EXECUTIVE SUMMARY

Carmarthenshire County Council Corporate Strategy 2022-27

The Council's Corporate Strategy, which includes the Council's well-being objectives, sets the direction of travel and priorities for the organisation over the period of the current administration. The Strategy provides the framework for delivering on the Cabinet's vision and commitments during that period.

This new Corporate Strategy will focus on a smaller number of population-based objectives whilst identifying the thematic priorities, service priorities and core business enablers that the Council will aim to make progress on during this period. This approach has been developed following consideration of feedback from Engagement & Assurance sessions held with departmental teams during the 2021-22 business planning process, feedback from stakeholders including residents, staff, businesses and trade unions as well as findings of the PSB well-being assessment.

Our new proposed Council well-being objectives are as follows:

1. Enabling our children and young people to have the best possible start in life (**Start Well**)
2. Enabling our residents to live and age well (**Live & Age Well**)
3. Enabling our communities and environment to be healthy, safe and prosperous (**Prosperous Communities**)
4. To further modernise and develop as a resilient and efficient Council (**Our Council**).

At the heart of this approach is integration and collaboration across the Council and with our stakeholders, and our focus going forward will be on:

Developing Carmarthenshire Together: One Council; One Vision; One Voice

Within this Strategy we have identified a series of thematic and service priorities that are aligned to our well-being objectives. Detailed delivery plans (at a divisional level for the 2023-24 business planning cycle) will outline actions to be taken for each well-being objective and thematic/service priority with clear measures to monitor progress against the overall well-being objective through a corporate data suite. These delivery plans will be reviewed annually (as part of business planning cycle) and monitored quarterly as part of current performance monitoring arrangements.

Well-being of Future Generations (Wales) Act 2015

To comply with the Well-being of Future Generations (WbFG) Act 2015, we must (in carrying out sustainable development):	
<ul style="list-style-type: none"> Set and publish well-being objectives Take all reasonable steps to meet those objectives Publish a statement about well-being objectives 	Corporate Strategy will fulfil these duties
<ul style="list-style-type: none"> Publish an annual report of progress 	Annual Report will fulfil this duty

Only when a public body can demonstrate it has taken into account the sustainable development principle in the setting, taking steps and meeting of its well-being objectives will it be compliant with the Act. Public bodies may take other matters into account when making their decisions, but in order to comply with the Act they must take into account the 5 ways of working (long-term; integration; involvement; collaboration; prevention).

Local Government and Elections Act (Wales) 2021

The Local Government and Elections Wales Act 2021 provides for the establishment of a new and reformed legislative framework for local government elections, democracy, governance and performance. It replaces the Local Government Measure 2009.

The Act requires that a Council must produce a self-assessment report in respect of each financial year. The report must set out its conclusions on the extent to which it met the performance requirements during that financial year, and any actions it intends to take, or has already taken, to increase the extent to which it is meeting the performance requirements

The performance requirements are the extent to which:

- we are exercising our functions effectively.
- we are using our resources economically, efficiently and effectively.
- our governance is effective for securing the above.
