that we get a better understanding of their experience of using our website.</p> <p>Precept Notice</p> <p>Published the 2023-24 Precept Notice which gives tax payers further details on the policing budget for the next financial year.</p>
<p>Respond to community concerns in a timely manner</p>	<p>There has been an increase in correspondence during Quarter 4 in comparison to Quarter 3. Correspondence concerning the Firearms Department continues to rise. The OPCC are closely monitoring concerns which are being</p>

		<p>raised and the PCC is holding the Chief Constable to account for the performance of the Firearms Department in Policing Board.</p> <p>136 pieces of correspondence were received by the office and 100% of the cases were resolved within 20 working days. The main concerns raised were in relation to Police officers / staff conduct / ongoing PSD matters (40%), Traffic Concerns / Speeding / Fixed Penalties (16%), Anti Social behaviour (15%).</p> <p>11% of correspondence was in relation to the Firearms Department. Concerns have been escalated to the Assistant Chief Constable.</p>
<p>Engage residents in contributing to assurance and scrutiny activity</p>		<p>Positively three new QAP Members have been appointed to the Panel and are currently waiting on vetting clearance. A recruitment drive is also required to try and get some additional ICV's across the Dyfed Powys area, this will be looked at over the next quarter.</p> <p>Custody record reviewing continue, with ICV's reviewing 49 records over this period of those having been issued with an anti rip suit. Improvements continued to be seen in the quality of rationale recorded within custody logs for the issuing of anti rip suits, however, further work is needed on the recording of the removal of suits when appropriate within records.</p> <p>This remains Amber as the OPCC recognise that there is a need to improve the diversity of our volunteer schemes. Timescale for achieving this: October 2023.</p>
<p>Provide effective and accessible services for victims and vulnerable people</p>		<p>MOJ end of year currently being completed for submission end of April. Providers reporting positive outcome data alongside the challenge of additional demand on services during and post pandemic.</p> <p>No complaints received. A complaints process forms part of the annual audit cycle for commissioned services.</p> <p>Core questions regarding how services will be made accessible from a number of perspectives including geographical, physical, language, diversity, equality and ability are contained within the procurement template and form part of the scored submission. We also ensure that these questions are incorporated into tender processes run by partners where we are a joint investor.</p> <p>MOJ Quantitative framework is still awaited, now assuming this will be scheduled for new financial year. Reporting</p>

		<p>requirements referenced in Victims Bill with discussions ongoing regarding funding required for additional PCC resources to analyse and report compliance against VCOP. Additional dip sampling process model has commenced and first report will be submitted to LCJB in May 2023.</p> <p>Timescales: Ongoing</p>

Response from the

Police and Crime Commissioner for Dyfed-Powys

to the

Dyfed-Powys Police and Crime Panel

Grant funding arrangements

Overview

The Commissioning Framework outlines the priorities and key principles of commissioning activity. This includes reference to the award of grants as one of the routes to delivery.

The Commissioner has established a Commissioning Advisory Board, whose role is to act as the reviewing body in relation to the awarding of grant funding and the tendering of services. Their role includes ensuring that there is a return on investment and evaluation of service/project impact. The Board focuses on scrutinising activity and holding providers to account.

In 2020, the Board scrutinised and approved a process for assessing and awarding grant funding from the PCC, including the use of a scoring matrix. This is currently being reviewed and will be developed further from April 2023.

The PCC has multiple income streams which can be utilised to fund additional projects and resources in support of the Police and Crime Plan priorities. Some of these have specified purposes which are outlined below:

Income source	Purpose	Amount invested in 2022/23
Commissioner's Reserves	Contributions to support communities across Dyfed Powys	£101,000
Sale of Found Property	Contributions to charities /community groups	£3,634
Proceeds Of Crime Act	Contributions to improve and support financial investigation and contributions towards charities / community groups	£85,638
Forfeiture	Support projects that improve drug enforcement and trafficking	£0.00
Driver Retraining	No direct criteria for contributions but a percentage of the reserves should contribute towards road safety projects	£264,998
DIP Reserves	Contributions towards projects related to drug prevention and support	£33,250

The External Funding Manager and the Chief Finance Officer meet on a fortnightly basis to discuss the current budget balance, expenditure and commitments against each of the above income streams. A monthly meeting is also held between the PCC, Chief Finance Officer, Director of Commissioning and External Funding Manager to discuss the funding and any relationships with the Commissioning budget.

External Funding resource within OPCC was impacted during 2022/23 by the departure of the very experienced Manager in August 2022. Despite many attempts to recruit, the post was not filled until the end of January 2023. Training and development have been the main focus for the new Funding Manager during the last two months of 2022/23 with support from OPCC colleagues to manage existing projects and initiate funding opportunities from April 2023 onwards.

Project details by Location – April 2022 to March 2023

Forcewide

Project	SCFC Foundation Dyfed Powys Kicks
Source	Commissioner's Reserves
Value	£100,000.00
Police & Crime Plan Priority	Harm is Prevented

Following a successful pilot project run by SCFC Trust in Seaside and Pembroke Dock, the Trust have approached the PCC with an idea to extend the project across 5 areas in DPP, concentrating on areas of high deprivation.

The Trust initially developed and ran several football sessions / training sessions for children in the community, targeting hard to reach groups and groups under poverty.

The project extension would span across 5 designated areas, engaging with children in those communities, giving them the access to football coaching, education and training opportunities and also volunteering opportunities which they might not have previously had access too.

The PCC offered full support and agreed to extend the project. The project is planned to run for a period of 3 years from 2021, with budget of £300k (£100k per annum).

