Revised Health and Safety Policy

Introduction

The Council recognises that good health, safety, and wellbeing management supports the delivery of services to the people of Carmarthenshire County Council.

To achieve effective health, safety, and wellbeing management arrangements it is vital that everyone understands their role in managing the risks that arise from the work we do. It is therefore important that roles and responsibilities at all levels within Carmarthenshire County Council are clearly defined and understood. Our Health and Safety Policy outlines what these responsibilities are and where they lie including schools and non-employees.

Policy Updates

It is a requirement that the H&S Policy is updated on a regular basis and the attached Policy has been revised to reflect this requirement. There have been some minor amendments to the previous version:

- Reference to the now established Health and Wellbeing Co-ordinator role
- Renaming of the Corporate Advisory and Risk Group (C.A.R.G) to Property Liaison Advisory Risk Group (P.L.A.R.G) - the responsibilities remain the same but are now referred to as property related.
- Renaming of Department Health and Safety Group to Departmental Health and Safety Meetings – the responsibilities remain the same but are at held at a department or divisional levels.
