Mr J Racine  
Sticle  
Castle Road  
Pencader  
Carmarthenshire  
SA39 9AN

15 April 2021

Dear Mr Racine,

Re: Temporary Event Notice application for Sticle, Pencader,  
Carmarthenshire, SA39 9AN

Application for Drive Through outdoor Movie, BBQ, and alcohol sales.

Date(s) of Event: 01/05/2021 to 02/05/2021, 09:00 - 23:00 each day

Further to receiving the above Temporary Event Notice (TEN) application, which is for an event to be held on the 1<sup>st</sup> and 2<sup>nd</sup> of May 2021 between 09:00 hours and 23:00 hours each day, I make the following comments.

Whilst considering the details of the application, the Carmarthenshire Division of the Dyfed-Powys Police object to the application as we believe that the Public Nuisance and Public Safety objectives will not be met due to the following reasons:

[www.dyfed-powys.police.uk](http://www.dyfed-powys.police.uk)

Prif Gwnstabl Dros Dro Temporary Chief Constable Claire Parmenter  
Pencadlys Heddlu, Blwch SB 99, Llangynnwyr, Caerfyrddin. SA31 2PF  
Police Headquarters, PO BOX 99, Llangunnor, Carmarthen. SA31 2PF

Mae Heddlu Dyfed-Powys yn croesawu gohebiaeth yn Gymraeg a Saesneg. Byddwn ni'n sicrhau ein bod ni'n ymateb yn eich dewis iaith ac ni fydd oedi mewn perthynas ag unrhyw ohebiaeth drwy'r Gymraeg.  
Dyfed-Powys Police welcomes correspondence in Welsh and in English, and we will ensure that we respond to any correspondence through the language of your choice. Corresponding via the medium of Welsh will not endure any delay.

- Insufficient information has been provided by the applicant to demonstrate how the event will not undermine both Public Safety and Public Nuisance objectives of the Licensing Act.
- Public Safety - concerns have been raised in relation to Covid Regulations and Safety Rules. The EMP should outline Control Measures in accordance with Alert Level 3 and in particular, measures to ensure that drivers and passengers are abiding by the regulations on entry and during the whole event.
- Public Safety - There is a requirement for a traffic management plan to be prepared and submitted. The aim of the traffic management plan is to ensure the safe movement of vehicles on the public highways around the site, in conjunction with the efficient movement of vehicles onto and off the site during the event. The traffic plan details should cater for the additional and different traffic flows expected on the surrounding B roads.
- Public Nuisance - the EMP must include control measures to mitigate the effect of the increase in traffic and noise levels on local residents and businesses during the event.
- Public Safety - consideration must be given to protect staff and participants from a potential terrorist attack during the event. The threat remains at SUBSTANTIAL, meaning an attack is likely and the EMP should reflect this in the Risk Assessment as the area is described as an "outdoor space".

Therefore I invite you to provide further information and clarification on how the event will be managed, and what control measures will be put in place to ensure that the event does not undermine Public Safety and Public Nuisance with particular reference to the above points.

Should the content of the EMP be sufficient to alleviate the concerns, then Dyfed-Powys Police may reconsider its objection to the issuing of the TEN.

Yours sincerely

David Bizby  
Divisional Licensing Officer

Licensing Section  
Carmarthenshire County Council  
3 Spilman Street  
Carmarthen  
SA31 1LE

Dear Sir or Madam,

**Re: Temporary Event Notice application – Sticle Vineyard Ltd., Sticle, Castle Road, Pencader SA39 9AN**

Further to receiving the above Temporary Event Notice (TEN) application, with regards to an event on the Saturday the first of May and Sunday the second of May 2021, may I make the following observations.

Whilst considering the details of the application the Environmental Health, Food, Safety and Health Section would like to **object** because we are not satisfied that the "Public safety" objective will be met due to the following reasons:

- 1) Insufficient and contradictory information has been provided by the applicant to demonstrate how the event will not undermine the public safety objectives of the Licensing Act 2003.
  - a. There are inconsistencies between the documentation provided and information provided on the company website.
  - b. There is a lack of clarity on how the risk from Covid-19 will be controlled i.e., under what specific circumstances are patrons allowed to leave their vehicles.

Therefore, I would invite the applicant to provide further information and clarity on how the above event will be managed, and what control measures will be put in place to ensure that the event does not undermine the public safety objectives of the Licensing Act 2003.

Should the information provided be sufficient to alleviate the above concerns, then the Environmental Health Section may reconsider its objection to the issuing of the TEN.

Yours faithfully

B. I. Llewellyn

Environmental Health Practitioner

Food, Safety and Health Section