Project	Drug testing on arrest kits
Source	DIP Reserves
Value	£33,250.25
Police & Crime Plan Priority	Harm is Prevented

The Roads Policing Department have seen a significant increase in drug drive offences since 2019 as a result of proactive 'stop and check' measures by officers.

The initial detection is at the roadside using a drug wipe and if a positive reading is shown would then require a toxicology blood sample which would take place in the custody unit. These positive steps have had a significant financial impact on the cost of drug wipes and subsequent toxicology testing.

A request was made from the Force and the PCC agreed to contribute towards the cost of purchasing the Drug Drive Test kits.

Project	DA Perpetrator Fund - match funding
Source	Driver Retraining Reserves
Value	£96,823.82
Police & Crime Plan Priority	Harm is Prevented

The OPCC in partnership with Montgomeryshire Family Crisis Centre, Calan DVS, Threshold DAS, Dyfed Powys Police and Forensic Psychology UK submitted a bid to the Home Office Perpetrator Fund and were successful in obtaining £417,000 to deliver the project.

The project enables the delivery of a variety of interventions for perpetrators and wraparound support for their families, thereby aiming to reduce the incidence and impact of domestic abuse and stalking.

In order for the bid to be accepted, the Home Office included a requirement for match funding. It was recommended that the PCC approved the use of up to £112,000 from the Driver Retraining Reserves to enable this project to be delivered.

The Home Office funding delivered the project from August 2021 to 31st March 2022, whilst the funding provided by the PCC was utilised in the financial year 2022/23 thereby enabling the project to continue for a full 12-month period.

The final match funding requirement was less than anticipated requirements as detailed above.

Discussions are ongoing by the Regional VAWDASV Strategic Board in order to determine funding for the longer-term future of these interventions.

Project	DA Perpetrator Regional contribution
Source	Driver Retraining Reserves
Value	£19,850.00
Police & Crime Plan Priority	Harm is Prevented

The PCC was approached by the Regional VAWDSV board for a contribution towards the regional perpetrator programme. The PCC contributed funding to the partnership during 2021/22 and was asked to continue this investment in 2022/23.

The joint investment across the partnership in 2021-22 ensured that as a region they achieved a consistent, accessible and high-quality offer of perpetrator intervention that was equally accessible in all areas of the region. In line with the Partnership's work to improve the commissioning arrangements around VAWDASV service provision, within the last year they have worked on developing potential regional funding rations, across all partners.

The Force regularly refer drivers to WMDAS for assessments and the organisation take on the costs themselves. The PCC agreed to assist the organisation and a contribution was made from the Driver Retraining reserves to the organisation.

The PCC has received an application for a contribution of £11,370.50 for the financial year 2022/23 in order to continue to assess Dyfed-Powys referrals.

The PCC approved the funding request based on the success of previous contributions to this scheme. The final invoice will be received in April 2023 for the remaining balance and will be allocated out of 2023/24 budget.

The PCC was keen to support such an innovative approach and to provide a support system to survivors of domestic abuse and agreed to fund the pilot project to the sum of £12,000.

Apologies have been provided for the delay between the visit in 2020 and communication in 2023. The original correspondence failed to reach Gwili Steam Railway and a recent OPCC audit has revealed that the donation offered in 2020 had not been processed.

Ceredigion and Powys

Whilst there has been no direct PCC funding provision to community groups with these counties during 2022/23, the Forcewide projects do have impact in these areas. Notable examples are:

- SCFC Foundation Dyfed Powys Kicks
- Drug testing on arrest kits
- Fitness to Drive
- Op Darwen contribution

Previous years' funding has directly contributed to these regions and there are current funding requests being reviewed within OPCC from these regions that will be awarded during early 2023/24.

The new External Funding Manager has recently developed a Funding Tracker to monitor the locations of all funding requests and ensure PCC funds are distributed equitably across the force regions.

2023

Cymeradwydd y CHTh rhoi rhodd elusennol o £1,000 i Reilffordd Gwili o'r gronfa 'Gwerthiant Eiddo y Daethpwyd o Hyd Iddo'.

Roedd Ymgyrch Carlston yn ymchwiliad hynod gymhleth a sensitif ar gyfer yr heddlu. Roedd y gefnogaeth a ddarparodd Rheilffordd Gwili'n hollbwysig i'r gwaith yr ymgwymerwyd ag ef ac fe'i gwerthfawrogwyd yn fawr. Mae'r Prif Gwnstabl a'r CHTh wedi mynegi eu diolch diffuant am gefnogaeth Rheilffordd Gwili.

Mae CHTh wedi gofyn am i SCHTh roi rhodd elusennol o £1000 i Reilffordd Gwili fel arwydd o'i werthfawrogiad. Mae CHTh yn gobeithio y bydd y rhodd yn helpu i gefnogi gwaith Rheilffordd Gwili o fewn y gymuned.

Newid i gyllid BRAKE a dyddiad cychwyn

1af Ebrill 2023

Cymeradwyodd y CHTh gyfraniad o'r gyllideb Cronfeydd wrth Gefn Gyrwyr ar gyfer cynllun peilot 12 mis o Eiriolwr Dioddefwyr Ffyrdd Annibynnol Dyfed Powys (IRVA), gan weithio gyda Heddlu Dyfed Powys yn uniongyrchol o ran atgyweirio dioddefwyr. Mae'r cynnig yn bodloni blaenoriaethau'r Cynllun Heddlu a Throsedd yn uniongyrchol.

Mae gwaith i gychwyn y prosiect hwn wedi bod yn mynd rhagddo ers mis Mehefin 2022 ond mae heriau recriwtio wedi arwain at oedi sylweddol wrth symud ymlaen. Mae cyfle secondiad bellach wedi'i nodi a bydd yr unigolyn yn dechrau yn ei swydd o 2 Ebrill 2023.

