Welsh Language Annual Report 2015-16

1. BRIEF SUMMARY OF PURPOSE OF REPORT

This Annual Report on the Welsh Language has been produced in order to comply with the Welsh Language Commissioner's monitoring arrangements.

The Welsh Language (Wales) Measure 2011 places a duty on county councils and county borough councils in Wales, national park authorities and Welsh Ministers to comply with Standards in relation to the Welsh language.

The Standards mean that the Welsh language must not be treated less favourably than the English language, and must also promote or facilitate the use of the Welsh language. This is in accordance with the two principles that form the basis of the Welsh Language Commissioner's work:

- in Wales, the Welsh language should be treated no less favourably than the English language
- persons in Wales should be able to live their lives through the medium of the Welsh language if they choose to do so.

The Standards framework has replaced the Welsh language schemes from 31 March 2016. Standards will:

- provide greater clarity to organizations on their duties on the Welsh language
- provide greater clarity to Welsh speakers about the services they can expect to receive in Welsh
- ensure more consistency of Welsh language services and improve their quality.

The Welsh Language Commissioner gave Carmarthenshire County Council a compliance notice regarding the Welsh Language Standards Regulations on 30 September 2015 which requires CCC to comply with most of the standards by 31 March 2016.

This report summarises the preparatory work in relation to the Standards and also provides an update on the recommendations included in the 'Welsh Language in Carmarthenshire' report.
