A summary of activity undertaken in 2020/21.	This relates back to our Local Implementation Plan and reflects progress.	<p><b>Provision Mapping Tool</b> – we have developed a regional provision mapping tool which will allow all Carmarthenshire schools to record, monitor and evaluate both universal and additional learning provisions for learners within the new ALN system.</p> <p><b>PCP Awareness/ALN Reform Training</b> – Inclusion Officers have developed a regional training resource for PCP Awareness/ALN Reform which has been delivered to CCC's schools – headteachers and ALNCOs, LA Officers in Education and Social Care and to a wide audience of outside agencies including LHB staff.</p> <p><b>Outcome Training – Playlist:</b> Inclusion Officers have developed training resources for developing quality outcomes which can be delivered to schools, LA and health professionals.</p> <p><b>Decision Making Process:</b> A regional model has been developed which ensures that “person-centred practice” is integral to the ALN system and the process of making key decisions regarding provisions to meet a pupil's needs.</p>	<p>Pilot completed with 6 schools across Carmarthenshire and Ceredigion. Feedback shared with Teacher Centre developers in preparation for refinement of the tool in line with the new ALN Code. Pilot schools are now trialling the updated version.