Bydd y cytundeb grant felly'n cael ei ddiwygio i gychwyn ar 1 Ebrill 2023. Mae'r gyllideb hefyd wedi'i diwygio i roi cyfrif am heriau chwyddiant a chostau byw ynghyd â hwyluso trefniant secondiad. Y gyllideb ddiwygiedig yw £48,669 am y cyfnod o 12 mis.

Ail bwrpasu arian cyfatebol Cyflawnwr Cam-drin Domestig

1af Ebrill 2023

Cymeradwyodd y CHTh yr argymhelliad y dylid ariannu swydd Cydgysylltydd Stelcian Cam-drin Domestig yn ystod 2023/24 ar gost o £35,000 ac y dylid ymchwilio i barhad y Gwasanaeth Integredig Cymorth i Deuluoedd gyda darparwyr a nodi cost derfynol.

Cyflwynodd SCHTh, ar ran nifer o bartneriaid cyflawni, gais am Gyllid Cyflawnwyr Cam-drin Domestig y Swyddfa Gartref ar gyfer y cyfnod 2023-2025. Roedd hwn yn barhad ac ehangiad o'r model gwasanaethau a ddarparwyd trwy gylchoedd blaenorol o gronfeydd Cyflawnwyr y Swyddfa Gartref. Roedd y cais hwn yn aflwyddiannus ac mae'r canlyniad wedi'i herio'n uniongyrchol gan y CHTh.

Roedd y cais gwreiddiol yn cynnwys £97,239 o arian cyfatebol gan y CHTH, i'w ymrwymo o gronfeydd wrth gefn Hyfforddiant Gyrwyr. Cynigir bod y cyllid hwn yn cael ei newid i'r meysydd hynny a nodwyd fel blaenoriaeth uchel yng nghynnwys y bid. Y brif flaenoriaeth yw parhau â swydd y Cydlynnydd Cam-drin Domestig a Stelcio sydd ar hyn o bryd yn rhan o Heddlu Dyfed Powys. Mae'r rôl hon wedi profi i wella'r broses o adnabod a rheoli troseddwr ac mae risg sylweddol yn gysylltiedig â dileu'r swydd hon. Argymhellir parhau â hyn ar gost o £35,000 ar gyfer blwyddyn ariannol 2023/24. **EXECUTIVE SUMMARY
POLICE AND CRIME PANEL
19 MAI 2023**

**PANEL SCRUTINEY REPORT
HOW THE POLICE AND CRIME COMMISSIONER PERFORMS
AGAINST THE POLICING PROTOCOL ORDER**

In its annual report for 2021/2022 the Police and Crime Panel identified scrutinising how the Police and Crime Commissioner (PCC) performed against the requirements of the Policing Protocol Order as one of its key priorities for the coming year.

A Panel sub-group of 7 members was established to undertake this work and their full report is attached.

The sub group was satisfied that there is clear evidence that the Commissioner is performing his functions across the scope of the Order. Actions where Panel Members have observed the PCC's performance themselves indicate that the does so to a high standard.

The recommendations set out in the report are:

1. That the PCC continue to provide performance reports to the Panel on a quarterly basis.
2. That the PCC and the Panel seek to use their influence to have this approach adopted in other force areas
3. That these report appear higher on the agendas of Panel meetings to allow more time for their consideration.
4. That the Panel review aspects of the Reports in more detail either in Panel meetings or via Panel sub groups
5. That the Panel adopt a similar approach to rating and reviewing its operations against the span of its responsibilities.

Order.

1. Aim of the Panel.
2. Legal & Consultation Context
3. Panel Sub-Group.
4. Panel Approach.
5. Activities review
6. PAB: Lines of Enquiry.
7. Conclusion.
8. Recommendations.

1. Aim of this Panel Review of the Policing Control Order.

1.1 The aim of the Panel review is to scrutinise the Police and Crime Commissioner's performance against the Policing Protocol Order to ensure that the Police and Crime Commissioner (PCC) is performing the statutory functions prescribed in the Order to the highest possible standard.

2. Legal Context

2.1 The Policing Protocol Order 2011 was made by the (then) Home Secretary Theresa May in November 2011 under powers contained in Section 79 of the Police Reform and Social Responsibility Act 2011.

2.2 Paragraph 1 of the Protocol states the following

“This Protocol is issued in accordance with the requirements of the Police Reform and Social Responsibility Act 2011 (the 2011 Act). It sets out to all Police and Crime Commissioners (PCCs) and the Mayor’s Office for Policing and Crime (MOPC), Chief Constables, Police and Crime Panels and the London Assembly Police and Crime Panel how their functions will be exercised in relation to each other. An effective, constructive working relationship is more likely to be achieved where communication and clarity of understanding are at their highest. Mutual understanding of, and respect for, each party’s statutory functions will serve to enhance policing for local communities”

2.3 Paragraph 17 of the Protocol lists the legal powers and duties of Police and Crime Commissioners as

(a) set the strategic direction and objectives of the force through the Police and Crime Plan (the Plan), which must have regard to the Strategic Policing Requirement set by the Home Secretary;

(b) scrutinise, support and challenge the overall performance of the force including against the priorities agreed within the Plan;

(c) hold the Chief Constable to account for the performance of the force’s officers and staff;

(d) decide the budget, allocating assets and funds to the Chief Constable; and set the precept for the force area;

(e) appoint the Chief Constable (except in London where the appointment is made by the Queen on the recommendation of the Home Secretary);

(f) remove the Chief Constable subject to following the process set out in Part 2 of Schedule 8 to the 2011 Act and regulations made under section 50 of the Police Act 1996;

