**EXECUTIVE SUMMARY
CABINET
21ST FEBRUARY 2022**

**FIVE YEAR CAPITAL PROGRAMME (COUNCIL FUND) – 2022/23
TO 2026/27**

The report brings together the latest proposals for the five-year capital programme 2022/23 to 2026/27, taking account of the consultation exercise undertaken and the revenue implications arising from the programme.

The proposed gross expenditure on the capital programme for 2022/23 is £146.244m with the projected funding being £57.736m from the county council's own resources using borrowing, reserves, general capital grant and, the balance of funding of £88.508m coming from external sources. These figures include projects delayed in 2021/22, mainly because of Covid-19 restrictions, that have been carried over and built into the budgets of future years.

The capital programme is projected to be fully funded over the five years.

It includes projected expenditure on the Swansea Bay City Region Deal projects against which the authority will borrow, with the funding being returned from both Welsh and UK governments over a 15-year period (from 2018/19).

The authority's capital strategy, required by the prudential code for capital finance in local authorities, has been updated and sets out the long-term context in which capital expenditure and investment decisions are made. It gives due consideration to both risk and reward and impact on the achievement of priority outcomes. The capital strategy covers expenditure on both Council Fund and HRA capital and is included as Appendix C.
