Explanations for non-submission of scrutiny reports

1 Carmarthenshire's approach to the National Licensing Scheme for Private Landlords

Responsible Officer(s): Robin Staines, Head of Housing & Public Protection

Explanation: Welsh Government launched the new scheme in November 2016. Landlords will have 12 months to register and obtain a licence. Rent Smart Wales are the national body set up to administer the scheme and it is intended that local authorities will undertake local enforcement. Rent Smart Wales, Welsh Local Government Association in conjunction with Welsh Government are developing a memorandum of understanding which will clarify roles and responsibilities. When that is in place we will be better placed to report on Carmarthenshire's approach.

Revised Submission Date: 20th June 2016

2 Supporting People Programme Update

Responsible Officer(s): Neil Edwards, Commissioning Manager

Explanation: The reporting lines for Supporting People have recently changed within the Department. It would therefore be more appropriate to provide an update on the Programme to the Scrutiny Committee at its next meeting in March.

Revised Submission Date: 24th March 2016