(g) maintain an efficient and effective police force for the police area;

(h) enter into collaboration agreements with other PCCs, other policing bodies and partners that improve the efficiency or effectiveness of policing for one or more policing bodies or police forces in consultation with the Chief Constable (where this relates to the functions of the police force, then it must be with the agreement of the Chief Constable);

(i) provide the local link between the police and communities, working to translate the legitimate desires and aspirations of the public into action;

(j) hold the Chief Constable to account for the exercise of the functions of the office of Chief Constable and the functions of the persons under the direction and control of the Chief Constable;

(k) publish information specified by the Secretary of State and information that the PCC considers necessary to enable the people who live in the force area to assess the performance of the PCC and Chief Constable;

(l) comply with all reasonable formal requests from the Panel to attend their meetings;

(m) prepare and issue an annual report to the Panel on the PCC's delivery against the objectives set within the Plan;

(n) monitor all complaints made against officers and staff, whilst having responsibility for complaints against the Chief Constable.

2.4 The Home Secretary held consultations in 2021/ 2022 on a PCC Review around a wider functioning power of competence for PCCs and a refreshing of the Policing Protocol. The outcome of the Policing Protocol review is still awaited.

3. Panel Subgroup

3.1 Members of the Police and Crime Panel identified the scrutiny of the Commissioner's performance against the Protocol as one of its key priorities for 2022-23 and established a subgroup of 7 members to carry out this task.

3.2 The subgroup consists of the following Panel Members:

Professor Ian Roffe (Independent co-opted member and Chair of the Panel)

Mrs Helen Thomas (Independent co-opted member);

Councillor Elizabeth Evans of Ceredigion County Council;

Councillor Jonathan Grimes of Pembrokeshire County Council;

Councillor Ken Howell of Carmarthenshire County Council;

Councillor Liz Rijnenberg of Powys County Council;

Councillor William Powell of Powys County Council.

4. Panel Approach

The panel has taken the following approach:

4.1 Monitor the Commissioner's performance against the order on a quarterly basis.

4.2 Challenge the Commissioner in relation to specific performance issues that arose during the year 2022/23.

4.3 Establish whether there is clear evidence that the Commissioner is performing his functions to the highest possible standard.

4.4 Review practice in other force areas to identify good practice.

4.5 Undertake a specific review of particular RAG ratings.

5. Activities review

5.1 The PCC presents a report to the Panel on a quarterly basis assessing the activities of the PCC against the Policing Protocol Order. The Office of the Police and Crime Commissioner (OPCC) for Dyfed-Powys has developed a health-check template which covers all the areas in the protocol which the PCC has legal power and duty over. This covers 21 functions, further broken down into 54 areas of action. Four of these areas of action are permanently marked as N/A which leaves 50 action areas to consider.

5.2 Areas identified in the PCC's report are assigned a Red/ Amber/ Green (RAG) rating, according to whether the areas are performing well or require improvement.

Green - Fully compliant, no additional work necessary;

Amber - Partially compliant, some additional work necessary;

Red - Not compliant, duty not currently being met.

5.3 Reasons for these coding arrangements are explained in the PCC's report, with particular emphasis accorded to those assigned a Red rating. These are completed on a quarterly basis to show continuous progress. These health-check reports and executive summary are reviewed by the Panel and the Commissioner challenged upon aspects of them by Panel members.

5.4 Desk top research and email enquiries regarding practices in other force areas were undertaken by the sub group

6. Key Lines of Enquiry

6.1 KLOE 1 Is the Commissioner performing the statutory functions described in the Order to the highest possible standard?

During the year under review, the Panel received two such reports from the PCC. Each report presented had a clear format. The reports covered the totality of the Order, with an accompanying detailed, concise narrative on work undertaken against each action. The report and subsequent attendance by the PCC at Panel Meetings does enable the Panel to monitor the Commissioner's performance against the Order on a quarterly basis.

6.2 The narrative is a self-assessment by the PCC, but the Panel members are able to enquire on each and every facet of the report. Minutes of Panel meetings are necessarily concise and brief, but do

demonstrate a direct link between the PCC’s Report and Member questions, for example in relation to the Red RAG rating regarding recruitment issues in the Office of the Police and Crime Commissioner (OPCC).

6.3 KLOE 2 What specifically do the Quarterly Reports show?

The Quarterly reports over the 2022/23 period present a self-assessment and a RAG rating against the perceived compliance with the Order. The Chief Executive of the OPCC has said that the Order is a key document guiding the work of the organisation and that it is viewed as highly important.

6.4 An analysis of the reports presented during 2022/23 show Small changes between quarters, as shown in Table 1.

	July 2022	October 2022	January 2023
Red	0	1	1
Amber	25	22	26
Green	25	27	23

Table 1: Changes in the RAG categorisation of 50 action areas.

The PCC has explained the presentation of some of these categories as reflecting the continuous nature of work on specific actions, with the result that they will never be marked as green. However, it does not mean that they are not compliant. Further, the

benefit of the reports is as a tool to demonstrate continuous progress and in serving as a health-check.

6.5 Analysis of the sole Red rated action shows that it relates to the issue of external funding and sponsorship within the function specified in the Order 17g “Maintain an efficient and effective police force for the force area”.

This Red rating arises because the OPCC has been unable to find a suitable candidate to fill a key post after two recruitment exercises. The explanation provided is rational and the position recoverable in the short term with a suitable appointment. However, it does flag the sensitivity of performance to having competent and experienced staff in key roles. This is something that ought to be reflected in the PCCs Risk Register.

