EXECUTIVE SUMMARY

Governance & Audit Committee 16 July 2021

Schools' Deficits and Surpluses – Progress Update

1. BRIEF SUMMARY OF PURPOSE OF REPORT.

The Authority distributes funding to maintained Schools according to a formula which corresponds with regulations prescribed by the Welsh Government. The budget is then delegated to the Governing Body of the School concerned; the budget must be controlled in line with the Scheme for the Financing of Schools which sets out the broad responsibilities of the School and the Authority.

All Schools within the Authority are responsible for managing their annual budget and controlling expenditure.

There are currently 98 Primary Schools, 12 Secondary Schools, and 2 Special Schools within the Authority area.

This report provides an update on the Local Authority's strategy and position with maintained schools facing or predicting budget deficit. It follows a previous presentation made to the Audit Committee. The report considers the procedures relating to the management of deficits and surpluses of School budgets. To ensure budgets are submitted and reported in a timely manner, and in accordance with both the School Funding (Wales) Regulations 2010 and the Scheme for the Financing of Schools.

It is recognised that the last 17 months has seen a significant impact on schools and services across Carmarthenshire. As a result, school budgets have been impacted significantly and the Finance Team's capacity with support from School Improvement to support and challenge schools has been severely disrupted.
