Subject: Re: Zoom Guidance - Licensing Hearing 15/02/22.

Hi Andrew,
Apologies for the late additions to our objection to the MacDonald's 24hr licence application. The MacDonald's sign was not illuminated at the date the objection was required to be submitted. Since the sign has been illuminated we have realised how much of an impact this will have on us especially if it is allowed to be open 24hrs a day. As you will see from the photographs attached the light will shine into our bedroom window which will cause us significant issues. Also as the trees have all been cut down to allow the sign to be seen clearly we now have a view of it from our patio in the garden. Prior to the sign going up all we could see above our fence were trees, this has now been replaced by an eyesore of a macdonalds sign which is not pleasant and it does have an impact of our enjoyment of our outdoor space. This will be more noticeable in the summer months as we spent more time outside.

We are happy for this information to be shared
Best wishes
Mike & Alison Griffiths
