EXECUTIVE SUMMARY

Universal Credit Full Programme Rollout in Carmarthenshire

With effect from 12th December 2018 Carmarthenshire will become a Full Service Area for Universal Credit. Anyone making a new claim for one of the effected legacy benefits will be required to claim Universal Credit

Universal Credit will replace:

- Housing Benefit
- Working Tax Credit
- Income related Employment & Support Allowance
- Income Support
- Child Tax Credit.
- Income Based Jobseekers Allowance

Following on from the budget in October 2018, a test and learn exercise will begin for managed migration in July 2019. Changes have been made in relation to the number of claims being migrated over to Universal Credit, now reduced to 10,000, as part of the test and learn process. Migration for existing claimants of the affected legacy benefits to Universal Credit will not now begin until after July 2020. The government has maintained that the full managed migration programme will still be completed by December 2023.

As yet, the Department of Works and Pension have not issued any information on how this will be carried out. It is likely to be based on benefit type and this will allow the Authority to identify who will be moved onto Universal Credit and when that change will happen.

For a number of years Carmarthenshire County Council have been working very closely with partners and stakeholders to ensure that we mitigate any potential negative impacts this change may have on some of our customers.

This short summary provides an overview of the key support currently offered and planned, as full service roll out is implemented. The report outlines the package of support and advice provided by Council Services to help those affected with a view of minimising the financial impact and to help, where appropriate, people back into employment. This includes:

- Support for Council Tenants;
- Support for Housing Benefit Claimants;
- From April 2019 the contract for Assisted Digital support and personal budgeting will transfer to the Citizens Advice Bureau.
- Support against Financial Exploitation through Trading Standards;
- Signposting to support through Yr Hwb'
- Support for Veterans.

Policy, Crime & Disorder and Equalities

UC is a UK Government led programme introduced as part of the Welfare Reform Act 2012. The programme is being introduced in stages across Britain.

Finance

It is expected that rent arrears will rise in the short to medium term based on the experience of other social housing landlords. We will however be offering tailored advice and support to our most vulnerable tenants in order to navigate them through the process.

Provision for bad debt for 2018/19 currently stands at £494K. While we expect the impact of Universal Credit may influence this, we do not envisage any increase in this provision for the next 12-18 months.

ICT

The UC programme requires that applications are completed online. Assisted Digital Support is being provided through the Council's Libraries and Yr Hwb with access to necessary IT equipment and staff support for residents going through the application process.

Risk Management Issues

3230 of our tenants currently claim Housing Benefit and they are likely to all transfer to U.C by 2023. Whilst it is expected that rent arrears will rise in the short to medium term based on the experience of other social housing landlords there are robust plans to mitigate the impact.

Staffing Implications

We recently completed the re-alignment of the Homes and Safer Communities Division where we reviewed our capacity to provide additional support to those affected. As a part of that re-alignment we have created a dedicated Tenancy Support Team which will assist in providing the focus required.

Through additional funding provided by Welsh Government we have employed two new members of staff. In addition, new funding will provide three specialist welfare benefit and debt advisors via a 3rd sector partner.