6.6 Both reports contain Amber ratings against a number of headings, although as indicated above, this may in some instances be because the particular action is continuing in nature. For example, an Amber rating appeared in the January 2023 Quarterly Report for the category of Implementing and Maintaining a risk register for the PCC and Force. The sub group notes however that there was an agenda item in the Nov 22 Joint Audit Committee on this issue.

6.7 KLOE 3 Are the coded ratings realistic?

The performance report covers 50 action points and addressing the specific actions across the totality of the spectrum of points falls beyond the scope of this current work.

However, the PCC interacts with the Panel in a transparent and engaging way, with the result that the Panel can see and monitor how the PCC performs at least some his functions. This enables the Panel to carry out a reality check on some of the RAG ratings in the reports. For example, the Panel has during the last year closely monitored how the Chief Constable is held to account by the PCC and reported separately upon his performance in that regard.

The PCC could consider developing other means of conducting reality checks on the ratings to reassure the Panel and the public as to their accuracy.

Ultimately, these reports are primarily a management tool of the PCC, but as the Panel has direct knowledge of the commissioner's actions in certain areas it can say with confidence that those ratings that is able to validate are realistic.

6.8 KLOE 4 Do other force areas monitor compliance with the Policing Protocol Order in this way?

Desk top research undertaken by the sub group and direct enquiries of other Panels have not indicated any comparable actions in other force areas. Therefore the approach presented by the Dyfed Powys PCC appears novel and merits commendation for its transparency.

6.9 KLOE 5 What is the impact of the Quarterly Report ?

The current arrangements of quarterly review accompanied by verbal briefing and a question and answer session provide benefits to both the PCC and the Panel. For the PCC, it provides a governance platform offered by local expertise from Members. For the Panel, it provides a distillation of performance and as such is a cost-effective and efficient way of reviewing performance against the Order without overstraining resources. It does require implicit trust that the responses provided are accurate and contemporary, but the Panel can scrutinise further based on the RAG ratings presented should it wish to do so.

6.11 There is a network of PCC's and their Chief Executives across England and Wales as well as a flow of staff and circulation of information. This is a route through which innovative practices can diffuse through organisations as a means of continuous quality improvement. In this respect, the PCC's practice of reporting on his compliance with the Order has the potential for wider replication.

7. Conclusions

7.1 This review did not identify any similar practice by other PCCs to their respective Panels elsewhere in Wales and England. Hence, the PCC is commended in adopting this approach, which in our

view presents as a case of good practice. This has the potential to be shared as good practice across force areas.

7.2 The report and attendance by the PCC at Panel Meetings does enable the Panel to monitor the Commissioner's performance against the order on a quarterly basis. The scope of the reports are relevant and assist the Panel to perform its functions. However, the reports often appear late in the Panel agenda leaving little time for detailed consideration. Therefore, the order of business on the agenda of the Panel could be adapted to present these reports earlier in the proceedings.

7.3 There is clear evidence that the Commissioner is performing his functions across the scope of the Order. Actions where Panel Members have observed the PCC's performance themselves indicates that he does so to a high standard.

7.4 The quarterly reports therefore provide a benefit to both the PCC and the Panel

7.5 The quarterly report indicates assessment across 50 action fields, with only 1 appearing as Red flagged over the course of the year, with the reasons for this category made clear. As indicated above, this flags up the sensitivity of performance to personnel recruitment and retention.

7.6 The outcome of the Home Office review of the Policing Protocol Order is awaited. To what extent it will impact upon the functions of PCCs is unclear as the focus may be upon addressing the trust issues facing the police nationally due to the distressingly high number of cases involving criminal and other inappropriate activities by a small number of serving officers across the country.

8. Recommendations

8.1 The Panel recognises that it is concerned with the scrutiny of the elected PCC not the OPCC or the Chief Constable. The quarterly reports are informative and provide assurance that the PCC is complying with the legislative requirements of the Order . **As such it is recommended that the PCC continue to provide performance reports to the Panel on a quarterly basis.**

8.2 The quarterly reports appear to be unique to Dyfed Powys and there is the potential for disseminating this good practice elsewhere. This will have the added benefit of enabling benchmarking. **It is therefore recommended that the PCC and the Panel seek to use their influence to have this approach adopted in other force areas**

8.3 It is recommended that these report appear higher on the agendas of Panel meetings to allow more time for their consideration.

8.4 It is recommended that the Panel review aspects of the Reports in more detail either in Panel meetings or via Panel sub groups

8.5 It is recommended that the Panel adopt a similar approach to rating and reviewing its operations against the span of its responsibilities.

HOW THE POLICE AND CRIME COMMISSIONER HOLDS
THE CHIEF CONSTABLE TO ACCOUNT**

In its annual report for 2021/2022 the Police and Crime Panel identified scrutinising how the Police and Crime Commissioner (PCC) holds the Chief Constable (CC) to account as one of its key priorities for the coming year.

A Panel sub-group of 7 members was established to undertake this work and their full report is attached.

Overall the sub group was satisfied that PCC holds the CC to account in a robust and positive way and that the dynamic of their relationship appears to be a healthy one.

The recommendations set out in the report are:

1. That the PCC continue with his approach of holding Policing Accountability Board (PAB) meetings in local colleges.
2. That the PCC and CC reflect on the relative importance of public accountability and secure the dates in their diaries for these meetings
3. That meetings should be held regularly and clearly promoted to the public and stakeholders. Dates of PAB meeting should be publicised on the PCP website well in advance.
4. That steps be taken to ensure that the way information is presented at the PAB takes into account the public nature of the meeting and its audience as this would be beneficial in helping the public in fully understanding the replies.
5. That the PCC should aim to more clearly demonstrate how he has held the CC to account in relation to all those matters specified in section 1(8) of the Police Reform and Social Responsibility Act 2011

DYFED-POWYS POLICE AND CRIME PANEL

Report of the Performance sub-group.

