**EXECUTIVE SUMMARY
CABINET
17TH OCTOBER, 2022**

**WEST WALES CARE PARTNERSHIP POPULATION ASSESSMENT
AND MARKET STABILITY REPORT**

Main Issues

Under Part 2 of the Social Services and Wellbeing (Wales) Act 2014, the Health Board and Local Authorities are required to produce a Population Assessment. This work is undertaken through the Regional Partnership Board (RPB) and is co-ordinated by the West Wales Care Partnership Team. This work has been overseen by the Regional Commissioning Programme Group with oversight and scrutiny from all partners. Regular updates have been provided to the Regional Partnership Board.

Population Assessments must be published once within each local government electoral cycle. The first Population Assessment (PA) was produced in March 2017, the detail of which is being refreshed during 2022.

Welsh Government issued supplementary advice for Regional Partnership Boards regarding the production of the 2022 PA. This included the need to also produce a separate Market Stability Report (MSR). The MSR will provide:

- An assessment of the sufficiency of care and support in meeting the needs and demand for care and support
- An assessment of the stability of the market for regulated services providing care and support

The West Wales Care Partnership will publish the PA and MSR on online data portal for the region: Home - West Wales Care Partnership (wwcpdata.org.uk). This contains summary information from the existing PA and Area Plan, alongside core data sets included within the Population Assessment. These are updated on a regular basis.

These reports will inform the West Wales Area Plan and in turn inform regional and local, commissioning intentions.
