## 2. Legal

The law states that:-

- a) We must carry out sustainable development, improving the economic, social, environmental and cultural well-being of Wales. The sustainable development principle is
 

*‘... the public body must act in a manner which seeks to ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs.’*
- b) We must demonstrate 5 ways of working:
 

Long term, integrated, involving, collaborative and preventative