How the Police and Crime Commissioner holds the Chief Constable to account.

Contents

1. Aim of the Panel.
2. Legal Context
3. Panel Sub-Group.
4. Panel Approach.
5. Activities review: 2022/23 Police Accountability Board.
6. Key Lines of Enquiry
7. Policing Board.
8. Conclusion.
9. Recommendations.

1. Aim of this Panel Review.

1.1 The aim of the Panel review is to ensure that the Police and Crime Commissioner (PCC) is holding the Chief Constable (CC) to account in a way that is thorough, effective and fair. A Performance sub-group of the Panel was therefore set the objective of reviewing the work of the Dyfed Powys Policing Accountability Board (PAB) as well as the Policing Board.

1.2 The intended outcome is to establish clear evidence of the Commissioner holding the Chief Constable to account in a robust and fair way.

2. Legal Context

2.1 Section 1(7) of the Police Reform and Anti-Social Behaviour Act 2011 ('the 2011 Act') provides that the Police and Crime Commissioner must hold the Chief Constable to account for the exercise of:

1. The functions of the Chief Constable and
2. The functions of persons under the direction and control of the Chief Constable.

2.2 Section 1(8) of the 2011 Act lists certain specific functions of the Chief Constable which the Commissioner is required to hold the Chief Constable to account for. These are

- (a) the exercise of the duty under section 8(2) (duty to have regard to police and crime plan);
- (b) the exercise of the duty under section 37A(2) of the Police Act 1996 (duty to have regard to strategic policing requirement);

(c) the exercise of the duty under section 39A(7) of the Police Act 1996 (duty to have regard to codes of practice issued by Secretary of State);

(d) the effectiveness and efficiency of the chief constable's arrangements for co-operating with other persons in the exercise of the chief constable's functions (whether under section 22A of the Police Act 1996 or otherwise);

(e) the effectiveness and efficiency of the chief constable's arrangements under section 34 (engagement with local people);

(f) the extent to which the chief constable has complied with section 35 (value for money);

(g) the exercise of duties relating to equality and diversity that are imposed on the chief constable by any enactment;

(h) the exercise of duties in relation to the safeguarding of children and the promotion of child welfare that are imposed on the chief constable by sections 10 and 11 of the Children Act 2004.

2.3 Although the Commissioner appoints the Chief Constable it must be recognised that the Chief Constable is a Corporation sole with independent control of and responsibility for operational policing within the force area. The respective roles and responsibilities of the Commissioner and Chief Constable

are prescribed in legislation, namely the Policing Protocol Order 2011. It is necessary to stress that the Commissioner has no direct control over or responsibility for operational policing and should not seek to interfere with the operational independence of the Chief Constable.

3. Panel Subgroup

3.1 Members of the Police and Crime Panel identified reviewing the accountability function as one of their four key priorities for 2022-2023 and established a subgroup of 7 members to carry out a review of the proposed precept.

3.2 The subgroup consists of the following Panel Members

Professor Ian Roffe (Independent co-opted member and Chair of the Panel)

Mrs Helen Thomas (Independent co-opted member)

Councillor Elizabeth Evans of Ceredigion County Council

Councillor Jonathan Grimes of Pembrokeshire County Council

Councillor Ken Howell of Carmarthenshire County Council

Councillor Liz Rijnenberg of Powys County Council

Councillor William Powell of Powys County Council

4. Panel Approach

4.1 In performing this function, the Subgroup has

1. Attended meetings of the Commissioner's Policing Accountability Board and observed how the Commissioner holds the Chief Constable to account at those meetings.
2. Reviewed the published minutes of the Commissioner's Policing Board meetings with the Chief Constable
3. Observed the interaction between the Commissioner and Chief Constable at other events and through the medium of their public statements and press releases.
4. Considered the commissioner's most recent Annual Report.
5. Considered particular lines of enquiry.
6. Undertaken desk top research on the practices of accountability exercised in other Force areas.
7. Challenged the Commissioner on specific issues that arose during the year.

5. Policing Accountability Board.

5.1 Owing to the delay in appointing Panel Members by the Home Office following the May 2022 elections, Panel Members have only been able to attend and observe the Accountability

Board meetings in October 2022 and February 2023. Members however also reviewed the agenda and minutes for the July 2022 meeting.

5.2 Issues covered in the July 2022 meeting included

1. Force performance on supporting victims.
2. Chief Constable's performance appraisal.
3. Review of the force financial position.
4. Concerns regarding the force governance structure.
5. Stalking and harassment.

5.3 Issues covered in the Aberystwyth October 2022 meeting included:

1. Stalking and harassment.
2. Police budget review.
3. National Crime and Policing Measures.
4. Force performance on supporting victims.
5. Hate Crime.

5.4 Issues covered in the Haverfordwest February 2023 meeting included:

1. Misogyny & institutionalised racism in DPP.
2. Cyber crime & DPP response.

3. Drugs enforcement.
4. Crime reduction.
5. Sustainability.
6. Professional standards.

5.5 PAB meetings have a formal agenda, but members of the public are invited to pose questions to the PCC and CC and these are forthcoming on relevant and topical issues in policing.

5.6 For example topics such as public confidence and trust in the policing service have been raised by members of the public. These were answered by the PCC and CC, with both recognising that this is a priority. Issues such as Violence against Women is described as a high priority by the CC as is the issue of professional standards for police officers. There were 20,000 crimes recorded by DPP in 2016 increasing to 42,000 in 2022; attributed to the proliferation in crime categories, such as the creation of a specific crime of coercive control.

