R3	To provide assurance on members' contribution to the governance of NPAs, and to help inform future training and development provision, we recommend that the Welsh Government, NPAs and constituent local authorities work together to develop an accountability framework for all members of NPAs that: <ul style="list-style-type: none"> • evaluates their contribution to the NPA; and • can be used to help to target support and development to enable NPA members to be effective in their role. 	The Authority is keen to support the BBNPA and WG in developing a framework which will enhance the protocol already in place for the Selection of County Councillors. We will contribute to proposals led by the Welsh Government and BBNPA and assist the CCC representative in their contribution to the governance and decision making of the Park Authority. We will await further information from WG and BBNPA on how they wish to proceed.
