EXECUTIVE SUMMARY ERW JOINT COMMITTEE 21 JULY 2020

ERW CONSORTIUM INTERNAL AUDIT REPORT 2019-20

BRIEF SUMMARY OF PURPOSE OF REPORT

To give assurance to the Joint Committee on the effectiveness of governance, internal control, risk management and financial managements in place for the ERW Consortium.

The Internal Audit review for 2019-20 resulted in a limited assurance opinion. The following provides a key summary of weaknesses identified:

- There has been limited progress in implementing recommendations from both the previous internal audit review and the Significant Governance Issues and Priorities for Improvement that were contained within the 2018-19 Annual Governance Statement. There is a lack of oversight by the Joint Committee to ensure previously identified matters arising are addressed and resolved.
- There are a number of emerging governance concerns around the future Footprint of the Consortium, and the consequential funding ramifications of this. This has diverted an element of the strategic focus away from undertaking the core work of the consortium, has increased the level of uncertainty over the future of the Consortium, and could potentially impact upon the morale of staff employed.
- Information presented to the Joint Committee to monitor the operational implementation of the Business Plan is disjointed, inhibiting the Joint Committee's ability to scrutinise the performance of the Consortium.
- At the time of the audit, a methodology for evaluating the effectiveness of the 2019-20 Business Plan had not yet been fully developed, as the 2019-20 Business Plan did not contain performance metrics to enable effective monitoring.

The factual accuracy of the draft Internal Audit Report has been agreed. Management responses have been received, with the report being finalised on 26 June 2020.
