EXECUTIVE SUMMARY CABINET MEMBER DECISIONS MEETING FOR REGENERATION, LEISURE, CULTURE & TOURISM 31st March 2023

Approval of UK SPF People & Skills Anchor Programme and Themes for Standalone Projects and Multiply Open Call

The Cabinet, following recommendation from the Regeneration Partnership has agreed the delivery models for the implementation of the UK Shared Prosperity Fund (SPF) in Carmarthenshire as follows:

- Anchor Programmes - Thematic programmes developed under each of the key SPF themes that will manage major parts of the investment strategy
- Standalone projects – Strategic applications that will address challenges that are not covered by the Anchor projects. Applications will be invited via open calls.
- Commissioned projects - Procured activity to deliver precisely defined activity that is not being fulfilled by the delivery models detailed above.

Anchor Programmes

The Anchor programmes will deliver major parts of the investment plan, primarily by offering third party grants to organisations. It has been agreed by Cabinet that 5 Anchor programmes be established, namely, Sustainable Communities, Rural, Place, Supporting Local Business and People and Skills.

The four Anchor programme applications under the Communities and Place and Supporting Local Business SPF investment priorities were approved in the Cabinet Member Decisions Meeting for Regeneration, Leisure, Culture & Tourism on the 17th February 2023 and the funding opportunities within these programmes opened on the 1st March 2023.

The application for the Anchor Programme that sits under the People and Skills Priority has been received.

Appendix 1 summarises the People and Skills Anchor programme.

Following assessment by the SPF Programme Management Team and discussion at the People and Skills subgroup, the Anchor has been recommended for approval by the Regeneration Partnership. We are requesting final approval from Cabinet Member for Regeneration Leisure, Culture and Tourism.

Standalone Projects Open Call

A mapping exercise has been undertaken (Appendix 2) where key challenges and opportunities identified within Carmarthenshire's Investment Plan have been assessed against the funding opportunities being made available within the Anchor programmes for the People and Skills Anchor Programme.

Based on the findings and following input from the priority subgroup meetings and following recommendation by the Regeneration Partnership, it is proposed that the call for applications for strategic applications under the People and Skills Priority should specifically focus on the following themes:

- Care
- Digital
- Green
- Hospitality / Catering

We are requesting approval by Cabinet Member for Regeneration, Leisure, Culture and Tourism, to open calls for applications within the People and Skills priority that focus on the themes above.

Multiply Open Call

Sitting within the People and Skills priority is the Multiply Programme. This programme has been developed to help transform the lives of adults across the UK, by improving their functional numeracy skills through free personal tutoring, digital training, and flexible courses.

Following discussion at the People and Skills subgroup and recommendation from the Regeneration Partnership, we are proposing to open a call for applications from organisations with the capacity and capability to deliver against the portfolio of UK SPF Multiply interventions set out by UK Government

Appendix 3 summarises this call

We are requesting approval by Cabinet Member for Regeneration, Leisure, Culture and Tourism, to open calls for applications for the Multiply programme.

1. Policy, Crime & Disorder and Equalities

The Shared Prosperity Fund provides an opportunity to draw down additional investment which will help deliver against some of the County's key strategic objectives.

In order to draw down the funding, a Regional Investment Plan was submitted to UK Government setting out how the Region intends to utilise the funding based on local needs and opportunities. A Carmarthenshire Investment Plan was developed which fed into the Regional Plan.

The Investment Plan for Carmarthenshire is based on our existing strategies and plans including the Economic Recovery Plan, Local Innovation Strategy, Wellbeing Assessment, and the South West Wales Regional Economic Delivery Plan. The Carmarthenshire Plan is aligned to the 7 Well-being goals of the Well-being of Future Generations Act.

The Anchor programmes have been developed to address some of the challenges and opportunities detailed in Carmarthenshire's Local Investment Plans and as such, are in line with Carmarthenshire's existing strategies and plans including the Corporate Strategy and Well-being Objectives

2. Legal

Local government is being given responsibility for delivery of the UKSPF. Swansea Council will act as the 'lead local authority' for the South West region and will have overall accountability for the funding and how the Fund operates.

Delivery and management of the programme in Carmarthenshire will be the responsibility of the Authority. This will include assessing and approving local project applications, entering into funding agreements with third parties as well as processing payments and day-to-day monitoring.

Appropriate agreements will be put in place between the Regional lead and the Authority which will set out agreed roles and responsibilities. Swansea Council as the Lead Authority is currently drafting a Service Level Agreement. Our Authority's legal team is being consulted on this.

At a project delivery level, the Authority will enter into a funding agreement with all delivery partners. These will be developed in conjunction with the Authority's legal team.

Approval was received by Cabinet on 30th January 2023 to proceed at risk with opening calls for all applications prior to entering into a formal Service Level Agreement with Swansea Council. This will ensure that we can launch the programme as soon as possible at a local level.

3.Finance

Whilst Swansea Council will act as the accountable body for the region and receive the Region's allocation via UK Government, delivery and management of Carmarthenshire's allocation will remain the responsibility of the Authority with Chris Moore as Senior Responsible Officer.

The budget requested by the Anchor programmes is fully funded by the SPF. Some of the third-party grants contained within the Anchor programmes will attract further private sector investment into the county. It is the intention that following approval of the Anchor programmes, Carmarthenshire's remaining UKSPF budget will be allocated to Standalone and Commissioned projects.

4.Risk Management Issues

A programme level risk management process will be developed to ensure that risk is assessed and managed at all levels.

Individual risk registers will be maintained at project level together with appropriate mitigation measures.

5. Staffing Implications

To manage the UKSPF at a local level and coordinate the process of opening Standalone calls, a dedicated Programme Management team will need to be established to ensure that the necessary processes and procedures are put in place to administer the UKSPF. The Anchor projects require dedicated staffing to deliver the programmes. The staffing structures and associated job descriptions have been prepared.

On the 30th of January 2023, Cabinet approved the recommendation to proceed at risk with the recruitment of staff for the internal Anchor teams and Programme Management team whilst the formal Service Level Agreement between Swansea Council and this Authority is finalised to enable the programme to commence as soon as possible. The risk will be minimal as the allocation for Carmarthenshire has been approved by UK Government.
