# EXECUTIVE SUMMARY

## REGIONAL ADULT ADVOCACY STRATEGY

### 1. BRIEF SUMMARY OF PURPOSE OF REPORT.

The purpose of this report is to seek endorsement of a new regional adult advocacy strategy that has been developed with stakeholders through the Advocacy Working Group (Membership includes 3 local authorities, Health board and third sector).

The draft Regional Adult Advocacy Strategy seeks to shape our commissioning arrangements to meet requirements to ensure good quality advocacy is readily and equitably available to those who want, or need it, in the West Wales region of Ceredigion, Carmarthenshire and Pembrokeshire.

This strategy is based on an extended period of engagement with citizens, especially those who engage with health and social care services, advocacy organisations, health and social care practitioners, statutory commissioners and other relevant stakeholders.

This Adult Advocacy Strategy has five priority areas, all aimed at improving outcomes for people who need advocacy. The priorities have been defined in the light of co-productive activity to date, engagement, the Regional Population Assessment, and in response to legislative requirements. They include:

- Priority 1. Maintain and develop further our co-productive approach
- Priority 2 Raise awareness of, and understanding of, advocacy.
- Priority 3. Ensure advocacy is easily accessible and equitably available
- Priority 4. Ensure advocacy is of a consistently high standard of quality
- Priority 5. Maintain specialisms and non-statutory forms of advocacy

## 1. Policy, Crime & Disorder and Equalities

Supports policy objectives in relation to the delivery of the Social Services & Wellbeing Act (2014). Advocacy is recognised, in all recent health and social care legislation, as being fundamentally important in situations within which individuals and marginalised groups need support to have their voices heard and their rights respected. Advocacy is designed and delivered to facilitate participation by individuals and groups within the decisions and processes that affect their lives.

The strategy supports equitable access of advocacy provision throughout West Wales.

## 2. Legal

The Social Services and well-being (Wales) Act 2014 provides the statutory framework for improving the well-being outcomes of adults and children who need care and support and carers who need support. It has a particular focus on voice and control so people have control over their own care and support and can make decisions about it as an equal partner.

The provision of Independent Professional Advocacy (IPA) is a legislative requirement under Part 10 of the Social Services and Wellbeing (Wales) Act (SSWBA) 2014.

## 3. Finance

The resources to support Carmarthenshire commitment to this strategy will come from existing resources.