5.7 A PAB presents as split in style between answering questions posed by the public, as well as the more formal policing performance responses to questioning by the Commissioner. The response on policing performance is data heavy, arguably it is too detailed and all encompassing an update on performance for the public to follow. There is also a

lot of technical language and police jargon which can be difficult for those not involved in policing to understand. As the PCC is likely to know the detailed content due to the more frequent Policing Board meetings, there may be more added value if the content and presentation of Policing Accountability Board meetings is more aligned to the public and their viewing and understanding of policing governance in action.

6 Key Lines of Enquiry

The sub group has considered the following key lines of enquiry when preparing this report

6.1 KLOE 1 - Do Police Accountability Boards demonstrate the PCC holding the Chief Constable to Account?

6.2 The PAB is an ideal opportunity for the public and Panel members to observe the performance of the PCC in holding the CC to account.

6.3 Over the years different venues have hosted a PAB, and a disappointing feature is the relative lack of attendance by the public.

6.4 The choice of venues is determined to an extent by the requirement to host the Chief Constable and certain support

staff as well as the Commissioner and his staff. Also, suitable facilities are needed. Recently, the PCC has been staging the event at Colleges. These venues have encouraged groups of students and a reasonable number of the public to attend as well as representatives of the Panel.

6.5 Colleges and schools vary in type and age of the student population. A Further Education campus has certain advantages in that the students attending are local, are adults, are voters and also most likely to remain through living and working in the local area. Events at the heart of an educational institution, achieves a strong level of attendance, not only from students and educators, but also a good mix of stakeholders from the wider locality. The presence of Dyfed-Powys Police recruitment stand during lunch time demonstrated a joined-up approach.

6.6 The practical value from attendance for a member of the public is the ample opportunity to ask the CC searching questions, as well as getting a better understanding of the relationship and boundaries that operate between the PCC and CC. The presence of the public creates a good spread of topical questions, often from students. However, there are also a range of people who identify themselves as victims of crime, both Anti-Social Behaviour and Domestic Abuse. The

Commissioner and Chief Constable clearly ensure that their questions were handled sensitively, and time made for private engagement with the Commissioner and officer colleagues in the margins of meetings. These participants feel their concerns were heard and engaged.

6.7 Observations by Panel Members concluded that it was easy to recognise the healthy dynamics that exist between the PCC and CC. Both are high performing individuals. The PCC established his role as a critical friend with constructive challenge and scrutiny and this was demonstrated consistently and clearly.

6.8 Meetings of the PAB are organised throughout the year, but aperiodically. Potential meeting dates are changed and that can create difficulties in attending for Panel Members as well as members of the public. It is desirable that PAB meetings be held more regularly with sufficient notice being given to the public and stakeholders.

6.9 Overall, these are successful sessions and demonstrate a strong level of constructive challenge from the Commissioner – and candid responses from the Chief Constable.

6.10 KLOE 2 Does a PAB have a practical accountability function, or is it an exercise in marketing?

6.11 The PAB shows the PCC acting as the voice of the electorate in holding the Chief Constable to account. Through the questioning to which he has been exposed the CC demonstrated that has clear enthusiasm for embracing peoples views. He also demonstrates a role in driving forward improvements in the Police service, eg encouraging victims to be involved in training.

6.12 At this difficult time of criticism of the Police and lack of trust, the PAB has also demonstrated its value by enabling these issues to be addressed reassuringly by the CC and the PCC who wants to "ensure the culture in DP Police was healthy". The CC recognised the importance of the improved vetting system and he ensured it was being operated. The PCC understands how important it is that faith is maintained in the police service. He stressed he was investing in services to support victims.

6.12 The PAB serves to evidence that the PCC has command of his role and a personality, knowledge and experience that gives him an appropriate approach to deal with the challenges faced by the service and being able to robustly and fairly hold the CC to account.

6.13 The sub group is therefore satisfied that the PAB does have practical value and is not just a marketing exercise

6.14 KLOE 3 Does the agenda of a PAB reflect accountability for the Police & Crime Plan?

6.15 The agenda for a PAB is formulated by the PCC and follows up on business developments from previous PAB meetings and generally reflect the priorities within the current Plan. Questions from the public are diverse and are handled appropriately. The more specific policing matters posed by the PCC are also handled in a relevant and detailed way. This challenge is clear and demonstrable. However, as mentioned in paragraph 5.7 the level of detail in the information provided and the terminology has the potential to be difficult for the lay person to follow and comprehend as it does require a degree of familiarity with policing terms and data.

6.14 There are themes in the PAB agenda that reflect objectives in the Police and Crime Plan. But, the minutes and governance could highlight in a more structured way the links with the current plan as it would not necessarily be clear to a lay person attending a PAB how they tied together.

6.15 The operation of the PAB with its mix of public questions and more detailed enquiries by the PCC on police performance

presents as a public demonstration of accountability in action. Police performance has a skew towards the objectives of the Policing Plan, but in view of the Policing Board meeting on a fortnightly basis this appears a subsidiary role to the opportunity for the public to observe governance taking place and have questions answered. Responses gained from the public show an appreciation of the time and interest offered by the PCC and the CC to their concerns.

6.16 KLOE 4 Does the Commissioner's approach evidence suitable actions against the requirements of Section 1(8) of the 2011 Act?

6.17 The PCC has capable Officers to give him necessary support and as such the reports from the Policing Board are informative and evidence the PCCs performance in relation to scrutiny of the Chief Constable. Overall, the PABs provide a partial insight into actions of the PCC in relation to the requirements of Section 1(8) the 2011 Act.

