EXECUTIVE SUMMARY
Executive Board Meeting

EXECUTIVE SUMMARY

Digital Transformation Strategy 2021-2024

1. BRIEF SUMMARY OF PURPOSE OF REPORT.

Building on our first Digital Transformation Strategy 2017-2020 which put the authority in a strong position to respond when COVID pandemic struck, this revised strategy builds upon the progress made over the past 4 years and sets out the Council's strategic digital priorities and aspirations and outlines what we plan to do to achieve our vision for a Digital Carmarthenshire.

Our reliance on technology throughout the pandemic to deliver critical frontline services demonstrated how pervasive digital technology is across all sectors and fully integrated in many aspects of our lives. Carmarthenshire County Council needs an innovative, exciting Digital Transformation Strategy because digital technology has the proven potential to transform the County and the lives of residents while generating long-term savings for the council.

The Strategy provides clarity on:

- Our digital vision for Carmarthenshire
- What is a Digital Transformation Strategy
- Building the Digital Foundations in Carmarthenshire
- Key Priority Areas:
 - Involvement
 - Workforce
 - Connectivity
 - Innovation
- Key Projects and Outcomes to be delivered
- Resources Required to deliver the Digital vision

A 'virtual' Digital Transformation Seminar was held in December 2020 and attended by over 150 senior officers and Heads of Service from across the Authority. The COVID pandemic and delay of the Digital Transformation Strategy refresh due last year has allowed time for a wider consultation and greater input from key stakeholders and service areas; collaborating and working closely with Media and Marketing, Customer Services and TIC on this revised strategy.
