LEISURE CHARGES 2020-21

Introduction:

This report details charges for 2020-21, comprising:

- Cultural Services (Arts and Theatre venues)
- Sports & Leisure venues (Leisure Centres & swimming pools)
- Outdoor Recreation (Country Parks, including the Millennium Coastal Park; Pendine Beach car park; and Pendine Outdoor Education Centre)

Rationale

Factors taken into consideration for the annual charges review are:

- Corporate income and charging policy
- Previous years' charges
- Corporate income targets and inflation
- *Demand / usage trends
- Comparative charges in neighbouring authorities and facilities
- Council's business / social objectives
- Performance of venues in previous years
- Three-year business / budget planning process
- Implications of capital investments
- *Current economic climate
- Energy costs and projections
- Charges are upper thresholds and may be discounted, with approval from 2 service officer and the Head of Service

****N.B. The sign-off for this report has been delayed due to the unprecedented outbreak of Covid-19 and it's impact across the World. As such, it must be appreciated that charges for this year, will have to reflect the availability of services and facilities as government guidelines dictate and social distancing measures allow.***

For example, we are looking to apply a Fine Amnesty for Library returns, aligned with national sector policy on this matter. It is proposed as part of the council's covid19 recovery planning, that users who have overdue books will be able to return them free of charge to any Carmarthenshire library from 1st July 2020 until 31st March 2021. The amnesty on fines will apply to all Carmarthenshire library books and non-book items – it is also proposed to wipe/cancel historical charges allowing for lapsed users to return as service users. The initiative is aimed at ensuring everyone has access to free library services across

Carmarthenshire, removing barriers to joining and service utilisation.

Given the dynamic nature of managing the pandemic, it is proposed that this year's charging report be used as a core framework for charges that allows managers to work from in applying associated season or annual membership and general charges, applying the principle of adjustments being agreed and signed off by 2 senior service officers and the HoS to ensure accountability and flexibility.

Format of report

Where charges differ significantly from previous year, an explanation is provided. Charges are rounded up / down to nearest 10p.

3. Finance

The attached charges report form part of the income generating plan for the leisure division for 2020-21.

It is acknowledged that multiple factors will play a part in the service's ability to charge and generate income this financial year, and probably next. With staff being furloughed and loss of income claims to be resolved, regular monitoring throughout the year will assist in delivering a best possible financial return for these services by year end.
