Subject: Primary Town Centre Economic Recovery Plans – Ammanford, Carmarthen & Llanelli

1. BRIEF SUMMARY OF PURPOSE OF REPORT.

In support of the Carmarthenshire Economic Recovery and Delivery plan (April 2021) which was approved by Executive Board on the 21st June 2021, the County Council has commissioned work to develop covid recovery plans for each of the respective primary towns within the county.

Working closely with the Ammanford Task Force, the Carmarthen Town Centre Forum and Llanelli Task Force, all of which comprise membership of key town stakeholders, together with representation from key internal departments of the county council, the attached draft plans have been developed. There are 3 individual plans which are bespoke to each town, which set out the impact that Covid 19 has had on the town centres. Each of the plans highlight key issues/opportunities and provide a delivery framework of interventions specific for the individual town centres.

It is envisaged moving forward these plans will be owned and delivered by the stakeholders in the town's respective Task Forces / Forum. We will work with potential funders in Welsh Government and Westminster to lever funding when opportunities arise, and utilise corporate funding identified in the capital programme to enable these plans to be implemented.

2. OTHER OPTIONS AVAILABLE AND THEIR PROS AND CONS

Do nothing – It is likely that without a clear plan for each of the primary towns, recovery from covid 19 will take much longer. Stakeholders would likely work in isolation and the impact of each organisation's activity would therefore be limited, with added value opportunities not being maximised and a risk of duplication.

1. Policy, Crime & Disorder and Equalities

These proposals support the Carmarthenshire Economic Recovery and Delivery Plan (April 2021). In developing the plan we have fully taken account of the Well-being of Future Generations (Wales) Act by ensuring the actions we have identified fully consider and embed sustainable development with a view to improving economic, social, environmental and cultural well-being in all that we do. The plans also support the Council's Well-being objectives, by creating more jobs and increasing growth of business throughout the County and also improving our town centre environments for a more attractive and better visitor experience.

2. Legal

Support will be required from the legal department in terms of grant support and property acquisitions. The legal team will be engaged with during the acquisition process as necessary.

1. Finance

On the 3rd March 2021 Carmarthenshire County Council's Full Council approved the five-year Capital Programme which included funding for the recovery of the County in response to the Covid-19 pandemic. In addition, proposals have been submitted seeking additional funding support from UK Government through the Levelling Up and Community Renewal Funds.

We have also submitted funding requests to Welsh Government through the Transforming Towns programme.

4. ICT

Support will be required from the legal department in terms of grant support and property acquisitions. The legal team will be engaged with during the acquisition process as necessary.

6. Staffing Implications

There will be additional implications on current members of staff within the Economic Development team, however there will also be a requirement for nominated members of staff within other departments with varying expertise to assist with the delivery of some interventions.

7. Physical Assets

Projects may arise which utilise some of the existing property assets we hold. Acquisition of additional units and erection of new builds for regeneration schemes will add to current portfolio and colleagues within the property and insurance teams will be engaged with during the processes. Where appropriate, further reports will be submitted in accordance with the Council's Acquisition and Disposal of Property Policy.
