RISK MANAGEMENT

The Strategic Focus Groups are one of the mitigations used to ensure that we deliver on the Cabinet's vision and the Department's key priorities. SFG members monitor progress and discuss and resolve challenges and issues. Without this focused work we could be at risk of not delivering on our priorities and ensuring that our service is of a high quality and having an impact.

STAFFING IMPLICATIONS

Specific Strategic Focus Groups focus on key issues such as leadership development, delivering high quality teaching and learning and learner and staff wellbeing. They work to ensure staff are able to access appropriate professional development and support for their wellbeing.