6.18 However, a member of the public may struggle to determine from attendance at PAB meetings and consideration of Policing Board minutes whether the PCC has addressed all those matters specified in section 1(8).

6.19 KLOE 5 Does the practice of accountability operating in Dyfed Powys match implementation in other Force areas?

6.20 Desktop research undertaken in March 2023 is summarised in Table 1 and shows the position in six other Force areas as gleaned from their websites

FORCE AREA	WHAT THEY DO
SOUTH WALES	Scrutiny & Accountability Board held regularly. Chaired by Deputy PCC at which CC and other officers attend. There was reference to a 'Strategic Board' also but no detail could be found on the website relating to it. It was unclear to what extent (if any) the public have access to the meetings.
GWENT	Strategy & Performance Board – Held quarterly and chaired by PCC. Public able to attend
NORTH WALES	Strategic Executive Board – Chaired by the PCC. Again held quarterly. It was not possible to tell from the website whether the public could attend the meetings.
CUMBRIA	Public Accountability Conferences – Chaired by PCC – Held quarterly and open to the public.
NORFOLK	PCC Accountability Meetings – Held 'regularly' and appear to be webcast.

LINCOLNSHIRE	Public Assurance Meetings – Held quarterly and seem to be open to the public.
--------------	---

Table 1: Force Comparisons of Accountability Conferences.

6.21 From Table 1, it is clear that although there are variations between the force areas overall there seems to be a similar approach being taken. The only obvious outlier being South Wales where the meeting is chaired by the Deputy PCC not the PCC himself. Overall, it is reasonable to conclude that the approach taken by the Dyfed Powys PCC is certainly comparable to that of peers.

7. The Dyfed Powys Policing Board

7.1 Policing Board meetings were held fortnightly throughout 2022/23. These are not public meetings although certain information about them is published on the PCC's website. Sub Group Members have reviewed the agenda and minutes of all the meetings that have taken place since the start of the municipal year (April 2022).

7.2 The issues covered in these meetings included

1. Use of Stop and Search powers
2. Future use of police buildings

3. Crime data integrity
4. Collaboration with other police forces
5. Supporting Victims
6. Forensic services
7. Safeguarding of vulnerable children and adults
8. Stalking and domestic abuse
9. Counter terrorism
10. Force finances

7.3 Members have undertaken longitudinal tracking of certain issues arising from the Policing Board minutes. These issues include: (a) a thread on consulting with survivors of rape; (b) the flu vaccine; and (c) VFM and reduction in absence due to flu related illnesses.

7.4 Early in the year there was a proposal to provide stalking training for Sergeant ranks. However the follow-on thread appears to have been omitted from the minutes. Therefore, it would be informative to indicate when the thread of activity has been completed.

7.4 Overall, it seems that the Policing Board plays an important part in ensuring the accountability of the CC and policing service to the PCC.

8. Conclusion

8.1 PAB meetings have clear benefits in ensuring the transparency of the governance by the PCC of the CC and police service of Dyfed Powys.

8.2 The Policing Board minutes serve to present information on the accountability of specific actions of the policing service to the PCC.

8.3 Comparability with governance practices exercised by other PCCs is clear. It is reasonable to conclude that the approach taken by the Dyfed Powys PCC is certainly comparable to that of peers.

8.4 The minutes of the Policing Accountability Board and Policing Board do not show clearly that the Commissioner is addressing all the matters that s.8(2) of the 2011 Act particularly require him to hold the CC to account in relation to. That is not to suggest that the PCC is failing to address those matters, rather that more should be done to demonstrate that those matters are being addressed.

8.5 Overall the PCC holds the CC to account in a robust and positive way and the dynamic of their relationship appears to be a healthy one.

9. Recommendations

9.1 The PABs provide a clear demonstration of the appropriate governance of Dyfed Powys Police Service by the elected Police and Crime Commissioner. Venues at Colleges provide an insight to groups of young people as well as interested member of the public. **The Panel recommends that the PCC continue with his approach of holding PAB meetings in local colleges.**

9.2 Meetings of the Police Accountability Board are arranged aperiodically and often subject to postponement, which creates difficulties for stakeholders and the public. It also implies a relatively low priority compared with other commitments for the two principals. **It is therefore recommended that the PCC and CC reflect on the relative importance of public accountability and secure the dates in their diaries for these meetings.**

9.3 The PAB meetings are a public demonstration of the accountability of the CC to the PCC. **It is therefore recommended that meetings should be held regularly and clearly promoted to the public and stakeholders. Dates of PAB meeting should be publicised on the PCP website well in advance.**

9.4 The terminology used by police in answering questions posed by the PCC at the PAB is often abbreviated and the information provided detailed and technical in nature. **It is recommended that steps be taken to ensure that the way information is presented at the PAB takes into account the public nature of the meeting and its audience as this would be beneficial in helping the public in fully understanding the replies.**

9.4 **It is recommended that the PCC should aim to more clearly demonstrate how he has held the CC to account in relation to those matters specified in section 1(8) of the 2011 Act.**

**EXECUTIVE SUMMARY
POLICE AND CRIME PANEL
19 MAY 2023**

UPDATE ON PANEL REVIEW OF ESTATES MANAGEMENT

In the Panel Annual Report for 2021-2022 the Panel Identified the following as one of its scrutiny priorities for 2022-2023

“How the Commissioner manages the Police estate in light of the financial pressures on the capital budget”

It was intended that this work be completed by the Panel meeting scheduled for January 2023.

Owing to the significant delay in members of the Panel being appointed by the Home Office following the May 2022 local government elections, the Panel was unable to progress this piece of work during the 2022/2023 municipal year.

The Panel has therefore resolved to undertake this task during 2023/2024 as part of its wider scrutiny of the police precept.
